UNITED NATIONS EXHIBIT BOOKED FOR STATE FAIR

Plans Now Going Ahead for Exposition Opening August 28th

A gigantic United Nations exposition, first of its kind in America, will be a major attraction of the Minnesota "On to Victory" state fair, Aug. 28 to Sept. 6, it was announced today by Raymond A. Lee, fair secretary.

Exhibits will picture the ravages of war in the British Isles, China, Russia, Poland, Norway, Holland, Belgium, Czecho-Slovakia and other allied nations and show what is being done in America to help rehabilitate these countries.

Assembly of these exhibits is in charge of the Minneapolis defense council, the International Institute of St. Paul and the Minneapolis Council of Americanization, assisted by nation-wide war relief agencies representing countries occupied or attacked by the Axis powers.

Numerous Twin City nationality groups will cooperate. So large is the coming show that most of an entire floor of the grandstand building will be devoted to it. Many notables from various parts of the country are expected to attend.

This is the second big attraction booked for this year's fair, the first announced a week ago will be a big Allied War Show featuring captured Axis equipment. The state fair is negotiating with Jan Juta of the British Information Service, Rockefeller Center, New York, for a special war exhibit recently brot to this country by his government.

STATE'S CONDITION NOT BAD

Minnesota closed its books on another fiscal year last week with its debt reduced to a little less than 100 million dollars. Of this total 52 millions are Rural Credit Department obligations which are offset by whatever recovery the state will make thru liquidation of the Department's holdings. About 26 millions are owed by the Highway Department, to be paid out of gas tax and car license receipts. The other 20 millions are general obligations, about 17 of these millions being owed for relief, the result of an improvident policy of postponing relief costs. The only thing encouraging about this picture of debt is the fact that it is being reduced.

There is a more cheerful side to the state's financial condition. Permanent trust funds now total 124 millions and there is a cash balance of 8 millions in the general revenue fund. There is also a total of 47 millions in the state's unemployment compensation fund that will help materially to cushion the shock of readjustment that will follow the war. A substantial accumulation in the school aid fund, resulting from large income tax receipts, is another effective shock absorber that will prove useful.

All in all the state is in a healthy financial condition and should be able to weather the economic storm as well as any of our political units. One liability that does not show up in the financial statements is the poor condition of many of the state's institution buildings. Several of them should be replaced in the interests of safety and this probably will be done in a post-war building program.

NYA has finally been ordered liquidated and as a result thousands of young men and women who have been maintained at government expense in activities of more or less doubtful value are now joining the ranks of employees in essential industries thruout the country. Without entering into the argument as to the need for this and other similar organizations in the depression years, there was little justification for its continuation under present conditions. That it has finally been shelved is not to the credit of the administration. On the contrary the administration's defense of an organization that long ago ceased to serve a useful purpose, and its attempts to perpetuate such organizations when they are no longer needed, are proof of a shameful lack of interest among our leaders in the need for government economy. As individuals we are called upon to reduce our costs and direct all our savings and energies into the war effort. That is proper. The government that asks us to do these things, however, sets us a poor example.

We don't know whether we are supposed to love Stalin or hate him. In a movie super-duper he is presented as the kind of a fellow the text books told us George Washington was. Now, in a magazine article, we are assured that he is the number one villain in the world today and that we had better have no truck with him. Both these presentations are good examples of the bad propaganda we Americans are constantly subjected to. We can see no good reason why Stalin must be pictured with either a halo or horns. At the present time he is the leader of a great nation that is fighting on our side of a fight to the finish with an enemy that would destroy us. For the time being our interests are the same. We are not fighting to destroy Nazism or preserve Communism. We are fighting to preserve our right to run our own affairs as we please and we presume that that is what the Russians are fighting for. We don't know who our enemies will be tomorrow but we know who they are today. At the present time the Russians are not our enemies and right now Stalin is not the man with the cloven hoof.

Widening of Atlantic Ave. in the Land O'Lakes block is going to give that busy corner of the business section a much needed face lifting. A thing to be marvelled at is the way the Atlantic Ave. black top has survived the pounding of heavy tonnage year after year.

Possibly one of the reasons we are making such satisfactory progress in our military program is the fact that the administration has permitted our war machine to be operated by practical military men. Maybe if we had fewer theorists and more practical men in charge of our domestic affairs there would be less of this constant running around in circles.

Graduates See Rescue of War Wounded

A group of New York high school graduates watch in awe as members of the army air force demonstrate the mass evacuation of wounded from a battlefront. This was a feature of a day-long military exhibition staged for the 35,000 graduates by Maj. Gen. Ralph Royce, commander of the First air force. The planes used were DC-3 transport planes.

Bulls Not Night Fighters

If bull fighting is popularized in the United States, a new breed of fighting bulls may have to be originated. Some Mexican matadors who put on a show in Denver decided to try night fighting under lights. It drew a large crowd, but the bulls wouldn't give battle.

LOST: ONE BRIDGE IN VICINITY OF WINDOM

Windom.— Lost cows, horses dogs, rings, watches and such have all successfully been recovered from time to time through the lost and found columns of the Citizen. But the article lost by John Hedquist who farms eight miles west of town may not too easily be found by a lost and found item in the newspaper. A usually peaceful little brook running through his land had more than it could stand of heavy rains and during one of the recent hard downpours it became completely overburdened with water, washing out a perfectly good wooden bridge built across it. Mr. Hedquist suspects his bridge may have gone down the Des Moines river and makes a plea for anyone to notify him should they spot the "runaway."

Auxiliary Notes

by Mrs. J. W. Stewart, Publicity Chairman

The regular meeting of the auxiliary was held on Thursday evening with Mmes. Claude Evenson and Carl Hovie as hostesses. Mrs. Lynde gave an interesting report on the war conference held at Moorhead the previous Sunday.

A drive for phonograph records for our fighting men is on this month beginning July 3 and continuing through July 31, with Bob Hope, radio star, chairman of the drive. Next to letters from home, we are informed, the men in foreign service like music best. That's one reason why the officers of the auxiliary are cooperating with the Legion to speed up the collection of old records. The actual records may not be sent overseas; instead, they will be sold as scrap, in most cases, to phonograph manufacturers at ceiling prices and the money will be used to buy new records. The Legion and Auxiliary would like to get hundreds of thousands of records, which they expect to buy at lowest factory prices, and distribute free to American armed forces. The plan is to go from house to house and gather up all the records possible. Any auxiliary member having records to donate please call Mrs. J. W. Stewart as soon as possible and the records will be called for at an early date.

With children of veterans of World War II likely to need care at any time, the Legion and auxiliary stand ready to give all the assistance they can. Benefits are available from the emergency aid fund. Also, the U. S. Children's Bureau has an appropriation of $1,200,000 for maternal and infant care of dependents of soldiers. At its national convention last year the American Legion asked for financial assistance for the special needs of mothers and children arising from war conditions.

In its 20 years of child aid, the Legion has been responsible for $50,000,000, reaching 5,000,000 children. 90% of these children were with their own mothers in their own homes. The national child welfare chairman of the auxiliary is Mrs. Lee Hutton of Excelsior.

The state convention this year will be held at Faribault Aug. 20-22, and a strenuous effort is being made to put Thief River membership over the top before that time. Members are all asked to cooperate with the new district president, Mrs. Biddick, and the new unit president, Mrs. Lynde, in making our city the first one over the top for the years 1943-44. Dues will be very much appreciated at this time. They may be paid to Mrs. Plough, Mrs. Stewart, or Mrs. Campbell.

Through an error the name of Mrs. A. J. Cloutier was omitted from the guest list at the past and present officers party for Mrs. G. L. Biddick last week.

RIDDLED JAP FLAG COMES TO DETROIT LAKES MAN

Detroit Lakes.—From the battlefronts of New Caledonia recently came a Japanese flag, riddled by shrapnel bullets—probably the last vestige of a retreating Jap fighting force. It was sent to Richard Olson, son of Carl B. Olson, by his brother Robert C. Olson, seaman first class in the U. S. Navy. Writing on the stained flag was examined by Rev. I. O. Jacobson, who is familiar with the language, but interpretation of the figures has been difficult because most of the signs are barely discernible.

MINNESOTA GUARD RECRUITING MEN FOR DUTY IN STATE

Seeking Men from This Area for Service at Head of the Lakes

The 1st Separate Battalion (Inf), Minnesota state guard, needs an additional number of men for active military service for the duration of the war. A limited number of men in 4-F classification can be enlisted as battalion's physical requirements permit acceptance of men with certain minor physical defects.

The 1st Separate Battalion is a part of the state military establishment and is on permanent active duty, guarding the vital security area at the Head of the Lakes. Headquarters are at Duluth, with detachments at Two Harbors and Thomson Dam (in Jay Cooke State Park) near Carlton. This battalion is an infantry unit, mobilized in April 1942 and is trained in the use of machine guns, Thompson sub-machine guns, rifles and riot guns. Its duty and training—uniforms and equipment—operational and administrative procedure—are all in accordance with army regulations and come under the supervision of the war department.

Basic requirements governing general enlistment in the battalion for all menn are as follows:

Age limits—17 to 55 years.

Period of enlistment—for the duration of the war.

Note: Men with 1-A classification cannot be accepted for enlistment.

All men enlist as privates, Grade VII, with pay at $75.00 per month. There is ample opportunity for advancement to the higher grades with corresponding increase in pay. Complete uniforms and equipment, quarters, food, medical and dental attention are furnished.

Full particulars and application forms may be secured by writing to: The Adjutant, 1st Separate Battalion (Inf), MSG, Box 386, Duluth 1, Minnesota or telephone Duluth, Calumet 8421.

Men accepted will be furnished transportation from their home towns to Duluth for the purpose of examination. Return transportation will be furnished in case of rejection.

Minneapolis Man New State Education Chief

Dean M. Schweickhard, assistant superintendent of schools in Minneapolis since 1930, Friday was elected as Minnesota's new commissioner of education by the state board of education. At the same time J. B. Johnson of Cambridge, president of the board, disclosed that Harry E. Flynn, present education commissioner, will retire August 1, when the new commissioner assumes his duties.

V-MAIL PICTURES MAY NOW BE SENT TO DADS

Dads in the military service overseas can be sent V-mail pictures of children under one year of age or sons or daughters that were born after the father left the country, the War department announces. Photographs must be limited in size to not more than one-third of the correspondence space on the V-mail form and must appear on the upper left portion of the correspondence space. But it may include the mother or some other person holding the child.

OVER-SIZED LEMON GROWN IN MINNESOTA

St. James.—A lemon, 10½ inches in circumference, resembling a good sized orange is the prized possession of Claude Priest as it was grown on a plant which he brought from Ohio two years ago. The tree itself is about 18 inches tall. It is unique in that it has buds, blossoms, small unripened fruit, and ripe fruit on it at the same time. It takes one year for the fruit to develop and mature.

MIKE HOLM GIVES STATEMENT AS TO FADED AUTO TAGS

Says Office Is Required to Collect 50-cent Fee for Duplicates

Secretary of State Mike Holm this week issued the following explanatory statement for the benefit of those who are asked by law enforcement officers to get duplicates to replace plates that have become illegible:

"The so-called license plates are not only to show that the motor vehicle tax has been paid but to identify each car so that the owner can be found if the car has been involved in an accident or used in committing crime.

"The law provides that 'it shall be the duty of the person driving the motor vehicle to keep said plates legible and unobstructed so that the lettering thereon shall be plainly visible at all times.'

"It is not the state's fault that the 1942 plates had to be used for 1943. The federal government as a war necessity forbad the use of steel except for small year tabs to extend the use of the 1942 plates.

"The 1942 plates were produced by the manufacturer under a contract and his guarantee to last only for one year, and he did replace plates without cost that were turned in during 1942. He could not be held responsible after January 1, 1943.

"The fee for duplicate plates has always been $2.00. The legislature at its recent session reduced the fee in case of defective plates so that now the faded plates can be replaced for a fee of fifty cents. (A twenty-five cent service must be added in case the application and issue of plates is handled by a deputy registrar.)

"It is of course unfortunate, but the situation is only another one of those brought on by the war, which we as individuals must meet in the spirit of cooperation. The extra fee and trouble sinks into insignificance when we realize that because of a faded number plate a hit-and-run driver, who has killed someone may escape or a robber or other criminal might evade detection.

"The attorney general has ruled that the secretary of state has no authority to waive any fee required by law including the fifty cent fee in this case."

Snail in Boy's Arm

Remember the nursery rhyme about little boys being made of "snakes and snails and puppy dog tails?" A physician lanced a lump on a boy's arm in Coats, N. C., and found therein a live snail—shell and all. He said the snail apparently had been there for years but wouldn't hazard a guess on how it got there.

Happenings at Rural School Workshop Here

A primary reading demonstration was held in the summer session workshop under the supervision of Mae McCubrey Smith, who is in charge of the reading methods program. Mrs. Elsie LaChance taught the lesson. A very interesting little corner typical of a rural school has been set up. There was a variety of toys, books, kittens, and five live chickens which were brought by the teachers and children. A highlight of the demonstration was the telling of a birthday story by Mrs. Kast after which the children enjoyed a birthday cake. We wish to thank the children who came. They were Wayne Wegge, Joan Ness, Carol Ness, Beverly Urdahl, Rose Marie Orme, and Lyla Haagenson.

On Monday Miss Smith, a reading specialist, gave an interesting talk to the workshop group on Primary reading.

On Wednesday afternoon the majority of the teachers from the workshop attended the eighth grade graduation exercises at the auditorium.

On Thursday morning Mr. Donald Gillespie brought his Seeing Eye dog to the workshop. Mr. Gillespie gave an interesting and informational talk on the work of his dog in helping him in his work and finding his way about town.

On Thursday afternoon the workshop group visited the library. Mrs. Halgrim gave the history and organization of the county traveling library. She told about different reference books and how the school boards can go about making a contract to use the library.

Miss Alice Nesvold of the Roseau workshop completed the Literature course last week. She is succeeded by Miss Schroeder from Bemidji state teachers college who arrived on Tuesday morning to teach rural problems the remainder of the summer school session.

Tobacco as Incense

In Holland, tobacco was burned as incense. Little bags of fine tobacco were worn about the neck to ward off infections and headaches were cured by placing a bit of tobacco in a napkin and tying it about the head.

SUCH IS LIFE FOR A NORTHWOODS TOWERMAN

Ely.—Lookout towerman, Glenn Bruneau, has decided that he is not being appreciated by the animals of the woods whose homes he safeguards from fire. Good reason he has too, for this conclusion. First, along came a deer and ate his socks right off the clothesline. Next, along came a nice big bear who broke into his cabin, and ate up four pounds of bacon in which he had invested all his usable ration stamps. "That's gratitude for you! I go up there to fight fires to protect the little beggars and they in turn eat me out of house and home," complained Bruneau.

SPORTSMEN'S CLUB NAMES DELEGATES TO JULY 26 MEET

Northwest Association Will Hold Annual Meeting in Auditorium

Delegates to the annual meeting of the N. W. Minnesota Association of Conservation Clubs to be held in this city Monday, July 26, were named at the July session of the Pennington County Sportsmen's club Tuesday evening. They include Albert Swanson, Harold Olson, Fred Will, Ernest Harsen and Carl Kretschmar.

John Dokken, chairman in charge of local arrangements for the July 26 meeting, reported on tentative plans.

Lunch was served by a committee including Julien Provencher, C. H. Jung and Ole Ness.

Avalon Picture Today and Friday Deals with Social Disease in U. S.

"Dust to Dust", much discussed motion picture dealing with sexual hygiene, will be presented to segregated audiences at the Avalon theatre today and Friday. Howard Russell Cox, Kentucky commentator, will appear in person on the stage at each performance. Boldly and frankly, the film seeks to stamp out sex ignorances and calls attention to the scourge of social diseases sweeping the country today.

Townsend Club to Pick Delegates Next Sunday

The local Townsend club will conduct a meeting next Sunday afternoon at 3 o'clock in the Civic and Commerce room in the Auditorium. At the session delegates will be selected to represent the club at the Townsend convention to be held in Minneapolis July 15-17.

In addition to the two pairs of shoes issued every American soldier on entering the service, three extra pairs must be available in reserve, and two more pairs in the process of manufacture.

Salvage

It has been brought to our attention that there is some attempt being made to make soap in the home. Home soap-making is an indirect blow at our armies in the field. They not only depend upon the production of glycerine from salvaged waste fats in the front lines but also the wounded and the sick in our military hospitals. For glycerine is an essential ingredient in the surgical dressings. For example, glycerine is used as a base for sulphonimide ointments which are so valuable in preventing infections.

Home soap-making operates against our cause in two evil ways. It takes waste fats directly out of the government's fat salvage campaign, and it also decreases the manufacture of commercial soap, which is the largest single source of the nation's glycerine supply. Therefore, it is not an exaggeration to say that the home making of soap tends to sabotage our war effort. Commercial soap is inexpensive and generally excellent in quality. Home made soap is false economy. It is likely to contain lye, which is damaging to skin and fabrics.

Save your fats but save them to be taken to your meat dealer where he in turn will send it where it will be used on the firing line and on the life line of our boys.

Save lives for service, at home and abroad.

East Side and West Side D'Ballers in Even Break

The East Side and the West Side were even-stephen in the week's diamondball games, with the East Siders rolling up a 15 to 8 win last Thursday and the West Siders nudging out a 11 to 3 victory on Tuesday evening, giving the East Side team the odd game advantage in the series, three games to two. Another game is slated for this evening on the East Side diamond.

Last Thursday's tussle found the East Siders making full use of the West Side's 12 errors, to take an easy decision. Billy Bye and Allan Thompson drilled out homeruns for the West Side team, with Bill getting two circuit blows.

On Tuesday evening the West Siders routed Harold Hanson in the first inning, piling seven runs across the plate, and added a four-run cluster in the 7th inning, to score a 11 to 3 triumph over the East Side. Wayne Anderson, on the mound for the West Side, hurled steady ball, narrowly missing a shutout. Homeruns were collected by Vern Tormoen, Allan Thompson, and Wally DuChamp.

Recreation Highlights

Don't forget to make use of the game room in the Arena. This is opened in the afternoon for your enjoyment.

Thanks to Ray Hartman, Mrs. Charles Dablow and Mrs. Bert Glimsdahl for the splendid work they did on the new sand-box in the game room. The children surely have a big sand space to play in now.

The O. F.2 girls' club will have their monthly business meeting Monday, July 12th at 7:30 in their club rooms. Bring your dues.

The J. C. club meet Thursday night at 7 o'clock at the Arena.

They will play outdoor games. Bring dues.

Don't forget the 'teen-age dance that will be held Friday July 9th in the City Auditorium from 9 to 12 o'clock.

Thirty two children took part in the Camp day activities held June 30th.

Each Wednesday if the weather permits, the Arena is closed and all who are able, and those interested may go out on a 7 hour camp. The group leaves the Arena at 10 o'clock sharp. Call Mrs. Camille Dostal—home phone 469 or Arena 618 for details.

'BICYCLE BUILT FOR TWO' AFFORDS VACATION TRIP

Aitkin.—On their way back to their Minneapolis home from Two Harbors and Duluth, Mr. and Mrs. H. A. Frey made a brief stop in this town. Gasoline rationing hasn't got them down a bit as their mode of travel enables them to make 115 miles on one gallon of gas. They simply make a tandem of their two bicycles, fastening them together, one behind the other, with a one-and one-half inch pine strip about five feet long. A one-and one-half horsepower washing machine engine is then adjusted back of the seat of the rear bicycle to provide the driving power.

The 165 miles from Minneapolis to Duluth was covered in twelve hours time.

ONLY ONE COMMENCEMENT MISSED IN OVER 50 YEARS

Benson.—With but one exception A. Alfred Peterson has attended every graduation exercise of the Benson high school since the first commencement program took place well over fifty years ago. His excuse for that one miss was very justifiable—he was homesteading in North Dakota when the class of 1899 graduated.

Smoke Fooled Him

Because when fired tobacco went up in smoke a Seventeenth century Polish "scientist" thought he had solved the problem of air-navigation. He built a huge pipe filled with tobacco that cost him almost $3 a pound. A bellows made the pipe emit huge clouds of smoke into the air but the vehicle refused to budge.

VICTORY LEAGUE STARTS OFF WELL ON LOCAL COURSE

Popplers and Soo Line Win First Round Matches Last Friday

Friday evening's schedule:
Lincoln Life vs. Bratrud Clinic.
J & B Drugs vs. Times.
Poppler's Furniture vs. Harts Bakery.
Soo Line vs. Oen's.

Results of last week's matches:
Poppler's Furniture (145) defeated the Lincoln Life (158).
Soo Line (163) defeated the Times (170).
Bratrud Clinic (151) vs. Harts Bakery (151) tied.
J & B Drugs (159 vs. Oen's (159) tied.

The inaugural matches in the Victory golf league, played on Friday evening, found only two teams, the Poppler's Furniture and the Soo Line, winning decisions. The Poppler's scored a win over the Lincoln Life, and the Soo Line defeated the Times. The other two matches, Bratrud Clinic vs. Harts Bakery and the J & B Drugs vs. Oen's, ended in deadlocks. The Clinics had a 151-stroke net total to tie the Harts Bakery; while the J & B Drugs and Oen's each posted 159-stroke net totals.

The Harts Bakery Vic Kvikstad won low gross honors, having a 37, and with a 3-stroke handicap, marked up a net 34. Poppler's Furniture's Ray Jude was credited with the low net total, having a 31, shooting a 44 gross score and carrying a 13-stroke handicap.

Two Boys Are Arrested on Charge of Burglary

Two local boys, ages 13 and 15, were taken into custody by the police last week on a charge of burglary after a room in the Soo Cafe had been entered and two pair of trousers and a pair of shoes taken. Appearing in municipal court, the boys were placed on probation. The clothing was recovered.

Chester Strom Assigned to New Duties in Texas

Chester Strom, son of Mr. and Mrs. M. M. Strom of this city, who is serving in the U. S. Navy as aviation radioman first class, recently arrived from a southwestern Pacific base to enjoy his first leave in three years, which he is spending at the home of his brother, David Strom, in Oakland, California. Following his leave he will be assigned as instructor at the naval training center at Corpus Christi, Texas.

Golf Notes

The tournament committee is anxious to arrange the flight pairings for the local golf club championship rounds and request that all qualifying scores, on which the golfer's flight position will be based, should be marked up by Sunday evening. Tournament matches are scheduled to begin next week.

Commenting on golf tournaments, it's perhaps proper to mention that the local club will be host, on July 18th, to one of northwestern Minnesota's niftiest golfing attractions — the seventh annual shortstop golf tournament. The shortstop tournament had its inception in 1937 and that year, with 48 golfers participating, found a pair of Crookston golfers meeting in the finals match, with Ernotte Hiller defeating Dr. C. L. Oppegaard for the championship. The following year, in 1938, Grand Forks' lanky Wally Paulson won the title by trouncing Hiller in the finals. In 1939 a local golfer, Vic Jung, won the championship trophy, defeating Hiller in the final match. And that year, 1939, had a record number of northwest golfers entering the meet, with 124 players on the course. In 1940 the tournament was changed to a two-day invitational affair, and Jim Nordine, playing out of Karlstad, won the first place award by edging out Vic Jung.

Jimmy Nordine successfully defended his championship in 1941, defeating Ernotte Hiller in the finals. Last year, with the tournament returning to a shortstop basis, Crookston's Don McKenzie won the championship, defeating Grand Forks' Bill Larson.

3 Monopolize Finals

In the tournament's six years of existence, Ernotte Hiller, Vic Jung, and Jimmy Nordine have monopolized the finals positions, with Hiller having reached the finals four times and Jung and Nordine twice each. Hiller, Jung and Nordine were in the country's armed services last year when the tournament was held, and they'll be away during this tournament too, but it's a cinch that if they could have played, last year and this, that they would have increased their finals record.

The shortstop, though, has been a kind of jinx to a number of top-flight golfers. Such fine golfers as Ed Nordheim, Hans Chommie, Vic Kvikstad, Johnny Buck, Don Sealander, and Fuzz Johnson, haven't been able to crash the finals bracket.

By the way, the local course will appear somewhat vacant now that Hub Baum has left. Hub was called up for induction into the army, and left this week for Fort Snelling. Yep, Hub's booming drives were a thing to see; and his booming laugh, whenever he dubbed a shot, was a thing to hear.

Off Again, On Again

According to coach Glenn Hanna it's pretty much touch-and-go whether or not there will be a junior baseball team. Only five or six boys appeared for several of the opening practice sessions, and you can't make a nine that way; but the latest practice drills found a full squad of boys on hand.

Miscellany

Johnny Hovanec, who had been pounding the ball at a .350 clip for Superior in the Twin Ports league, is no longer with the team. Johnny had been in the Naval Reserve, and he received his call early last week.—Wally DuChamp had a chance to play ball with Shorty Dekko's Gary team against Detroit Lakes on Sunday and Monday. Not having had an opportunity to hit a baseball this year, Wally thought it a poor time to go up against Detroit Lakes', highly-touted Vint McDonald.—In the East Side vs. West Side d-ball series, Garmo Jensen is the fellow that's making a liar of the Louisville Slugger bats. Garmo, in three games and 12 times at bat, hasn't made a hit.

NOTICE TO THE PUBLIC

On account of difficulty in obtaining merchandise due to war conditions I have decided to close my store for the duration. I wish to thank my customers and friends for the patronage in the past seventeen years.

O. L. MONSON

Roy Hamilton, Former Local Resident, Dies July 4 in Oakland, Cal.

Roy J. Hamilton, formerly of Thief River Falls, died suddenly last Sunday at Oakland, California, where he had been employed since November, 1942, in the Henry Kaiser shipyards. Previous to going to Oakland he had been employed here by his brother, Arthur Hamilton, for five years as a typewriter mechanic. Funeral rites are being conducted in Oakland today. Born in Langdon, N. D., in 1892, Mr. Hamilton is survived by his wife and daughter Marian of Fargo, his mother in Minneapolis, and four brothers and three sisters.

BOY SCOUT NOTES

The opportunity is again with us to gather waste paper, and all scouts are requested to attend a meeting at Tindolph Park this evening (Thursday) at 7:30, to organize teams and designate the sections of the city from which each team will gather the paper, and also to formulate plans so as to expedite the work. Newspapers should be tied securely in easy-to-handle bundles and sorted from magazines and catalogs.

Several of the boys are taking on farm work or doing work behind the counters of the stores in the city. It isn't all work and no play, either. Many of the boys may be seen in the swimming pool and assisting the recreation directors. Merits will be achieved in swimming and life saving.

Four aeroplane models are in the making which will be turned over to the army training stations as soon as completed.

Conservation Group to Meet in City July 26th

Plans are going forward for the annual meeting of the Northwestern Minnesota Association of Conservation Clubs to be held in the Thief River Falls Auditorium Monday evening, July 26. The date last week was incorrectly announced as July 29.

According to estimates, 3,000 tons of tin will be saved in 1943 and 5,000 tons in 1944 by reducing the tin content and adding silver to the lead solder of new cans being manufactured.

CROPS FIELD DAY AT N. W. SCHOOL SET FOR JULY 13

Three Noted Authorities to Appear on Program Next Tuesday

Three famous scientists are scheduled to appear on the Crops Field Day program at the Northwest School and Station at Crookston on Tuesday, July 13 at 1:30 p. m. Superintendent T. M. McCall of the Northwest School states, "We have been fortunate this year in getting three outstanding experimentalists in the field of food and crop production to speak on our formal program on Crops and Soils Day, July 13."

The delegation from University Farm will be headed by Dean and Director C. H. Bailey, a world authority biochemistry of foods, who will speak on, "The Effect of the War upon the Food Habits and the National Dietary." Dr. F. R. Immer, vice director of the experiment station will tell of the work of the station in solving wartime problems. Dr. H. K. Hayes, chief of the division of agronomy and plant genetics, will discuss "Recent Progress in Breeding Forage Crops."

R. S. Dunham, agronomist, and J. H. Wampole, horticulturist from the Northwest School, will be assisted on the plot tour by Carl J. Eide and J. J. Christenson, plant pathologist from St. Paul.

Potato growers, county agents, and county members of the war manpower committees from the Red River Valley counties of Minnesota and North Dakota have been invited to attend a meeting at the Northwest School at 7:30 p. m. on Crops visitation day. The meeting has been called by the county agents and Supt. T. M. McCall to make plans to handle potato harvesting labor problems.

Summer Session at "U" Draws 6,000 Students

After a rather slow start, enrollment in the University of Minnesota's first summer session has jumped to nearly six thousand students, not counting several thousand men in uniform of the army and navy who are also receiving instruction. Exact figure of the total summer civilian enrollment as of June 26 was given as 5770 by T. E. Pettengill, acting director of admissions. Of these 3019 were men and 2751 women. This reverses the usual summer trend, the reason being that there are more engineers and students in technological subjects than usual and fewer school teachers taking work in the college of education.

LIGHTNING MELTED BARB WIRE FENCE

Belgrade. — Lightning struck a barbed wire fence on the George Pierce farm melting a strand of wire 60 rods long into short pieces. None of the remnants were over three or four feet in length and the ends looked as though they had been cut with an electric welding torch. Most of the porcelain insulators which held the wire to the posts were broken, and some were blown into tiny particles. The strand of wire was used for an electric fence, and it was not grounded. The lightning bolt apparently had traveled its full length before being discharged into the earth.

Public Health Speaker Visits City Wednesday

Miss Anna Swenson, educational consultant and speaker for the Minnesota Public Health association, spent Wednesday at Thief River Falls teachers' workshop at the Knox school. Miss Swenson's visit here is a part of the program arranged by the Bemidji state teachers college where Miss Swenson will speak on July 9th on the subject: "Health—A World Need." Miss Swenson came here as a part of the state Christmas seal program for health promotion. This service for summer schools was inaugurated this year because of the great emphasis now being placed on child health education in schools, and because of the large number of new teachers who will be in the school rooms this fall.

URGE PATIENCE IF RATION BOOK 3 HAS NOT YET ARRIVED

Mailing Not to be Completed Until August 1, Says Christensen

Over 11,000,000 copies of War Ration Book 3 which eventually will replace War Ration Books 1 and 2 have been mailed from OPA mailing centers to communities in the seven state area of Illinois, Wisconsin, Minnesota, Iowa, Nebraska and North and South Dakota, it was announced today. The huge job may not be completed until August 1.

Inquirers should wait until then before going to the local board since no adjustments can be made until then, said Waldie Christensen, chairman of the local war price and rationing board adding:

"All OPA local boards have been instructed not to accept applications for new books or for correction of any errors until after August 1. Inquirers should not go to the local post office or write to the OPA mailing center. They should keep the stub showing the serial number of their original application and bring it with them to our office next month if any correction has to be made. Nothing can be done by this board until after the whole mailing job has been completed."

Many of the difficulties are the result of not having filed an application card, not having received the correct number of books, or having received too many or having names mispelled.

133 Lives Saved in State Traffic First Six Months of Year

One hundred and thirty-three persons in Minnesota were alive to celebrate American independence on July 4 this year only because of the reduction in traffic accidents which has been accomplished during the first half of 1943.

Figures released this week by the traffic safety committee of the Minnesota Editorial association recorded only 15 traffic fatalities for the month of June and 103 deaths for the first six months of this year as compared to 34 June fatalities in 1942 and 236 deaths for the first six months of that year.

Six of those killed in traffic during June were under 21 years of age and four were over 55 years old, again emphasizing the point so frequently demonstrated by traffic statistics — that youth and age are most frequently the victims of motor-vehicle and pedestrian mishaps. Slightly more than half of those killed during June met death in daylight accidents. Urban areas produced more fatalities than did all the state's rural roads.

VALHALL

The 4-H club of Rocksbury will have their tour on Sunday, July 11. Leaving Valhall at 10:00 A. M. After the tour dinner will be served at Valhall after which there will be kittenball games etc.

Miss Esther Gunderson of Moorhead visited from Saturday until Monday with her mother, Mrs. O. B. Gunderson.

Leaving on Sunday for Warren to attend Bible camp for a week were Leona and Vivian Myrom, Bernice Olson, Gordon Olson, Alfred, Glenn and Peter Engelstad.

Mrs. Peder Engelstad returned home after spending six weeks in Thief River Falls with her daughter, Mrs. Louise Anderson.

At the Paul Engelstad's on Saturday evening to celebrate Paul's birthday were honor guest Paul Engelstad, Mrs. Peder Engelstad, Mr. and Mrs. Glenn Carlson and Wayne, Mrs. Louise Anderson, Axel Engelstad, Mr. and Mrs. Mons Engelstad, Alfred Engelstad, Mrs. Edwin Hanson, Mrs. Paul Engelstad, and Peter Christian Engelstad.

At the Christian Engelstad's on Monday evening to help Christian celebrate his birthday were honor guest Christian Engelstad, Mrs. Christian Engelstad, Mrs. Ole Engelstad, Mr. and Mrs. Glenn Carlson, Mr. and Mrs. Paul Engelstad, Mrs. Peder Engelstad, Mrs. Louise Anderson, Mrs. Edwin Hanson, Mons Engelstad, and Axel Engelstad.

At the Edwin Hanson's on Monday were Arnold Hanson and Jimmy Jenkins of Warren, Mr. and Mrs. Albert Hanson, Pauline and Ralph of Thief River Falls.

Mons Engelstad, son Loren, Edwin Hanson and Peter Engelstad motored to Crookston Saturday to get a grain binder that Mr. Hanson had purchased. Arnold Hanson and son Duane of Warren hauled it here.

Mr. and Mrs. Melvin Torkelson entertained on Wednesday, June 30, for their son Marvin. Present besides the honor guest were his parents, brother and sisters, Mr. and Mrs. Anton Torkelson and family, Mr. and Mrs. Arnold Gunderson and family.

COVENANT CHURCH TO HEAR CHINA MISSIONARY

On Sunday, July 11, at 10:30 A. M. Rev. Joel S. Johnson, a missionary to China, will speak at the local Covenant church. Rev. Johnson had been a Japanese prisoner until the exchange of prisoners took place and he came home on the ocean-liner, Gripsholm. The heavy fighting and recent victories of the Chinese army of recent weeks have been in and near the area of the Covenant mission field in China.

Members and friends of the Mission Covenant church congregation enjoyed outdoor services and a dinner at the Red Lake Falls park Sunday, July 4. An informal program was given with special singing and a talk by Rev. Wiberg.

You call it Bread... your ancestors would have called it Cake

Your daily bread is nutrition in one of its finest and most appetizing forms—and today it saves ration points. We Americans can be grateful that our country produces an abundance of this perfect 'staff of life'.

We can be grateful, too, to science for the greatly improved quality of our daily bread. It has been tremendously enriched. Its texture is finer, its appearance and flavor more inviting.

Did you ever wonder how many millions of pounds of yeast are required each year to leaven the nation's bread? Did you know that yeast must be absolutely fresh when it reaches the baker? Thanks to a network of specialized delivery services plus modern refrigeration, bakers in even remote parts of America get their yeast fresh and on time.

The Baker's Yeast Division of Anheuser-Busch supplies bakers with yeast for a large part of the nation's bread. Now nearly 15 percent of our entire output goes to the Army. This service to civilian bakers and our armed forces resulted from applying to food the knowledge gained from years of laboratory work in producing the world-famous Budweiser.

Budweiser

In addition to supplying the armed forces with glider parts, gun turret parts and food stuffs, Anheuser-Busch produces materials which go into the manufacture of: B Complex Vitamins • Rubber • Aluminum • Munitions • Medicines • Hospital Diets • Baby Foods Vitamin-fortified cattle feeds • Batteries • Paper • Soap and Textiles—to name a few.

Having Trouble Getting Help?

So are we. Like you, we're faced with the biggest production job in our history. And, like you, we've lost many of the men who used to help us.

Yet that's only part of the story. Every day, on farm and factory, there's something new to test the skill of those running the business. Not only getting help, but—to mention a few others—rising costs, making a fair profit, and setting aside reserves for a rainy day. Essentially, those problems are the same for farm and factory, though they may at times differ in size.

But it is that thing called "management," that peculiarly American ability to think through problems no matter how tough, that is helping to see us through today.

It is this skill in management that farmers and businessmen have most in common, a skill which insures the realization of our determination to produce all that's needed for our country today, and, tomorrow, to make a fair living through greater service to our fellow Americans. *General Electric Company, Schenectady, New York.*

Have a "Coke" = Welcome, Friends

YANKS
YUKON DODGERS

...or how to get along in Alaska

The American soldier in Alaska meets up with a hundred little things that remind him of home. One of them is Coca-Cola. *Have a "Coke"*, says he, and it clicks in the Yukon as it does in Youngstown or Yuma. From pole to pole Coca-Cola stands for *the pause that refreshes*—has become the high-sign between kindly-minded strangers.

"Coke" = Coca-Cola
It's natural for popular names to acquire friendly abbreviations. That's why you hear Coca-Cola called "Coke".

STORM CAUSES HEAVY DAMAGE IN NORTHWEST

Roseau and West. Marshall County Bear Brunt of Windstorm

MANY BARNS RAZED BY WIND MONDAY NIGHT

Stephen School House and Roseau Skating Rink Storm Victims

The Thief River Falls community and Pennington county in general were again fortunate in escaping the brunt of a terific windstorm, that early Tuesday laid waste large areas in Roseau and Western Marshall counties as well as on the North Dakota side of the Red River.

The gale struck this community shortly after midnight Monday, and was accompanied by a hard shower that brought .52 inch of rain. The storm, which did not last long, blew down numerous large branches from trees and ruined several awnings, as well as blowing out a section of glass above the displaywindows in the above the display windows in the tain.

Chief damage caused in the surrounding rural area was the blowing off of tops of haystacks and the lodging of fields of grain. A barn on the David Johnson farm two miles west of St. Hilaire was twisted on its foundation.

Forrest Yetter, banker at Stephen, estimated damage to farm structures in that vicinity at more than $250,000. A Grand Forks Herald correspondent who made a 100-mile swing through the territory said at least half the farm barns were destroyed. Crops were driven into the ground and some are a total loss. Haystacks, recently made, disappeared. Some livestock was killed.

The $6,000 dairy barn on the George Avery farm at Stephen was demolished. Two large barns on the Torkelson Brothers farm were left total losses.

The roof of the Stephen school was blown off and scattered over the town. School board officials estimated the damage at $25,000 to $30,000. The Lutheran church is a complete loss. Both buildings were on the west side of town. An elevator driveway was wrecked and trees and outbuildings throughout the town were blown down.

Electric power failed when five 2,500-bushel empty steel grain bins were blown out of town and against the power lines. Pieces of the bins were found four miles to the east of Stephen.

At Stephen a small building was lifted to the top of a garage which was destroyed. A 75-foot flagpole was bent level with the ground.

At Karlstad where a great amount of damage was caused, a cistern filled with water was sucked dry by the wind.

Roseau reported an 80-mile wind which leveled the memorial skating arena, damaged the county garage, smashed several store fronts and wrecked many barns in that vicinity as well as near Greenbush.

The only damage reported in the Red Lake Falls vicinity was the destruction of a barn and machine shed on the Tom Sherry farm north of that city.

N. QUENTIN JONES TELLS ROTARY OF SWIMMING COURSE

Club Accepts Challenge of Lions Club to Golf Tourney

N. Quentin Jones, Red Cross swimming instructor at the Tindolph park pool, gave an interesting account of the project at the Rotary club meeting Tuesday noon in the Evelyn hotel.

Fleming Gibson, president, and Dr. C. W. Jacobson appeared in behalf of the Lions club to extend an invitation and challenge to Rotarians to meet the Lions in their annual tournament on the local golf course next Wednesday evening, the serving of supper also to be a feature. The invitation was promptly accepted by Rotary.

New members of the club introduced at the luncheon were the Rev. G. S. Thompson, G. A. Frahm, George Mostue and Milton Larson.

[illegible]lo[illegible]ing Collected for Russian Relief

Penn[illegible] Sto[illegible] Exhibit Ph[illegible] of [illegible] in Service

E. [illegible] manager of the lo[illegible] C. [illegible] store, announced today [illegible] the store is arranging an exhibit of photographs of men in the armed forces to be placed in the display windows as a means of stimulating the sale of war bonds. The pictures will be on display from Monday, July 19, to the end of the month.

A local campaign to collect used garments for Russian relief got under way Tuesday when Victory Aides made a canvass of the community to secure pledges of clothing to be delivered Friday, July 16, between the hours of 9 a. m. and 5 p. m. in the Civic and Commerce room in the basement of the Auditorium.

Mrs. Leonard Hanson, serving as Russian relief chairman here, said today in explaining the campaign, "while there is need for clothing in many foreign countries, the War Production Board has discouraged making collection of clothing unless they can be immediately shipped to the country that needs it. At this time, the only country to which such supplies can be sent, because of war shipping, is Russia.

"Of course, we all wish the heroic people of Greece, Norway, Denmark and China could receive our clothing also. But Russia is the only country which needs the clothing desperately, and to which it can be shipped. They face a bitter cold winter in unheated homes. So help them, giving everything you can.

"When reports came in on the cause of death of many Russians last winter, it was found a very large percentage was from freezing. In bombed areas and where the scorched earth policy was used there is no heat in the cities and the people are kept warm only by the clothing they wear. There are no facilities in Russia for making or repairing clothing.

"Warm clothing of all kinds is needed. An urgent appeal has been received for unlimited quantities of all kinds of wearing apparel, for men, women and children, especially warm clothing—wearable shoes, socks, stockings, underwear, girdles, suspenders, belts, vests, trousers, dresses, skirts, blouses, sweaters, jackets, suits, top coats, overcoats, raincoats, capes, caps, hoods, mittens, gloves, etc. Also blankets and bedding. Fur is also acceptable.

This clothing must be ready to wear without repair. If it is impossible for the donor to make small repairs local repairing committees will be asked to do the work. Send clothing in good condition, and clean."

DAIRY INDUSTRY TRANSPORTATION GROUP SET TO GO

County Committee Will Hold Hearing in C. C. Rooms Next Thursday

The following have been elected to act on the Pennington county dairy industry transportation committee: G. S. Bergland of Thief River Falls, representing the cooperative processers; Gunnuf Gunstenson of Goodridge, representing the independent processers; Obed Sabo of Mavie, representing the haulers; and Ole Nesland of Oklee, representing the producers.

The following alternates have also been elected: Carl Syverson of Goodridge, representing the processers; Oscar Wedul of Thief River Falls, representing the haulers; and Wm Vaughn of Goodridge, representing the producers.

The purpose of this committee has been the formation of a plan for the conservation of equipment in the transportation of cream in Pennington county. The plan has been developed with maps and schedules before and after reorgination, and is on file at the office of the county war board in Thief River Falls. All persons that may be effected by the plan are advised that the proposed plan may be inspected at any time.

The Pennington county committee has designated Thursday, July 22, as the day the committee will meet in public hearing to discuss the plan with any who are affected by it and to receive suggestions. This public hearing will start at 2:00 P. M. and will be held in the Civic and Commerce rooms. All producers, creamery operators, and truckers who desire to be heard by the committee arrange to be present.

C. AND C. INFORMED ROAD JOB STARTED NORTH OF ERSKINE

Employment Service Manager Addresses Group Last Thursday

At the Civic and Commerce association luncheon last Thursday noon, H. A. Baumann, chairman of the road committee, announced that he had been advised by the state highway department that graveling and other improvements on Highway 59 from Erskine to Brooks was getting under way immediately.

Russell Olson, recently appointed manager of the Thief River Falls office of the United States employment service, discussed the labor stabilization law, and the necessity for workers obtaining a release from their present jobs before entering a new line of work.

He added that violations of the law will invoke severe penalties.

Local Aeronautics Unit Now Boasts 100 Members to Seek National Charter

Having enrolled 100 air-minded members during the past two weeks, an application is being sent in tonight for admission of the newly formed aeronautics club as a chapter of the National Aeronautics association, founded in 1922, it was announced today by Norman Peterson, secretary of the new organizatoin. He added that Leslie Schroeder of Minneapolis, recently appointed to the post of state commissioner of aviation, will address a meeting of the local organization Friday, July 30, and that he will be accompanied here by Lowell H. Swenson, president of the Twin City chapter of the aeronautics association.

LOCAL JOB OFFICE PLACES MORE MEN IN MONTH OF JUNE

Issues Call for Volunteer Workers for Harvest Season

The Thief River Falls area, which includes Kittson, Marshall, Pennington, Red Lake and Roseau counties, attained a new high of 157 placements for the month of June. According to Russell E. Olsen, manager of the local office at Thief River Falls, this is an increase of 153.7% over the previous month.

The above figures do not include a large number of farm hands, which have been placed through the effort of the county agents and the volunteer placement officers, who are located at various trade centers in the area.

Within a short time it will again be necessary to call for volunteer workers for the harvest season, and it is hoped that the response will be as good as in the past, in order that no food crops will be lost through the lack of help.

Anyone who is willing or able to be of any assistance during the harvest season is urged to contact the county agent, the volunteer placement office in their trade area, or the United States employment service office.

Showers Bring Relief from Short Hot Spell

Temperatures ranging above the 90-degree mark moderated following showers early this week. After a ten-day spell of dry weather, .70 inch of rain fell early Monday morning, followed by .52 inch late Monday night. The mercury Wednesday registered 85.

Kratka 4-H Club Plans Annual Tour Next Monday

The Kratka 4-H club will conduct its annual tour next Monday evening, July 19. Everyone taking part will meet at the Joe Johnson home at 7:30 to begin the tour, visiting the homes of club members to view their 4-H projects, then return to Joe Johnson home for a short club meeting and refreshments.

SCHOOL BOARD DEFERS ACTION ON NEW BUDGET

Morris Bye Attends Final Session as Superintendent Here

NO BIDS ON COAL ARE RECEIVED BY BOARD

Miss Agnes Tandberg Takes Position at Stephens College

With Morris Bye, retiring superintendent of the local schools, and his successor, Philip L. Fjelsted of Wadena, both in attendance, the July session of the board of education was conducted Monday evening. A tentative budget for the coming year was submitted, final action being deferred until the August session, and numerous other items of business were disposed of.

Presumably due to uncertainties regarding the coal situation, no bids were received from local dealers covering next winter's fuel supply. The board will meet shortly with the dealers to arrange for supplies.

Miss Agnes Tandberg resigned as high school junior English teacher after having been a member of the local school faculty since 1925 with the exception of two years. She has accepted a position as counselor at Stephens college, Columbia, Missouri.

Miss Aurora Griewe of Bemidji was elected teacher of biology and general science. A graduate of Bemidji state teachers college, she taught last year at Munising, Michigan. Remaining to be filled are eight vacancies on the high school faculty and two in the grades.

L. W. Rullen, treasurer of the board, submitted his annual report, showing a cash balance on hand June 30 of $29,963.05. At his request the state public examiner was asked to audit the treasurer's books covering the past year. The Northern State bank and Union State bank were designated as depositories for school district funds.

The proposed budget for current expense is $12,934.78 higher than last year's budget. This increase is accounted for by a rise of $9,247.05 in teachers' salaries, and an increase of $4,550 in the allowance for the milk and hot lunch projects, these latter two outlays being largely offset by receipts from sales.

Principal outlays covered in the proposed budget include salaries and expenses in the superintendent's office, $5,555; instruction, $81,834.78; textbooks, $2,500; library books, $875; supplies, $2,860; operation of plant, $22,960; maintenance, $2,725; auxiliary agencies and coordinate activities, $16,075; insurance and other fixed charges, $1,535; making a total of $138,894.78.

Items of capital outlay covered by the budget aggregate $2,025, while the debt service item includes payment of $13,500 in bonds and $6,578.75 interest.

Mr. Bye informed the board that a three-mill increase in the tax levy will insure a cash balance at the end of the year equal to that at the beginning. Such an increase, he said, would make the maintenance levy 40.5 mills, and thus would qualify the district to receive supplemental aid on a pro rata basis of 87 per cent instead of 75 per cent as at present. This would mean an increase of $3,439.50 in supplemental aid if the three-mill increase is approved.

Odd Fellows Install New Slate of Officers Here Tuesday Evening

Arno Steinhauer was installed as noble grand of the local Odd Fellows lodge Tuesday evening in the lodge rooms. Others inducted include William Parbst, right supporter; Frank Mousley, left supporter; John Magnuson, warden; A. M. Langseth, conductor; Alfred Bredeson, chaplain; Morris Odegaard, vice grand; Christ Bang, and Charles Fisher, right and left supporters; Hector Bergstrom, inner guardian; Emmett Mousley, outer guardian; John Anderson, and E. Emanuel, right and left scene supporters.

Seaman 1st class Ernest Bugge left last week for New York following a visit with his parents, Mr. and Mrs. C. J. Bugge. He was formerly stationed in Miami, Fla.

COUNTY BUDGET REMAINS ABOUT SAME AS IN 1942

Board Approves 1943 Budget at Meeting in City This Week

CALLS FOR RAISING OF TOTAL OF $169,340.19

Substantial Increase Made in Levy for Bonds and Interest

While substantial changes were made in various funds, the total amount of the Pennington county budget for 1943 as approved by the county board at its July session Monday and Tuesday differed only slightly from the 1942 figure, and County Auditor A. M. Senstad indicated that there would be little change this year from the 1942 tax rate of 49.32 mills for county purposes.

The 1943 budget calls for the raising of an aggregate of $169,340.19, compared to $166,021.92. The county revenue fund is raised $790.77, due in large measure to increases made this year in salaries of county officials, while the ten-mill levy for road purposes is expected to raise $38,595, considerably more than last year due to higher assessed valuations.

The welfare fund is retained at the same figure as in 1942, and the sanatorium fund, due to rising costs of operation, is increased by $2,147.53. The bond and interest levy is increased for 1943 by approximately $10,000, while no levy is made this year to cover closed bank losses.

Following are the budget figures for 1942 and 1943:

County Revenue	$ 85,884.23	$ 86,175.00
Road & Bridge	33,667.20	38,595.00
County Welfare	40,367.89	40,367.89
Sanatorium	8,652.47	10,800.00
Bond & Int.	33,667.20	43,402.30
Closed Bks.	14,282.93	
	$166,021.92	$169,340.19

The board at its session also arranged for the drawing of 36 new names for the jury list, and acted on several applications for tax abatements.

GROUP ON COUNCIL ASKS CLOSING OF CITY POOR HOUSE

Final Action on Recommendation Put Off to Later Meeting

Less than the usual amount of business came up for consideration at the regular July session of the city council Tuesday evening.

Following an investigation, the council poor committee recommended that operation of the city poor house be discontinued on the ground that the institution is no longer necessary. Final action was deferred to a later meeting, and in the meantime the building committee will consider what disposition should be made of the structure housing the institution.

Police Chief L. W. Kaadie asked for the appointment of a special municipal judge to serve at such times as Judge H. O. Chommie is away from the city. City Attorney Theodore Quale was asked to take up the matter with Governor Edward Thye.

Largest of several building permits approved was that of the O'Hara Fuel and Ice company for the construction of a coal shed on the Soo Line right of way at a cost of $1,200.

Supt. Bye Family Leaves Wednesday for Anoka

Morris Bye, retiring as superintendent of schools here, left Wednesday with Mrs. Bye and sons Billy and Jimmy for Anoka, where Mr. Bye will head the schools in that city. Philip L. Fjelsted of Wadena, recently elected to succeed Mr. Bye, will bring his family to Thief River Falls late this month, and will occupy the Bye residence purchased by Mr. Fjelsted.

Deputy Fire Marshal Gives Demonstration

Deputy State Fire Marshal Erickson was in the city Wednesday evening to give a lecture and demonstration to civilian defense workers and firemen, dealing with incendiary bombs and war gases.

Married Men Included in Group of Reservists

A considerable number of married men is included in the list of Pennington county reservists who will leave on or before August 2 to be assigned to their new posts after enjoying a three-weeks leave following their induction at Fort Snelling last week.

The list, released today by Arthur Berg, chief clerk of the selective service board here, includes the names of the following men who will report for army duty August 2:

Charles Krause, Gordon Ballingrud, Forest J. Klofson, Paul G. Couvrette, Hubert R. Baum, Reuben Christofferson, Arthur Von Wold, John W. Lang, Edwin Lappegard, Douglas A. Hess, Charles Hovden, Delbert Harbott, Mathew J. Bimler, Walter E. Oltman, Ernest J. LaCoe and Albert T. Myhrer.

Leaving following their furlough to join the navy will be Floyd Canfield, Charles V. Whitchurch and Vernon H. Williams, while Carlo Columbo will join the marines.

2 COUNTY BOARDS MEET TO DISCUSS DRAINAGE SETUP

Pennington, Red Lake Boards Order Ditch Survey by Engineers

At a joint session of the Red Lake and Pennington County boards held here Monday afternoon the county engineers were instructed to investigate the condition of the drainage ditches in the area bordering the Red Lake and Clearwater rivers in the east section of the two counties

Engineers J. A. Erickson of Pennington county and Bert Pinsonneault of Red Lake county will submit a report on their findings to the two boards in the near future. Present from Red Lake county at the meeting Monday, in addition to Mr. Pinsonneault, were Commissioners Frank Grenier, D. H. Shetterly and Carl Swanson, and Charles E. Broughton, Jr., acting county attorney.

Tom White of Redby, superintendent of the Red Lake Indian agency, informed the Times Wednesday that the water level in the Red Lake was gauged at 1177.40 feet, down fractionally from the reading two weeks ago although two substantial showers fell there early this week. He also stated that the releasing of more water thru the dam at the outlet will be put off as long as possible in order to prevent damage to low-lying farm lands along the rivers.

TAG DAY TO RAISE FUND FOR SMOKES FOR SERVICE MEN

Junior Chamber to Sponsor Sale Set for Saturday, July 24th

To promote the raising of funds with which to buy cigarets to be supplied to service men overseas, the Junior Chamber of Commerce will conduct a tag day in Thief River Falls Saturday, July 24, it was announced today by Burton Emanuel, committee chairman.

Mr. Emanuel stated that local girl scouts will conduct the sale, and that anyone donating any amount will receive a tag as evidence of his cooperation.

"Any size donation will be accepted," he said, and reminded citizens that only five cents buys a package of cigarets. Cigaret companies have made special offers and are able to sell the cigarets for five cents a pack or $25 a case.

"We hope that the public will meet the girls with a full measure of generosity as there are many fighting fronts to send the cigarets to and many to be purchased," said Mr. Emanuel.

OPA Eases Restrictions on Retail Price Lists

Retailers are no longer required to file supplementary price lists with their local war price and rationing boards on new brands or new cost of living commodities, Harold W. Bangert, Fargo-Moorhead OPA director said today. Merchants should, however, maintain adequate records of the methods used to determine prices on these commodities. Retailers have been required previously to file selling prices of any new brand or article not already filed with the local board.

Ceiling Prices on Foods Are Now in Effect Here

Mrs. Paul A. Lundgren, chairman of the community service panel of the local ration board, announced that under terms of an OPA order of May 6, dollar-and-cents ceiling prices have been placed on foods in Pennington and adjoining counties. The prices, fixed by the regional OPA office, went into effect Wednesday.

CORPORAL VERNON WARNECKE GIVEN AWARD LAST WEEK

Wounded Veteran Receives Purple Heart Award in Missouri

Cpl. Vernon L. Warnecke, who was wounded in action in Tunisia, North Africa, April 8, last week was the recipient of a Purple Heart award, conferred at the O'Reilly general hospital in Springfield, Missouri, where he is a patient.

Commenting on his experiences at the time of his injury, Cpl. Warnecke said: "We were in an attack at a place called Fondouk and were advancing on the enemy. We got on a ridge and they were firing. I was hit by shrapnel and it felt as though my arm were blown off. I lay there for three hours until it was over and then they came and gave me first aid. They took me back to a clearing station and on April 28th I arrived in Halleran General Hospital and got to O'Reilly hospital May 12."

He is the son of Mrs. Emma Warnecke of this community, and recently was in the city on convalescent leave.

2550 CAR STAMPS SOLD AT P. O. HERE TO FIRST OF WEEK

Revenue Collector States Stiff Penalty Due for Delinquents

Up to the first of the week a total of 2550 federal automobile stamps had been sold at the postoffice here, with straggling additional purchasers appearing each day, Postmaster Andrew Anderson announced.

After July 31, car owners failing to display the new use stamp will not be let off with verbal or written explanations of the delinquency, but will face fines of $25, Arthur D. Reynolds, collector of internal revenue, warned last week.

Agents will continue throughout the month the present policy of affixing notices of delinquent cars, notifying owners to report to the collector why the stamp was not displayed.

Explanations, by mail and in person, have been received by the collector from recipients of most of the 10,000 warning notices passed out in the state over the week-end.

Nearly all said they had purchased their stamps but had failed to put them on the windshields.

7 to Get Citizenship Papers Friday, July 23

Seven Pennington county residents will undergo their final examinations for citizenship at a hearing to be conducted in the district court room in the court house Friday afternoon, July 23, at 1:30, it was announced today by Henry Storhaug, clerk of court. One of the district judges will preside at the hearing.

Girl Volunteers Start Processing Gas Books

Work of processing the new "A" gas ration books which become effective next Thursday, July 22, was undertaken Tuesday by a group of girl volunteers working in the Lincoln high school home economics room under the direction of Miss Edna Larson. Mailing of the new books to motorists is starting this week, it was announced by the local ration board, which added that many applications remain to be filed.

COUNTY DEBTS BEING REDUCED $57,000 IN 1943

Net Bonded Indebtedness Is Being Cut to $463,000 This Year

CO. WELFARE BOARD TO PAY OFF $12,000

Welfare Fund in Excellent Condition, Secretary Reports

Due to the debt retirement program being carried out in Pennington county and to the excellent condition of the county welfare fund, the net county debt will be reduced in 1943 from $520,000 on January 1 to $463,000 on December 31, a slash of $57,000, it was announced this week by County Auditor A. M. Senstad.

Retired during the current year are $41,000 in ditch bonds, $12,000 in county welfare bonds maturing up to 1948, and $4,000 in road bridge bonds. The welfare bonds are part of an issue of refunding bonds floated in 1933 in the depth of the depression, of which remains a balance of only $8,000 which it is planned to retire in 1944. In addition the welfare fund has taken up an overdraft of $12,550 existing at the end of 1936.

Aside from the bonded indebtedness of the county all the county funds have a healthy credit as of June 30, 1943, as follows:

Revenue Fund	$ 17,290.47
Road and Bridge	24,842.22
County Welfare	20,119.44
Bond and Interest	10,052.36
Sanatorium	6,518.60
Ditch	6,431.74

The bond and interest fund and ditch fund have now been exhausted by the payment of state loan bonds and interest due July 1, 1943.

In addition to the above $8,478.09 has been made up so far this year of the $14,282.93 closed bank losses.

The welfare board, at its annual reorganization meeting last Thursday, selected the present staff of officers including O. M. Mandt, chairman; William Mulry, vice-chairman; Mrs. E. J. Rickards, secretary. The other members of the board are Mrs. O. M. Toomey, whose reappointment for a two year term has just been announced by the state agency; and Frank Race.

A budget calling for an expenditure of $191,754.06 in 1944 was approved by the board, stated John X. Lynskey, executive secretary. All items show a decrease with the exception of old age assistance. The number of OAA cases has now dropped from 420 to 340, but costs have risen from an expenditure of $99,807.00 in 1942, to about $105,972.00 in 1943, and an estimated $113,700.00 in 1944.

Because of a considerable savings in the 1943 budget, leaving a sizeable balance for 1944 operations, the county share of the cost, including the retirement of the bonds, will require a levy ex-

LIONS CLUB HEARS GUEST SPEAKERS WEDNESDAY NOON

Local Group Inducts Seven New Members at Luncheon Meeting

Guest speakers at the Lions club luncheon Wednesday noon in the Palm Garden Cafe were Philip L. Fjelsted, new superintendent of schools here succeeding Morris Bye, and Deputy State Fire Marshal Erickson.

Mr. Fjelsted said he was very favorably impressed by his first visits to Thief River Falls, and he solicited the cooperation of local citizens in conducting local school affairs.

Mr. Erickson, in the city to conduct an incendiary bomb and war gas school last night, stressed the acute need of more interest being taken in civilian defense activities and pointed out that it is not at all certain that this nation will not be subjected to enemy bomb attacks in the near future.

President Fleming Gibson and Dr. E. S. Amesbury conducted the induction of a group of new members of the local club, including John Osborne, Glenn Hanna, Dr. Walter Kaisler, Wayne Anderson, Ralph Luhman, Bernard Batson and Harold Halgeson.

Goodridge Couple Are Wed at Zion Parsonage

Rev. E. L. Tungseth officiated at the single ring ceremony uniting Jeanette South, daughter of Mrs. Anna South of Goodridge, and Adolph Geving, son of Mr. and Mrs. Ole Geving of Goodridge, Wednesday, June 30, at 2:30 P. M. The marriage was performed in the Zion Lutheran parsonage of this city with Mrs. Harold Einerson and Alvin South, brother of the bride, as attendants.

A blue crepe street-length dress was worn by the bride with white accessories and a corsage of white chrysanthemums and swansonia. Her attendant was attired in a flowered silk jersey with a corsage of pink chrysanthemums and swansonia. Both gentlemen wore boutonnieres of swansonia.

Following the ceremony the couple left on a short wedding trip to Fargo, returning July 2 to make their home on the bridegroom's farm near Goodridge.

Swimming Party Honoring Geraldine Smith Saturday

Miss Phyllis Steen gave a swimming party Saturday afternoon honoring Geraldine Smith, who will leave the end of this month with her parents, Mr. and Mrs. K. T. Smith, to make her home in Bemidji. Each guest brought Geraldine a gift and following an afternoon of swimming a picnic lunch was served on the lawn of the J. B. Ruth Wittkopp Is Wed to Rev. S. Schroeder at Church Ceremony

A beautiful wedding was solemnized at Trinity Lutheran church, Amherst Twp., Iowa, Tuesday evening, June 22, at 8:00 P. M. when Miss Ruth Wittkopp, daughter of Rev. and Mrs. E. L. Wittkopp of Marcus, Iowa, became the bride of Rev. Siegfred Schroeder, son of Rev. and Mrs. V. E. Schroeder of this city. The church chancel was decorated with beautiful cut flowers and large baskets of pink peonies were at either side of the altar.

Preceding the ceremony Rev. E. Tolch of Alta played appropriate wedding music on the organ. He also played the wedding marches by Sasmanhausen.

Rev. V. E. Schroeder, father of the groom, addressed the young couple, basing his discourse on Romans 12:12 "Rejoicing in hope; patient in tribulation; continuing instant in prayer." The double ring ceremony was performed by the bride's father, Rev. E. L. Wittkopp.

The bride, who was given in marriage by her father, wore a gown of moire taffeta, torso style with long fitted sleeves and self covered buttons down front. From a coronet of orange blossoms fell a trailing veil of silk tulle. She carried a shower bouquet of white roses, pink sweetpeas, and satin streamers.

Mrs. Lowell Erickson, sister of the bride, was matron of honor and wore a blue eyelet embroidered organdy over satin. The bridesmaids, Miss Mildred Schroeder, sister of the groom, and Miss Lorine Specht, were embroidered pink net and carried colonial bouquets of pink and white roses. Little Deanna Miller of Lawton was flower girl wearing a pink formal and carrying a small colonial bouquet. Mark Baumgartle, ringbearer, carried the wedding rings on a white satin pillow. Herbert Schroeder of Minneapolis attended his brother, while the ushers were Rev. Wilfred Janke of Schaller, Ia., classmate of the groom, and Rev. Walter Kirk of Climbing Hill, Ia.

Miss Mildred Schroeder, sister of the groom, sang "Oh Perfect Love" and was accompanied on the organ by Rev. Tolch. The assembly sang "The Lord Is My Shepherd."

Immediately following the ceremony Rev. and Mrs. Wittkopp were hosts to 100 guests in the church parlors. Decorations were carried out in blue and pink, the bride's chosen colors. The bridal couple was seated at a table beautifully decorated with flowers, candles and place cards tied with ribbon and miniature bouquets. The three tier wedding cake, which graced the center of the table, was made by Miss Laura Fork of Lawton. Rev. H. Stahmer of Hinton was master of ceremonies during the program which followed.

The bride is a graduate of the Marcus high school with the class of 1942. For the past year she has been teaching school in Plymouth County, Ia. She has been active in her church, serving in the Walther League choir, Sunday school, and as the church organist. Rev. Schroeder is a graduate of Concordia College, St. Paul, and also the Concordia College in St. Louis, Mo. He served his vicarage at Trinity Marcus one year, at which time he received his call to Lawton and was ordained as pastor there on May 18, 1941.

Rev. and Mrs. V. E. Schroeder and daughter Mildred attended the wedding from this city.

Palma Marie Jahr and Wilhelm Hanson Speak Vows Sunday in Church

Rev. G. S. Thompson prompted the vows which united in marriage Miss Palma Jahr, daughter of Mr. and Mrs. A. C. Jahr, and Wilhelm Hanson, son of Mr. and Mrs. Syvert Hanson. The single ring ceremony was performed in the Trinity Lutheran church Sunday afternoon at 4:30 in the presence of many relatives and friends.

To the strains of the "Bridal Chorus" from "Lohengrin" played by Mrs. Mildred Engen Hamilton at the pipe organ, the bridal party entered the church, which was decorated for the occasion with large baskets of garden flowers and candelabra. The center aisle of the church was covered with a white carpet edged with fernery, forming the path for the procession.

Given in marriage by her father, the bride was lovely in a Lenore model gown fashioned of bridal satin with slim fitted bodice and a full skirt extending into a train. The sweetheart neckline was attractively trimmed with a design of seed pearls, and the long sleeves tapered to a point at the wrist. From a coronet of seed pearls fell a fingertip veil of illusion edged with scalloped chantilly lace. She carried a white satin covered prayerbook with a shower bouquet of pink briarcliff roses and white swansonia. The bridegroom's gift a double strand of pearls, was her only jewelry.

As matron of honor the bride chose her sister, Mrs. Alve Johnson of Sauk Center, who also sang "Because" preceding the ceremony. Her gown was of rose taffeta fashioned along princess lines with blue and rose pleated edging around the sleeves and neckline. Self covered buttons extended to the waist in back. Miss Elfie Hanson, sister of the bridegroom, was bridesmaid wearing a gown of blue taffeta with sweetheart neckline, puffed sleeves, and a full skirt. Both attendants carried colonial bouquets of roses, snapdragons, daisies, and baby's breath, and wore chapel veils of net to match their gowns.

The bride's two nieces, Janet Johnson of Sauk Center and Angeline Vraa, were flower girls wearing identical formals of flowered dotted swiss and carrying nosegays of pastel flowers. The gentlemen attendants, who wore white carnation boutonnieres, were Silas Hanson as best man, Warren Jorde as attendant, and Albin and Ingvold Hanson, ushers.

For her daughter's wedding Mrs. Jahr wore an afternoon dress of blue bemberg sheer with white accessories, while the bridegroom's mother was attired in aqua crepe with white accessories. Both wore corsages of roses and white swansonia. Mrs. Hamilton played Mendelssohn's Wedding March as the recessional.

Immediately following the ceremony Mr. and Mrs. Jahr were hosts to 100 guests at a reception in the church parlors. The bridal table was decorated for the occasion with blue streamers and was centered by a three-tiered wedding cake topped by a miniature bride and groom. All the tables bore lighted tapers and tiny nosegays of pastel flowers as favors. During the meal Mrs. Alve Johnson sang "At Dawning" accompanied by Mrs. Hamilton at the piano. Mrs. Earl Nicholson, Misses Helen Grinde, Margaret Stadum, and Hazel Hegrenes assisted with the serving.

That evening Mr. and Mrs. Hanson left on a wedding trip to Sauk Center and points east. For travel Mrs. Hanson wore a black sheer dress printed with tiny white flowers and white accessories. On their return home today or tomorrow they will make their home on the bridegroom's farm four miles east of the city on highway No. 1.

The bride, who was employed as bookkeeper for the Kiewel Products Co. prior to her marriage, is a graduate of Lincoln High School with the class of 1930, while her husband attended the Crookston Agricultural College.

Off-Campus Workshop Center Closes Friday

Friday is the closing day for the off-campus workshop center conducted by the Bemidji state teachers college. The students have had five weeks of instruction under the direction of four instructors and several specialists in the fields of reading and health. Those in charge of the work feel that the experiment has been successful and that such a course should be offered again.

During the past week the students have had the privilege of hearing the county agent, Mr. Palmer, the state nutrition leader, Miss Alice Lynd, the district supervisory nurse, Miss Dagnar Johnson, and Miss Hessburg, field nurse from the local sanitorium.

A picnic lunch was planned and carried out by the social committee last Wednesday. A coffee party was held yesterday.

The students express their appreciation to Mrs. A. C. Matheson whose efforts made it possible to establish a workshop in Thief River Falls and to Morris Bye and the board of education for the use of the Knox building.

The second session of the summer school in Bemidji opens Monday, July 19th. Classes are being offered to beginning freshmen, teachers interested in renewing their certificates, and to those interested in working toward their degrees or two year diploma.

FISH GO TO TOWN

Breckenridge — Excessive wind and rain, or excess along other lines, could account for these happenings. A mailman noticed something in a pool on the lawn at one of his stops, got a broom, and swept out four sizeable bullheads. Another man stepping into his car noticed a goldfish swimming in the gutter, scooped it up and put it in a bowl, where it is doing right well.

Furniture Buyers---

We wish to thank you for your patronage of past years. War conditions are making it more difficult to serve you as we would like to serve you. On the other hand things are not nearly as bad as they might be. We still have a large stock on hand and we are always glad to make a special effort to meet your special needs. Call on us, phone us or write to us for information.

At the present time we have a large stock of MATTRESSES in all sizes and priced as low as $7.95. In the better quality the prices range as high as $39.50. We are sure we can supply your mattress needs.

And speaking of mattresses we might also mention our fine assortment of bedroom sets. One of these sets, a modern type and in walnut finish, is priced at $99.50 as a special. For the time being we have coil springs for all our bedroom sets.

Living room sets of spring construction, some hair filled, are still available. They are good quality merchandise and reasonably priced. Most of our living room sets are made by Luger's, Levine's and Charles, all firms with reputations for quality. As a special this week we are offering a Levine set, upholstered in heavy blue covering, at a special price of $149.95.

Yes, we still have WASHERS, two of the Easy, deluxe models in stock, the ultra-dryer type. The Easy dryer takes more water out of the clothes than wringers. They never crush buttons and ironing is made easier because there are no wrinkles. These deluxe models sell for $149.95.

This is a hot time to talk about cold weather needs but here's a hot tip to anyone who is going to need a heater next winter. We have two of them in stock that will burn either coal or wood. They are porcelain finished, made by Kelly-Howe-Thompson, and are priced at $68.95.

See our stock of dining room sets, kitchen sets, full sized and single metal beds. We also have one new Steinway piano along with several used pianos that are in good condition.

Any of this merchandise can be bought on our payment plan. And again we say, for special information, call on us, phone us or write a letter. We will try to give you good service. Thanks.

DOG-LIKE FOX IS REALLY FOX-LIKE DOG

Mankato. — The dog-like fox which has been running about the woods near North Mankato for several days arousing the curiosity of many folks, has turned out to be a fox-like dog. It was hard to believe because the animal bore such close resemblance to a silver fox. After several efforts to trap it failed, it finally came to town for food and was caught and later claimed by its owner who says her pet is part police dog, part collie, and part a lot of other things.

THE THINGS WE DO "NOT" DO

When Bob Jones, publisher of the Gonvick Banner, sold his paper to the Bagley Independent a few weeks ago he closed the book on thirty-five years of newspaper service in Clearwater County. Since 1912, a total of thirty years, he had published the Banner. That's quite a record of service in one community.

Perhaps the reason for that long service may be found in his own modest summary of his contribution to the community he served. In that summary there is no boasting of great accomplishment. On the contrary he takes pride in certain things he has NOT done, and this record of achievement is one that all of us might give a little thought to, whether we spread news by printed word or by word of mouth. Here are the things Bob Jones is glad he did NOT do:

The Banner has NOT been un-American or disloyal to its community and nation;

It has Not wittingly or unwittingly encouraged radical or unreligious tendencies among its readers;

It has NOT opposed worthy movements or undertakings which have contributed to community progress and the welfare of the people;

It has NOT refused support to church, schools, civic, fraternal and service organizations;

It has NOT assailed fellow-citizens when they have not always agreed with its expressed opinions—political or otherwise;

When crimes have occurred the paper has NOT sought to play up the wrong-doings or falterings of the erring ones to add further damage to their reputation or that of their families.

Bob Jones has been a good neighbor to the neighborhood in which he lived and his record as the publisher of a small-town paper is a credit to the fraternity of which he has so long been a part.

Another slash of $57,000 in Pennington County's debt, bringing the total down to $463,000 by the end of the year, is the best news of the week from the home front. That is real progress in the community's development program, a great forward step in our struggle for that very important "fifth" freedom we don't hear enough about, the freedom from debt. And a round of cheers to the county officials who have wisely decided that this program of debt retirement should be continued. In order to make possible still greater debt reduction next year the county's tax levy will be continued at its present high rate. By the end of 1944 the county's obligations should total less than $300,000, and less than 10% of assessed valuation for the first time since the memory of man runneth not to the contrary. This is one time when we are in favor of high taxes, setting our house in order in the years we can afford to pay in order that we may have substantial tax reduction locally in the years to come when it probably will be more difficult to pay.

A Million dollar storm swept through Northwestern Minnesota this week. That is a conservative estimate of the damage that was done Monday night when hundreds of buildings were wrecked and thousands of acres of crops were injured. The storm was severe here but we were on the edge of it and suffered but slightly. Most of the damage was done north and west of us. Storms of this kind are unusual in our corner of the state. It should be permissable to call them unusual when they move in on us only once in a dozen years and it has been that long since we experienced the last one. Possibly, however, the storm belt is moving northward with the corn belt.

War strategists of the curb-stone variety are no longer telling us that the allied nations should quit retreating and start attacking. The retreating ended quite some time ago and now, day by day, reports from the battle fronts tell of victories for our armed forces. On all fronts we are steadily pushing ahead and the reports have been so favorable for so long a time that we are beginning to expect news of reversals. It is not to be expected that we can win all of the battles. We are pitted against a tricky enemy and as long as that enemy keeps fighting we must be prepared for bad news now and then.

CITY COUNCIL PROCEEDINGS

Pursuant to adjournment the City Council of the City of Thief River Falls, Minnesota, met in session in the Council Chambers in the Auditorium and Municipal Building on Friday, July 2, 1943. The meeting was called to order at eight o'clock P. M. with Aldermen Griebstein, Petersen, Hunt, McKechnie present and Aldermen Rinkel and Stenberg absent.

In accordance with notice which had been duly published and advertised the Council proceeded to conduct a hearing in the matter of street improvement of Atlantic Avenue between Second and Third Street which had been requested by petition of property owners and filed on April 28, 1943. A petition was presented and read, the same being filed by L. H. Haris, owner of Lots 22-24 of Block 34, O.T.S. requesting that a five foot cement walk be constructed along the south line of Lot 24 in said Block 34, such petition waiving the requirements of hearing and asked that such improvement be included in the street widening of Atlantic Ave. There were no objections registered to the project, thereupon Alderman Petersen introduced a resolution ordering the work to proceed, fixing the roadway and walks widths, authorizing the advertisement for proposals for the performance of such work and moved its adoption. Alderman McKechnie seconded the adoption and the resolution was adopted by unanimous roll call vote.

Alderman Petersen moved that the Clerk be instructed and required to cause notice to be published calling for proposals for the furnishing of coal to supply the municipal buildings for the heating season of 1943-1944; such bids to be opened and considered on Friday, July 23, 1943. The motion was seconded by Alderman Hunt and adopted.

Applications for license renewals were presented, as follows: Bachr operated Theatres, Avalon and Falls; C. M. Ryan, cigarette; Nareeval Cleaners, dry cleaning; Bridgeman Creameries and Hardy North Creamery, retail sales of milk and cream. Alderman Petersen moved that the Clerk be authorized and instructed to issue licenses accordingly, which motion was seconded by Alderman Hunt and adopted by unanimous roll call vote.

Applications for building permits were presented, as follows: Peter Carlson, stucco residence Lots 7-8, Block 4, Fairgrounds Addition, cost $250.00; Clifford Bjorkman, finishing one room second story of residence, Lot 11, Block 4, Oakland Addition, cost $100.00; Math Barzen Company, erect and repair office building, Lots 1-2, Block 43, O.T.S. cost $500.00. Applications for moving permits were presented, as follows: Osborn McMillan Elevator Company, moving a frame building located on Soo Line right-of-way, near Thief River Falls Seed House to their elevator site in the Township of North; Math Barzen Company, moving office building now located on City Property power plant site to location directly west of elevator property on the Great Northern right-of-way. Alderman Petersen moved that such building and moving permits be approved and granted which motion was seconded by Alderman McKechnie and unanimously adopted.

The matter of further maintenance of the City Poorhouse was brought up for consideration and after discussion Alderman Petersen moved that the Poor Committee make an investigation of the matter and report at the next regular meeting. The motion was seconded by Alderman McKechnie and adopted.

The matter of needed repairs for the Auditorium heating boiler was also discussed and laid over until the next regular meeting.

On motion duly made and carried the meeting was declared adjourned.

EMIL GRIEBSTEIN,
President of the Council.

Attest: P. G. Pederson,
City Clerk.

RESOLUTION

At an adjourned special meeting of the City Council held July 2, 1943, Alderman Petersen, seconded by Alderman McKechnie introduced the following resolution and moved its adoption:

BE IT RESOLVED, By the City Council of the City of Thief River Falls, Minnesota, that whereas a petition was presented by the owners of real estate abutting on Atlantic Avenue between Second Street and Third Street and fronting on the North side of Second Street between Atlantic Avenue and the alley extending across Block 34 of the Original Townsite of Thief River Falls. Such petition requesting that said Street be improved by removing the present curbs and gutters along both sides of Atlantic Avenue and constructing new curbs and gutters along the sidewalk line so as to widen the Street and it having been found that said petition is signed by the owners of more than 51% in frontage of the real property abutting on said Atlantic Avenue and on said Second Street and the Council having considered said petition and notice having been given, as required, by law fixing the time and place for hearing on said petition and the Council having heard all parties interested in property abutting on said Atlantic Avenue and on said Second Street where affected and being fully advised.

NOW, THEREFORE, BE IT RESOLVED, that said improvement be and hereby is ordered to be constructed.

BE IT FURTHER RESOLVED, that the width of the Street on Atlantic Avenue between Second Street and Third Street is fixed at sixty-two (62) feet; that a nine (9) foot sidewalk be constructed along the East side of Atlantic Avenue; that a six (6) foot sidewalk and a three (3) foot boulevard be constructed on the West side of Atlantic Avenue; that a five (5) foot sidewalk be constructed along the South line of Lot 24 of Block 34 of the Original Townsite of Thief River Falls and that such improvements be constructed in accordance with plans, specifications and explanations as presented by the City Engineer now on file with the City Clerk.

BE IT FURTHER RESOLVED, that Friday, the 23rd day of July, 1943 at 8:00 o'clock P. M. at the Office of the Municipal Court in the City Auditorium and Municipal Building be and hereby is fixed as the time and place for opening and considering bids for the furnishing of all labor and material and the construction of said improvements and the City Clerk is hereby authorized and required to publish notice in accordance herewith.

ROLL CALL

Aldermen voting Yes: Griebstein, Hunt, Petersen, McKechnie.
Aldermen voting No: None.
Resolution declared passed.

EMIL GRIEBSTEIN,
President of the Council.

Presented to Mayor July 2, 1943.
Approved July 7, 1943.

H. W. KINGHORN,
Mayor.

Attest: P. G. Pederson,
City Clerk.

THINK WHAT OUR BOYS ARE GIVING
—Then Lend a little more!
Buy War Bonds
AT PENNEY'S

IN THE wind-whipped Aleutians and the steaming jungles of the South Sea Islands—aboard shrapnel-raked bombers and fighting ships at sea—your boys and ours are giving all they've got to win this war.

In honor and appreciation of the tremendous job they're doing, we are devoting the month of July to the sale of War Bonds at Penney's.

In every department, at every counter at Penney's, you will find War Bonds on sale all this month. Buy Bonds at Penney's—all you can afford and a whole lot more!

War Bonds are backed by the full faith and credit of the United States of America—the strongest, most solvent financial institution in history.

And remember—you only *lend* Uncle Sam the money. He'll pay you back $4 for every $3 you put up, at the end of 10 years. And War Bonds will not decrease in value.

Buying War Bonds is the one big way *everybody* can help win this war and help back up our gallant boys overseas.

Ration Book Holders to Endorse All Gas Stamps

The office of price administration has announced that beginning July 22 holders of gasoline ration books must endorse all their coupons immediately on receipt of new ration books, and also endorse all coupons they now have before that date.

The purpose of the requirement, the OPA said, is to prevent anyone other than the rightful owner from using the coupons if they should be lost or stolen. It will thus help prevent black market operations in gasoline, it was said.

Failure to endorse currently-held coupons by July 22, the OPA said, may result in the loss of ration privileges.

16 IN 1ST FLIGHT OF CHAMPIONSHIP GOLF TOURNAMENT

Chommie, Kvikstad, Larson and Hedemark Seeded Entrants

The tournament committee this week announced the championship flight pairings and stated that play for the club championship, and the various flight championships, would begin this week. Sixteen golfers were named in the championship flight, with Hans Chommie, Vic Kvikstad, Dr. Homer Hedemark, and Stan Larson being given seeded positions.

The championship flight pairings: Hans Chommie vs. Dr. C. W. Jacobson; Rev. G. S. Thompson vs. Floyd Daniels; Chas. Hoffas vs. Dr. Ed Bratrud; Stan Larson vs. W. G. Claffy; Vic Kvikstad vs. Dr. A. F. Jacobson; Lloyd Bennes vs. Kern Olson; Dr. H. K. Helseth vs. Ed. Carlson; and Dr. H. Hedemark vs. George Mostue.

The golfers eliminated in the first round of play in the championship flight will then be paired in competition for the first flight trophy.

Pairings for the second, third, and fourth flight matches are expected to be completed this week.

File Applications Now for Rations of Fuel Oil

Urging that local consumers file their applications for fuel oil without further delay, the fuel oil panel of the local ration board stated today that quick action is urgent in order that tanks may be filled this summer in preparation for the coming heating season. Applications are now being processed at panel headquarters in the Central Lumber company.

Nearby Towns to Enter Shortstop Event Here

Golfers from Bemidji, Grand Forks, Crookston, Roseau, Stephen, Red Lake Falls, and Warren have signified their intentions of participating in the seventh annual shortstop golf tournament which will be played over the local course Sunday, July 18th.

Bill Larson, finalist and runner-up to Don McKenzie last year, will lead the Grand Forks delegation, and it is possible that Wally Paulson, the 1938 champion, will be included in the North Dakota group. Crookston's Dr. C. L. Oppegaard, finalist in 1937, and always a contender, is expected to be an entrant. And Felix Barthelemy of Bemidji hopes to persuade several of Bemidji's top-flight golfers to play in the tournament.

Tournament chairman Ed Carlson states that the local course will be in splendid condition for the meet. Match play is scheduled to begin at 9:00 A. M.; but it's possible that the starting time will be set back to 10:00 A. M. in order to accommodate out-of-town golfers who will perhaps, because of the 35-mile per hour speed limit, be tardy in reporting at the first tee.

Recreation Highlights

More children have been making use of our fine play center. Here they help develop qualities that will make them good citizens in future years.

There is a big increase in the number of children, who are serving dolls and puppets.

Until fall, the project will be closed on Saturday afternoon, beginning this Saturday.

On Wednesday, July 21, the 7 hour day camp will be held at "Green Hill." We leave the arena at 10:00 o'clock in the morning and are back in by 4:30—any child able, and interested may take part. Each one brings his own food and drink for the dinner hour, which is cooked and eaten in the open. Call 615 or 469 for details.

There Goes Billy

Billy Bye left yesterday for his new home in Anoka, and that means that a lot of grief is in store for St. Cloud Tech, Robbinsdale, Patrick Henry, Blake Academy, and the other schools that will meet Anoka in football this fall. Perhaps those coaches should be fore-warned about Billy, and told to instruct their kickers to keep the ball away from Bill; or maybe it's just as well that these coaches get their information the hard way, by watching Bill weave through their teams for long gains. Could tell them, though, that Bill's only weakness was in converting the point-after-touchdown. That's about like saying that Babe Ruth's only weakness in baseball was his difficulty in touching second base while rounding the bases on a homerun.

Schedules Announced

High school principal Bill Claffy, the faculty manager of athletics, released the Prowler football and basketball schedule for next season. The Prowlers will open their football season against Red Lake Falls, playing at Red Lake Falls on Sept. 24th; on Oct. 1st the Bemidji Lumberjacks will invade the local field for a game; the Moorhead Spuds game, slated for Oct. 8th, will be played at Moorhead; on Oct. 15th the Prowlers will play the Little Green Wave at East Grand Forks, the Warren Ponies play here on Oct. 22nd; and the season's finale will find the Crookston Pirates playing here on Oct. 29th.

The basketball schedule, with twelve games already booked, will find Fosston as the opening game opponent, playing here on Dec. 3rd. The Crookston Pirates, the team that should control the district this year, will play here on Dec. 10th; and on the 11th the Prowlers will journey to Grand Forks for a game against Central. Dec. 17th will find the Prowlers playing at Detroit Lakes; with the eighth regional champion Bemidji Lumberjacks appearing on the local floor on Jan. 7th. Grand Forks, returning to the local schedule after an absence of several years, will play here on Feb. 12th. East Grand Forks and Warren are other teams on the Prowler schedule.

The Remedy

In the opening round matches of the golf league, Floyd Daniels of the Lincoln Life teams, tallied a gross 47, which score was a number of strokes above his normal game. Team captain Lloyd Bennes, in an effort to remedy that 47 score stuff, prescribed a couple of fast turns around the course; and last week the results were evident, with Floyd coming through with a gross 40, and having a 9-stroke handicap, had a net 31.

All Even

The West Siders last Thursday evening, playing like the American League all-stars, walloped Hoopie Hanson and Wally DuChamp for an 18 to 2 win, and knotted the diamondball series at three games apiece. Wet grounds prevented Tuesday evening's game from being played, but the two teams are billed to meet in a game this evening.

Last Thursday's game, from the West Side viewpoint, was the most enjoyable of the series, and especially in the 3rd inning when the West Side rolled 16 runs across the plate. Gordy Reierson and Ernie Hellquist shared the pitching duties for the West Side, with Gordy doing the bulk of the hurling.

Fishing: Fair

Local fishermen, who have been angling for crappies in the pools below the dam, report that fishing has been fair-to-good the past ten days. Carl Gulrud, Ole Froseth, Harry Hendrickson, Oscar Ellingson, and Frank Steineke, among others, have been getting some nice strings of fish. The lure usually employed has been a small spinner baited with a minnow. The rains on Monday and Tuesday may have roiled the water and raised the river level, with the result that fishing may be slow for several days.

Smallest Army Unit

A platoon, consisting of 40 to 38 men, with a lieutenant in charge, is the third smallest war strength unit of the United States army.

SOO LINE GOLFERS LEAD IN VICTORY LOOP STANDINGS

Lincoln Life, Harts Bakery and Times Teams Win Last Friday

League Standings

	W.	L.	T.	Pts.
Soo Line	2	0	0	4
Harts Bakery	1	0	1	3
Poppler's Furniture	1	1	0	2
Lincoln Life	1	1	0	2
Times	1	1	0	2
Bratrud Clinic	0	1	1	1
Oen's	0	1	1	1
J & B Drugs	0	1	1	1

Results of last week's matches:
Soo Line (157) defeated Oen's (167).
Lincoln Life (143) defeated Bratrud Clinic (153).
Times (131) defeated J & B Drugs (157).
Harts Bakery (150) defeated Poppler's Furniture (162).

Friday evening's schedule:
Soo Line vs. Harts Bakery.
Lincoln Life vs. J & B Drugs.
Oen's vs. Bratrud Clinic.
Poppler's Furniture vs. Times.

With John Reinke shooting 44-14 for a net 30, Guy Hinton posting a 42-11 for a net 31, and Charles Hoffas marking up a 44-10 for a net 34, the Soo Line team swamped the Oen's team, 157 to 167, to move into first place in the Victory golf league standings. Harts Bakery, with a 150 to 162 conquest of the Poppler's Furniture team, assumed second place, and tomorrow evening will tee off against the Soo Line in a tussle for first place.

Last year's champions, the Lincoln Life team, entered the win column with a 10-stroke victory over the Bratrud Clinic. Floyd Daniels, with a 40-9 and a net 31, and Hans Chommie, with 39-4 for a net 35, led the winner's scoring.

The Times aggregation turned in the evening's low net total, posting a 131 total in defeating the J & B Drugs. Bill Dahlquist had a 46-15 and a net 31; Karl Olson shot a 39-6 for a net 33; Cal Colvin chalked up a 44-6 and a net 38; and C. W. Mattson had a 53-14 with a 39 net.

Marshall County Fair Enjoys Good Attendance

Marshall County's 37th annual fair came to a close Wednesday at Warren as another successful exposition with prospects of an attendance record greatly exceeding last year's, officials of the fair association reported.

An average opening day crowd was in attendance Monday while Tuesday night more than 4,000 people were on the grounds. With beautiful weather today another large crowd was expected for the closing tonight.

While exhibits were not as large as in previous years, due largely to the shortage of help on farms and with everybody busy with extra duties because of the war, displays were of exceptionally fine quality in all divisions of the fair. The cattle display was outstanding with nearly 100 head exhibited in most of the principal breeds.

Rulings of Draft Board Outlined by Officials

A joint meeting was held with the Pennington county draft board, the Pennington county war board, and the local manager of the United States employment service on Wednesday evening, July 7th to discuss production and employment problems which have arisen to a large extent by reason of the flooded condition which exists, particularly in the eastern part of the county which has in many instances reduced the production of war units of the farmers living in that area below the minimum recommended requirements of selective service.

It was the general consensus that the flooded condition has created some farms with surplus labor, but that a general condition of farm labor shortage exists and that the farm labor shortage is becoming more acute as the haying and harvesting seasons approach. The employment manager reported that the employment office had had several requests from farm boys for a temporary release from agriculture to seek other employment.

In order to work out a uniform program between the three agencies represented at this meeting the following agreements were unanimously approved.

1. That in order to secure the maximum preparation for the 1944 cropping season the draft board would score each acre of summer fallow and weed control as the equivalent of 1/10 war unit. In addition to the regular production units approved by Selective Service.

2. That until harvesting and threshing has been completed all surplus agricultural labor should be employed in agricultural production, and that no releases would be issued for any other type of employment.

3. That where a registrant does not have sufficient war units on his own farm all work done off his farm in agricultural production would be added to the production load of his farm.

The required war production units for any 2-C or 3-C classification is 16 points. If a registrant works on a farm other than his own for a period of one month he would be credited 1/12 of 16 units and this credit would be added to the production schedule of his farm.

Some confusion has arisen by reason of registrants failing to keep their files current. Chief among these have been failure of registrants to report change of address, change of occupation, change of marital status and change of status in dependency, as well as relatives failing to report deaths.

It was pointed out that it is an employer's duty to notify the selective service board when he hires a new man or when an employee is discharged or quits. This information is necessary in order that the local draft board may enforce the rules of selective service placing any C registrant who gives up his employment in agricultural production without consent of the local board into Class 1-A.

It was also pointed out that employers have failed to file the necessary affidavits for occupational deferment of his employees, including 4-F and 3-D men. In all cases where employers have failed to file the necessary application for occupational deferment the local draft board must classify a registrant in 1-A if no affidavits for renewal of occupational deferments are filed with the local board.

It was also pointed out that occupational deferments are based entirely upon necessary replacement time and that employers are not making an effort to secure replacements during the time that their employees are working under occupational deferment permits and that renewals of occupational permits cannot be granted except as a means of securing an orderly replacement in industry for the men that are called into service.

2 Hit-Run Drivers and Speeders Pay Fines in Municipal Court Here

Several motorists ran afoul of the law and appeared in municipal court during the past week to answer to charges of speeding and hit-run driving. Jerome Hovden, charged with fleeing from the scene after colliding Friday with a parked car near the postoffice, paid a fine of $25 as well as reimbursing the owner of the other car for damages.

A minor boy, 16, charged with the same offense on Third st. July 1, paid a fine of $15.

Harold Wackwerth, charged with speeding on East Third st. early Sunday was fined $15, while Arthur Dobias of the Angus community paid a $5 fine last Thursday for speeding on his motorcycle on West Sixth st.

CPL. CLARENCE HAUG IS NOW A STAFF SERGEANT

Cpl. Clarence Haug of this community recently was promoted to the rank of staff sergeant. He arrived safely overseas and is now stationed somewhere in the South Pacific, according to word received by his wife, the former Evelyn Tungseth, and his mother, Mrs. Eline Haug.

SAILOR RODNEY BRODIN PETTY OFFICER 3D CLASS

Sailor Rodney Brodin, following his completion last week of a course of training at the Navy Pier in Chicago, received an advancement in rating from seaman second class to petty officer third class in the aviation metalsmith branch. He is the son of Mr. and Mrs. A. V. Brodin of this city.

The American soldier's average coffee ration is 40 cups a month.

THYE COMMENDED FOR RECIPROCITY PLAN FOR TRUCKS

Executive Order Will Speed Shipment of Vital War Materials

Action taken by Governor Edward J. Thye to extend reciprocity in the licensing of trucks to other states adopting the same policies toward Minnesota drew commendation this past week from Joseph B. Eastman, director of the office of defense transportation.

Under the executive order issued, owners of Minnesota trucks will not have to buy licenses in other states that grant the same privileges to owners from this state. The same rule applies to a non-resident private passenger automobile being used by a worker in an occupation essential to the war effort.

The action was demanded by the War Department and the Office of Defense Transportation to speed the movement of vital war materials, which have been held up in many instances while truck drivers obtained additional licenses in the states through which they passed or negotiated with state officials over the question of whether licenses were required. The order was approved unanimously by the Minnesota legislative war emergency committee as soon as the need for it was explained. The governor then issued the order. It is effective for the duration of the war.

Clearbrook Man in Navy Is Father of 11 Children

Iver Onstad of near Clearbrook has been the recipient of a great deal of publicity recently in newspapers throughout the state upon his enlistment in the Navy.

Mr. Onstad, who is 42 years of age and has a family of 11 children, is reported to have more dependents than any man ever to enlist in the Navy from the Minneapolis area.

He enlisted through the Crookston naval recruiting station and is at present receiving his preliminary training at Farragut, Idaho.

Under the present dependency schedule, Mrs. Onstad will receive $140 a month and Mr. Onstad will receive a base pay of $66 in addition to 20 per cent increase if he should be sent overseas.

STATE'S INCOME TAX COLLECTIONS RISE 26 PER CENT

1943 Fiscal Year Brought in More than $21,000,000, Says Spaeth

Reaching a new peak, highest in the history of the state, Minnesota's income tax brought in $21,337,285 in the fiscal year that closed June 30th, or a gain of more than 26 per cent, G. Howard Spaeth, state tax commissioner, reported this week.

Income tax receipts for the fiscal year were $4,452,422 more than in the previous year, that ending June 30th, 1942, Spaeth said.

Fully 48,000 more persons in Minnesota were required to pay income taxes during the fiscal year just closed than in the 1942 fiscal year, the tax commissioner pointed out, emphasizing the growing scope of the income tax. Number of persons and firms paying state income taxes in Minnesota jumped from 164,207 to 212,441, the report showed, making an increase of more than 29 per cent. Number of income tax returns filed rose from 309,352 to 367,440.

Earnings of firms and individuals employed in the war effort have contributed materially to the big increase in income tax receipts, Mr. Spaeth said. More farmers also have been required to pay income taxes this year, he said, than in the previous fiscal year. New methods adopted by the department to assure more complete filing of returns also have contributed to the increase.

Previous high mark in state income tax receipts was for the fiscal year ending June 30th, 1942, when $16,884,863 came in. The total for the 1941 fiscal year was $12,757,788. Receipts for the year just closed were nearly four times the amount received from the tax in 1936 and many times the total that was collected in the first few years of the income tax.

Increasing Shortage of Safety Deposit Boxes

A new, unadvertised shortage creeping up on the U. S. public will soon be found in safety deposit boxes. White-collar workers and wage earners clutching war bonds in their hands have swarmed into banks and trust companies in recent months and rented safety boxes for the first time in their lives, reports the Northwestern National Life Insurance company. Safety box occupancy is at an all-time high; rentals since January 1 are up 31 per cent over the same period of a year ago; some banks are already sold out on small boxes, which comprise the great majority of their safe deposit receptacles.

LAND O'LAKES NEWS
WHAT THE BUTTER ROLLBACK MEANS TO FARMERS AND CONSUMERS
UNDER PRESENT PLANS, civilians are allowed 12 pounds of butter a year. The rollback of 5¢ per lb., therefore, saves each person only 60c a year.
AUTHORITIES say that the rollback on average purchases of meat, butter and coffee saves each American only $5.92, based on food allowable under the ration plan. Yet, the subsidy-rollback will cost each American many times more than that amount, due to interest, administration costs, etc. Check up yourself! See how much money the rollback saves you!
IT LOOKS to us as though subsidies merely postpone paying the nation's grocery bill—and then both farmers and consumers will get bigger bills.
LAND O' LAKES feels that it is an obligation and a duty to call such facts to the attention of government officials, not only for the good of our members, but for better public understanding of the northwest dairy industry.

Norman Thieling Weds McIntosh Girl

On Sunday, July 4, at 1:30 Miss Helen Maureen Buhn, daughter of Mr. and Mrs. C. R. Buhn of McIntosh, became the bride of Norman Wesley Thieling, son of Mr. and Mrs. John Thieling of Grygla. The single-ring ceremony was performed by Rev. A. H. Fallwick of McIntosh at the bride's parental home.

The home was decorated with baskets of pink and white peonies and sprays of pink and white roses. A rose covered arch had been improvised in the living room for the occasion where the vows were exchanged.

The bride, who was given in marriage by her father, chose for her wedding a becoming two-piece afternoon dress of blue crepe trimmed with a white jabot. She carried a bouquet of pink Johanna Hill roses and wore tiny pink roses in her hair.

Miss Marjorie Buhn was her sister's only attendant and she was attired in an afternoon dress of light green crepe with white accessories. Her bouquet consisted of yellow Johanna Hill roses.

Charles Rustvold of Grygla was the best man.

Nuptial music included the wedding marches played by Miss Martha Lillesve of McIntosh and the songs, "Because," and "I Love You Truly", sung by Miss Martha Thompson, also of McIntosh.

A reception and afternoon luncheon followed the ceremony. The bridal party and closest relatives were seated at the bride's table which was decorated with pink and white. The centerpiece was a three-tiered wedding cake topped with a miniature bride and groom.

Mr. and Mrs. Thieling left that day for a short honeymoon at Beltrami Lake. They returned last week and are now at home on the groom's farm north of Grygla. Announcements have been made for a wedding dance which they will give at Grygla on Saturday evening, July 16.

Put your empty deposit bottles back to work
Send back returnable bottles promptly!
Every empty bottle you return makes more filled bottles available. Round up those empty beer and beverage bottles that take up space and gather dust—take them to the grocery store, drug store, tavern, or brewery from which you got them. That's the way to conserve glass—help your dealers to continue serving you. There are plenty of bottles for use—but none to waste! The supply is adequate only if returnable bottles are brought back promptly. It's part of your wartime conservation job to look around in your pantry, basement, and garage—pick up all the empty deposit bottles you can find and put them back in circulation. And remember to include the bottles that contained that mellow, smooth Gluek's.

Have a Coca-Cola = Saludos, Amiga
(GREETINGS, FRIEND)

It's natural for popular names to acquire friendly abbreviations. That's why you hear Coca-Cola called "Coke".

...or how to get acquainted in Mexico

Americans soon feel at home in Mexico. Down there you'll hear a new kind of *saludo* as homey as Main Street. It's *Have a "Coke"*. It means "Howdy, neighbor" from Terre Haute to Tampico. All over the globe Coca-Cola stands for *the pause that refreshes*—has become the symbol of welcome between friendly-minded folks.

PENNINGTON 4-H ACHIEVEMENT DAY AUGUST 14

Trip Winners to Minnesota State Fair Will be Selected

LEADERS PLANNING ALSO FOR 4-H FAIR

Set Dates at Sept. 24 and 25 Subject to Fair Board Approval

The final plans for the Pennington county 4-H achievement day scheduled for Saturday, August 14, were arrived at at a recent meeting of Pennington county 4-H leaders and achievement day committees, according to County Agent Palmer.

The achievement day is being conducted mainly for the purpose of selecting trip winners to the Minnesota state fair. No livestock of any kind will be shown, nor will there be any agricultural products on display.

The main exhibits will be clothing, canning, foods and room furnishing. Demonstrations in both agricultural and home economics produces will be given throughout the day.

Also, at a recent meeting of the leaders' council, those present agreed to recommend to the Pennington county fair board that the 4-H fair be held on September 24 and 25. This recommendation was made as a result of the fair boards' decision to cooperate with the 4-H members in putting on their exhibits.

As the fair board has not taken final action on putting on this fair, details are not available at this time. If approval is made, September 24 and 25 will be the final Achievement Day for 4-H club members during which all their projects will be on exhibit.

MUST DEPEND ON LOCAL PEOPLE TO AID IN FARM WORK

Little Help Available from Outside Areas, State Chief Says

E. H. Pomerenke, chairman of the county emergency farm help committee, this week was asked by Paul E. Miller, agricultural extension director, to take all possible steps locally in preparation for the heavy demand of farm help that will develop as quickly as the harvest season gets under way.

Miller's letter, received locally Thursday, asked for a summary of the situation in this county. "To what extent," Miller inquired, "have farmers been able to get enough help to keep up on their work? Is lack of help resulting in any serious lags in production?"

Miller has also addressed all trade center committees, pointing out the necessity of understanding that most of the extra help this year will have to come from within the county. Farmers are asked to make use of their local placement officers.

Any area in which additional organizational work should be done, Miller pointed out, can obtain assistance by calling on the county agent's office.

Examinations Planned for Under Clerk at the Local Rationing Board

The U. S. civil service commission has announced an open competitive examination for the position of under clerk, $960 a year plus overtime, at the local war price and rationing board in Thief River Falls. Person interested will be required to attain eligibility in the regular examination.

Applications must be filed with the secretary, board of U. S. civil service examiners at the Postoffice at Thief River Falls before the close of the business on July 28.

Application forms and detailed information may be obtained at the post office.

E. B. Bakke Back from Townsend Convention

A highly successful state convention of the Townsend organization was held late last week in the Nicollet hotel in Minneapolis, it was announced by E. B. Bakke, delegate from the local club, on his return to this city Monday. He reported that 500 persons attended the sessions.

County Grocers to Meet with OPA Man July 28

Under the sponsorship of the Fargo branch of the Office of Price Administration, a meeting of Pennington county food dealers has been scheduled for next Wednesday evening, July 28, at 8 *o'clock in the ration board office* in Thief River Falls, Waldie Christenson, chairman, announced today.

At the meeting the OPA regulations recently put into effect to regulate prices of food products will be explained by a representative of the Fargo office.

Jay W. Wiley, district price officer at Fargo, joined with Mr. Christensen in urging a full attendance of all county food dealers.

TAG DAY SATURDAY FOR CIGARETS FOR OUR MEN OVERSEAS

Girl Scouts Will Assist in Campaign Sponsored by Junior Chamber

As a means of promoting the raising of funds with which to buy cigarets to be supplied free of charge to service men overseas, the Junior Chamber of Commerce will conduct a tag day in this city next Saturday, July 24, it was announced today by Burton Emanuel, committee chairman.

Mr. Emanuel stated that local girl scouts will conduct the sale, and that anyone donating any amount will receive a tag as evidence of his cooperation.

"Any size donation will be accepted," he said, and reminded citizens that only five cents buys a package of cigarets. Cigaret companies have made special offers and are able to sell the cigarets for five cents a pack or $25 a case.

"We hope that the public will meet the girls with a full measure of generosity as there are many fighting fronts to send the cigarets to and many to be purchased," said Mr. Emanuel.

Sanders 4-H Club Buys War Bond with Proceeds of Recent Scrap Drive

Sanders 4-H club has been doing its bit. First collecting scrap metals, then selling it and using the proceeds to buy a bond has made their project into a two-fold victory effort. In the last two weeks club members have sponsored a scrap drive collecting 3100 pounds of scrap metal. This material brought in $14.99. The balance of the price of a war bond will be taken from the club treasury.

Women Making Surgical Dressings Get Vacation

After completing its current quota, the surgical dressings project being conducted in the Auditorium was closed Tuesday evening for the time being, and the workers, who have been turning out in highly satisfactory numbers this summer, will enjoy a well-earned vacation. Announcement as to the date when operations will be resumed will be made after the next consignment of material has been received.

MEETING TONIGHT TO MAP VOLUNTEER FARM HELP PLANS

To Arrange to Recruit Volunteers for Harvest and Threshing

Plans to recruit volunteers in Pennington county trade centers to assist on county farms during the peak rush of the harvest and threshing season will be formulated at a meeting this evening at 8:30 in the county agent's office, it was announced by E. H. Pomerenke, chairman of the county farm help committee.

A similar plan was put into effect during the 1942 fall season, with considerable success, and the need is even more urgent now, Mr. Pomerenke stated.

In addition to the ten members on the county committee, the farm help organization includes the following trade center chairmen: Adolph Bilden, St. Hilaire; Ed Geving, Goodridge; Raymond Gordon, River Valley, and Ed Korstad, Highlanding.

Sergeant Neil Mullen arrived Tuesday evening from Sparta, Wis., to spend a furlough with his mother and brother here.

SEES HUGE GAIN IN BETTERMENT OF DAIRY HERDS

State Department of Agriculture Would Cut out Low Producers

PLAN MEANS SAVING OF FEED, MORE INCOME

Trovatten Proposes County Dairy Improvement Associations

Minnesota farmers can eliminate 784,850 cows from their herds and still produce as much butterfat as they now produce, with a total saving of $70,654,740 a year in costs, under a program sponsored by the state department of agriculture, R. A. Trovatten, commissioner of agriculture, pointed out this week in a war-time survey of Minnesota farm conditions.

Outlining a program set up by the department, Commissioner Trovatten said that by proper improvement of their herds farmers of Minnesota can effect savings of fully 20 cents per pound of butterfat in their production costs.

"We find that the average production per cow owned by farmers belonging to the Herd Improvement Associations in Minnesota is 330 pounds a year, with 9,000 pounds of milk," Trovatten said. "The average production for the state is 190 pounds of butterfat with 6,000 pounds of milk. If we could improve all herds so that the average for the state is 330 pounds of butterfat, we could eliminate 784,850 cows and produce as much with the remainder as we now produce with 1,850,000 cows.

"This would enable farmers to cut their labor costs, which are a great problem now with the manpower shortage, and reduce their feeding costs, which are going to cause increasing concern. The saving on feed costs would be $36,149,291 a year, while the saving on labor would amount to $29,011,500. Savings on other items would amount to $5,493,950. All in all, the saving would amount to 20 cents per pound of butterfat, or $70,654,740."

The program set up by the state department of agriculture will accomplish these objectives, Commissioner Trovatten believes.

In brief, the state department proposes that county units be set up, with the creameries within the county being organized into a county dairy improvement association to sponsor feeding, breeding, testing and sanitation programs. Operating expenses would be paid by the member associations assessing themselves for the purpose. The department of agriculture would assist in organizing the counties and cooperate with the state agricultural extension division in carrying on the programs.

Citing substantial increase in cattle and hogs on Minnesota farms in the past year, Trovatten said farmers face danger of a feed shortage even though 1943 proves as good a crop year as 1942.

Penney Store Honors Service Men as Part of July Bond Drive

This week, the windows of the J. C. Penney Company store show pictures of local men and women serving with the armed forces. Penney's entire staff is dedicated to the sale of war bonds and stamps in their honor. "Bonds Save Lives" is the selling theme, here, and in over 1600 other communities where Penney stores are located. Since the first of July, all Penney stores have been conducting an intensive drive aimed at selling $10,000,000 worth of war bonds and stamps during the month. Last July, Penney stores, with a goal of $1,200,000.00, sold $3,422,553.86.

Noper Arranges Program for Picnic at Crookston

Hundreds of former Iowa and Illinois residents attended the annual picnic at Central park in Crookston Sunday, sponsored by the Iowa-Illinois association and the Chamber of Commerce. Bert Piper, president of the association, was general chairman.

Program arranged by V. C. Noper, included community singing, led by T. W. Thorson, addresses by Rev. Randall, L. Barnes, Stuart McLeod, W. J. Kirkland and Otto A. Will.

Musical numbers were presented by Loren Erdmann, violinist; David Jorgenson, baritone; and the Rev Mr. Barnes. Tony Helm presented a series of imitations.

LOCAL CHAPTER RED CROSS HAS GOOD BALANCE

Chairman Herman A. Kjos Accounts for Past Year's Receipts

REPORT COVERS YEAR ENDING APRIL 30TH

$3,541 on Hand after Paying Share Due National Red Cross

After paying $4,631.83 to the national Red Cross as the county's share of the 1943 war fund appeal, the Pennington county chapter of the Red Cross had $3,541.34 in its treasury on April 30, it is revealed in the annual financial report of the organization made public this week by Herman A. Kjos, chairman.

The report, audited by A. R. Johnsrud, F. D. Lorentson, and Henry Storhaug, shows that the chapter started the 1942-43 fiscal year with $1,494.02 on hand. To this was added $7,577.25 as the proceeds of the 1943 war fund appeal; kit bag contributions, $262.50; resale of supplies, $150.83; miscellaneous refunds, $128.09; and miscellaneous, $29.75, making a total of $9,642.44 to be accounted for.

Disbursements in addition to the payment to the national Red Cross treasury included home service, $382.63; first aid, $137.64; reimbursement to the Pennington county public health service, $150; Red Cross home nursing, $171.17; local disaster relief, $29.97; expense of war fund appeal, $54.29; surgical dressings, sewing and knitting projects, $361.06; local relief, $40; general administrative expense, $17.83; and kit bags, $104.42.

PAUL LUNDGREN TO DIRECT THIRD WAR LOAN DRIVE HERE

Reappointment of Local Man Is Announced by State Chairman

Paul A. Lundgren, who served effectively as Pennington county war finance chairman during the highly successful second war loan campaign here last April, has been reappointed to serve in the same capacity during the third war fund drive scheduled for September, it was announced last week in Minneapolis by O. J. Arnold, chairman of the state war finance committee.

The treasury will ask the people of the United States for $16,000,000,000 when the third war loan drive begins, it was learned last week in Washington.

This will be about $5,000,000,000 more than was borrowed in the second war loan in April. Subscriptions to the April loan totaled $18,500,000,000 but $5,000,000,000 was loaned by commercial banks who will not participate in the September drive.

Quotas for the various counties of Minnesota have not yet been announced.

Howard Gibson Manager of National Tea Store

Howard Gibson, for some years active in the retail grocery field in this city and other Northwest towns, this week is taking over the management of the National Tea company store here. He succeeds George Milne, who is being transferred to Grand Forks, where he will serve as manager of the fruit department in the Grand Forks National Tea store.

IDEAL SUMMER WEATHER PREVAILS DURING WEEK

Ideal summer weather prevailed in this locality during the past week, with clear skies and moderate temperatures. There was no rainfall during the week.

Blank for Supplemental Sugar Ration Published

Published elsewhere in this issue at the request of the local ration board is an application form to be filled out by those seeking supplemental allotments of sugar for canning purposes. When the information called for has been filled in, the form should be forwarded by mail to the war price and rationing board.

Drive for Clothing for Russians Big Success

That the Russian have many friends in this community is indicated by the outstanding success of the campaign for clothing for Russian relief conducted during the past week in the city and throut Pennington county.

The number of usable garments collected exceeded all expectations, according to Mrs. Leonard Hanson, chairman of the drive, which was conducted in cooperation with the Victory Aides.

Since last Friday a large group of women has been at work morning, afternoon and evening in the Civic and Commerce room, sorting the garments and making minor repairs, previous to making shipment Friday of this week. Details as to number of garments and total weight of the shipment will be announced next week, Mrs. Hanson stated.

An unusual contribution to the collection consisted of five quilts made during the past few weeks by a group of women headed by Mrs. Ray Harris and including Mmes. R. Nyhus, Emma Lee, James Havel, Emil Krause, Sigurd Myrom, B. Werhan, C. Knudsen and H. Gulseth.

ARRANGE PROGRAM OF IMMUNIZATION HERE NEXT MONTH

Children Should be Immunized, Public Health Group States

During the month of August, the public health nursing service is sponsoring a county-wide immunization program for the protection against smallpox and diphtheria, Miss Ann Sward, county nurse stated today.

"Parents are urged to take their children to their family doctor," said Miss Sward. "Every child should be vaccinated before he is one year old, so that he will be protected from smallpox during his preschool years. Re-vaccination on entering school and from time to time in later life will assure life-long protection against the milder form of smallpox.

"Diphtheria can be prevented by a simple, harmless treatment. Every child should be given toxoid before he is one year old. He will then be protected when he needs protection the most. Whether previously immunized or not, diphtheria toxoid should be given to children when they first enter school."

During the month of August local doctors will give a special rate of 75c for both a vaccination and immunization or 50c for one. "See that your children are protected now" Miss Sward urged.

State Gas Tax Revenue Drops One-third During 1st Six Months of 1943

Net gasoline tax revenue collected during the first six months of this year is one third lower than for the first six months of 1942, G. Howard Spaeth, state tax commissioner, reported Tuesday.

At the same time, he reported that gasoline in-shipments continue to decline. May in-shipments totaled 45,070,677 gallons compared to 53,176,663 gallons for May, 1942.

June gasoline tax collections, which are based on May in-shipments, amounted to $1,664,243, with refund of $256,121 reducing the net figure to $1,408,121. The net collections for the same month of 1942 were $1,721,452. For the year to date, net gasoline tax revenue amounted to $9,154,185.

Council to Meet Friday in Adjourned Session

At an adjourned meeting Friday evening of this week, the city council will open bids on the projected widening of Atlantic av. from Second to Third sts. Bids also are scheduled to be opened on the winter's supply of coal for municipal buildings.

Wayne Anderson of the Flower Shop and Thief River Falls greenhouse will leave Friday to attend the F. T. D. unit school in Minot, No. Dak. There he will attend the business meeting in the floral clinic and school under the direction of Horace J. Head, school instructor.

Arthur Penney returned Sunday to Albany, N. Y., after spending a week visiting with his parents, Dr. and Mrs. O. A. Penney

Pennington County Cows Produce 2,173,652 lbs. Butterfat During 1942

Figures released last week by the Minnesota department of agriculture, dairy and food reveal that in 1942 Pennington county produced a total of 2,173,652 pounds of butterfat, while the output in Marshall county was 2,303,906 pounds; Red Lake county, 1,050,030 pounds; Polk county, 4,226,443 pounds; and Roseau county, 2,058,450 pounds. Butterfat production for the state's 87 counties was reported at 233,718,565 pounds. Stearns county, with 11,079,846 pounds, had the largest output, followed by Ottertail with 10,551,600 pounds.

275 AT MEETING TO STUDY DAMAGE FROM WINDSTORM

Nearly 350 Farm Buildings in Three Counties Are Razed in Storm

Damage resulting from the disastrous windstorm in Northwestern Minnesota Monday night of last week was appraised and plans for rehabilitation made at a meeting in Karlstad Monday evening, attended by 275 residents of Roseau, Marshall and Kittson counties.

Present at the meeting were C. R. Meyer, representing the disaster division of the American Red Cross; and Kenneth Holmquist of the Minnesota division of social welfare. Those attending from Thief River Falls included Stuart McLeod, Russell Olson, manager of the employment office here; W. E. Dahlquist and a representative of the Farm Security administration.

It was indicated at the session that while destruction was great the need for financial assistance will not be great, and that necessary relief will be extended thru county welfare agencies.

The major problem will be to secure labor and material for rebuilding, and it is anticipated that in the majority of cases farmers will utilize salvaged material to erect temporary shelters to serve until after the war, when permanent repairs can be made.

Reports submitted at the meeting indicated that in Marshall county 200 barns and other buildings were razed, in addition to the destruction of a considerable amount of livestock, while in Roseau county approximately 100 barns were destroyed, together with 40 in Kittson county.

Judge Oscar R. Knutson to Conduct Citizenship Hearing in City Friday

Judge Oscar R. Knutson of Warren will preside at a hearing in the district court room in the court house Friday afternoon at 1:30, when seven Pennington county residents are scheduled to receive their final citizenship papers, it was announced today by Henry Storhaug, clerk of court. Also present will be an examiner from the immigration office at Noyes.

Local Men Attend Peace Officers Session Today

Among those in attendance today at a meeting of the Red River Valley Peace Officers association in Detroit Lakes are the following from this city: County Attorney Paul Lundgren, Sheriff Arthur Rambeck, Police Chief L. W. Knadle, William Sheedy, Robert Black, Elmer Berg, Frank Steineke and Gilbert Reiersgaard.

Over 2,000 'A' Gas Books Issued Locally to Date

More than 2,000 of the new "A" gas books, which become effective today, had been issued to county motorists up to Wednesday night, it was announced today by Waldie Christensen, chairman of the local ration board. Most of the books were issued by a group of volunteer teachers and other women who worked three days last week. The remaining books are being sent out directly from the ration board office.

CONSERVATION CLUBS TO MEET IN CITY MONDAY

Northwest Association Will Hold Annual Meeting in Auditorium

CONSERVATION DEPT. OFFICIAL TO SPEAK

18 Sportsmen's Groups from 7 Northwestern Counties Will Attend

Members of 18 sportsmen's clubs in seven counties in this area will assemble in the Thief River Falls Auditorium next Monday evening, July 26, at 8 o'clock for the annual meeting of the Northwestern Minnesota Association of Conservation Clubs, it was announced today by Elmer Nelson of Roseau, president, who will be in charge of the meeting.

Preceding the general session, officers and county directors will meet at 4 o'clock in the Civic and Commerce association room, following which they will attend a dinner at 6 o'clock.

The principal speaker at the evening meeting will be Harold Searls, director of the bureau of information of the state department of conservation. Mayor Harry W. Kinghorn will extend a welcome to the gathering, and the response will be made by Judge Oscar R. Knutson of Warren.

Harry Paine of Roseau, secretary-treasurer, will submit his annual report, and Dr. F. M. Sheets will report for the Izaak Walton League of America. Business to be transacted includes the election of officers for the ensuing year, and action on the report of the resolutions committee.

Counties included in the association are Pennington, Marshall, Red Lake, Polk, Kittson, Roseau and Lake of the Woods.

COFFEE RATIONING MAY END IN AUGUST OPA LEADERS SAY

[illegible] in Relaxation of Restrictions

Office of price administration officials in Washington predicted Thursday that coffee rationing will end on or before August 11 and supplies of coffee will be ample to provide all the aromatic brew that Americans can drink.

Coffee supplies appear to justify cancellation of all restrictions, they said, and only some totally unpredictable even—such as a new outbreak of submarine warfare in the Caribbean—could block dropping of rationing.

The verdict, it was understood, was reached at a special meeting between representatives of the OPA and the agriculture department.

U. S. Government Now Holding Examinations for Deputy Collector

The U. S. civil service commission has announced opportunities for government employment as zone deputy collector, $2,000 a year, office of collector of internal revenue, treasury department, in Minnesota. For a standard work of 48 hours (which includes 8 hours overtime), the present rate of compensation for overtime increases the above annual salary about 21 per cent. Fern Smith Is Bride of Elvin Sorenson at Ceremony in Kennedy

Miss Fern R. Smith, daughter of Mr. and Mrs. H. J. Smith of Kennedy, was united in marriage to Elvin Sorenson of Bagley at a ceremony performed in the Marie Lutheran church at Kennedy Sunday, July 11, at 8:00 P. M. Rev. C. H. Runsvold of Moorhead prompted the exchange of vows with Rev. D. Edwards of Kennedy assisting.

Baskets of daisies, blue delphinium, and wild ferns formed the setting for the service, and Mrs. D. Edwards of Kennedy played the "Bridal Chorus" from "Lohengrin" as the processional. Other nuptial music included "Oh Promise Me" and "The Lord's Prayer" by Malotte sung by Hyrom Sorenson, brother of the bridegroom.

The bride who was given in marriage by her father, wore a white marquisette gown trimmed with embroidered lace and a fingertip veil. Her bridal bouquet was composed of stephanotis and philonopsis orchids, and her only jewelry was a string of pearls, a gift of the groom.

Attending the bride was her sister, Mildred A. Smith as maid of honor wearing a gown of pale blue sharkskin with embroidered lace trim and a string of pearls, a gift of the bride. Pink bachelor buttons and pink roses formed her bouquet. Rebecca Olson, cousin of the bride, was flower girl wearing a pink taffeta dress and carrying a nosegay of violets and pink rosebuds. Hyrom Sorenson was best man for his brother, while Harvey Courtney and Garret Benson of Bagley were the ushers.

A reception was given in the church parlors by the bride's parents immediately following the ceremony for 75 invited guests, and Mr. and Mrs. Sorenson left on a wedding trip to Minneapolis and Duluth. For travel the bride chose navy sheer with white accessories and a philonopsis orchid corsage. The couple will be at home in Bagley after August 1.

Mrs. Sorenson has been employed as teacher of the first grade in the Washington School of this city for the past five years, while her husband is serving as judge of probate in Clearwater County.

LONG RHUBARB, SHORT SUGAR

International Falls.—H. J. Mills rhubarb patch hasn't heard of sugar rationing. He is taking out stalks that measure 27 inches in length and nearly two inches thick, from which leaves 30 inches across are trimmed! All of which adds up to more sauce and pie than there is likely to be sugar for.

State Starts Inquiry into Overloading and Gas Truck Accidents

Disclosing that heavy gasoline tank trucks have been involved in 71 traffic accidents, causing two deaths and 15 non-fatal injuries, since the first of the year, and that evidence has been obtained of deliberate overloading on the part of some heavy commercial haulers, Highway Commissioner M. J. Hoffmann today revealed that a special investigation of heavy hauling practices is under way by the state highway department.

Although 36 driver violations were reported in the tank truck accidents, illegal speed apparently was not a dominant factor in the unusual number of haulers of inflamables to become involved in recent mishaps, Commissioner Hoffmann said. Sixteen were reported travelling at speeds too great for safety under conditions, but none as exceeding posted speed limits.

Patrol Chief Elden Rowe and Traffic Engineer W. F. Rosenwald have completed investigation of 69 tank truck accidents occuring prior to June, and initial indications are that most of the mishaps were attributable in part either to the great weight of load and vehicle or to driver laxity. Virtually all drivers were experienced, only four vehicles showed mechanical defects such as faulty lights or brakes, a majority of the accidents occurred in daylight on paved or blacktop roads, and 40 of them occurred in municipalities, yet 48 of the 69 mishaps were collisions with other vehicles, five involved pedestrians.

Preliminary inquiry into overloading practices has shown that out of 673 trucks weighed in the past two months 95 were loaded over the maximum legal axle weight and 19 exceeded gross weight limitations. Some of the trucks were discovered to be overloaded as much as from 5,000 to 7,000 pounds and 60 of them bore overloads ranging from 1,500 to 4,000 pounds per axle.

1911 MODEL "T" STILL ROADWORTHY

Wabasha.—An antique by way of a model "T" roadster which in the days of its origin was really something classy is the possession of Paul Hermann, local automobile dealer. It came to Mr. Hermann from the original purchaser who paid $680 for it in 1911. No self-starting device did this car have, but by a simple twist of the wrist, provided the wrist was strong enough, one started the thing going. The brass trimmed lamps on the body were kerosene burning. A rear platform held the gasoline tank which was right out in plain sight where it was very accessible.

RECEIPTS FROM STATE INCOME TAX SHOW LARGE GAIN

Total of $21,337,000 Collected in Year Ending June 30th

Reaching a new peak, highest in the history of the state, Minnesota's income tax brought in $21,337,285 in the fiscal year that closed June 30, or a gain of more than 26 per cent, G. Howard Spaeth, state tax commissioner, reported late last week.

Income tax receipts for the fiscal year were $4,452,422 more than in the previous year, that ended June 30, 1942, Spaeth said.

Fully 48,000 more persons in Minnesota were required to pay income taxes during the fiscal year just closed than in the 1942 fiscal year, the tax commissioner pointed out, emphasizing the growing scope of the income tax. Number of persons and firms paying state income taxes in Minnesota jumped from 164,207 to 212,441, the report showed, making an increase of more than 29 per cent. Number of income tax returns filed rose from 302,152 to 397,440.

Earnings of firms and individuals employed in the war effort have contributed materially to the big increase in income tax receipts, Mr. Spaeth said. More farmers also have been required to pay income taxes this year, he said.

Previous high mark in state income tax receipts was for the fiscal year ending June 30, 1942, when $16,884,863 came in. The total for the 1941 fiscal year was $12,767,788. Receipts for the year just closed were nearly four times the amount received from the tax in 1938 and many times the total that was collected in the first few years of the income tax.

WAR FOOD AGENCY LISTS MEAT QUOTA FOR SLAUGHTERING

Pork Quotas for Slaughter Locally Are Slightly Increased

The War Food Administration today announced new slaughter quotas for local slaughterers and butchers for the month of July. Pork quotas for local slaughterers have been increased to 85 per cent of the amount they slaughtered in the corresponding month of 1941. The June quota was 80 per cent.

The new quota percentages are designated in Amendment 1 to director food distribution Order No. 27.2, issued July 1 by the WFA. Officials emphasized that the quotas will materially affect civilian pork supplies since hog slaughter during July is seasonally lower than during the winter and spring months.

These new pork quotas will remain in effect until further notice. The present quotas for local slaughterers on beef, veal, lamb and mutton of 80 per cent of their 1941 slaughter continue in effect until further notice.

July beef quotas for butchers are established at the same number of cattle they slaughtered in the corresponding month of 1941. This quota also was in effect for May and June. Beef quotas for butchers who did not kill cattle in July 1941 are 50 per cent of their average monthly kill during the first 9 months of 1942.

Any butcher who does not have a quota under these provisions is not permitted to slaughter cattle in July unless he is granted a quota by the director of food distribution in the form of a specific exception from these provisions for the month. Butchers quotas for other types of meat are unchanged.

A lovely time was enjoyed Friday afternoon at the John Kvall home when Mrs. Clayton Steenerson entertained for her sister, Mrs. Ed Loween (Agnes Kvall) of Hibbing, and Mrs. Holger Nelson (Clara Johnson) of Kalispell, Mont. Both these women are visiting their parental homes, the John Kvalls and the John Johnsons, respectively. Mrs. Steenerson, the hostess, very cleverly included former classmates in the old school days at Hiawatha school where both Mrs. Loween and Mrs. Nelson attended and the women had a gay time reminiscing those days gone forever. A delicious lunch was served at late afternoon. Those there were Mesdames John Kvall, Nels Burtness, O. N. Olson, John Johnson, Gertrude Sundberg, Mark Olson, Louie Lian, Emil Thune, Harold Matzke, John Gran, Jim McCrum, Ole Lian, Clayton Steenerson, Holger Nelson, Ed Loween, and the Misses Marie and Ruth Olen, Clara Olson, Lorraine Loween, and Ardith Steenerson.

Mr. and Mrs. Bruce Qualy of Pontiac, Mich. and Mrs. George Munt (Eunice Lindholm) of Thief River Falls were week-end visitors at the Carl Lindholm home. Mrs. Qualy is Mrs. Lindholm's niece.

Callers at the O. N. Olson home Sunday were Mr. and Mrs. Bert Berg, Mrs. Eline Haug, and Ole Revdahl all of Thief River Falls.

Friends and neighbors are happy to learn Mrs. Gust Gustafson (Marie Peterson) is now on the road to recovery after a major operation last week.

Her two daughters are staying at the Ole Lian home and her father-in-law, G. O. Gustafson is helping care for the chores at their home as Gust is employed on the section line near Hazel.

Mr. and Mrs. Al Samuelson, daughters Janet and Mae and Willis Paulson attended the County Fair in Warren Tuesday evening. They also visited the Sletten Olson home and with Mr. Samuelson's mother.

A card was received from Mrs. Rufus Olson (Violet Larson) that she arrived at Boston, Mass., after a very interesting trip. She is now with her husband, Chief Petty Officer Olson, at Chelsea, Mass and will remain there indefinitely.

Kindness

It is a wonderful thing to have good neighbors. Shortly after midnight last Saturday night as those good folks, the Florian Symanskis were on their way home from town they drove by the Will McCrum farm and noticed all of Will's milk cows had broken out and were eating in his alfalfa patch. The Symanskis knew as all farmers do, that if those cows ate that alfalfa with the heavy night dew on it, there would be a mess of bloated dead cows in the morning. They drove into the McCrum place and after some pretty hard door knocking they succeeded in arousing Will and notifying him of his wayward cows. His appreciation knew no bounds. The Symanskis did their good deed for the day.

It was Harold Matzke's birthday last Sunday and the clan came over to help him do justice to the day. They were Mr. and Mrs. Olaf Olson and son Jimmy of Grand Forks, Mrs. Gertrude Sundberg, Mr. and Mrs. Nels Burtness, Mr. and Mrs. John Burtness, Patricia and Richard, Mrs. John Gran and son, Olaf Larson, and Arnold Nordahl.

Mr. and Mrs. Carlie Johnson of Thief River Falls were Wednesday evening callers at the Mark Olson home. At the Olson home Thursday evening were Mr. and Mrs. Winton Knutson of Numedal.

The Martin Karlstad's have their two daughters, Myrtle and Bernette of Bremerton, Washington home on a visit and two sons, who are employed in defense work in Minneapolis. They all came for a two week vacation. The Karlstad's live on the former Toomey place, south of Samuelson's.

O. N. Olson is now at the Northwestern hospital in Minneapolis. He has had an operation on one eye for cataracts and expects to have the other eye attended to this week some time.

Miss Martha Hammer, who is employed by Dr. Lynde in his office is now spending her vacation at her parental home, the B. B. Hammers.

That terrific storm a week ago certainly blew down plenty of choice oaks and such. The worst damage in this community was that of the Bill Grundhaus place. Their windmill was completely twisted as it fell over some distance. The old barn was demolished, but not before the roof of this barn was carried over and settled on top of the straw stack. There were boards all over the place next morning.

Helperette Fete

Sixty people ate with gusto Sunday evening a huge repast that weighted down the main table in the center of the Jim McCrum lawn. A feast there was! Four or five little tables placed at different points on the lawn carried the appearance of an outdoor cafe.

A social time was enjoyed and another lunch was served at a late hour.

Mr. and Mrs. Sever Holm and niece Arlene Boehmer all of Thief River Falls were supper guests at the O. N. Olson home Wednesday. On Sunday the Holm's entertained at dinner at their home Mrs. O. N. Olson, Orton and Clara Olson, Mr. and Mrs. George Jacobson, son Wayne of Grand Forks, Mr. and Mrs. Mark Olson and children, Donna Jacobson of Memphis, Tenn and Miss Mabel Johnson.

June Ann Gran left Wednesday for Seattle to visit her father, John Gran and her sister, Mrs. Kalmer Berg. Mrs. John Gran and son expect to leave next month for Seattle.

Mr. and Mrs. George Jacobson, son Wayne of Grand Forks were week-end visitors at the O. N. Olson and Jim McCrum homes.

Army Tid-bits

Seaman 1st Class Ernest Thune is on the battle ship U. S. S. Montpelier some where in the South Pacific. He's been in the navy a year.

Arnold Nordahl, who has an honorable discharge from the U. S. Army, is now employed by the Northwest Airlines in the cities. He has been home a few days visiting his mother, Mrs. Gertrude Sundberg. While in the cities he is staying with his aunt, Mrs. John Hickley.

Cpl. Gilmore Lian, who is stationed at Pecos, Texas, is expected home soon on furlough. His folks are the Louie Lians.

Pvt. Ove Nordahl is with the Hospital Unit in North Africa and finds it very interesting. He has seen action in the medical evacuation of wounded and such.

Oswald Nora is employed at the Glenn Martin bomber plant at Omaha, Nebr. His picture appeared twice in the monthly newspaper, "The Martin Star". In one photo he was firing a nose gun at a target from the pit of a finished Glenn Martin bomber. On the other photo he was with two other men feeding fifty caliber rounds of ammunition into another finished fighter plane. He feels proud to be at least a cog in the wheel to help produce those famous planes.

ROAD CHIEF URGES SPEEDUP OF LOCAL POST-WAR PLANS

State Highway Department Plans for $20,000,000 in Projects

Disclosing that Minnesota may anticipate receiving between $75,000,000 and $80,000,000 of federal post-war highway construction funds in the three year period after the war, if a bill now before Congress becomes law, State Highway Commissioner M. J. Hoffmann is urging county and local governments to get into high gear with the preparation of engineering plans for their own specific projects if they expect to be able to participate in the nation-wide highway improvement program. Hoffmann explained the situation in an address to the State Association of Rural Letter Carriers meeting in St. Paul last week.

The state highway department, Commissioner Hoffmann said, already has accomplished the advance engineering work on surveys and plans for rural post-war projects aggregating approximately $20,000,000 worth of road and bridge construction. It also has prepared agreements with the large cities which will facilitate their going ahead, with their municipal engineering staffs to prepare plans for trunk highway improvement projects within their metropolitan limits.

Approximately $12,000,000 of the anticipated post-war federal highway funds is expected to be available, under terms of the bill (S-971 and H.R. 2426) pending in Congress, for improvement of rural roads off the state trunk system. These funds together with $4,000,000 which the counties would be required to furnish on a 25-75 matching basis, would make it possible for Minnesota to accomplish a $16,000,000 program of improvements on important local highways.

So far as the state trunk system is concerned, Commissioner Hoffmann said, Minnesota is in a favorable position to take full advantage of the opportunity to meet many of its more pressing highway improvement needs. This is due to the Highway department's progress in preparing surveys and plans and to the fact that $10,000,000 of state highway revenues, not required during the past two years while federal restrictions virtually shut down normal highway construction, has been invested in government war bonds and set aside in the state treasury where it constitutes a post-war highway construction reserve fund.

On the other hand, although several counties already have followed suit in establishing post-war financial reserves, it is doubtful whether many have thus far made any great progress with surveys and plans for specific projects. The latter, Commissioner Hoffmann pointed out, will be absolutely required and must be in readiness before any county can participate in the special post-war federal-aid program.

Services Conducted Monday at 2 o'Clock for Wm. Butterworth

Funeral services were conducted Monday, July 19, at 2 P. M. for William Thomas Butterfield, who passed away in Evanston, Ill., Monday, July 17, at the age of 66 years. Rev. S. S. Olafsson conducted the services from the Erickson and Lund funeral home, and interment was made in the Greenwood cemetery.

Born September 26, 1876, in Wayne County, Iowa, he moved to Blooming, Neb., and was married at Oxford in 1903 to Carrie Ellen Oniell. In 1916 he moved to Federal Dam, Minn., and in November of 1912 to Evanston, Ill., where he has since made his home.

Left to mourn his passing are one daughter, Mrs. Delfa E. Hute of Evanston; two sons, George P. Butterfield of Wilmette, Ill., and Lt. Leath L. Butterfield of the Army Air Corps at Dallas, Tex.; and four grandchildren. His wife passed away February 8, 1936.

Edwin Oen, Age 47, Passes Away Friday; Rites Held Yesterday

Last rites were held Wednesday, July 21, at 2 p. m., in the Erickson and Lund Funeral home for Edwin Oen, who passed away Friday, July 16, at the age of 47 years. Rev. G. S. Thompson officiated and interment was made in the Greenwood cemetery.

The deceased was born April 6, 1896, in the city, and has lived here all his life.

Survivors include a sister, Mrs. Clara Olson, and three brothers, Henry and Roy of this city and Robert of Wayzata. His parents, one sister, and two brothers preceded him in death.

STATE HIGHWAY DEPARTMENT HAS BIG CASH BALANCE

$14,000,000 Is Invested in Government Bonds, Says M. J. Hoffmann

Minnesota's trunk highway fund with $14,000,000 invested in government bonds and a $2,629,176 cash balance on hand is in best financial shape in the history of the state, M. J. Hoffman, state highway commissioner, reported to Gov. Edward J. Thye Friday.

On Jan. 1, 1939, the highway fund had a cash balance of $1,937,000, but outstanding encumbrances totaled more than $2,000,000, thus representing an actual deficit, the commissioner said.

Reason for the large sum in the highway fund is an executive order about a year ago freezing construction work during the war. Governor Thye said the funds will be available for a postwar highway construction program.

Hoffmann disclosed that, after subtracting outstanding bills of $4,336,007 and taking into consideration cash receivable from other funds the highway fund has an actual cash balance of $13,310,586.

We don't like to disagree with the military authorities who tell us it will take several years to knock the Japs out after the Nazis fold, but such predictions do not seem reasonable. Of course if we were to fight our way back, island by island, the struggle might last that long, but why do it the hard way? When Italy and Germany are out of the war we can concentrate on the Japs in China where there are millions of Chinese fighting on our side. Give these Chinese soldiers good equipment and air supremacy and the Japs would be pushed off the mainland in a hurry. From bases on the mainland we could bomb the Jap Islands at our leisure and a few months of concentrated bombing would change a lot of things. The war is not yet won and we no doubt have a hard fight ahead of us. We cannot afford to relax in our war effort until the last battle has been fought. But we can see no reason why justifiable optimism should be discouraged.

Weeds levy a heavier tax on our farming community than any unit of government. Year after year we pay tribute to this enemy who reduces not only our incomes but the value of the land he preys upon as well. A few really vicious weeds are making their appearance in this territory. Leafy Spurge and Creeping Jenny are their names. Land on which they gain a foothold is worthless. It is expensive to eradicate them but it is more expensive not to eradicate them. Their appearance should be promptly reported to weed inspectors and to the county agent. A war on all weeds would be an effective way to add greatly to the wealth of our community.

Several hundred farmers of Marshall, Roseau and Kittson counties are faced with the difficult problem of rebuilding barns and other structures at a time when it is practically impossible to either buy material or hire labor. Priorities are of little value when the things you need are not obtainable anyway. The result probably will be that many of the buildings destroyed by the storm will not be replaced until after the war. In the meantime temporary sheds will be built out of such old materials as can be salvaged from the wreckage. We attended a meeting this week where quite a large number of farmers who are confronted with this problem were assembled. It was hartening to see them grin and hear them say that they would figure out a way to get along. Maybe our own little difficulties aren't so tough after all.

It is getting along toward that time again when farmers will have to be given all the help possible in the harvest. An effort is being made to organize town folks into labor battalions, as was done last summer. Small crews of men, working in the late afternoon and evening, can set up a lot of shocks in a few hours, and there are some farmers, working short handed, who are badly in need of such assistance. Now is the time for all good men to come to the aid of their—community.

It is predicted that gasoline rations will be reduced again later on. Pleasure driving may have to be suspended entirely. We will not cry if it is. Huge quantities of engine fuel are required to keep our battle wagons rolling on the land, on the sea and in the air. It is more important that these war machines be amply provided for than that we drive back and forth to our pleasure, one man to a car.

Saturday is tag day, the tags, this time, representing donations of cigarettes to the men in the service. A nickel, contributed in this way, will send a package of twenty cigarettes to a man in the armed forces serving in the most remote corners of the world. A dollar donation will send a package each to twenty of our soldiers or sailors. Here is an opportunity to make a few dimes go a long way.

Topics of the Times

By N. A. H.

That strange calm in Washington must be due to the fact that congress is taking a vacation.

A Southern Minnesota editor thinks, properly enough, that in reporting social events, not only should be listed those who poured tea, but also those who peeled the potatoes and washed the dishes.

Times advertising is like a woman's dress. It gives adequate coverage and excellent display.

Several years ago Jack Dempsey announced that he was thru fighting, but, comments the Baudette Region, his recent divorce court activities suggest that he was only fooling.

Speaking of the question of priorities, we hear of a North Dakota girl who is engaged to three sailors.

The automobile industry, which in pre-Pearl Harbor days produced four billion dollars worth of cars annually, this year is turning out about twenty billion dollars worth of airplanes. That, we suppose, is progress.

Laments Lee Nelson in the Mahnomen Pioneer: It has changed from the high cost of living to the high cost of existence.

Pennington county cows, we read, produced 2,178,452 lbs. of butterfat in 1942. That sounds like a million dollars in any man's language.

The government may have derived the inspiration for its food subsidy plan from the picture of an ostrich hiding its head in the sand.

Civilian defense leaders who are telling a skeptical public that Minnesota offers a likely target for enemy bombers, may yet have the last laugh.

City folks seeking a change of scene during their summer vacations, might well show up at a Minnesota farm and try to make themselves useful.

If today's children are getting a lopsided version of current events, it may be due to the fact that pupils soon will be graduated from high school without having ever attended school under any president other than Mr. Roosevelt.

It will be our own fault if we have clothes rationing, says the War Production Board, which advises the public not to buy more than they need.

Looking Backward

1933—TEN YEARS AGO

A total of 479 votes were cast in the local school district election, Alfred Skarstad and B. O. Norby being elected to the board.—Paul Mellby became the fourth golfer to make a hole-in-one on the fourth hole of the local golf course.—Ten rural credit farms in this district were sold during the past two weeks, John L. GARDEN and TABLE

By ERNEST A. PALMER
County Agricultural Agent

Gardeners who find they have let their peas or beans get too old for canning or freezing may let them mature on the vine. When they are dry, they can be picked and stored for winter use. After picking the peas or beans, spread them out in a warm, dry place like the attic until they are thoroughly dry. Then shell them and dry in oven at a temperature of 165-180 degrees F. to kill the eggs. Or, instead of using the oven, you can finish off the drying in a dehydrator for an hour or two at 140-145 degrees F. Store in tight containers such as glass jars or tin cans in a cool, dry, well ventilated place. Avoid storing in a damp cellar.

July and August are good months to can chickens for next winter's use. During these months the hens that don't earn their keep by laying enough are culled from the flock. These plump, older birds have a better flavor after canning than younger chickens. Be sure to can your chicken in the pressure cooker, though. Or if you haven't a pressure cooker yourself, borrow one.

If the lower leaves on your tomatoes are turning yellow and falling off, you have a case of Septoria leaf spot on your hands. The disease starts on the lower leaves as small dark spots less than an eighth of an inch in diameter; then the leaf spot spreads upward. The minute you see those spots on your tomato plants, dust or spray with a copper fungicide and keep the foliage covered with the dust or spray until plants are nearly mature. Don't use Bordeaux mixture on tomatoes, though, as it may actually increase the danger of another tomato disease, blossom end rot. Because various parts of the state have reported tomato leaf spot, plant pathologists at University Farm advise gardeners to spray or dust immediately, before the blight strikes. Extension pamphlet 124 on vegetable diseases will keep you informed on how to prevent and control diseases in your garden.

One of the many pests the gardener may have to contend with this year is the corn earworm, which damages the ears of the sweet corn, especially near the tips. Stripping back the husks of several of the earliest maturing cobs should reveal whether corn earworms are at work. There are two satisfactory methods of control. Just after it has wilted, inject into each ear a white oil and pyrethrum compound, available on the market for this purpose. Or, four to six days after the silks have begun to turn brown and get dry, clip off the tips of the ears at or near the end of the cob. The time of clipping is important, since the earworm moves from the silks into the cob itself. Clip with pruning shears or a sharp knife, collecting the clippings in some sort of container. Be sure to burn the clippings, as they contain the eggs and worms which cause the damage.

Eastern counties should be on the lookout for the European corn borer, though so far it has not appeared in Minnesota. It can do a great deal of damage to sweet corn and to field corn. Evidence of the corn borer is found in the broken tassels and weakened stalks.

Growing With Your Child

That Fear of Dogs

A mother and her little girl were walking toward me along the sidewalk one day recently. I was scarcely paying any attention to them, until something happened that would have attracted anyone's attention. The little girl started to scream frantically and cling to her mother. Her cries were sounds of genuine distress.

What had happened? Nothing, except that a friendly little barking dog had come running up to them. There was nothing for the mother to do but pick up the frantic child and try to get away from the dog as quickly as possible. I heard her attempting to reassure the little girl—"He won't hurt you, he just wants to play." But the fear went too deep to be completely soothed by words like these.

It is possible that the little girl had had a frightening experience with a rough dog at some time—though it is not always easy to trace its source this fear of dogs which so many small children seem to have.

The important question for us is what can we do about it?

Of course, this mother was quite right in attempting to calm the little girl by showing her own attitude—that there was nothing in the dog to be afraid of. Parents will get nowhere in removing their children's fears unless they themselves can honestly face the same situations without qualms.

But usually it takes more than just reassurance to get the roots of strong fears. One of the very best methods of attack is to attempt to build up pleasant associations around the thing that is feared. (This calls for parental ingenuity to be sure!)

It is sometimes helpful to give a child a toy dog, one that is fluffy and pleasant to touch. Or a real puppy can be introduced into the household if it is young enough not to resemble too strongly the active, frisking, barking creature that is so feared.

Then, too, it must be remembered that one of the most potent influences on a child is that of his companions. Many a time it will seem that a fearful child will pull himself together and just "get over" being afraid when he is thrown with playmates who do not have his particular fears. A child can stand almost anything but the feeling of differing from his peers, and not measuring up to them.

Whatever method is used, results can scarcely be expected over night. Removing fears is apt to be a long process requiring much parental patience and sympathy. At all costs scolding and ridicule must be avoided.

Coffee Doesn't Disturb All

The evidence on this is contradictory—probably because coffee does disturb the sleep of some people, but does not for those who have established tolerance for it by regular use. If coffee disturbs an individual's sleep, so will other beverages which contain ingredients [illegible] much like the caffein in coffee.

19TH BIRCHMONT INTERNATIONAL TO START JULY 29TH

Local Golfers Are Invited to Event on Bemidji Course

The attractive 18-hole course of the Bemidji Country Club will be the scene of nineteenth annual Birchmont International golf tournament which will be played Thursday through Sunday, July 29th to August 1st.

Grand Forks' Don Stewart, 1942 champion, will be back to defend his title. Also expected to participate in the tournament will be Phil Olson, runner-up last year, Joe Bridston, Leo Haesle, Jack Fridlund, and Gene Lavoy, all of Grand Forks; C. L. Long, A. A. Nyline, N. R. Johnson, and others, from Minneapolis.

Qualifying rounds may be played either Thursday or Friday, with match play being scheduled for Saturday and Sunday. There will be 16 players in each flight, with war stamps as prizes for the winner and runner-up in the championship flight, consolation winner, and winner and runner-up in each flight.

Dexter Duggan is general chairman of the tournament committee, and local golfers may complete arrangements by writing to him. Golfers wishing to enter the tournament in flights below the championship flight, may mail qualifying scores to Mr. Duggan, but these scores should be mailed early so that the tournament committee would receive them before Friday. A Calcutta dinner will be held Friday evening.

Grand Forks Man Winner of Shortstop Tourney

Promoted in No. Africa

CHESTER W. BORNHOLDT

Stationed with the U. S. Army in North Africa, who recently was promoted to the rank of sergeant. He is the son of Mr. and Mrs. John Bornholdt of this community.

Sandy-haired Harry Peterson, shooting three-under-par golf, defeated Wally Paulson, 4 and 3, in an all-Grand Forks finals to win the seventh annual shortstop golf tournament here Sunday. Sixty golfers participated in the tournament, with Grand Forks and Bemidji, especially, being well represented with their top-flight golfers.

Enroute to the championship, Harry Peterson defeated Bemidji's Al Koepp, 2 and 1, in a first round match; then defeated K. Baukal, three up, in the eight's; eliminated Phil Olson, 1 up in 10 holes, in the semi-finals; and, finally, trounced Paulson, 4 and 3, in the championship match. Paulson moved into the finals by defeating Dr. H. K. Helseth, 2 and 1, in a first round match; edged out Bill Larson, 1 up in 10 holes, in a hard-fought quarter-finals match; defeated Dr. Homer Hedemark, 4 and 3, in the semi-finals. Grand Forks' Ted Waldon scored a 3 and 2 win over Dr. H. Helseth to win the championship flight consolations.

Herb Weinake, of Grand Forks, marked up a 2 and 1 win over Ernie Anderson to win the first flight championship. In the flight consolation, R. C. Fisher defeated Col. G. W. Whiting, 2 and 1, in the finals. J. W. Smith of Bemidji earned the second flight championship with a 1 up victory over W. G. Claffy. Floyd Daniels won the consolation honors by trouncing Olaf Shol of Red Lake Falls, 4 and 3.

Ed. Barlow won the third flight championship, defeating Rod Johnson of Bemidji in the finals. H. M. Olson, with a win over Andy Karasciewicz of Red Lake Falls, won the consolation. The fourth flight championship was won by young Jack Robbins of Bemidji, who defeated C. M. Carlson in the finals, while George Mostue, burying Bill Dahlquist with a 5 and 4 score, won the consolation championship.

Jimmy Dokken triumphed over Roy Oen to win the fifth flight title; with Clarence Knudsen winning the flight's consolation by defeating G. Fallman. Oscar Cerny defeated Ray Ste. Marie for the sixth flight championship.

SEASON FOR DUCK HUNTING TO OPEN SEPTEMBER 25TH

Nimrods Will be Permitted to Seek Birds Half-hour before Sunrise

Secretary of Interior Ickes announced this week in Washington that hunting of migratory game birds will be permitted this year from half an hour before sunrise to sunset. Last season, the hours ran from sunrise to sunset.

Sportsmen will be allowed to retain birds lawfully taken for a period of 45 days following the ending of open season in the state where the birds were killed—an extension of 15 days.

The fall 70-day hunting season will begin September 25 in the northern zone. Iowa and Pennsylvania were placed in the northern zone.

TEAMS HERE SPLIT EVEN IN 2 D-BALL GAMES PAST WEEK

East Siders Win One Contest 9-7 and Lose Other by 5 to 1 Count

Playing two of the best games in their diamondball series the East Side and the West Side each won and lost a game during the week's play, with the East Siders winning last Thursday evening's tilt by a 9 to 7 score, and the West Side marking up a 5 to 1 win on Tuesday evening.

Thursday's East Side triumph was featured by the two triples pounded out by Gay Jensen, and the fine pitching of young Bobby Carlson. On Tuesday evening Wayne Anderson held the East Siders to but four singles while his teammates were clubbing out 11 hits. The diamondball series continues in a deadlock, with each team having won four games.

Coal Output Approaches Pre-strike Level, Says Administrator Ickes

Coal production is approching the pre-strike rate and is still gaining, reports to Solid Fuels Administrator Harold L. Ickes indicate.

Statistics compiled by the bituminous coal division showed an estimated production of 10,350,000 tons during the week ending July 3, which is over double the production of the previous week.

Although the bureau of mines estimated anthracite production at 623,000 tons during the week of July 3, reports from the field indicate that the current week output will likely reach, if not exceed, the pre-strike rate.

"We are driving to increase the production of coal to win the war to the maximum capacity of the industry," Deputy Coal Mines Administrator Carl E. Newton in charge of mine operations, said.

"We are in a pitched battle against time to get enough coal mined and transported this summer to carry us through next winter without having to curtail war activities for lack of fuel. We have got to win this battle."

300,000 TONS OF STEEL ALLOTTED FARM MACHINERY

Binders, threshing machines, combines, tractors and repair parts for these and other farm machines will be manufactured from a WPB allocation of 300,000 tons of carbon steel in time to help harvest and thresh this year's Northwest grain crop. Other materials in proportion have been allocated to the heavy farm equipment industry. Looking ahead to 1944, WPB also has approved an additional 200,000 tons of steel for each three months from October to next July to farm machinery producers.

Rotarians Defeat Lions in Annual Golf Tourney

With an average score of 49 compared to 51 for their opponents, members of the Rotary club defeated the Lions club in their annual golf tournament on the local course last night. As a symbol of their victory, President Stanton R. Dahlen of the Rotary was presented with the tin can trophy by W. G. Claffy, acting for the Lions. Supper was served at the close of the evening's play.

HARTZ BAKERY IS NOW IN 1ST PLACE IN VICTORY LOOP

Defeat Soo Line Golfers by Narrow Margin Last Friday Night

League Standings

	W.	L.	T.	Pts.
Hartz Bakery	2	0	1	5
Soo Line	2	1	0	4
Poppler's Furn.	2	1	0	4
Lincoln Life	2	1	0	4
Bratrud Clinic	1	1	1	3
Times	1	2	0	2
Oen's	0	2	1	1
J & B Drugs	0	2	1	1

Results of last week's matches:
Hartz Bakery (157) defeated Soo Line (160).
Lincoln Life (145) defeated J & B Drugs (153).
Bratrud Clinic (147) defeated Oen's (164).
Poppler's Furniture defeated the Times (default).

Friday evening's schedule:
Bratrud Clinic vs. Times.
Oen's vs. Poppler's Furniture.
Lincoln Life vs. Soo Line.
J & B Drugs vs. Hartz Bakery.

The Hartz Bakery quartet won the golf league's feature match last Friday evening, defeating the Soo Line by a three-stroke margin, and as a result of the win the Hartz team is perched on the top rung in the league standings. The Lincoln Life team, in defeating the J & B Drugs, and the Bratrud Clinic, in wininng over Oen's, turned in lowest team totals, a 145 and 147, respectively. Hans Chommie scored a gross 35 and a net 32, to win the week's low scoring honors. The Clinics were well-bunched in their scoring with Dr. Helseth having a net 37, Dr. Hedemark a net 36, Dr. Bratrud a net 39, and Dr. Jacobson a net 35.

Tomorrow evening's headline match should be the contest between the Lincoln Life and the Soo Line, and the result will shove one of those teams out of second place. The league-leading Hartz team will face the J & B Drugs, and the bakers are apt to be upset.

Recreation Highlights

A very good game room is opened Monday, Tuesday, Thursday, and Friday afternoon from 1 to 5:30 in the arena. But if Wednesday is a rainy day, then there is activity in the arena on that day also.

Your city provides your children a fine opportunity in recreation and we need the cooperation of parents to make it a success.

The J. C. Boys club will meet at the Avalon Theatre at 7:00 Thursday night, where the group will go to the show together, with their leader, Camille Dostal.

There will be a 'teen-age dance Friday, July 23 in the city auditorium from 9-12. Make use of this fun provided for you and attend these social affairs.

Don't forget every Wednesday is Camp Day. We leave the arena at 10 o'clock sharp.

A Fine Tournament

Sunday's shortstop golf tournament was one of the finest that the local club has sponsored, and a great deal of credit for its success must go to Ed. Carlson, Stan Larson, and the others on the tournament committee. And local club members received a number of compliments, from the out-of-town golfers, on the excellent condition of the course. In the good will that it created and the entertainment that it provided, the tournament was well worth the effort expended on its promotion.

There wasn't anything wrong with the way that red-haired Harry Peterson picked up the first place money last Sunday; but that's the only thing he did that was according to form. Pete was the cause of more negative head-shaking than any first-rate golfer that has played over the local course. The fact is that he had a terrible looking golf game, for he'd cramp himself into a knot on his back-swing and then, using a kind of hipper-dipper swing, he'd lunge into the ball and lash out a 250-yard drive. His was the kind of golf game that's hard to believe, except when he tucked the first prize into his billfold.

Olson Slick Golfer

It seemed to be the consensus of the gallery fans that Grand Forks' Phil Olson was the slickest golfer in the field, and on form he did appear to be the top-notcher. Phil, in his morning matches, had two 34 rounds, and in scoring one of the 34's he had a 5 on the 8th hole and a 4 on the 9th hole. Vic Kvikstad gave Phil quite a match in the quarter-finals, both golfers being even as they drove off the 8th tee; but there Phil's drive, using a no. 4 wood, landed four feet from the cup and he sank the putt for an eagle deuce, and that won the match. In his semi-finals match against Harry Peterson, Phil was off the line on several of his second shots and was guilty of some erratic putting.

Two members of the regional basketball champion Bemidji Lumberjacks—Jack Robbins and Tommy Corrigan — played in the shortstop, and they did all right, too. Jack Robbins won the fourth flight championship, and Corrigan reached the semi-finals in the third flight.

According to Form

While the shortstop tournament didn't proceed according to form, it appears that the city golf championship matches are progressing as the club house experts predicted. In first round matches played last week Hans Chommie defeated Dr. C. W. Jacobson; Floyd Daniels won over Rev. G. S. Thompson; Stan Larson bested Wm. Claffy; Dr. Ed Bratrud scored a win over Charles Hoffas; Vic Kvikstad defeated Dr. A. E. Jacobson; Kern Olson eliminated Lloyd Bennes; Dr. Homer Hedemark won over George Mostue; and Dr. H. Helseth defeated Ed. Carlson.

And the clubhouse experts predict that Hans Chommie and either Vic Kvikstad or Homer Hedemark will meet in the finals for the club championship; and that Bill Claffy and Lloyd Bennes will be the first flight finalists. Nothing like putting Hans, Vic, Homer, Bill, and Lloyd on the spot, you know.

Sharpshooter Burrell

Cpl. Earl "Butsie" Burrell, who has transferred into the air corps, is home on furlough and he's wearing an expert rifleman's medal on his chest. And judging by the blonde that he was with Tuesday evening, Butsie has sharpshooter's eyes.

A Reunion

Last Thursday evening a group of us Prowlers, who were "stars" under coach Lars Thune in the mid-twenties, met at Lloyd Bennes' place in a get-together with Arthur "Pinks" Penney, who was visiting here. Back in those days we—Walt Larson, Cliff Bjorkman, Roy Langevin, Lloyd, Pinks, and I—were run-of-the-mill players; but to hear us talk now you'd think that each of us was the fellow that Coach Thune built the team around.

St. Paul Grandmother Is Only 31 Years Old

Mrs. Frank Eder of St. Paul is an unusual grandmother. She is only 31 years old. What's more, she's a veteran at it, having become a grandmother 10 months ago, when she was 30. The grandchild is William S. Bounds, son of Lt. and Mrs. S. V. Bounds, Camp Van Doren, Miss. The baby was born October 18, 1942, to Mrs. Eder's daughter, Agnes. Mrs. Bounds was 16.

MAHNOMEN WAC KILLED IN FORT RILEY CRASH

An army officer and a Wac were killed and eight other persons were injured Friday in a crash between a gasoline truck and an army truck near Fort Riley, Kansas. The dead: Second Lt. Leland Leeds, Brooklyn, and Aux. Angelina Becker of Mahnomen.

High Industrial Death Rate

The large tin mines in Kochiu, China, have one of the highest industrial death rates on record. Of the 50,000 children employed there, at least 15,000 die annually from accidents and arsenic poisoning.

Sportsmen's Club Plans August Session Tuesday

The August session of the Pennington County Sportsmen club will be held in the Civic and Commerce rooms next Tuesday evening, August 3, Wm. H. Borchert, secretary, announced today, adding that in the course of the meeting the club's supply of trap shooting shells will be disposed of to paid-up members.

HUGE NORTHWEST FOOD CONGRESS AT MINNESOTA FAIR

Will Feature Preservation of Vegetables, Fruits in the Home

A food preservation congress, largest ever held in the northwest, will be a major attraction of the Minnesota "On to Victory" state fair, Aug. 28 to Sept. 6, Raymond A. Lee, secretary of the fair announced today.

The exposition, occupying extensive space in the Food Show Building, will feature daily demonstrations on dehydration, winter storage, quick freezing and canning of vegetables and fruits for home use. Specialists from the colleges of home economics and agriculture, University of Minnesota, will be in charge.

Only inexpensive and easily-operated equipment within easy pocketbook reach of the average home will be used in the demonstrations. Literature telling how to build or buy this equipment, and operate it, is being prepared for special distribution.

The primary purpose of the exhibits and demonstrations will be to show the public how to preserve, or store, the record-breaking crop of vegetables and fruits now being raised in the state's orchards and fields, and thousands of Victory Gardens, and thus help to avert future food shortages which many believe are imminent.

Red River Valley Peace Officers Group Meets at Detroit Lakes July 22d

FBI officials, as well as state crime bureau authorities will be main speakers at the quarterly meeting of the Red River Valley Peace Officers association which will be held in Detroit Lakes Thursday July 22.

Sessions will be held in the pavilion and at the Park hotel with the business meeting to begin at 3 p. m. and the dinner at 6:30 p. m.

Sheriff Max Olson of Detroit Lakes will be host for the meeting while T. F. Telander, Detroit Lakes, state parole officer, president of the association, is in charge of arrangements. Roy K. Redetzke of Fargo is secretary of the group.

In addition to sheriffs and police from 22 counties in North Dakota and Minnesota invitations have been extended to all district judges, Minnesota and representatives in this area.

Helpful and Patriotic

Pretty Beverly Lawrence, Minneapolis, joined the hunt for empty deposit bottles as her share in the "bring back your empty bottles" campaign launched by proclamation of Gov. Edward J. Thye. Return of empties to dealers will alleviate threatened shortage of milk and beverage bottles this summer and permit container manufacturers to divert more of their facilities to the war effort.

Vacationists Urged to Leave on Thursday and to Return on Tuesdays

Plan your vacations from Thursday to Tuesday.

That is the suggestion of Victor A. Johnston of the Minnesota state tourist bureau, who reported that the influx of summer visitors is soon nearing its peak.

The suggestion to start early and return later on holiday trips is in line with the "Stay Put" vacation plan which is being followed in Minnesota. The intent of this plan is to have people make their plans well in advance, and upon arrival, "stay put", in order to conserve on gas and travel.

Among the thousands of visitors taking advantage of the Minnesota "stay put" plan are service men and women who are offered a bargain fishing license rate. Service men from other states are given the privilege of obtaining licenses at $1, the same fee that other state residents pay. The service men in residence in the state may fish without a license.

Gloria Callen to Star in Aquatennial Show

Gloria Callen, glamorous 19-year-old backstroke champion and All-America Mermaid of 1943, and Buster Crabbe, star of the New York and San Francisco Aquacades, will headline the Aqua Follies to be held during Aquatennial week, July 31 to Aug. 8, at Theodore Wirth pool in Minneapolis.

Miss Callen was voted the outstanding woman athlete of 1942 by a national sports writers' poll and Crabbe has starred in numerous Tarzan movies.

Other events in the 1943 "On to Victory" Aquatennial include two patriotic parades, Paul Bunyan "Victory Edition" canoe derby, music festival, outdoor religious service, Boy Scout encampment, physical fitness program and Queen-of-the-Lakes contest.

DRINKING COSTS 160 MOTORISTS THEIR LICENSES

Are Penalized for Driving While under the Influence of Liquor

One hundred fifty-four Minnesota motorists, arrested by state and local patrolmen for driving while under the influence of liquor, suffered revocation of their state drivers' licenses last month. Six other licenses were revoked for inebriacy.

E. P. Lee, supervisor of the drivers license bureau of the state highway department, in his monthly report to Highway Commissioner M. J. Hoffman, disclosed that in addition to the license forfeitures for drunken driving:

90 drivers' licenses were suspended and 12 revoked outright for violation of the war-time speed regulations.

53 were suspended and 6 revoked for reckless driving.

19 were suspended for disobeying stop signs or signals.

License revocations for June totalled 183 and suspensions numbered 241. For the first six months of the year, the half-way mark reached on June 30, a total of 2,364 drivers had forfeited the right to drive because of traffic law infractions. Of these 991 were revocations and 1,373 suspensions.

Drunken driving and inebriacy during the half year had accounted for 885 forfeitures, excessive speed for 470, reckless driving for 209, and disobedience of stop signs and signals for 109.

Christmas Seal Agency Warns Against Faulty Home Canning Methods

Many lives may pay the price of a lack of knowledge of the danger of botulinous poisoning resulting from wrong methods in canning non-acid vegetables, as well as meat and fish, in Minnesota homes this year, health authorities fear.

The Minnesota Public Health association, the state Christmas seal organization calls attention to this fact. It urges those who are inexperienced at canning, or who lack up-to-date information on how to can such foods as string beans, corn, greens, meat and fish to be sure and get the information before they begin to do their canning.

An article by G. A. Vacha, chief bacteriologist of the state department of agriculture dairy and food, appears in the July issue of the Christmas seal publication, Everybody's Health. It gives the information home canners who put safety first, in home canning, will want to have.

A penny postcard, containing a request for a copy of the publication together with the plainly printed name and address to which the magazine is to be sent will have prompt attention, and the copy will be sent free of charge.

600 YEARS OF ANDERSONS

Hastings.—A family reunion of brothers and sisters one day late in June at the home of Mr. and Mrs. J. A. Palmer represented 600 years of Andersons. There were seven brothers and sisters present, the oldest 88 and the youngest 67, all of whom were born in Sweden and later came to America. There were nine children in the family and one brother who resides in California was unable to be present, and one sister passed away several years ago.

"Manpower at home is essential to support fighting-power overseas" ... E. G. Grace, president, Bethlehem Steel

Manpower on the Home Front

Thousands of men arriving for work in a Bethlehem shipyard. Down this yard's busy shipways slide many of the nation's cruisers, destroyers and aircraft carriers. Bethlehem repeatedly has made records for delivering vessels well ahead of schedule.

This is the story of manpower in Bethlehem steel mills and shipyards, of men and women who have come by the thousands from all walks of life to do a job in backing up our fighting forces with a continuous flood of materials. These men and women are vital to the battle of production.

Manpower at Bethlehem Steel has been multiplied three times in three and a half years. Here are the figures:

NUMBER OF BETHLEHEM EMPLOYEES
Poland invaded, September 1939 ... 100,000
Fall of France, summer 1940 ... 120,000
Pearl Harbor, December 1941 ... 190,000
Tunisia, May 1943 ... 290,000

Employment in Bethlehem's shipbuilding and ship repair yards alone has grown from 15,000 in 1939, to nearly 180,000.

The enlistment in our manpower army continues from week to week and from month to month. The total of Bethlehem employees will exceed 300,000 by the end of the year. To reach this total force, and provide for replacements of those going into the armed services and others, many thousands more men and women will be hired.

Facts About Bethlehem Workers

Manpower is the heart of Bethlehem's current production of a ship a day. Manpower makes possible the meeting of its large commitments for ordnance and other war-steel products. All other problems such as materials and supplies are secondary — the essential dependence is on manpower.

Thousands of men from non-essential trades are joining Bethlehem war-work armies.

More than 13,000 women are employed at Bethlehem plants and shipyards, and the number is constantly increasing.

Veteran employees are zealously teaching the newcomers, so that they can quickly handle their appointed tasks.

New employees earn while they learn, in special training classes and in on-the-job training.

Sympathetic study of each person's abilities puts "square pegs in square holes."

Wages are the highest in the history of shipbuilding and steel, and in the top group of all industries.

Promotion is rapid, as opportunity to advance comes far more swiftly than under normal conditions.

Bethlehem employees are friendly, high-grade people. The great majority have education in the high school grades, and thousands are graduates of colleges, crafts and professions.

More than 90,000 Bethlehem employees are now serving in the armed forces, a fact which gives added seriousness of purpose to those working to produce the supplies.

To work in Bethlehem shipyards and plants is to be in the front line of industry, doing a real job to help win the war.

FROM ALL OCCUPATIONS

Bethlehem workers come from virtually every walk of life to serve in these war-work armies. Here are 60 instances of former occupations of men and women who are now producing ships and combat materials.

Ladies Aid Elects Officers

Last Thursday the members of the St. Petri Congregation met at the church for the annual clean-up day for the church grounds and cemetery. A sumptuous dinner was served by the ladies aid. In the afternoon a business meeting of the ladies aid was held and officers as follows: president, Mrs. Sam Sandland, reelected vice president, Mrs. Hans Nystal, succeeding Mrs. Hans Mahre; secretary, Mrs. Adolph Christianson, reelected; and treasurer, Mrs. John Flem, reelected. Afternoon lunch was served at the close of the meeting.

After the close of the meeting Rev. Halmrast and a group of the ladies gathered at the S. K. Sandland home to visit with Mr. Sandland, who is bedridden.

Mr. and Mrs. Norman Thieling Feted

A group of approximately one hundred neighbors and friends gathered at the John Thieling home on Sunday afternoon to tender Mr. and Mrs. Norman Thieling with a miscellaneous bridal shower. The event, which was in the form of a surprise, brought many lovely and useful gifts for the young couple.

A delicious lunch, which had been brought by the guests, was served by the hostesses, Mrs. Clarence Anderson and Mrs. Alton Anderson. The members of the bridal party were seated at a table attractively centered with a three-tiered wedding cake trimmed in pink and topped with a miniature bride and groom. The remainder of the guests were served buffet style.

Thomas Haukos Passes

Thomas Ole Haukos was born on December 25, 1861 at Dekorah, Iowa and moved to Faribault county, Minnesota when a few months old. Later he moved to Polk county where he lived until 1900 when he homesteaded 4½ miles north of Grygla. This remained his home until he passed away on July 15, 1943 at the age of 81 years, 6 months and twenty days. Funeral services were held on Saturday, July 17, at Fergus Falls where he was buried by the side of a brother. Rev. Harvey Thede, pastor of Ebenezer Evangelical church conducted funeral services.

He leaves to mourn his passing one sister, Mrs. Marie Strom of Grygla, six nephews, and three nieces. His parents, one sister, and three brothers preceded him in death.

Those from here who attended the funeral were Mrs. Marie Strom and Hans and Elmer Strom.

Ellen Dales and Julia Nesland, who have been employed at Seattle, Wash. the past several months, arrived on Friday for visits at their respective homes.

Harvey Ness of the U. S. Army arrived last week for a furlough at his parental home.

Jean and Ronald Buchala returned Sunday after spending a few days at the Harold Finney home at St. Vincent.

"Used Studebakers can take it"

say thousands of busy wartime motorists

YOU don't have to put up with poor performance, excessive tire wear and frequent repair bills, if you require the use of an automobile for your essential transportation.

Switch over to a late-model used Studebaker. You need no special authorization to buy one. But the number of used Champions, Commanders and Presidents available is steadily diminishing. So, don't wait too long to get yours. And remember, our stocks include good used cars of other popular makes.

Keep your car up to par with Studebaker service

Drive in frequently and have your car inspected, no matter what make it is. Efficient mechanics will do your work quickly and at moderate cost. Don't wait till trouble starts. Let Studebaker experts check your car regularly and "keep it rolling" for Victory.

URGES RETURN OF EMPTY BOTTLES TO AID IN WAR EFFORT

Governor Asks that Public Bring in Beverage and Milk Bottles

Conservation of the existing supply of returnable deposit bottles through their prompt return by the public was urged today by Governor Edward J. Thye in a proclamation declaring Monday, July 19 as opening day of a state-wide "bring back your bottles" campaign.

Gov. Thye pointed out that the glass industry is being converted and directed into more phases of war production than ever before and that a return to circulation of the huge surplus of empty bottles would relieve the industry from replacement production and further the war effort.

Conducting the campaign will be Minnesota milk and beverage bottlers, who have arranged to pick up the containers from retailers for placement back into circulation.

Minnesota housewives and others were urged to search their homes, garages, business places and industrial plants for these idle deposit bottles and to take them to their dealers.

Bottlers of milk and beverages reported to Gov. Thye there are hundreds of thousands of these idle bottles which can be put back to work if the public will co-operate in the campaign. Return of bottles which can be sterilized for civilian re-use would permit the glass industry to use even more of its facilities for the manufacture of glass containers for food and other items required by the armed forces at home and abroad, it was pointed out.

Drive slow and lick the foe.

ANNUAL CROPS DAY AT N. W. SCHOOL IS ATTENDED BY 300

New Varieties of Crops Are Exhibited at Event July 13th

Three hundred farmers from the Red River Valley counties of Minnesota and North Dakota attended the annual Crops Day at the Northwest School and Experiment Station at Crookston on Tuesday, July 13. New varieties of crops were on display from the various experimental plots.

On the speaking program, Dr. C. H. Bailey, dean and director of the Department of Agriculture, University of Minnesota, in discussing the effects of the war upon the food habits of the nation, pointed out that changes were now being made in civilian diet along the line of use of more fluid milk and the use of high protein legumes and crops in replacing in part the animal proteins.

Dr. . H. Immer, associate director of the Minnesota experiment station, gave a summary of the experiments necessary in the various departments to answer questions of war-time production and carry on fundamental research.

Dr. H. K. Hayes, chief of the division of agronomy and plant genetics, University Farm, St. Paul, emphasized the fact that the greatest economy in producing total digestible nutrients for livestock feeding came in pasturing grass and legume crops in contrast to the feeding of cereal and feed concentrates. Dr. Hayes stated that [illegible] alfalfa is recommended over the old famous Grimm variety due to the wilt-resistant qualities of the Ladak.

In the plant disease and insect control round-table, Drs. Carl J. Eide, J. J. Christensen, and A. A. Granovsky, discussed the control of the various crop diseases and insect pests.

Home Canning Danger Is Cited in Timely Warning by Public Health Group

"The most powerful poison known is the toxin of the botulinus bacillus which homemakers may expect to find in home canned string beans, corn and other non-acid garden produce, unless special precautions have been taken to guard against botulism." : This warning is conveyed in this week's bulletin from the Minnesota Public Health association.

With the endorsement of Dr. F. E. Harrington, city health officer in Minneapolis, Dr. R. B. J. Schoch, city health officer in St. Paul, and G. A. Vacha, chief bacteriologist of the Minnesota department of agriculture, dairy and food, the state Christmas Seal organization makes a strong appeal to those who will be doing home canning, to use the pressure processing (that is the pressure cooker) method for canning all non-acid vegetables such as string beans, corn, peas, asparagus, spinach and all other greens, as well as meats and fish.

Use of the pressure cooker, with an accurate gauge or thermometer, in the canning of the foods above-mentioned, is stressed by the health association.

Not out of the woods yet . . .

We still have less rubber than the country requires.. your cooperation is especially needed during these hot, tire-punishing days

It will probably be a long time before you can relax your efforts to save tires. Military and naval needs for rubber are enormous. Filling those needs is vital to victory. Right now extra tire care is paramount while the weather is hot. Remember that at 90°, tires wear out 4 times faster than at 40°. Follow these suggestions: Drive under 35; slow up around curves and when starting and stopping; check pressure weekly—keep them at 32 lbs.; have wheels checked for misalignment, etc.; get your Standard Oil Dealer's advice.

MOSQUITO PLAGUES CONQUERED!

Thief River Falls, Minn. — The mosquito "plagues" of the last two years have brought to light a new, efficient and lasting weapon with which milk producers are fighting this insect. Mosquitoes and flies were causing serious losses in production so something just had to be done. Sprays and vapors were used with only limited effect, they evaporated too quickly. Then, came the "new idea"—thorough, lasting protection from dust. Dust that kills insects only, by contact, and is non-poisonous, harmless to humans and animals. Dust that is clean, safe, easy to apply, inexpensive, practically odorless. Dust that gives instant control over not only mosquitoes and flies but also over Ants, Cockroaches, Crickets, Flea Beetles, Leaf Hoppers, Cabbage Worms, Webworms, Aphids and Potato Bugs—and (Sh-h-h-h!) — Bedbugs, too! That dust is called Pyrocide Dust and it is sold under the guarantee that it must give absolute satisfaction or the purchase price will be refunded in full. Maruska's Seed and Produce House, the Jay-Bee Drug Store and the Thief River Farm Supply all recommend Pyrocide Dust and urge their patrons to come in and talk over their insect problems. There is no obligation to buy. 29c

Apollo got the Glory ...the Vitamins did the work

Fortunately, we do not have to depend upon the whims of an Apollo for safeguards for our health. Science has demonstrated over and over again that sensible living and proper nutrition are the first steps toward a robust body and an alert mind.

The entire nation looks eagerly for news about Science's continuous studies of vitamins. One fact that has been determined is that the B Complex vitamins are the least plentiful in the foods that come to your table. Physicians say that your body is quick to feel a B Vitamins deficiency, but unharmed if you get more than enough.

• • •

The home of Budweiser is one of the world's biggest sources of B Complex vitamins. They are contained in brewer's yeast, which we supply to leading pharmaceutical manufacturers. From them, our armed forces and our civilian population obtain millions of B Complex vitamin units to supplement the daily diet when necessary. The perfection of this vitamin-rich yeast is one more result of laboratory and research work that has helped to produce the world's most popular beer.

Have a Coca-Cola = Howdy, Neighbor, 'round the world

STATIONERY
Coca-Cola
ICE COLD

It's natural for popular names to acquire friendly abbreviations. That's why you hear Coca-Cola called "Coke".

. . . or how to make friends at home or abroad

When the American soldier overseas meets up with Coca-Cola, it's like meeting an old pal. Have a "Coke", says he to a stranger, and in three words he has made a new buddy. From Minneapolis to Melbourne, Coca-Cola stands for the pause that refreshes—has become the mark of the good neighbor, the high-sign of the friendly-minded—has spread from Atlanta to the Seven Seas.

MUSSOLINI IN RETIREMENT AS ITALY TOTTERS

Resigns as Dictator Sunday Night; Succeeded by Marshal

DUCE ENDS 21-YEAR CAREER AS DICTATOR

Move Is Regarded as Shattering Blow to Axis Partners

Dictator Benito Mussolini resigned Sunday night as premier of Italy and King Victor Emanuel, in a possible bid for peace with onrushing Allied armies, assumed command of Italian forces for "a stand against those who have wounded the sacred soil of Italy."

Marshal Pietro Badoglio, former chief-of-staff and never an admirer of Fascism, came out of retirement to succeed Mussolini as head of a military government accorded "full powers" by the king to do what is best for the war-shattered and weary country.

The broken Mussolini went into the shadows after 21 years of dictatorship in which he had tried to recreate the ancient glories of Rome on a basis of Fascism and military alliances with Germany and Japan.

This dramatic turn in Italy's fortunes was a shattering blow to Germany and Japan, Mussolini's Axis partners. No immediate comment was forthcoming from Berlin or Tokyo.

Badoglio, the 71-year-old new premier, had been dismissed as chief of staff by Mussolini Dec. 6, 1940.

He issued a proclamation Sunday night telling Italians:

"On order of his majesty the king, I am taking over the military government of the country with with full powers."

He called on all Italians to rally around the king.

"The war continues," he added. "Italy, grievously stricken in her invaded provinces and in her ruined towns maintains her faith in her given word, jealous of her ancient traditions."

The king in his proclamation said Italy, "by the valor of its armed forces and the determination of all its citizens, will find again a way of recovery."

These sensational announcements may be the opening Italian peace moves.

RALPH LUHMAN IS NAMED CHIEF AIR RAID WARDEN HERE

Succeeds Clifford Bjorkman; Work of Mrs. Karwand Wins Citation

The Pennington county civilian defense council at a meeting Monday evening confirmed the appointment by Chairman J. Robert Petersen of Ralph Luhman as chief air raid warden, succeeding Clifford Bjorkman, who tendered his resignation.

Mr. Luhman, who is credit manager for the Thief River Grocery company and a former president of the Junior Chamber of Commerce, also was appointed a member of the defense council, as was C. D. Gustafson.

A letter from Mary Proal Lindeke of St. Paul, state chief of women's defense activities, was read, in which she praised Mrs. E. C. Karwand for her outstanding record in civilian defense and awarded her a citation for 1000 hours devoted to that field of activity.

Mrs. Karwand announced that the Victory Aides would assist in the country-wide immunization project to be conducted in August under the direction of Miss Ann Sward, public health nurse.

Mayor Harry W. Kinghorn reported that the excellent total of more than 3000 pounds of clothing had been collected in Pennington county for Russian relief.

Aux. Hilver E. Johnson Is Third Officer in WAC

Aux. Hilver E. Johnson, has been commissioned a third officer in the Women's Army Corps. She was selected for officer training on the basis of her ability and record of work as an Auxiliary in the WAC. Third officer is the WAC equivalent of second lieutenant. She is the daughter of Mr. and Mrs. August A. Johnson of this city, and is a former society reporter for the Times.

ARCHIE HENBRUD
Cashier of the Union State bank, who last week was appointed by Mayor H. W. Kinghorn to the Carnegie library board, succeeding Clarence W. Pope, who has left the city.

FIVE PERSONS ARE HOSPITALIZED BY TWO CAR MISHAPS

Four Injured When Car Rolls over Near St. Hilaire Sunday Night

Five persons were hospitalized here as the results of two automobile accidents in this vicinity over the past week-end, one occurring Sunday evening on Highway 32 two miles south of St. Hilaire, and the other on Highway 59 nine miles southeast of this city, Saturday night at 10:30.

The car involved in the mishap near St. Hilaire was driven by Sgt. Thomas Koland of Stephen, home on furlough, who reported that he was blinded by lights of an approaching automobile and lost control of his car, which rolled over end over end.

Sgt. Koland, who sustained a shoulder injury, and Miss Claire McGlynn of Stephen, suffering minor injuries, were released from the hospital Tuesday, while Pvt. Edward J. LaCoe of Argyle was being treated for head injuries and Miss Lorraine McGlynn of Stephen for a bone injury.

The Highway 59 accident occurred when a car driven by George Wegge of Holt collided with one driven by Anton Peterson of Route 3, City, as the latter was making a left turn off the highway, both cars going into the ditch and suffering considerable damage. Marilyn Wegge, 16, who sustained a fractured right wrist and head lacerations, was the only occupant of either car requiring hospital treatment.

Local People Present at Holm Family Reunion in Roseau on Thursday

Mr. and Mrs. Bert Wangenstein and Mr. and Mrs. A. F. Berge of this city journeyed to Roseau last Thursday to attend a Holm family reunion, commemorating the 60th anniversary of the arrival in this country of Mike Holm, secretary of state, and his four living brothers, all of whom were present for the occasion. Dinner was served to the group of thirty or more in attendance, and motion pictures were taken. Mrs. Wangenstein is a niece of the Holms, while Mrs. Berge's mother, Mrs. William Merdink of Stephen, immigrated to this country at the same time as the Holms.

Mrs. Lyla Hanson Thanks Clothing Drive Workers

Mrs. Lyla Hanson, chairman of the Russian war relief committee, wishes to express her most sincere thanks to the citizens of Pennington county who responded so splendidly to the call for clothing for Russia. She wishes especially to thank the Victory Aides who worked in repairing and packing the clothing. Also the members of the Rotary and Lions clubs and the Civic and Commerce association who helped in baling and preparing the boxes.

State Aviation Chief to Speak Here Friday

The 110 members of the newly organized Thief River Falls unit of the National Aeronautics society, together with their friends, will assemble Friday evening at 8 o'clock in the Pine Cave of the Palm Garden Cafe for their first regular meeting, it was announced today by Wayne Anderson, president of the local chapter.

Mr. Anderson, who will preside as chairman of the meeting, stated that the guest speakers will include Leslie Schroeder of Minneapolis, recently appointed to the post of Minnesota commissioner of aviation; and Lowell H. Swenson, president of the Twin City chapter of the aeronautics association. Nearby towns have been invited to send delegations to the session.

Local speakers will tell the story of the acquisition of a site for an airport south of Thief River Falls, and they, as well as the visiting officials, will discuss plans for its development.

A Dutch lunch will be served at the close of the evening's program.

BUTTER WILL COST TWO MORE POINTS PER POUND AUG. 1

Demand by Consumers Is Now in Excess of Supply, OPA States

Butter will cost the house-wife two more points per pound beginning August 1, but shortening, lard, salad and cooking oils will cost one point less and no major changes will be made in meat values, the Office of Price Administration announced.

The new red point values will remain in effect through Sept. 4.

The two-point increase for butter brings the cost to 10 points a pound. Margarine remains unchanged at four points.

In jumping the point cost of butter, OPA said it was attempting to bring consumer demands into line with the available supply. For several months, it was explained, civilian consumption of butter had exceeded allocations.

OPA predicted that the higher point cost of butter would stimulate the demand for other fats and oils. The new point value for lard is three points a pound, while shortening and salad and cooking oils are set at four points.

DEPUTY REGISTRAR A. M. CAMPBELL TO RETIRE FROM POST

Secretary of State Holm Appoints A. F. Berge as Successor

Alex Campbell, who has served since 1933 as deputy registrar of motor vehicles in Thief River Falls, this week announced his resignation from the office, effective early in August.

While in this city last week, Secretary of State Mike Holm, under whose department the office is operated, indicated that Mr. Campbell would be succeeded here by A. F. Berge, proprietor of the Berge Finance company. Arrangements for a new location for the office are expected to made next week.

In accepting Mr. Campbell's resignation, which had been tendered early this year, Mr. Holm highly praised his efficient conduct of the local office, stating that it ranked among the best in the state.

Woolworth Manager Is Transferred to New Ulm

Ray Hartman, manager of the Woolworth store in this city the past seven years, left Monday with his family for New Ulm to take charge of the company's store in that city. Succeeding him as manager of the local store is Miss Edna Alexander, who has been a Woolworth employe here the past ten years.

Lieut. A. V. Grinley Promoted to Captain

Lieut. A. V. Grinley, former member of the Lincoln high school faculty and now stationed with the U. S. medical corps in England, recently was promoted to the rank of captain, according to word received by Mrs. Grinley, who is making her home in this city for the duration.

CONSERVATION MATTERS TOPIC MONDAY NIGHT

N. W. Assn. of Conservation Clubs Holds Its Annual Meeting Here

F. A. BROWN, GRYGLA, ELECTED PRESIDENT

State Department Officials Are Main Speakers on Program

Conservation problems were the topic of a thorough discussion by state officials and others Monday evening at the annual meeting of the Northwestern Minnesota Association of Conservation Clubs in the Civic and Commerce rooms.

In the election of officers, Ferdie A. Brown of Grygla, a former secretary of the organization, was named president, succeeding Elmer Nelson of Roseau. Philip Larson of Oslo was elected vice president, and Harry Sailor of Warren, secretary-treasurer. Henry Sterhaug of this city was named Pennington county director.

The report of the resolutions committee was submitted by John Dokken. Action was taken to recommend a closed season on sharptailed and pinnated grouse and Hungarian partridge, while the members favored an open season on deer from November 20 to 24 inclusive. It was recommended, however, that the Minnesota area west of Highway 75 from the Canadian border to Crookston be closed to deer hunting.

Another resolution suggested that the department of conservation look into the matter of seeking the establishment of a war prisoner camp at Thief Lake and in the Beltrami Island area, the men to be put to work developing the projects.

Harold Searles, director of the bureau of information of the department of conservation, spoke briefly urging that the conservation movement be started in the lower grades in school.

Dr. F. M. Shouse, state secretary of the Izaak Walton League of America, stated that approximately $170,000 of game and fish funds are being diverted to other uses, and voiced opposition of his organization to the practice. He also deplored the rapid turnover in the personnel of the department of conservation in recent years, and urged that department officials be given more authority by the legislature.

Frank Blair, director of game in the department of conservation, discussed the history of the department during the 28 years he has been in its service. He said there are now nearly 300,000 small game hunters in the state, and he outlined efforts of the department to maintain the supply of game.

The evening's program opened with the singing of "America" led by C. D. Gustafson, followed by an address of welcome by Mayor H. W. Kinghorn and a response by Judge Oscar R. Knutson of Warren. Others who spoke briefly were Congressman Harold Hagen of Crookston and William Munch, veteran lecturer with the department of conservation.

At the close of the evening the Pennington County Sportsmens club served lunch to the visitors under the supervision of Julien Provencher.

Father Charles of Detroit Lakes and Father Ansgar of New Richland visited in the city Tuesday. Father Cahries was formerly pastor of the Catholic church here.

ATLANTIC AVE. PROJECT GIVEN ALBERT LARSON

Is Awarded Street Widening Project on His Bid of $1,186.85

COUNCIL RECEIVES NO BIDS ON COAL

Approves Fourteen Beer Licenses at a Fee of $125 Each

The city council at an adjourned session Friday evening accepted the bid of Albert Larson, the only one received, for the Atlantic av. project, calling for the widening of the street from Second to Third sts., and the installation of a cement sidewalk along the Harts parking lot on Second st. Larson's bid was in the amount of $1,186.85, which figure is close to the estimate of City Engineer I. E. Quist.

The project, which calls for the widening of the street from 48 to 62 feet, will aid materially in relieving congestion in the block, in which the local cooperative creamery and the Land O'Lakes plant are located.

The council received no bids on next winter's coal supply, owing to unsettled state of the market. It was decided to buy coal at a price of $5 per ton above the price at the docks, with delivery to be made in the city's bins. Order will be rotated among local fuel dealers.

Granted at the session were fourteen on and off-sale beer licenses at $125 each, and five off-sale licenses to distributors at $5 each.

The council confirmed the appointment by Mayor H. W. Kinghorn of Archie Henarud to the Carnegie library board, succeeding Clarence W. Pope, who resigned previous to his departure from the city. Mr. Henarud's term will expire July 1, 1946.

A communication was read from the Pennington county board stating that the delay in receiving the tax assessment for the city of Thief River Falls is seriously inconveniencing the county board of equalization in its work. The matter was to be called to the attention of City Assessor T. M. Thronson.

SEVEN TAKE OATH OF ALLEGIANCE IN CITY LAST FRIDAY

Final Citizenship Hearing Is Conducted by Judge J. E. Montague

Seven county residents were made American citizens and took the oath of allegiance to the flag at a final hearing conducted by District Judge James E. Montague Friday afternoon in the district court room in the court house. At the same time two former citizens were repatriated.

Members of the group taking the oath, who were interrogated by H. E. Beglinger of the immigration office at Noyes, include Frank E. Clinton, George Simonson, Mrs. Maggie Randall, Beata M. Holmberg and Henry N. Thorson, all of Thief River Falls community; Marie Hruby of Mavie; and Cornelius Appelman of Goodridge.

Those repatriated were Anna Nelson of Mavie and Olga Lerol of Thief River Falls.

3,263 Pounds Garments Received for Russians

The unexpectedly large total of 3,263 pounds of usable garments, assembled for Russian relief by a committee efficiently headed by Mrs. Leonard Hanson, with the cooperation of the Victory Aides, was packed for shipment late last week. The clothing, all of it in wearable condition, will be speeded on its way to aid the Russian people in withstanding the rigors of the coming winter.

Mrs. Hanson this week received a letter from Mrs. Mathilda Bowman of Minneapolis, state chairman of Russian relief, acknowledging receipt of a list of donations from this community, and praising the local workers for their achievement, as well as thanking the public for its wholehearted response.

Major items included in the list of contributions were 114 men's cloth coats, 16 sheeplined coats and two fur coats; 87 men's and boys' suits, 230 pants, 51 suit coats, 28 sweaters, 253 shirts, 295 caps and 173 vests.

Ladies' garments shipped included 417 cloth coats and 11 fur coats; 327 sweaters, 123 skirts, 117 blouses and 17 slips. Among the other principal items were 465 pair of shoes, 21 pair rubbers, 65 children's sweaters, 43 snowsuits, 251 pair of hose, 77 pair of gloves and mittens, and a large number of miscellaneous items.

A box of fur, which could not be utilized by the Russians in its unfinished state, was forwarded to the fur workers' union in Minneapolis to be made into jerkins for American sailors.

Carnival, Stage Show to be Given Here Aug. 9-11

Despite the fact that there will be no Pennington county fair this year, residents of this community will be given an opportunity to enjoy street carnival attractions as well as a stage show in the Auditorium Monday, Tuesday and Wednesday, August 9, 10 and 11, when the Art Thomas Shows will appear in Thief River Falls under the sponsorship of the Junior Chamber of Commerce.

Wallace Carlson, chamber president, announced that the street carnival, to be located on West Second st. near the arena, will include three rides and several shows, in addition to a variety of concessions.

An elaborate stage show, comprising twelve varied acts, will be presented in the Auditorium each of the three evenings, with dancing to follow the program each night.

Fred Larue of Harlan, Kentucky, will be in charge of the Auditorium programs, which will include single and group vocalists, magicians, instrumentalists, acrobats, and Miss Patsy of Ripley's Believe It or Not fame, who eats and drinks while standing on her head.

JULY CONTINGENT GOES TO SNELLING MONDAY AUGUST 2

Selective Service Board Releases Names of Departing Young Men

Following a three-weeks furlough spent at their homes here, the July contingent of Pennington county reservists will leave next Monday noon, August 2, for Fort Snelling where the young men will be assigned to their army duties.

Included in the departing group are L. Gordon Ballingrud, Charles E. Krause, John W. Lang, Walter E. Oltman, Paul G. Couvrette, Ernest J. LaCoe, Matthew J. Bimler, Forest J. Elofson, Reuben Christofferson, Douglas W. Hess, Hubert E. Baum, Arthur P. Von Wald, Delbert C. Harbott, Albert T. Myhrer, Charles Hovden and Clifford M. Lunke.

Carlo Columbo, also a member of the July group, left Tuesday for San Diego, California, to enter the marine corps.

Over $300 Donated in Junior Chamber Drive for Soldiers Cigarets

More than 6,000 packages of cigarets will go as a free gift from local citizens to men in the armed services overseas as a result of the campaign recently staged in the city under the auspices of the Junior Chamber of Commerce. Buxton Emanuel, chairman of the drive, stated that donations aggregated more than $300, of which $163 was collected in the tag day conducted Saturday with the cooperation of local girl scouts.

Civic & Commerce Assn. Hears Request for Cut in Delivery Services

The Civic and Commerce association, at its luncheon meeting last Thursday, was addressed by I. Levine of the Fargo branch of the office of defense transportation. He urged a material reduction in delivery service now being given by local business places, and added that if the restriction is not made voluntarily, an order making the move compulsory may be issued at an early date. The association adopted a resolution endorsing a proposal that prisoners of war be stationed at Thief Lake or in the Beltrami Island area to be employed on public works projects.

CAPTAIN H. C. JOHNSON NOW AT CAMP GRANT, ILL.

Captain Harold C. Johnson of Thief River Falls has been assigned to the medical replacement training center at Camp Grant, Illinois.

Robert E. Elofson Jr. Is Awarded Purple Heart

Tech. Sgt. Robert E. Elofson Jr., who was wounded in action in the Aleutian Islands May 30, has been awarded the order of the Purple Heart, it was learned here this week. He is the son of Robert E. Elofson, formerly of this city and now engaged in defense work at Salem, Oregon.

AUXILIARY WILL SELL WAR STAMPS AND BONDS AUG. 7

Molly Pitcher Day to Honor Revolutionary War Heroine

A novel promotion plan for the sale of war bonds and stamps will be staged in Thief River Falls Saturday, August 7, under the sponsorship of the local Legion auxiliary, it was announced today by Mrs. Esther Plough, chairman of the campaign, who added that the plan has the endorsement of Governor Edward J. Thye and Mayor H. W. Kinghorn.

August 7 has been designated as "Molly Pitcher Day", honoring a heroine of the Revolutionary War, who brought pitchers of water to the American soldiers on the battlefield of Monmouth. For her heroism she was given the rank of sergeant by General George Washington.

On Molly Pitcher Day, members of the auxiliary will be stationed in the local banks and postoffice as well as on the street to solicit the purchase by local citizens of war bonds and stamps.

As an added feature, Mrs. Plough announced, a display of historic and unusual water pitchers will be arranged in the windows of the Jay-Bee drug store near the postoffice. Those having suitable pitchers are asked to bring them to the store this evening between the hours of 7 and 9, or on Friday from 2 to 9, when auxiliary members will be there to receive them.

President Roosevelt Says Coffee Rationing Has Been Discontinued

President Roosevelt announced Wednesday night the end of coffee rationing for civilians and a probable increase in sugar allotments. He attribued the moves to a vast increase in available shipping space and greater success in the war against U-boats.

"One tangible result of our great increase in merchant shipping—which will be good news to civilians at home—is that tonight we are able to terminate the rationing of coffee," he said in his broadcast report to the nation. "We also expect that within a short time we shall get greatly increased allowances of sugar."

Roy Oen and Son, 7, Make Canoe Trip from Outlet

Roy Oen and his son Dick, 7, Sunday and Monday enjoyed the interesting experience of traversing by canoe the approximately 110 miles meandering course of Red Lake river from the Red Lake outlet to Thief River Falls. They used an outboard motor when they had traveled far enough below the outlet so that weeds did not interfere with its operation. Mr. Oen reports having seen swarms of ducks along the upper reaches of the river.

FARMERS SEEK BUSINESSMEN'S AID IN HARVEST

Program Mapped at Meeting in City Last Thursday Evening

ASK C. AND C. ASSN. TO CONDUCT SURVEY

Will Ask Business Places to Release Men in Busy Farm Season

Definite plans to meet the farm help demands of Pennington county farmers during the rush period of harvest and threshing were made at a meeting last Thursday night in the office of the county agent. The committee, composed mainly of farmers, were of the opinion that considerable help would be needed during this critical period.

According to County Agent Ernest Palmer, who acted as chairman of the meeting, the committee is requesting the Civic and Commerce association to conduct a survey of all business concerns in the county to determine those who will be available to go out on farms during evenings in harvest and full days in threshing.

Russell Olson, head of the U. S. employment service in Thief River Falls, will be in charge of the placement of these men. Any farmer needing help during harvest and threshing is asked to place his order as soon as possible at Mr. Olson's office.

The committee realized that it would be difficult for towns people to assist much with threshing by working evenings, consequently, they are asking the business concerns to work with skeleton crews as much as possible during the threshing period.

In this way it is hoped that it will be possible for each of the Thief River Falls business places to release a few of their men at a time to help the farmers get their threshing done. A similar request will be made of the railroads.

ENROLLMENT IN COUNTY SCHOOLS DOWN IN 1942-3

2,692 Pupils Were Enrolled in Public Schools of Pennington Co.

A total of 2,692 pupils of all ages were enrolled in the public schools of Pennington county during the 1942-43 term, this figure representing a decline from the aggregate of 2,839 enrolled during the preceding year, it is revealed in the recently completed annual report of Mrs. A. C. Matheson, county superintendent of schools, to the state commissioner of education.

Of the total, 1,933 pupils were in graded elementary and high schools, compared to 2,052 the previous year, while 759 were in ungraded elementary schools, compared to 787 the preceding year. In the graded schools, there were 1,181 pupils in grades up to and including the eighth, with 752 high school students in grades 9 to 12.

The percentage of attendance by pupils in graded elementary and high schools was reported at 91 per cent, while in the ungraded elementary schools it averaged 86 per cent.

NORTHWEST NEEDS MORE GRAIN CARS, SAYS CONG. HAGEN

Cites Serious Shipping and Storage Problem Thruout District

Northwest farmers and elevator companies are confronted with a serious storage and shipping problem which will become even more serious unless more railway cars can be sent to the north central grain states in the next few weeks, Representative Harold C. Hagen of Crookston, said Friday.

In conference with elevator managers and farm groups, throughout Minnesota, Hagen was informed that some elevators and bins are bulging with last years' crop and that no railway cars are available to move it.

Others have grain to ship and have been unable to get cars for weeks.

Few cars are in the area to move the new crops about to be harvested.

WPB OPENS DRIVE TO COLLECT ROPE TO ASSIST IN WAR

Campaign Is Designed to Relieve Acute Shortage of Material

Rope has become a critical war material and during the next 30 days will be the object of an intensive War Production Board hunt in every northwest factory, farm, dock and home.

Most of the ingredients of rope come from Asiatic areas now overrun by the Japs. Imports of these materials in the United States have been cut off. Nevertheless, said F. Peavey Heffelfinger, northwest WPB director, Allied war needs require these materials for a number of purposes.

"The fibers used in these activities previously came from waste in our rope factories," he said. "We're making less than one-third of the rope we made in 1941 and the by-products are not sufficient to meet our military needs. That's why we're asking for rope."

E. G. Nelson, industrial salvage section regional chief who is in charge of the drive, pointed out that the government wants only waste and unused rope. Rope that is being utilized should not be put into this drive, he said. Any length of rope is welcome and donors can turn over to their favorite charity whatever they can spare. Scrap dealers thruout the region have been designated to collect the rope. Except where large quantities are gathered, nothing can be paid for it because the price is so low.

Funeral Rites Monday in Plummer for Mrs. Emma Mary Williams

Funeral services were conducted Monday in Plummer for Mrs. Emma Mary Williams, who passed away in Plummer Saturday, July 24, at 3:30 A. M. Rev. John Merth conducted the rites in St. Vincent's Catholic church at 8:00 A. M. and interment was made at St. Stephen's cemetery at Stephen.

Mrs. Williams, who was 83 years old at the time of her death, was born in Quebec, Canada, November 23, 1859. She came with her parents to Austin in 1866 where she was married to Frank J. Williams on April 3, 1880. Later living in Gentilly, Crookston, and Stephen, Mrs. Williams finally moved to Plummer where she has made her home with her daughter, Mrs. J. J. Jackson, for the past ten years.

Surviving are one daughter, Mrs. James Jackson of Plummer, nine grandchildren and nine great grandchildren. Her husband and four children preceded her in death.

This week's developments in Italy have verified the grapevine reports that have indicated for some time that things were not running smoothly in that country. We now have greater justification for believing the stories of unrest that come to us from all parts of conquered Europe. It is not to be expected, however, that Germany will crumble as fast as has Italy. The Italian people have never had their hearts in the war nor do they have the fear of revenge from nations they have conquered, that will be a big factor in keeping the Germans fighting to the last ditch. Fear of the Russians and the Poles may induce the Germans to open their back door to the British and Americans without much struggle. If the present Russian offensive starts rolling it is reasonable to assume that the Germans would welcome an invasion from the west by Britain and America.

Uncle Sam is asking for help in finding places where war prisoners can be given useful work. There are two projects in our territory that should measure up to the requirements very nicely. At Thief Lake and in the Beltrami Island Forest north of the Red Lakes are camps that will house hundreds of men and in these publicly owned areas there also is much work to be done. And if the necessary housing could be provided many hundreds of war prisoners could be used making necessary improvements to the drainage systems of our territory.

Harvesting has started and with a continuation of hot weather the rush season will arrive in a hurry. This is one year when the results are not going to be disappointing because expectations have not been high. It is very discouraging to get less than you expect.

Next week will be County Fair Week—but there will be no fair. For the first time since fairs started being an annual event in Thief River Falls, more than forty years ago, Fair Week will slip by this year without the usual activity. Later in the season, however, there will be a miniature fair, arranged primarily to encourage the activities of our 4-H Clubs. The youngsters themselves will assume a large part of the responsibility in arranging for this later event and it should be an interesting experiment both for them and for the public.

If you are interested in aviation, not necessarily as a flier but even as one who is watching with interest the development of this industry, attend the meeting that is going to be held Friday evening in the basement of the Palm Garden Cafe. It is sponsored by a newly formed local organization that is encouraging development of an airport for Thief River Falls. Guest speaker will be Les Schroeder, Minnesota's commissioner of aeronautics.

In his talk last night President Roosevelt outlined a plan for taking care of the returning soldiers. Of all the proposals for security the President has made to one group or another, this promise to the returning soldier probably will come closest to being realized. The men in the armed forces are going to return to a country that, as the President said, is very rich, but which, as the President failed to mention, is heavily mortgaged. The returning soldiers will not be greatly concerned about the mortgage however. Their claims will be protected by a prior lien.

H. E. Stassen Finishes Navy Study in New York; To Leave for Overseas

Lieut. Cmdr. Harold E. Stassen, who resigned as governor of Minnesota last April to join the navy, was graduated Friday at Fort Schuyler Training School after an eight-week indoctrination course.

He said he would proceed immediately "to active duty outside of the continental limits of the United States."

Asked in a general press conference what he would do if he were drafted for public office, he replied that he considered the possibility "so remote that I have no comment."

HIGHLANDING

A number of the Highlandingite's attended the party given for David Wilde at River Valley Saturday night.

The Highlanding club met Wednesday evening at the hall. A large crowd of members and parents attended. After the business meeting games were played and lunch was served. Delores Sigurdson club reporter announced.

Doris Refsnes left for Long Beach, Calif. Thursday after a month's vacation with relatives and friends. Orris Tiegland of Goodridge accompanied her to Long Beach.

The Appleman family and Peter Refsnes went to Thief River Falls Friday. Cornelius took out his final papers and is now a citizen of this country.

Mr. and Mrs. Henry Paulson attended the farewell party given for Rev. Tungseth at Goodridge Sunday.

The Vad family had a family picnic at the Christ Vad farm Sunday. Attending were the Gust, Clifford Vad, Ludvig Strand and Marvin Borgen families. It was also Gust Vad's birthday and the birthday cake wasn't forgotten.

Mrs. Art Helgeson, who is here from Bremerton, Wash. and her sister, Mrs. Clifford Vad and family drove to Thief River Falls to shop Monday. Mrs. Helgeson returned to Goodridge Tuesday to be with her father and mother.

Mr. and Mrs. C. Appleman and Harry Paulson were Sunday guests at the Eno Olson home, east of Goodridge.

The wrong way to get set for a restful night's sleep is to listen to the ten o'clock broadcast of war news.

Safe prediction—Henry A. Wallace will not be President Roosevelt's running mate in his race for a fourth term.

Random thought — Wonder what became of the mosquitoes this summer.

Duck hunting restrictions are to be eased this fall, but Nimrods are wondering what they will use for ammunition.

The fact that 2,000 Allied ships were utilized in the attack on Sicily gives a hint of the problems in connection with a full-scale invasion of the European continent.

Thief River Falls citizens are due for further inconvenience. The treasury department reports that there is a shortage of $10,000 bills.

Don't be a bottle hoarder. Turn in your milk and beverage bottles, and you'll be helping the war effort.

A U. S. admiral predicts the war against Japan may last six years longer, and the Fergus Falls Journal wonders if we will have to endure a fifth term as well as a fourth.

A bow to Mrs. Leonard Hanson, chairman, the Victory Aides and other workers for the swell job they did in the collection of clothing for Russian relief.

It is safe to assume that Hitler will see the symbolism in the downfall of his Italian stooge.

GIRL SCOUT NOTES

Gertrude Raymond Tells

Father has ceased to wonder where his hammer is and Mother can find her scissors again, for Birch Lane day camp is over. Every day for the past two weeks 60 girl scouts hiked or biked out to Dr. Bratrud's to spend the day learning how to have fun, how to live with a group their own age, practice outdoor cooking, handcrafts, trail blazing, camp craft, and dramatics.

The girls arrived at 10:00 A. M. and set up their units, which was their home for the day. The camp had 4 units, namely the East River Gang, Skeeter Hollow, Dogpatch, and the Camp Without a Name. Each unit worked independently and chose from the check sheet the activity they wished to carry on. Lunch was followed by a rest period after which the girls finished their morning work or began work on some new project. Then came the gayest time of the day when all the units met for singing directed by Mrs. Helseth. Each unit prepared a special number for the group which gave variety to the program and many new songs were learned. After singing taps, the girls went back to their units, made plans for the next day, packed up and were ready for home by 4 P. M.

During the first week the girls were asked to put their choice of a name for the camp in a box. The camp committee, acting as judges, selected Birch Lane Day Camp, which had been suggested by Unit No. 1.

Each morning the girls received a copy of "Daily Doings," the camp newspaper which was a project of Unit No. 4.

Tuesday was visitors day at the camp. Many parents, friends, and others interested in scouting visited the camp and saw the actual work being carried on.

Friday evening the scouts closed the camp session with a campfire. Songs were sung and dramatizations given, after which everyone gathered around the dying embers to toast marshmallows. Taps were sung and then the girls left for home.

Friday morning 30 brownies took over the camp for a four hour session. They carried on a program similar to that of the scouts and express a desire to become part of the camp next year.

Those acting as counselors and who helped in making the camp a success were Mmes. Floyd Olson, W. J. Brown, C. C. Simonson, H. K. Helseth, J. W. Stewart, Walter Weigelt, L. B. Hartz, and Misses Joan Dahlquist, Ardith Bejerson, Alpha Gabrielson, Pat Abbott, and Lorrayne Arhart. Mrs. L. G. Larsen gave a very interesting talk on birds and Mrs. O. G. Lynde gave instruction in first aid. The camp nurse was Mrs. Ed. Bratrud, and Miss Gertrude I. Raymond of Little Falls was camp director. Acting on the camp committee were Mrs. R. J. Abbott, Mrs. Alfred Skarstad, and Mrs. Clara Paulson.

A display of the work done at the camp may be seen at the Falls theater building.

Results of the week's matches: Oen's (152) defeated Poppler's Furniture (154).

Lincoln Life (146) defeated Soo Line (159).

J & B Drugs (140) defeated Harts Bakery (155).

Bratrud Clinic (140) defeated the Times (141).

Friday evening's schedule:
Oen's vs. Lincoln Life.
Harts Bakery vs. The Times.
Bratrud Clinic vs. J & B Drugs.
Soo Line vs. Poppler's Furniture.

The Harts Bakery's team tenure as the golf league leaders was short-lived for last Friday evening the J & B Drugs, with a 140-stroke net, toppled the bakers into second place in the league standings. Dr. A. E. Jacobson, Archie Henarud, and Stan Dahlen came in with net 34's, and Dr. Baldwin Borreson had a net 38, for the J & B team; while Vic Kvikstad and Rev. A. I. Merth scored net 35's for the low scores on the Harts team.

The defending champion Lincoln Life team moved into the league lead, taking the position vacated by the Harts Bakery, by turning in a 13-stroke win over the Soo Line, 146 to 159. Hans Chommie and Rev. G. S. Thompson had net 35's, while Lloyd Bennes and Floyd Daniels each had a net 38. Charles Hoffas marked up the low net for the Soo Line, a 35. The Oen's, with a net 142, scored their first win of the season, defeating the Poppler's Furniture, 142 to 154. In the week's closest match the Bratrud Clinics edged out the Times, 140 to 141.

65,136 Army Casualties in War up to July 7th

The United States has been a belligerent in this war longer than it participated in the World War, but Army casualties have been only about 25 per cent of the 1917-18 total. Acting Secretary of War Robert P. Patterson told a press conference that reports through July 7 show 65,136 army casualties against a total of 248,589 in 1917 and 1918. But Patterson added:

"It is almost certain that the fighting in immediate prospect will be much harder than anything we have experienced yet, and the casualties will mount.

"The period of relative quiet is gone. We will do well not to underrate the enemy's strength."

City Golf Tournament at Semi-finals Stage

The championship flight of the city golf tournament has moved into the semi-finals with Hans Chommie slated to meet Dr. Ed Bratrud and Vic Kvikstad scheduled to play Dr. Homer Hedemark. In second round matches played this week Hans Chommie defeated Floyd Daniels; Dr. Bratrud upset Stan Larson, 2 and 1; Vic Kvikstad won over Kern Olson, and Dr. Hedemark, in a 19-hole match, defeated Dr. H. K. Helseth, 1 up. The championship flight consolation pairings will have Daniels playing Stan Larson and Kern Olson meeting Dr. Helseth.

The first flight has also reached the semi-finals and the week's matches will find Rev. G. S. Thompson playing Charles Hoffas, and Lloyd Bennes meeting Geo. Mostue. Rev. Thompson earned a semi-finals position by defeating Dr. C. W. Jacobson; Charles Hoffas eliminated Wm. Claffy; Lloyd Bennes, the defending flight champion, turned back Dr. A. E. Jacobson; and George Mostue was victor over Ed Carlson.

The semi-finalists in the second flight are Frank Kobliska, Guy Hinton, Stan Dahlen, and Walt Smith, with Kobliska paired against Hinton and Dahlen pitted against Smith. First round play found Kobliska defeating Haakon Olson; Hinton winning over Bill Dahlquist; Dahlen defeating Rev. A. I. Merth; and Smith scoring a conquest over Ray Jude.

Milt Larson defeated Oscar Cerny in an extra-hole match on Tuesday evening to reach the finals in the third flight. In their first round matches Larson defeated Clarence Knudsen and Cerny won over Archie Henarud. The lower bracket in the flight has not played any matches. The fourth flight's upper bracket has reached the semi-finals with O. H. Ekeren, who defeated Anton Hall, booked to meet Al Archambault, who won over John Rieneke.

War Production Board in Minneapolis Helps to Obtain Priorities

Farmers and business men who need priority assistance for purchases that require preference ratings were urged today by northwest WPB authorities to submit their PD-1-A application forms directly to the Minneapolis regional office for prompt processing.

The PD-1-A form is the application used to ascertain priority rights for purchase of materials needing priority ratings, up to $500 in cost.

F. Peavey Heffelfinger, northwest WPB director, said the Minneapolis office is prepared to give applicants 24-hour service on the PD-1-A forms. Many applicants, unaware of the service facilities of the regional office, have been sending their applications to Washington, where even when immediate attention can be given application, at least a week's delay will occur. The Minneapolis office can process forms in 24 hours.

Applicants were cautioned to prepare three identical forms. Two should be mailed to the Minneapolis WPB office in the Midland Bank Building, each copy being signed by the applicant, and the third kept by the applicant.

Following a picnic lunch to be enjoyed during the noon hour, there will be a short speaking program, as well as other entertainment and games. All Eagles and their families are invited to attend.

SCHOOL OPENING DELAY URGED BY FARM HELP GROUP

Proposed as Means of Relieving Acute Shortage of Farm Labor

Steps to delay school openings in Minnesota two or three weeks, to September 20, have been taken by the 8-man advisory committee, made up of state and federal governmental heads, assisting Paul E. Miller, agricultural extension chief in direction of the emergency farm help program.

A recommendation adopted by the group unanimously is to be presented to state educational department heads, to Governor Thye, and others for formal endorsement. The proposal was made originally by George A. Selke, WMC director, on leave as president of the St. Cloud teachers' college. His position was strongly supported by Miller and Charles Stickney, state AAA chairman.

The farm help leaders point out that the saving of much of the 1943 crop will depend on the amount of labor available in late August and early September. There are between 10,000 and 12,000 non-farm youth now employed in agriculture, and most of whom are students. It is important, Miller said, that this help remain at work until the peak of the late harvest is over.

The recommendation was made early so that local school boards, having final authority, will have time to make necessary arrangements. Whatever steps are taken, it was explained, will include protection of each school district's rights, insofar as state aids are concerned.

James Borreson Guest Speaker at Rotary Club

James Borreson, student at the University of Minnesota, was the guest speaker at the Rotary club luncheon Tuesday noon in the Evelyn hotel. Selecting post-war planning for his topic, he asserted that the American people are no better prepared for peace today than they were prepared for war in December, 1941. Another guest who spoke briefly was Congressman Harold Hagen of Crookston, member of the Rotary club in that city.

WEST SIDERS WIN LATEST CONTEST IN D-BALL SERIES

Defeat East Side Aggregation 8 to 4 Tuesday Evening

The West Side moved into a one-game lead in their diamondball series with the East Side Tuesday evening when they defeated Ole Ness' East Siders, 8 to 4. Gordy Reierson tossed up one-hit shutout pitching for four innings, while his teammates combed Bobby Carlson for 7 runs on 6 hits. The East Side picked up their quartet of runs, and seven of their hits, in the 5th and 6th innings. The East Side turned in the evening's fielding feature in the 6th inning when they completed a triple play. Another game is slated for this evening.

The box score:

Keeping Score

.... With HUCK OLSON

One for the Book

On Tuesday evening the West Side defeated the East Side, to take the advantage in the diamondball series, but the East Siders got nearly as much satisfaction out of the contest as if they had won the game, for in the 6th inning, just as the West Side had scored a run and had men on second and third bases, the surprising East Siders rattled off a triple play. Two hits and an error had scored a run and left Earl Tormoen on third base and Chuck Erickson on second, with no one away. Jimmy Cerny lofted a fly to centerfield, but Bob Hanson made the catch and then threw to Wally DuChamp covering second to double Erickson, and Wally whipped the ball to Bobby Carlson on third to triple Tormoen. The play was kind of humiliating for the West Siders, and you should have heard the East Siders' Mike Welch crow!

A Grand Old Gent

The annual meeting of the Association of Northwestern Minnesota's Sportsmen's Clubs, held here Monday evening, was honored by the presence of William Munch, veteran game warden and conservationist. Uncle Billy Munch as he's more familiarly known, is beginning his fortieth year as a member of the state department of conservation, and he intimated that he plans on retiring soon. Munch's duties now consist largely of delivering lectures before 4-H clubs, picnics, and various gatherings on the benefits of conservation.

Frank Blair, director of the department of game, who gave the chief address at Monday's meeting, stated that there would be an open season on Hungarian partridge and ruffed grouse; but that the season would be closed on sharptailed and pinnated grouse.

Plenty of Alibis

The season's first baseball game, an informal tussle between the junior team and the city team veterans, was played on the East Side diamond Friday evening, and the city team, after trailing for several innings, found the range and hammered out a 25 to 9 win. The juniors though, as long as they had Vern Tormoen on the mound, were a match for the city team, and not until young Johnny Powell took over the juniors' pitching duties did the veterans pull away. Cpl. Jesse DuChamp, home on furlough, started on the mound for the city team, but Jess, trying to strong-arm the juniors, had difficulty in finding the plate and after a couple of innings he was yanked. And did he ever have alibis. First, his arm and pitching muscles had become tightened because of the change to cool weather, he having just finished desert maneuvers in California; and second, he had gotten a kink in his arm at the P and G. At bat Jess ran into into difficulties too, being a strike-out victim once and sending several dribblers through the infield. The most effective clubbers for the city team were Wally DuChamp and Carlo Columbo, each of whom connected for a pair of homeruns.

Birchmont International

The Birchmont International golf tournament, being played over the Bemidji Country Club course, begins today, with qualifying rounds scheduled for today and tomorrow, and match play slated for Saturday and Sunday. Local golfers wishing to enter the tournament, and in flights below the championship, may mail their qualifying scores to Dex Duggan this evening. Pairings will be made on Friday, and a Calcutta dinner will be held on Friday evening.

A New Hockey Coach

The school board signed Armando Pagliarini to a contract last week, and he's now a member of the high school faculty, taking the position vacated by C. W. Pope in the manual arts department. And that means, too, that the local Hornets, junior hockey team, will again have a faculty member as coach, for Pag has been Warroad high school's hockey coach for the past several years, and in that time he has produced some very fine teams. His team in 1942, which had Dick Roberts, Wes Cole, Cal Marvin, Overby Stoskopf, Don Berry, and Walt Babineau on its roster, was a Tartar for the Hornets to beat, and that was the year that the locals won the state high school hockey championship.

SCARCITY OF FARM TIRES SUBJECT OF STUDY BY THE OPA

State Director Is Working on Several Possible Solutions

Hope for solution of the acute agricultural tire problem was held out Friday by T. G. Driscoll, district OPA director in St. Paul.

Driscoll told 24 heads of state and federal agencies connected with the war effort, meeting Friday with Governor Thye, that efforts to obtain tires for farmers were proceeding along two lines.

The first suggestion involves use of idle tires turned in some months ago and now held in storage. Driscoll said representatives of his offices were in Chicago and Washington this week, seeking to have camelback made available for retreading of these tires, which then could be distributed to farmers.

Driscoll said the supply of camelback was sufficient and urged those present to use whatever influence they have in Washington to have it released for recapping purposes.

Driscoll also said he had suggested to William Jeffers, rubber administrator, that the so-called victory tires, made from reclaimed rubber, be taken out of grade one and put in grade three for farm purposes, only. He explained these tires were not selling well in metropolitan centers, but would be suitable for use in rural areas.

Amnesia Victim in Army

As promising a soldier as any at Camp Beauregard, La., turned out to be an amnesia victim who had been drilling assiduously for four months unaware of the coast-to-coast search going on for him. His fingerprints finally revealed his true identity.

State Civil Service Is Seeking Stenographers

The Minnesota state civil service department urges all stenographers, typists and clerks to apply for the next civil service examination before the closing date, September 1, 1943.

The entrance salary is $91.50 per month, and promotional opportunities for jobs involving more difficult and responsible work with higher salaries occur frequently. There are many opportunities for placement in the state institutions and teachers' colleges as well as in the state offices in the Twin Cities.

Applications may be obtained from any United States employment service office or from the Minnesota civil service department, 122 State Office Building, Saint Paul.

2 University Officials Made Vice Presidents

William T. Middlebrook, for eighteen years comptroller of the University of Minnesota, has been advanced to vice-president in charge of business administration, and Malcolm M. Willey, long dean of administration and assistant to the president, has been made vice-president for academic administration. The moves were made at instigation of the Board of Regents which feels that the university has grown so extensively since the present organization was established that some changes to facilitate administration should be made. President W. C. Coffey retains all his original powers as head of the "U" but will be relieved of a considerable number of specialized duties and therefore be able to give more time to the broader aspects of university administration and to public relations.

ROAD DEPARTMENT WILL FURNISH MEN TO HARVEST CROPS

Will Supply up to 800 Highway Department Workers for Farm Work

The Minnesota department of highways will cooperate in the Food for Victory program in every possible way, according to Commissioner M. J. Hoffmann. The department hopes to add some 800 men to the state's emergency manpower pool being created under the direction of Governor Edward J. Thye.

"All maintenance workers who have any time off coming will be encouraged to take it now and offer their services for work in the harvest fields," said Mr. Hoffmann. "It is customary to give them time off to compensate for overtime they are required to work in other seasons. Many of them have accumulated an unusual amount of overtime, due to heavy snows last winter and repair work necessitated by heavy rains this spring. It will be necessary to stagger the workers' leaves so that essential road work will not suffer. District maintenance engineers will work out programs to fit local conditions.

"The department already has greatly reduced its payroll, both to keep within our reduced current income and to release manpower for other essential work. More than 700 employees have left the department to join the armed forces or work in defense plants. Our payroll in June was about 700 less than in June last year and about 1,400 less than in June, 1941.

"Wherever maintenance or repair work can be postponed until after harvest, this will be done. Grass and weed cutting is being held to a minimum during July and August. Only enough mowing will be done to keep road shoulders clear and signs, markers, and guard rails plainly visible. All grass and weeds, however, will be cut at least once before the summer ends to prevent snow drifting and weed seeds spreading."

State Gets Two Bids on '44 Car License Plates

Only two bidders submitted offers when bids were opened in the St. Paul office of State Purchasing Commissioner Miles Cooper for full-sized fibre board automobile license plates to replace the steel plates now serving their second year, on Minnesota cars. One set of bids came from a state institution—the St. Cloud reformatory, and the other from Gopher Stamp and Die Co. of St. Paul, which has frequently held the license plate contracts in previous years. The contract will be awarded this week.

LAND O'LAKES NEWS

CREAMERY EQUIPMENT SUPPLY PROBLEMS SOLVED!

WOULDN'T THAT BE WONDERFUL news? Unfortunately, with existing conditions, priorities and necessary government regulations, one of the biggest problems a creamery operator has is to obtain new and essential equipment for his plant.

OF COURSE, NO ONE can work miracles, but creameries have found that by working through Land O' Lakes supply and equipment department, many of their supply problems have been solved. Expert advice, up-to-date knowledge of existing regulations, and technical knowledge of creamery problems do much to help creameries solve their wartime production problems.

THERE ARE [illegible] ADVANTAGES in making creamery equipment purchases through Land O' Lakes supply department. The advice and help with wartime regulations is free—prices are reasonable—and dividends are paid on the basis of purchases.

PROGRESSIVE northwest creameries are invited to investigate this up-to-date service. It is made possible because of Land O' Lakes cooperative efforts for the good of the entire dairy industry.

FLAX STRAW
for V...—

WE ARE HAPPY TO ANNOUNCE A PROGRAM WHEREBY YOUR NEIGHBOR WHO IS OUR DISTRICT MANAGER IS READY AND WAITING TO ASSIST FARMERS AND BALERS IN WORKING OUT THEIR FLAX STRAW PROBLEMS.

...—

THE FOLLOWING PROGRAM HAS BEEN ADOPTED ONLY AFTER EXHAUSTIVE STUDY AND IS DESIGNED TO PUT FLAX STRAW ON AN EFFICIENT CROP BASIS AND TO DO AWAY WITH MANY OF THE ABUSES AND UNCERTAINTIES WHICH HAVE PLAGUED THIS NEW AND ESSENTIAL INDUSTRY.

1.—Every farmer at no trouble or expense to him may actually invoice his sale for which payment is pledged by Smith Paper, Inc., instantly by return mail.

2.—Every farmer may make his choice of any part of or all of the straw operation. He can sell his straw and be sure of payment even before the bales leave his farm. He can bale and sell his own straw direct to the company or pool his baling with his neighbors for a direct sale. He may make his own arrangement for custom baling of quality combine straw just as he does for other crops and sell direct on a free market with no strings attached. He may do the same with well-topped, quality threshed straw.

3.—Every farmer may patronize his neighborhood baler, may do business with the same man year after year.

4.—Every baler holding a Smith Paper contract is prepared to co-operate with the farmer and thus help to insure the harvesting of this essential fiber.

Have a "Coke" = Dinkum Cobber
(HOWDY, PAL)

"Coke" = Coca-Cola
It's natural for popular names to acquire friendly abbreviations. That's why you hear Coca-Cola called "Coke".

...or how Americans make friends in New Zealand

"You're a dinkum cobber", says the New Zealander when he wants to call you pal. The American soldier says it another way. Have a "Coke", says he, and in three words he has made a friend. It's a phrase that says, "Welcome, neighbor" from Auckland to Albuquerque. 'Round the globe Coca-Cola stands for the pause that refreshes—has become the high-sign between kindly-minded people.

CITY COUNCIL PROCEEDINGS

Pursuant to adjournment the City Council of the City of Thief River Falls, Minnesota met in session in the Council Chambers in the Municipal Court Chambers in the Auditorium and Municipal Building on Friday, July 23, 1943. The meeting was called to order at eight o'clock P. M. with Aldermen Grichstein, Peterson, Hunt, McKechnie, Stenberg present and Alderman Rinkel absent.

Mayor Kinghorn presented the appointment of Archie Hovland as a member of Carnegie Library Board succeeding [illegible] W. Page, resigned, for the term expiring July 1, 1946. Alderman Stenberg moved that such appointment be confirmed and ratified which motion was seconded by Alderman Peterson and adopted by unanimous vote.

A resolution passed and adopted by the County Board of Pennington County in session on July 12, 1943 was presented and read; the same requesting the cooperation of the Council in requiring the City Assessor to complete the assessment for the year 1943 without further delay in order that the County Equalization Board might perform its duties in completing such equalization. The matter was delegated to the Council as a whole to meet with the Assessor and secure action in compliance with the request.

Application for building and moving permits were presented, as follows: Mrs. Harry Helgeseth, shingle and repair residence, Lot 7 Block 7, Conley's Second Addition, cost $40.00. Severt Sjulson, moving residence building from Lot 18, Block 34, O.T.S. to outlot N of Meehan's Addition, constructing foundation, basement and making minor repairs, cost $400.00. Alderman Peterson moved that the same be approved and granted. The motion was seconded by Alderman Hunt and adopted.

Application was presented by Ed. O'Hara for reclassification of South ½ Lot 6, all 7-8, Block 3, Knox Addition from non-homestead to homestead. The application was on motion referred to the Tax Committee of the Council.

Applications for renewal of licenses to engage in the sale of 3.2% beer were presented by the following: J. C. Kretschmar, Palm Garden Cafe; Henry Sletten, Viking Tavern; L. J. Cerny & Son, The Mint; Clifford Sternaim, Falls Eat Shop; Andrew Prestebak, Park Hotel; Gunder Grovum, The Club; [illegible] Hyam; H. A. Olson, [illegible]; [illegible] Sheeler; Frank & Wesely; [illegible]; all on and off sale; [illegible] Thief River Grocery; Val J. Nelson; Kiewel Products Co.; Harry Flesch and J. & M. Grue. Alderman Peterson moved that the applications be approved and that the Clerk be instructed to issue renewal licenses to the various applicants. The motion was seconded by Alderman McKechnie and the question being put to a vote, all members voted in favor thereof and the motion was declared carried.

In the matter of proposals for the furnishing of coal to supply the municipal buildings of the City as duly advertised to be considered at this time, the Clerk advised that no bids had been received in response to such call. A. L. Smith of Robertson Lumber Company and A. H. McLaughlin of Red Lake Fuel Company were present representing the coal dealers and stated that no proposals could be made for the reason that deliveries and prices were uncertain due to the war situation and on behalf of the local dealers they submitted an oral proposal to furnish coal in carload lots at a price of $2.00 per ton over the Dock price, delivered in bins of the City. Alderman Petersen introduced a resolution accepting such oral proposal and directing the Clerk to place orders for the supply with Robertson Lumber Company, Red Lake Fuel Company, Consumers Co-operative Association, O'Hara Fuel & Ice Company, Oen Mercantile Company and Central Lumber Company of a premium grade of screenings and lump coal as required and such coal to be dust treated and moved adoption of the resolution. The motion was seconded by Alderman Stenberg and adopted by unanimous roll call vote.

Alderman Petersen moved that proposals, duly advertised for this date, for street improvement of Atlantic Avenue from Second to Third Street, and construction of cement walk along and bordering on Lot 24, Block 36 of the Original Townsite to be opened and considered. The only bid received was that of Albert Larson proposing to complete the project for the total sum of $1,[illegible], items No. 1 to 7 of the specifications. Alderman McKechnie introduced a resolution accepting the proposal of said Albert Larson, fixing the amount of performance bond at $1,200.00 and moved adoption of the resolution. Motion seconding adoption was made by Alderman Stenberg and the resolution was by roll call passed and adopted.

On motion duly made and carried the meeting was declared adjourned.

EMIL GRICHSTEIN,
President of the Council.
Attest: P. G. Pederson,
City Clerk.

RESOLUTION

At an adjourned regular meeting of the City Council held July 23rd, 1943, Alderman Petersen, seconded by Alderman Stenberg, introduced the following resolution and moved its adoption:

BE IT RESOLVED, By the City Council of the City of Thief River Falls, Minnesota, that whereas the City Clerk pursuant to instruction of the City Council has duly advertised for bids to furnish coal for the various heating plants of the City for the heating season of 1943-44 and at the time and place fixed for opening of bids the council having met for the purpose of receiving such bids and no bids having been received and the Council being informed by various fuel dealers within the City that owing to the present war conditions and an uncertainty of supply and transportation of coal they would be unable to contract to deliver.

BE IT RESOLVED, that the City Clerk be and hereby is authorized to order coal as needed and as the storage room of the City will permit from any or all of the following named dealers within the City:

Robertson Lumber Company
Red Lake Fuel Company
Consumer's Co-op. Association
O'Hara Fuel & Ice Company,
Oen Mercantile Company
Central Lumber Company

Such coal to be delivered at a price not exceeding $2.00 per ton over the wholesale dock prices at Duluth, Minnesota and all transportation, tax and cost of delivery to the various fuel bins of the City to be born by the dealer delivering.

Bills for such coal to be submitted to and allowed by the Council in the ordinary course of business.

ROLL CALL.

Aldermen voting Yes: Grichstein, Peterson, Hunt, McKechnie, Stenberg.
Aldermen voting No: None.
Resolution declared passed.

EMIL GRICHSTEIN,
President of the Council.
Presented to Mayor July 23, 1943.
Approved July 29, 1943.
H. W. KINGHORN,
Mayor.
Attest: P. G. Pederson,
City Clerk.

RESOLUTION

At an adjourned regular meeting of the City Council held July 23rd, 1943, Alderman McKechnie, seconded by Alderman Stenberg, introduced the following resolution and moved its adoption:

BE IT RESOLVED, By the City Council of the City of Thief River Falls, Minnesota, that whereas the City Council has heretofore determined to construct certain improvements consisting of the widening of Atlantic Avenue from 2nd Street to 3rd Street and the construction of curb, gutter and sidewalk along the South side of Lots 24 of Block 36 of the Original Townsite of Thief River Falls and comprising the following estimated quantities:

Furnishing, placing and compacting of 80 cu. yds. of fill.
Grading and moving and resetting of 220 lin. ft. of curb.
Grading and constructing 300 lin. ft. of curb and gutter.
Constructing 110 sq. yds. of sidewalk.
Constructing 15 sq. yds. of driveways.
Raise and reset 1 catch basin.
Move and reset 2 light standards, all according to plans, specifications and contract form prepared by the City Engineer and approved by the Council and now on file with the City Clerk. And the City Clerk having advertised for bids for furnishing all labor and material and the construction of said improvements and the Council having at the time and place fixed in said notice met for the purpose of opening and considering bids and such bids having been opened and considered and having been found that the bid of Albert Larson is the lowest and best bid for such contract.

NOW, THEREFORE, BE IT RESOLVED, That the bid of Albert Larson be and hereby is accepted and that his bond be fixed at $1,200 with surety to be approved by the Council and the Mayor and City Clerk are hereby authorized to enter into contract with the said Albert Larson in accordance with his said bid.

ROLL CALL.

Aldermen voting Yes: Grichstein, Peterson, Hunt, McKechnie, Stenberg.
Aldermen voting No: None.
Resolution declared passed.

EMIL GRICHSTEIN,
President of the Council.
Presented to Mayor July 23, 1943.
Approved July 29, 1943.
H. W. KINGHORN,
Mayor.

BACK TO WORK
those empty deposit bottles go!

Enlist those empty *returnable* bottles in the glass-saving brigade! Every one you put back on the job helps your grocery store, drug store, tavern, and brewery to continue serving you.

"Waste not, want not!" That applies to beer and beverage bottles as well as to almost everything else these wartime days. So, don't let those empty, returnable bottles go to waste. Take them back and they'll be sterilized, refilled, ready for extra duty. Look around in your pantry, closets, basement, and garage. Round up deposit bottles—put them back in circulation. Then, continue to enjoy your favorite drinks, including mellow, smooth Gluek's.

Enough to Go Around

Now, for the first time in years, both farmers and manufacturers can work for the biggest possible yield without thinking about the market. This year they can sell all they can produce.

As things look now, this condition is due to keep up for some time, but we can't count on its lasting forever. Certainly nobody wants a prosperity built on war! So it's high time that everybody concerned—and that is everybody—gave some thought to keeping things running after the war.

You're busy, we know. So are we. The important thing right now is seeing that there's enough of everything to go around. But we've been devoting a little attention to the problems of the future, too. We feel that the people who have the producing job to do can contribute a lot to the solution of those problems.

And we hope that you, too, busy as you are with growing more food than this country's ever produced, will be turning these problems over in your mind. For if America's farmers and manufacturers, working together, can't find a way to keep the richest country on earth producing enough for everybody, and let the producers make a living in the process—if they can't, why then, who can? AERONAUTICS SOCIETY HEARS COMMISSIONER

State Chief Addresses 100 Members Here Friday Evening

EXPRESSES APPROVAL OF SITE OF AIRPORT

Recommends Preparing Site for Landing Field for the Present

Leslie Schroeder, commissioner of the new Minnesota department of aeronautics, Friday evening addressed 100 members of the recently organized Thief River Falls chapter of the National Aeronautics society on the occasion of its first formal meeting in the Pine Cave of the Palm Garden Cafe.

While in the city, Mr. Schroeder, in company with local officials, inspected the 360-acre site purchased last year for the proposed municipal airport. He expressed himself as being favorably impressed by the size of the site, as well as by the lay of the land and its convenient location with respect to the city.

Wayne Anderson, president of the local chapter, was in charge of the program Friday evening, which opened with a brief account by Mayor H. W. Kinghorn of the steps leading to acquisition of the site. Norman Peterson, chapter secretary, announced that the organization shortly will have 125 members.

Commr. Schroeder, who was introduced by W. E. Dahlquist, urged the members of the chapter to work for the development of the airport as a municipal asset, stating that it is a business proposition as well as being of military value.

He recommended that, to begin with, the site be leveled off and sodded so that it might be used for a landing field for the duration, with landing strips to be installed later. A motion made by Paul A. Lundgren was carried, authorizing the appointment of a committee to urge the city council to proceed this fall with the development of the airport.

Mr. Schroeder also told of a constitutional amendment to be submitted at the state election in 1944 authorizing the state to extend financial aid in the construction of municipal airports, and permitting the state to qualify for future federal allotments.

Those present enjoyed a Dutch lunch at the close of the evening.

G. W. WERSTLEIN NEW COMMANDER OF LEGION POST

Is Named to Succeed W. G. Claffy in Election Held Monday

In the annual election of officers conducted Monday evening by Elmer J. Ecklund post of the American Legion, George W. Werstlein was named post commander, succeeding W. G. Claffy, who served the past year.

Other officers elected include Dr. A. E. Jacobson, Harry Farmer of Grygla, Owen Olson and Harold Holmes of St. Hilaire, respectively first, second, third and fourth vice commanders; and Alfred Skarstad, finance officer. The post adjutant is to be appointed by Commander Werstlein, B. I. Frolland now serving in that capacity. Installation of new officers is scheduled for August 16.

Delegates from the local post to the war conference of the Minnesota department of the Legion to be held in Faribault August 20-22 will include Messrs. Werstlein and Claffy and the adjutant.

Mercury Covers Wide Range During the Week

The mercury, after mounting to near 95-degree mark Saturday, took a decided slump early this week, registering in the neighborhood of 50 degrees several mornings. Showers during the week brought a total precipitation of .22 inch, of which .20 inch fell Tuesday and Wednesday, according to the power plant rain gauge.

SIX WEDDING LICENSES ISSUED HERE IN JULY

Henry Storhaug, clerk of court, announced this week that six marriage license applications were filed in his office in July, compared to seven for the same month in 1942.

"Molly Pitchers" to Sell War Bonds Saturday

Shown in the picture above are some of the modern Molly Pitchers, members of the local Legion auxiliary, who Saturday, August 7, will emulate the famous heroine of the Revolutionary War in backing up the men on the fighting front. Instead, however, of carrying pitchers of water to the soldiers, these ladies, garbed in Colonial attire, will solicit the purchase by local residents of war savings bonds and stamps. Members of the group, each holding a pitcher now on display at the Jay-Bee drug store, include, left to right, Mrs. Esther Plough, chairman; and the Mmes. W. G. Claffy, H. W. Monson, Gustav Schilbred, Gilbert Reiersgaard and Jeanette Wright.

Jr. Chamber Arranges "Fun Days" Aug. 9, 10, 11

Under the auspices of the Junior Chamber of Commerce, the Art B. Thomas carnival and stage show will be presented in Thief River Falls next Monday, Tuesday and Wednesday, August 9, 10 and 11, it was announced today by Wallace Carlson, president of the chamber.

The street carnival, to be located on Second st., north of the Auditorium, will include a merry-go-round in addition to other rides, shows and concessions.

The company will present a stage show, consisting of twelve varied acts, in the Auditorium each evening at 8:30, with a matinee performances Tuesday and Wednesday afternoons at 2:30. Dancing will follow each of the evening programs.

Fred Larue of Harlan, Kentucky, will be in charge of the Auditorium programs, which will include single and group vocalists, magicians, instrumentalists, acrobats, and Miss Patsy of Ripley's Believe It or Not fame, who eats and drinks while standing on her head.

$46,325 U. S. War Bonds Sold Here During July

With a quota for last month of $36,000, war bonds with a maturity value of $46,325 were sold in July thru the postoffice and local financial institutions, a survey this week revealed. The amount is slightly in excess of July sales, which aggregated $39,025. The Pennington county quota for August has been set at $43,500, Paul A. Lundgren county war finance chairman, announced.

ROBERT CHOMMIE PRAISED FOR PART IN SICILY DRIVE

Aided in Transporting Paratroopers from North Africa

The war department announced Tuesday that Lieut. Robert W. Chommie, navigator on a U. S. bomber and son of H. O. Chommie of this city, was one of eight Minnesotans who had been commended by their commanding officer for their action the night of July 9 in transporting hundreds of paratroopers from North Africa to Sicily.

Lt. Col. John Cerny, 34, Spokane, Wash., commanding officer, was given the distinguished flying cross for his brilliant leadership without loss of life, by Lt. Gen. Carl A. Spatz, commanding general, Northwest African air forces.

Cerny praised the crews of the planes he led on the perilous Sicily mission for their "unmatchable American skill and daring."

"Never have I seen such admirable discipline, devotion to duty, courage and intelligence on the part of pilots and crews. The fact that we dropped our paratroopers in one and the same spot under extremely hazardous conditions is testimony to your work and a credit to the entire Northwest African air force troop carrier command," he told his men.

PENNINGTON BOARD VOTES SUPPORT TO 4H CLUB FAIR HERE

Also Acts on Other Matters Before Ending Session Wednesday

The Pennington county board met for its August session Tuesday morning and adjourned Wednesday noon after disposing of matters requiring its attention.

The sum of $300 was voted to the Pennington County Agricultural society, of which $100 or more will be used to defray expenses in connection with the 4-H club fair scheduled for September, and the remainder will aid in financing repairs and improvements on the fair grounds.

Subject to obtaining the approval of district court, County Auditor A. M. Senstad was authorized by the board to destroy records in his office ten years old or more and possessing no historical value.

The board approved an increase in the pay scale of the deputy sheriff from $3 a day to $4.

A. F. Berge Takes over Deputy Registrar Post

Following a conference late last week in St. Paul with Secretary of State Mike Holm, A. F. Berge took over from Alex. M. Campbell the duties of deputy registrar of motor vehicles in this city. The office is being maintained for the present at its present location in the Larson company quarters, and Mrs. Campbell will assist in the work for a few weeks, Mr. Berge stated.

All Odd Fellows, Rebekahs and their friends are invited. Cars will pick up those who have no way of getting out, leaving the Odd Fellows Hall corner Second and LaBree at 6:00 o'clock. A short program has been arranged and their will be lunch and refreshments.

MOLLY PITCHER WAR BONDS TAG DAY SATURDAY

Legion Auxiliary Members to Solicit Purchase of Stamps, Bonds

TO HONOR HEROINE OF REVOLUTIONARY WAR

Attractive Display of Pitchers Shown at Jay-Bee Drug Store

"Buy your August quota of war savings bonds and stamps Saturday, August 7", is the plea of Mrs. Esther Plough, chairman of a Legion auxiliary committee participating in a nationwide observance of Molly Pitcher Tag Day Saturday, the occasion being designed in honor of the Revolutionary War heroine to promote the sale of war bonds and stamps.

Serving with Mrs. Plough on the general committee are Mmes. Emmett Wright, P. G. Pederson, C. B. Ross, H. O. Chommie, Adelia Tollefson, Gilbert Reiersgaard, James Caldis and A. M. Campbell. In connection with the observance, the auxiliary has arranged an attractive exhibit of pitchers of historic value in the window at the Jay-Bee drug store, the pitchers ranging up to 200 years in age.

A group of modern Molly Pitchers, attired in colonial costumes, will be stationed Saturday in the banks, postoffice, business places and on the street to solicit the purchase by local citizens of bonds and stamps.

To turn back the history pages, "Molly" was born Mary Ludwig, on a farm near Trenton, New Jersey, in 1754. She was married to John Hays about the time of the Revolution, and moved to Carlisle, Pa.

In Revolutionary days it was not unusual for wives to accompany their soldier husbands to battle. They washed, mended, cooked, and cared for the wounded. So Molly went to war with John.

During the Battle at Monmouth Court House, she carried water to the men, all day and into the night. The men calling "Molly! Pitcher!" gave her the name by which she is known to history.

On one of her trips from the well, Molly saw her husband fall at his cannon. She promptly took his place, and fired shot after shot until the battle was won.

For her heroism Molly Pitcher was made the first woman Sergeant in the Army by General Washington.

Musical Picture to be Offering at the Avalon Saturday thru Monday

"Happy Go Lucky", a musical film in Technicolor, will be presented at the Avalon theatre Saturday, Sunday and Monday, telling the story of a girl fortune hunter who joins a cruise to an island in the Caribbean. Principal roles are taken by Mary Martin, Dick Powell, Betty Hutton, Eddie Bracken and Rudy Vallee.

Ann Sothern and Melvyn Douglas form a new romantic team in the comedy, "Three Hearts for Julia", which will be the offering at the Falls theatre Sunday and Monday, with a midnight preview Saturday evening at 11:15. Other roles are filled by Lee Bowman, Reginald Owen and Felix Bressart.

Community Church Pays Balance Due on Organ

The Community church has just made the last payment on its electric organ, an Orgatron, purchased two years ago through the Poppler company of this city, the price of which was $1,725.00, the Rev. S. S. Olafsson, pastor, announced today. In commemoration, burning of the note will be a feature at the 11 o'clock morning service Sunday. The pastor will preach on the "Harmonies of Life."

August Contingent to Go to Snelling Wednesday

A small group of Pennington county selective service registrants, comprising the August contingent, will leave next Wednesday, August 11, for Fort Snelling, where they will undergo physical examinations preliminary to induction in the army, it was announced today by Arthur Berg, chief clerk of the local board.

Lieut. Arthur Nelson Is Prisoner of War in Germany, Parents Learn

First Lt. Arthur W. Nelson, 24, pilot on a B-17 bomber in the European area, who has been reported missing in action since June 25, is now a prisoner of war in Germany, according to a message received last Thursday by his parents, Mr. and Mrs. Walter Nelson of this city thru the agency of the International Red Cross. He had apparently made a safe landing when his plane was disabled while on a bombing mission over Germany.

C. AND C. SURVEYS VOLUNTEER FARM HELP IN THE CITY

Several Crews Already Have Gone out to Assist in Harvest

With harvesting operations now getting into full swing in this locality, the Civic and Commerce association is conducting a survey to ascertain the number of volunteer workers who will be available from local business places to assist in the harvest, Secretary L. W. Rulien announced.

Without waiting for the call, five volunteer crews of five and six men have gone out into the field during the past three or four evenings from the Land O'Lakes and L. B. Hartz organizations to give their farmer friends a lift, the placements having been made thru the agency of the Thief River Falls employment office.

The first to go out have been paid at the rate of fifty to sixty cents an hour, the employment office reported.

ONAMIA MINISTER WILL SERVE FIRST LUTHERAN CHURCH

Rev. Carl F. Johnson to Hold First Services Here September 19

The Rev. Carl F. Johnson, at present pastor of the Bethany Lutheran church in Onamia and the Immanuel Lutheran church of Hillman, has accepted a call to serve as pastor of the First Lutheran church of Thief River Falls, it was announced this week. Dr. C. G. Carlfelt is now acting pastor here.

Reverend Johnson, who recently visited in this city, was born in Rapid River, Michigan, and was graduated from Augustana college, Rock Island, Illinois, in 1932, and from seminary there in 1936.

Before his pastorate in Onamia, he served from 1936 to 1941 as pastor of the Bethesda Lutheran church in Dagget, Michigan, and the Gethsemane Lutheran church in Wallace, Michigan.

He is scheduled to conduct his first services in the local church Sunday, September 19.

Alvin Dicken, Prisoner of Germans, Writes Home

Pvt. Alvin Dicken, prisoner of war confined in Germany, is "still okay and feeling fine", according to a letter from him dated April 24 and received during the past week by his parents, Mr. and Mrs. Charles Dicken of this city.

Pvt. Virgil Moeller is now stationed at Camp Butner, N. C., while his twin brother, Sailor Victor Moeller, is at the naval training station at Farragut, Idaho.

Veteran of 50 Bombing Missions Arrives Home

After having participated in fifty bombing missions from a base in North Africa during the past six months, T/Sgt. John E. Jaranson, top turret gunner on a U. S. Flying Fortress, arrived in this city Tuesday morning, none the worse for his experiences, to enjoy a furlough at the home of his parents, Mr. and Mrs. John G. Jaranson.

Averaging eight missions a month, Sgt. Jaranson participated in the bombing, among other objectives, of Bizerte, Tunis, Sicily, Sardinia, Pantellaria, Naples and other Italian cities and Axis convoys. The Flying Fortresses were escorted on the shorter missions by P-38 fighters, and he highly praised the performance of both types of planes.

Perhaps his narrowest escape, he said, was when the motors on his ship went dead and the plane crashed in North Africa, members of the crew, however, escaping serious injury. At the time he left for home July 22, his squadron had enjoyed the unique record of having none of its members wounded in action.

Leaving here about August 15, Sgt. Jaranson will go to Salt Lake City, Utah, to receive his next assignment. He has been recommended for an instructor's post.

T/SGT. JOHN E. JARANSON

AFRICA VETERAN ADDRESSES LIONS CLUB WEDNESDAY

Stan Larson Named Chairman of Group to Arrange Picnic Soon

T/Sgt. John E. Jaranson, veteran of six months experience with a bomber squadron in the North African area, was the guest speaker at the Lions club luncheon Wednesday noon in the Palm Garden Cafe. He took occasion to pay tribute to the work of the ground crews, whose highly important work receives less attention than it deserves.

Stan Larson was named chairman of a committee to arrange for a Lions club picnic up the river at an early date, with the lunch to be supplied by the losing team in a recently completed attendance contest.

President Fleming Gibson also announced the personnel of standing committees to serve during the coming year.

FATHERS AGES 18 TO 37 TO BE RECLASSIFIED

Fathers of Children Born Before Sept. 15, 1942 Are Affected

SELECTIVE SERVICE CHIEF GIVES ORDER

Small Number May be Needed in Order to Fill October Quotas

Drafting of men with children born before Sept. 15, 1942, will start in Minnesota in October, Col. J. E. Nelson, state director of selective service, announced Monday night.

His announcement followed issuance of an order from national selective service headquarters directing local draft boards to start immediately to reclassify fathers 18 to 37 years old, for induction after Oct. 1.

"At the present rate of induction," Colonel Nelson said, "we will have to call a small number of fathers to fill our October quota, and from then on the number is likely to increase gradually each month.

"However, they will be called only to the extent absolutely required to meet monthly quotas."

Fathers of children born after Sept. 15, 1942, already are being inducted into military service, since dependency deferments do not apply to men with dependents acquired after Pearl Harbor.

The directive sent to local boards by Maj. Gen. Lewis B. Hershey, national draft director, said that:

Fathers will be drafted only in such number as is required by a local board to meet a monthly call that cannot be filled from men other than fathers, who are not eligible for occupational deferment.

Fathers will be called according to their selective service order numbers, without distinction regarding number or ages of their dependent children.

Fathers who are "key men" in agriculture or essential industry will be deferred.

Fathers whose induction would cause extreme hardship and privation to their families will be deferred.

Dependency will continue to be a basic factor in determining order of induction and fathers are to be placed at the bottom of the list.

The following order will be maintained:

First, men with no dependents.

Second, men with collateral dependents, provided such status was acquired prior to Dec. 8, 1941.

Third, men who have wives with whom they maintain a bona fide family relationship in their homes, provided such status was acquired prior to Dec. 8, 1941.

Fourth, men who have children with whom they maintain a bona fide family relationship in their homes, provided such status was acquired prior to Sept. 15, 1942.

EAGLES TO PICNIC SUNDAY, AUGUST 8, IN HEINZE GROVE

Peter McArthur of Fargo to be Principal Speaker at Outing

The second annual picnic for members of the Thief River Falls aerie of Eagles and their families will be held Sunday afternoon, August 8, in the Heinze grove south of Greenwood cemetery, it was announced today by Gordon Trythall, picnic chairman.

Following lunch during the noon hour, for which free coffee will be served, there will be a short program, the principal speaker being Peter McArthur of Fargo, past district worthy president of the Eagles.

Also scheduled for the afternoon are kittenball, horseshoe games and a tug-of-war for the adults and other games and contests for the children. A dozen committees are working on various details of the outing.

Miss Avis Sorenson and Arthur Froiland Are Married in Church

Baskets of mixed flowers and lighter tapers formed the setting for the marriage of Miss Avis Sorenson, daughter of Carl Sorenson of Plummer, and Arthur Froiland, son of Mrs. Ida Froiland of Plummer. The ceremony took place in the Salem Garnes church Sunday, July 25, at 2:00 P. M. with Rev. J. K. Lerohl officiating. Miss Clarice Medchill, niece of the bridegroom, played the traditional wedding march from "Lohengrin."

The bride, who entered the church on the arm of her father, wore a gown fashioned with white satin bodice and full chiffon skirt extending into a short train. Her veil was of fingertip length and her bouquet was composed of white gladioli. Ann Whaling and Mabel Bradshaw, sisters of the bridegroom, were bridesmaids wearing pink and yellow chiffon gowns, respectively, and carrying bouquets of pink gladioli. John and Neuben Sorenson of Plummer, brothers of the bride, served as best men.

Besides the wedding marches, other nuptial music included "I Love You Truly" and "O Perfect Love" sung by Idella Medchill, niece of the bridegroom.

Immediately following the ceremony a reception was held at the home of the bride's father for about 75 guests, the main attraction being a wedding cake, which was baked by the bride's brother-in-law, Frank Oberpriller of Minneapolis.

For their wedding trip to Bemidji, Mrs. Froiland wore a blue tailored suit with white accessories.

Out of town guests at the wedding were Mr. and Mrs. Russell Bradshaw and son Jimmy of Arvilla, N. D.; Mr. and Mrs. Ben Froiland, Mr. and Mrs. Wm. Froiland, Carol and Kay, and Mr. and Mrs. H. R. Colvin and Calsie, all of this city; Mr. and Mrs. Frank Oberpriller, Evonne and Gary, Mr. and Mrs. George Barry and Jimmy, Mrs. Earl Carlson, and Jeanne Westlund, all of Minneapolis; Mrs. Karen Stenhjem and Mrs. Clara Faltz of Fargo, N. D.; and Mr. and Mrs. Oscar Braaten and Odell, Mr. and Mrs. Iver Braaten and Hilda Braaten, all of Kindred, N. D.

TIME IS SOON HERE FOR YULE MAILING TO MEN OVERSEAS

Should Mail Parcels Before October 15, Advises Postmaster

Out of keeping with the calendar but still in order now that families have their members scattered throughout the world, are the rules on Christmas parcels to be mailed overseas issued this week by Postmaster Andrew Anderson.

In order that Christmas parcels may reach the addressees on time and in good condition, Christmas parcels and cards for the army personnel overseas must be mailed between September 15 and October 15, the earlier the better. Parcels and cards for members of the naval forces may be mailed as late as November 1. No requests from the addressees are required in connection with Christmas parcels mailed to army personnel during this period only. Patrons are asked to mark each gift "Christmas parcel."

In view of the urgent need for shipping space, Christmas parcels shall not exceed the present limits of 5 pounds in weight or 15 inches in length or 36 inches in length and girth combined.

It is pointed out that members of the armed forces are amply provided with food and clothing and the public is urged not to include such matter in gift parcels. However, not more than one Christmas parcel or package shall be accepted for mailing in any one week when sent by or in behalf of the same person or concern to or for the same addressee.

FISHING DELUXE

Mahnomen. — Sitting near a creek with his .22 rifle Edgard Pederson noticed a large crane fly up to the water. Quickly the bird inserted its long neck into the creek and a minute later pulled it out with a fish in its bill. One shot from the .22 and the fish dropped comfortably close to the rodless fisherman.

Tribute Paid Sunday to Newfolden Family

Because of an act of kindness more than half a century ago, a man who has been dead a quarter century was honored Sunday when friends of pioneer days in Northern Minnesota gathered at the Newfolden Mission church to pay tribute to his widow on her 81st birthday.

When crop failures in the early '80's brought the pioneer Silverness family in New Solum township face to face with starvation, Samuel Tunheim, a friend and neighbor, went to his business friends in Warren and obtained help which carried this group through a lean and bleak winter.

Gust Silverness, one of the children in this family, now a Duluth business man, told about this help when he presided over a meeting honoring Mrs. Taletta Tunheim, the widow, who was 81 years old on July 30. He had arranged the celebration and came with his family from Duluth especially for the occasion.

Northern Minnesota in those days was such a wilderness, Mr. Silverness said, that he once put seven hungry wolves to flight by the simple expedient of running from a road to a haystack and setting fire to some hay, which he used to threaten the wild beasts. Deep snows of that year made the wolves desperate, he said, because of their difficulty in obtaining rabbits.

Other residents of this area told how Tunheim had sought in countless ways to help his fellow man. They pointed out that his widow had a part in this work by staying home and rearing a large family, thus helping her husband in his work of evangelization of the new communities of the great Northwest.

Speakers included Mrs. A. Rindal, Jim Turnwall, Mrs. Olivia Poppenhagen and Peander Reierson, of Thief River Falls; Mr. and Mrs. O. O. Sands, of Viking; Mrs. Victor Johnson, of Holt; Rev. Wilfred Overgard, of Fergus Falls; Martha Kleppe, Newfolden and Rev. Thorvald Myhrer, of Newfolden. Mrs. Clarence Larson, of Newfolden, sang a "Mother" song in Norwegian and Mr. and Mrs. Overgard and Mr. and Mrs. Sande also sang. Mrs. Kore Myhrer played accompaniments.

Members of the Tunheim family present for the reunion—the first in the history of this family —were: Mrs. I. L. Lillehei, editor of Hud og Hilsen, a Norwegian religious semi-monthly founded by Tunheim nearly 50 years ago, of Minneapolis; Mrs. N. O. Nelson, Frontier, Sask., Canada; and Oscar George Tunheim, Newfolden; Sig Tunheim and Thorval Tunheim, of North Hollywood, Calif.

The twins of the family, Mrs. J. Magnus Johnson, of San Diego, Calif. and Mrs. Oscar E. Flaten, of Glendale, Calif., were unable to attend.

Another celebration honoring Mrs. Tunheim, will be held at the Minneapolis Swedish Tabernacle, of which she is a member, Friday night.

Mr. and Mrs. Tunheim came to Warren in 1883, walking across uncharted swamps 30 miles east of Warren to their prospective homestead and carrying their first-born baby. Tunheim died February 23, 1918 after having become widely known among the Norse population of the United States.

Mrs. John Magnuson entertained Saturday afternoon at a luncheon for Mrs. Haakon Grendahl and daughter Mary Ann, who are visiting here from Sacramento, Calif. Those present other than the honored guests and Mrs. Magnuson were Miss Selma Rustebakke, Mrs. I. R. Geving and daughter Dorothy, Mrs. Andrew Grendahl and children Carol and James.

Friday evening Mrs. I. R. Geving entertained a few for Mrs. Grendahl and that same evening Miss Dorothy Geving gave a wiener roast in the back yard honoring Mary Ann Grendahl. Mrs. George Swanson, Mrs. Orrin G. Lynde, and Mrs. S. L. Aanstad also entertained for Mrs. Grendahl during her visit here.

Marilyn Stenberg Is Feted at Birthday Party Monday

Mrs. Otto Stenberg entertained at a party Monday afternoon honoring the seventh birthday of her daughter Marilyn. The afternoon was spent playing games and lunch was served, the main attraction being a pink and white birthday cake. Marilyn received many gifts from her guests including Jane Bennes, Myrtle Fay Hensrud, Katherine Flom, Gail Brown, Gloria Johnson, Joan Johnson, David Berg, Margo and Carol Joyce Severson, Carol Melby, Barbara Berg, and Ellen Haug.

Mr. and Mrs. Ole Pederson To Have 50th Anniversary

Open house will be held at the Bethania church parlors Sunday afternoon, Aug. 8, from 2 to 5 P. M. to friends and neighbors of Mr. and Mrs. Ole Pederson of Smiley, who will commemorate their fiftieth wedding anniversary. The Bethania ladies aid will serve refreshments and they extend an invitation to all.

The Women's Golf Club held their luncheon meeting yesterday afternoon at the club house. Hostesses were Mmes. Phil Larson, Justus Larson, H. R. Colvin, Ole Ekeren.

Townsend Club to Meet

The Townsend club will hold its regular meeting next Sunday at 3:00 P. M. in the Civic and Commerce rooms.

Mr. and Mrs. Ben Miramontes left Monday for San Francisco, Calif., where they will make their home for the duration, Mr. Miramontes being employed in a defense plant. While there they will visit with their daughter Sarah and son Charles, who are employed there, and with another son, Pvt. Benjamin Miramontes, Jr., who is stationed at Camp Kelly near San Diego, Calif.

Charles Dablow returned Wednesday of last week following a few days visit in Neenah, Wisc., with his parents, Mr. and Mrs. Fred Dablow. Mrs. Dablow, who accompanied her husband to Neenah, is staying for a longer visit.

The Silverton Luther League will meet at the Clarence Peterson home Sunday, August 8. A program will be presented.

Keep Icing From Sugaring

When making cooked icing, add a pinch of salt to the sugar and the icing will not grain and turn to sugar.

Missionaries to Speak

Pastor and Mrs. A. T. Olson of India will speak next Sunday at the First Baptist Church, and also on Monday afternoon and Monday evening. Pictures from the field will be shown, and Mrs. Olson has special messages to women only, on "African Womanhood."

Auxiliary Notes

The regular meeting of the auxiliary will be held this evening at 8:00 P. M. A good crowd is expected, as delegates will be selected to attend the state war conference on August 20-22 at Faribault. Particulars will be found elsewhere in this issue in regard to the sale of war bonds and stamps on August 7. Hostesses for the evening will be Mrs. Emmett Wright and Mrs. Art Berg.

More and more recruits have been added to the list of young women to study nursing in response to the government's call for more hospital trained women. The auxiliary, as everyone knows, or should know, has set aside $50,000 for scholarships to help finance young women who want to take up nursing.

White sleeveless sweaters for nurses serving with the armed forces is an idea of the auxiliary at Auburn, N. Y., which has already sent out a number of these garments. The auxiliary has heard from practically all of the nurses to whom the gifts were sent, even those who are with the forces in Australia, Africa, and England. The auxiliary pays for the yarn and donates its services with the knitting needles and has on hand more sweaters ready for the newly enlisted nurses.

The problem of what to do with baseball bats and balls, gloves, and other diamond equipment has been solved by the state auxiliary. Mothers are being asked to gather up equipment left by sons or brothers who are in the service and send them to the state school at Owatonna so that "some little boys may have a chance to play ball as well as learn the American way of give and take and good sportsmanship." There isn't a boy in the service, say the sponsors, but would be happy to know his old baseball stuff is helping some kid to appreciate a chance to play a real game of baseball.

RED CROSS NEWS NOTES

At the July meeting of the Advisory Board of the Pennington County Chapter it was voted to omit the August meeting and resume again in September at the regular time.

We wish to thank Mr. and Mrs. John Dyrud of Newfolden for the gift of two dollars given in memory of the late Mr. Gust Nakken. This amount was added to the Kit Bag Fund which now totals $301.95.

The new quota of surgical dressings has not arrived as yet. Watch for this column in the next issue as no doubt it will have been received. The quota is 30,000 dressings of 2 by 2's to be finished by October 1st.

There are still a few home nursing certificates that members of Mrs. Paulson's class have not received. They are to be gotten at Herman A. Kjos' office.

The Red Cross of Goodridge held its annual meeting Thursday evening of last week. A review of the year's work was given and the following officers will serve this year: Mrs. E. L. Peterson, chairman; Mrs. G. A. Olson, vice chairman; Mrs. E. I. Swanson, secretary; Mrs. D. Payne, treasurer; Mrs. O. L. Sabo, chairman of knitting; Mrs. C. Syverson; chairman of sewing and Mrs. E. L. Peterson, chairman of surgical dressings.

There's no need for speed.

Salvage Tin Cans

Whether you hear it on the radio, read it in the newspaper, or not, your duty as a patriotic housewife who is doing her best to win the war is to save every single solitary can that comes into the home. Just stop to realize that there is no substitute for tin! Yet we must have the tin to manufacture airplane parts, tank parts, food containers and hundreds of other vital pieces of war equipment. Today Japan controls 90% of the worlds supply of tin. The United States has never mined an ounce. Where are we going to get this tin? There is only one place—The Kitchens of America.

Our quota is 1 pound or 5 tin cans per person per month—Do our part save each and every tin can that comes into your home.

Salvage Fats

The war in the Pacific has cut off our imports of glycerine. We must have glycerine to make our ammunition to win the war. Our need for waste fat is so great that not one drop should go to waste. Remember that one tablespoon of fat furnishes enough glycerine to make vaccine necessary to inoculate 73 fighting men. Throwing away that tablespoon of fat is the same as refusing to inoculate 73 boys who are gambling their lives for the American way of life.

Your part is to see that every drop of drippings not suitable for home use is taken to your meat dealer. One tablespoon a day per family or one pound a month per family will make the set quota.

Immunization Program

A country-wide canvass is being made by the Victory Aides in both the city and country to bring to each home the information on an immunization program under the direction of Miss Ann Sward, county nurse. This immunization is underway the month of August and enables diphtheria inoculation and smallpox vaccination for the sum of 75 cents. For those needing only one immunization the charge of 50 cents is made. All taking advantage of this immunization may go to their family doctor.

Modern Molly Pitchers will be out and about Saturday promoting the sale of war stamps and bonds. The original Molly Pitcher was a heroine of the Revolutionary War, who did her bit to help the cause in various ways, even taking over the firing of a cannon when her husband fell. The modern Mollies are doing their bit by helping to raise the dollars that are necessary to keep their sons and brothers supplied with ammunition. Buy another bond.

Several weeks ago the Germans started their 1943 summer offensive in the Orel sector of the Russian line. A year ago and two years ago the start of a German offensive meant the beginning of a great advance for Hitler's armies. In the summers of 1942 and 1941 there was serious doubt as to whether the Russians could withstand the pressure and survive. A year ago at this time we were alarmed about the German thrust to the Caucasus, threatening Russia's oil supply and possibly resulting in the complete control of the Indian Ocean by the Axis powers and Japan. This summer's drive caused no alarm, however. After some slight gains made at a terrific sacrifice, the 1943 offensive quickly became a defensive struggle in which Orel, a point of tremendous military importance, has been lost. A general German withdrawal on the Russian front may now be expected. The question now is how long will it take Germany to break down internally. With Italy already broken down; with the growing fear of invasion by the Russians; with one great city after another being destroyed by air attacks; faced with certain defeat on every hand, the morale of the Germans will soon crack. Certainly now it can be said that we are at the beginning of the end.

Coal dealers of the Northwest predict a coal famine this coming winter if coal shipments are not quickly resumed on a large scale. It has been impossible to secure sufficient coal to meet even the usual summer demands and there are no stock piles from which to draw to meet the actual needs of the approaching winter. Maybe the dizzy dealers will solve the problem by issuing an order prohibiting cold weather.

Treasury department officials are crying for more money with which to meet the cost of government and the cost of war, and there is talk again of new taxes and tax increases. We probably will have both. About the only new tax that can be imposed is a sales tax and with an election in the offing the politicians will be very reluctant about adopting such an unpopular method of collecting revenue. It no doubt will have to come however. The soap box argument against a sales tax is that the poor people pay it but that isn't true when the essentials of life are exempted. We would feel a lot kindlier about paying more taxes if more of our tax dollars were used to finance the war and less of them were spent in maintaining public employees in nuisance jobs. Draftmaster Hershey would be a great guy, in our opinion, if he announced that the next million men to be conscripted would be taken from the ranks of federal civilian employees.

American and RAF bombers dropped 21,520 tons of bombs on Europe in the month of July. Breaking this down into terms more easily understood, that would be 430 railroad carloads of bombs, loaded 50 tons to the car—5 railroad trains each 86 cars long—loaded with destruction. It does not seem possible, under that kind of pressure, that the war in Europe can last long.

May Use Expired B, C, E and R Gas Coupons

Drivers holding expired "B, C, E and R" gasoline books may use the remaining coupons, the Office of Price Administration in Fargo says. The new ruling does not apply to emergency "R" coupons issued for example, for a special trip. "E" and "R" rations are for tractor fuel for farm machinery. New "R" books will be issued for a fixed period and coupons will be of a new design.

OPA Community Service Bulletin

By Mrs. Paul A. Lundgren
Chairman

Mrs. Peter Lovely of the Erie community has been appointed as a member of the C. S. M. committee. She will take the place of Mrs. Edhinger who moved to Bemidji recently.

The office of Price Administration wishes to impress upon the consumer that he must cooperate in order to make the Price Control program work, and Price Control must work in order to keep down a rising cost of living and consequent devaluation of the American dollar.

The following sets forth the Why and How of Price Control:

The Why of Price Control

1. Our Government buys billions of dollars worth of war materials. We are the Government. If prices were allowed to soar on those war materials the cost of the war would pauperize America for generations.

2. Many incomes are higher than ever before. But there is less to buy because production has been diverted from cars and radios to tanks and ships. There is a big gap between the great demand for civilian goods and the small supply. If prices had no legal limit, they would skyrocket.

3. There are still many persons whose incomes haven't increased. Persons living on savings and insurance policies; persons with set salaries. If prices were uncontrolled these fixed incomes would buy less and less, and the American dollar would lose its value.

The How of Price Control

1. The Office of Price Administration, working with wholesalers, jobbers and retailers, sets ceiling prices. Each dealer along the line is allowed a fair mark-up between his buying and selling price.

2. Top legal prices vary according to the store, depending on the volume of business. Small stores, giving more service (charge accounts, deliveries) are allowed higher ceiling prices. Each grocery must post its classification (OPA 1, OPA 2, OPA 3, or 4) and the prices allowed that class store.

3. A Price Panel functions with each local War Price and Rationing Board. Members of this board assist consumers and retailers in carrying out the price control program.

What You Can do to help keep Wartime Prices Down

1. Never pay more than the ceiling price.

2. Report violations to your local Price Panel. If you think you have been overcharged, check first with your grocer. Willful or repeated violations should be reported to the Price Panel. This protects the honest merchant who is tring to help control inflation.

Don't let those empty deposit bottles LOAF!

Send back returnable bottles promptly!

Every empty deposit bottle not returned is loafing on the job. Bottles, too, have work to do. They're needed to keep the supply of your favorite drinks available. So, don't let empty deposit bottles stand around on pantry shelves, in your basement or garage. Keep them on the move!

Your cooperation in returning empty beer and beverage bottles enables your grocery store, drug store, tavern, and brewery to continue serving you. Each bottle will be sterilized and refilled, ready for extra duty. Help conserve glass this easy way. Look around, pack up those idle deposit bottles and speed them on their way. And be sure to include the bottles from which you poured that smooth, mellow Glucks.

WEST SIDERS ADD ANOTHER TO THEIR VICTORY STRING

Extend Winning Streak to Three Games in Row Tuesday

The West Side d-ball team ran their winning streak to three games, and increased their series lead to two games, when they defeated the East Side, 8 to 5, in a damp five-inning game Tuesday evening. Chuck Erickson's base-clearing blow in the 3rd inning, scoring three runners, gave the West Siders their winning margin. The East Side threatened to knot the count in the 4th inning, pounding four runs across the plate, but a West Side double play halted the rally.

Open Hunting Seasons Announced by Joslin

A 23-day state-wide pheasant season, from October 23, and continuing through Sunday, November 14, and a five-day deer season from November 20 through November 24 were announced today by Verne E. Joslin, director of the division of game and fish.

Seasons and bag limits on other upland game species were released at the same time. The upland game regulations provide for a 19-day staggered season on ruffed grouse or partridge. Certain areas have been designed respectively for the hunting of quail and Hungarian partridge.

Daily shooting hours for upland game birds is from one-half hour before sunrise until sunset of each day.

Hunters are reminded to familiarize themselves with all new laws pertaining to hunting that were passed by the recent legislature. A few of the important laws are as follows: An automobile is subject to confiscation if used to transport deer which have been illegally taken; seals may now be placed upon a deer when it is brought to a road and before it is loaded on any vehicle for transportation for any distance, or when it is brought in to the hunting camp, farm, or other dwelling occupied as a place of abode over night. This eliminates the chance of losing the seal while getting the deer out of the woods.

Chinese ringneck or English pheasants may be taken anywhere within the state for a period of twenty-three (23) days commencing one-half hour before sunrise on Saturday, October 23, 1943, and continuing through Sunday, November 14, 1943, both dates inclusive, with daily shooting hours from one-half hour before sunrise to sunset of each day.

No one person shall take to exceed four (4) pheasants per day or have in possession to exceed eight (8) pheasants at any one time, no more than one hen pheasant may be taken and retained either in a daily or a possession bag.

Ruffed grouse or partridge may be taken in the following described areas: In all of that area lying north and east of the following described line of highways: Starting at the North Dakota-Minnesota border west of Moorhead on U. S. Highway No. 52, thence south and east on U. S. Highway No. 52 to its junction with State Highway No. 95 at St. Cloud, thence east and south on State Highway No. 95 through Taylors Falls to the Wisconsin-Minnesota border.

Ruffed grouse or partridge may be taken for a total period of nineteen (19) days, divided as follows: Commencing one-half hour before sunrise on Saturday, October 16, 1943, and continuing until sunset on Sunday, October 31, 1943, and commencing again one-half hour before sunrise on Monday, November 22, 1943, and continuing until sunset on Wednesday, November 24, 1943, all named dates inclusive, with daily shooting hours from one-half hour before sunrise until sunset of each day.

No person shall take to exceed five (5) such partridge or ruffed grouse in any one day, nor have in possession in excess of ten (10) at any one time.

Hungarian partridge may be taken in the following described areas:

All that portion of the state lying west of the following described line of highways: Commencing at the International boundary in Roseau county on County Road No. 3, and State Aid Road No. 1-A, thence south to its junction with State Highway No. 11, thence south and west on State Highway No. 11, to its intersection with State Highway No. 32, thence south on State Highway No. 32, to its intersection with U. S. Highway No. 59, thence south on U. S. Highway No. 59 to its intersection with U. S. Highway No. 10 at Detroit Lakes, thence south and east on U. S. Highway No. 10 to its intersection with State Highway No. 15 at St. Cloud, thence south on State Highway No. 15 to the Iowa-Minnesota border line.

Hungarian partridge may be taken for a period of seven (7) days commencing at one-half hour before sunrise on Saturday, October 23, 1943, and continuing through sunset on Friday, October 29, 1943, both dates inclusive with daily shooting hours from one-half hour before sunrise to sunset of each day.

No person shall take to exceed four (4) such Hungarian partridge in any one day, nor have in possession in excess of eight (8) at any one time.

No prairie chicken (pinnated grouse), white-breasted (sharp-tailed) grouse or any other upland game birds, except those herein specified or migratory game birds for which an open season is prescribed by Federal regulation, may be taken at any time in 1943 in any portion of the state.

Deer may be taken in that portion of the state lying north and east of the following described line of highways:

Commencing at the North Dakota-Minnesota border on U. S. Highway No. 52 west of Moorhead, thence southeast on U. S. Highway No. 52 to its intersection with U. S. Highway No. 169 at Elk River, thence southeast on U. S. Highway No. 169 to its intersection with State Aid Road No. 3 at Anoka, thence east on State Aid Road No. 3 to its intersection with U. S. Highway No. 8 at Lino, thence north and east on U. S. Highway No. 8 to the Wisconsin-Minnesota boundary at Taylors Falls.

Deer may be so taken from November 20, 1943 to November 24, 1943, inclusive.

Deer may also be taken during said period by bow and arrow or by shotgun containing a single slug, but with no other arms, weapons or ammunition from that area in the state of Minnesota lying south of the line last above described, and north of the following described line:

Commencing at the South Dakota-Minnesota boundary west of Ortonville on State Trunk Highway No. 7, thence south and east on State Trunk Highway No. 7 to its intersection with U. S. Highway No. 12 at Minneapolis, thence east on U. S. Highway No. 12 to the Minnesota-Wisconsin border.

CLOSE RACE FOR TOP POSITION IN VICTORY LEAGUE

Only Two Points Separate First 7 Teams in Local Golf Loop

League Standings

	W.	L.	T.	Pts.
Harts Bakery	3	1	1	7
Lincoln Life	3	2	0	6
Soo Line	2	2	1	5
Poppler's Furn.	2	2	1	5
Bratrud Clinic	2	2	1	5
Oen's	2	2	1	5
J & B Drugs	2	2	1	5
T. R. Times	1	4	0	2

Results of last week's matches:
Oen's (143) defeated Lincoln Life (158).
J & B Drugs (152) defeated Bratrud Clinic (159).
Soo Line (156) vs. Poppler's Furniture (156) tied.
Harts Bakery (107) defeated the Times (119).

Friday evening's schedule:
Harts Bakery vs. Lincoln Life.
Poppler's Furniture vs. Bratrud Clinic.
J & B Drugs vs. Soo Line.
Oen's vs. T. R. Times.

Only two points separate the first and seventh place teams as the Victory Golf league approaches its penultimate round of play Friday evening. The Harts Bakery team, with 7 points, holds a one-point lead over the runner-up Lincoln Life team; while the Poppler's Furniture, Bratrud Clinic, Oen's, J & B Drugs, and the Soo Line are tied for third place, each team having 5 points.

Last Friday's matches found the Harts team scoring a three-man 107-stroke total to defeat the Times, and bound back into first place in the league standings when the Lincoln Life team was defeated by Oen's, 143 to 158. Tomorrow evening the Harts Bakery will meet the Lincoln Life in one of the schedule's "crucial" matches, and with the defending champion Lincoln Life squad needing a win to remain in the race.

In other matches last week the improving J & B Drugs team outscored the Bratrud Clinics, 152 to 159; and the Soo Line and the Poppler's Furniture played to a 156 to 156 deadlock. Hans Chommie, with a 38, and Stan Larson and Vic Kvikstad, with 39's, had the low gross totals for the week. Roy Oen, with a 40-9, had the low net score, a 31, while E. Carlson, Charles Hoffas, and Dr. E. S. Amesbury had net 33's.

ELKS LODGE JOINS IN ARMY AND NAVY RECRUITING PLAN

Werstlein Announces Plans to Enlist Seabees and Army Builders

Complete plans for the cooperation of Elks lodges from coast to coast in a joint Army-Navy program to increase the personnel of the army construction engineers and the navy "Seabees" were formulated at the Elks war conference, held in Boston, Mass., last week, according to a statement made today by George W. Werstlein, chairman of the Elks war committee of Thief River Falls lodge, B. P. O. E. Representatives of the army and navy met with the members of the Elks war commission, of which James R. Nicholson of New York is Chairman.

In a statement made to the War Conference, emphasizing the importance of this program, Mr. Nicholson quoted from a letter writted by Secretary of the Navy, Frank Knox, as follows:

"America's fighting men are proving their courage on battlefronts across the World. They're waging a hero's fight. But this fight calls for more than courage, more than heroism. To win, our soldiers, sailors and marines need bases. Drydocks and repair facilities for our warships. Airfields for our fighters and bombers. American-built, American-operated bases from which to launch their attack. That is why your Army and Navy are calling for experienced construction men."

Thief River Falls lodge of Elks is cooperating in this program. Chairman Werstlein said that since the Allied invasion of enemy held territories has started, skilled construction men are more vitally needed than ever before, and they will play an important role in our final victory.

He's Slipping, All Right

O. H. Ekeren, that's the senior Ekeren, may be slipping as a golfer but if he's slipping it's upward rather than down! And for a verification of that fact you can ask Al Archambault, who had the misfortune of tangling with Mr. Ekeren in a fourth flight semi-finals match, and who found himself seven down after nine holes of play. Mr. Ekeren closed out the match after a couple of holes on the second nine, and the win sent him into the finals where he will play Justus Larson for the flight championship. Judged on his play in his semi-finals match, Mr. Ekeren has a fine chance of copping the championship.

Champion of Block 38

Ellef Severson, fishing off the cement pier below the power house, hooked and landed an 8-pound northern pike, one of the largest pike taken out of the river this year. The Committee on Big Fish, at a meeting at Orlando Bishop's last week, nominated and unanimously elected Ellef to its membership and named him the champion fisherman of block 38, o. t. a. Block 38, you know, contains the West Side park.

Reports indicate, though, that the river fishing has been on the increase during the past ten days. Last Friday night I saw a string of northerns that Carl Gulrud and Johnny Jacobson brought in, and they had a number of fine fish. They trolled along the edge of the weed beds and had numerous strikes, losing several large pike. The wall-eyes have been slow, but the few that have been caught have been good-sized. Fred Lorentson, fishing near the Eighth street bridge, caught a couple of three-pound wall-eyes last week. And John Anderson reports that he caught a big wall-eye in the river too, but John will have to support that statement with an affidavit before it will be believed.

Lieut. (jg) George Lee

A press release from Athens, Ga. reveals that George Lee, Prowler coach in 1936-37-38, has reported for duty at the U. S. Navy Pre-Flight School, and has been designated commander of a platoon of Naval aviation cadets. A part of Lieut. Lee's duties as platoon commander is assisting the regular physical training staff in coaching cadets of his platoon during their physical training periods.

George is the fifth former Prowler athletic coach to enter the service, the others being Capt. John Lindenmeyer, Ensign Harry Newby, Ensign Chet Nelson, and Willard Kottke. That's quite a record.

All Over but the Shouting

And that, according to the West Side players, is all that remains of the West Side vs. East Side diamondball series. The West Side proved to be the better wet weather players Tuesday evening and won an 8 to 5 decision in the rain, and moved into a two-game lead in the series. Manager Ole Ness will have to call his East Siders together for a pep talk or something, because they are beginning to fall apart. Last Tuesday evening the East Siders were re-inforced by the addition of Stan Larson and Dr. Cliff Jacobson to their line-up, but the West Side took the game in stride.

In the "Big League"

Sgt. Johnny "City John" Jaranson, former second baseman on the city ball team and shortfielder on the Hartz diamondball team, is making a short visit at his home here en route to assume new duties at an army air base at Salt Lake City. Johnny has been a top turret gunner on a B-17 bomber operating from a base in North Africa, and has completed his fiftieth bombing mission. After completing that number, a bomber crew is given relief and are usually assigned to new duties. Johnny, who has been given verification of destroying one enemy fighter plane and several "probables", expects to be assigned to gunnery. This is the first home visit home that Johnny has made since he enlisted in the army early in 1942. He's in tip-top shape, and he looks it.

Miscellany

Sgt. Bobby DuChamp certainly ripped the East Side park apart in last Thursday's ball game, poling out two homeruns, a double, and a single in five times at bat. The veterans defeated the junior baseball team, 22 to 5.—Don Lorentson, Naval aviation cadet, is at the Corpus Christi, Texas, air base.—Don, while at the air base at Hutchinson, Kansas, met Louie Benson, who's an instructor at that base.

Recreation Highlights

Don't forget to make use of the very good game room provided for your enjoyment by your City. This room is opened to all people over 3½ years of age on Monday, Tuesday, Thursday and Friday afternoons from 1-5:30. If your child comes to spend the afternoon send lunch or a nickle with him for the children eat lunch together each day at 3 o'clock and lunch isn't provided for them.

On Wednesday of each week if the weather permits a seven hour day camp is held. Anyone may participate. You must bring your food and drink for the noon meal which is cooked and eaten in the open. If it rains activities are held in the arena. This week our day camp will be held at Lover's Lane. The group meet at the arena by 10 o'clock.

Last Friday afternoon 27 boys and girls took part in a "Scavenger Hunt" from the arena. Prizes were awarded to all bringing in a complete list of articles. The following awards were made: First prize Jack Kiland and Abigail Thomas. Second Jimmy Duckworth and Patty Clinton. Third Jimmie Olson, Raymond Dougherty and Jean Thomas. Fourth Delores Wynnemer, Junior Perkins, Karen Clausen, Janet Slachta, and Marlyn Slachta.

On Friday, August 6th at 3 o'clock children who are interested in seeing Mrs. Fred Holzknecht's Salt and Pepper shaker collection meet by 3 o'clock at the arena. They will accompany their supervisor Camille Dostal on this jaunt.

Another big 'teen-age dance will be held Friday, August 6th in the Auditorium from 9 to 12 o'clock. Come on time please.

10,030 Die in Traffic in U. S. in Past Six Months

The United States cut its traffic death toll during the first six months of 1943 to almost half its pre-war figure, the national safety council reported Friday. The half-year drop was 41 per cent from tht same period in 1941 and 32 per cent from that in 1942. This year's traffic deaths through June totaled 10,030, compared with 17,028 in the first half of 1942. Wartime restrictions on speed and mileage were credited for most of the good showing but public co-operation also played a major role, the council asserted.

BLACKOUT SET FOR SOMETIME DURING WEEK OF AUG. 22D

State Adjutant General Announces Code of Signals to be Utilized

Major General Ellard Walsh of St. Paul, state adjutant general, Thursday announced a surprise statewide blackout would be held in Minnesota some evening during the week of August 22.

This will be the first blackout not announced for a specific evening. The last blackout, held on May 7, was announced beforehand as to occur between certain hours and only the specific hour was left undisclosed.

To help assure success, he again explained the system of alarms.

There are only two alarms to be memorized, he said, a long steady blast of two minutes and a series of short blasts of the whistle or a warbling sound of the siren.

On the soundings of the long blast, all unobscured lights in homes and buildings must be put out. Pedestrians continue to move and vehicles and public transportation to proceed with lights on low beam.

Upon the sounding of the short whistle blasts or siren warbling, pedestrians must take cover immediately. Motor transportation must pull to the curb, street cars stop and extinguish lights. Striking of matches, smoking and all other forms of lights are prohibited.

The all-clear signal will be made by turning on the street lights.

All motor traffic on roads throughout the state not within the hearing of alarms should pull to the side of the road and extinguish lights upon entering a darkened area. Buses, which are permitted to continue with a low beam, are an exception to this rule.

Sales in Valley Dept. Stores Show Increase

The total volume of department store sales, for the month of June in Red River Valley of Minnesota showed a 27 per cent increase over June 1942, while the comparison of sales for the year to date shows an increase of 13 per cent over the same six months period of last year. Retail trade in the entire State of Minnesota, as indicated by department store sales volume, shows an increase of 23 per cent when June 1943 is compared with June 1942, and an increase of 10 per cent is registered when figures for the first half of this year are compared with the same period of 1942.

Prize Winner in Aquatennial Parade

A perfect replica of the world famous Rushmore Memorial, with the message, "Invest in Democracy, Let Us Preserve Our Heritage," won second prize for its sponsor, the Coca-Cola Bottling Company of Minnesota, in last Saturday's Minneapolis Aquatennial Parade. Two thousand pounds of plaster was used to make the perfectly scaled model of the mountain, and twenty-four Austrian pine trees were planted on the float.

PRES. ROOSEVELT ANNOUNCES 3D WAR LOAN DRIVE SEP. 9

Objective of Campaign Set at Total of 15 Billion Dollars

President Roosevelt last week formerly proclaimed Sept. 9 for the start of the third war loan campaign and asked every American to "back the attack" with war bond purchases according to "his conscience."

Treasury Secretary Morgenthau has set a goal of $15,000,000,000 for the drive and Mr. Roosevelt asserted that "in carrying the war into enemy territory, we shall need greater amounts of money than any nation has ever asked from its citizens in all history."

"As commander-in-chief," he said in his proclamation, "I hereby invoke every citizen to give all possible aid and support to this third war loan drive, not only so that our financial goal may be reached, but to encourage and inspire those of our husbands and fathers and sons who are under fire on a dozen fronts all over the world.

"It is my earnest hope that every American will realize that in buying war bonds in this third war loan he has an opportunity to express voluntarily and under guidance of his conscience, the extent to which he will "back the attack."

GOODRIDGE MAN BUYS REGISTERED JERSEY SIRE

A registered Jersey bull has been purchased by Ed Magnan of Goodridge, from R. H. Johnson, of Verndale. The name of the animal is Volunteer Bonny Gold Noble 446317, according to the American Jersey Cattle club, with offices in New York City.

MARSHALL COUNTY BUDGET INCREASED $10,000 FOR 1944

Total of $225,000 to be Levied for all Purposes Next Year

A $10,000 increase in the 1944 Marshall county tax levy was approved by the county board of commissioners in session recently when a tax budget of $225,000 was approved.

The $225,000 budget follows a record budget of $215,000 approved for this year, which figure was a $25,000 increase over 1942.

The new budget calls for increases in the general revenue, road and bridge and bond and interest funds, with the road and bridge fund calling for a $15,000 increase while the general revenue and bond and interest funds call for $5,000 increases in each. The welfare fund will take a cut of $15,000 while the tuberculosis sanatorium fund will remain at the same figure.

A comparison of the two levies follows, with the first column of figures being for 1943 and the second for 1944:

Revenue	$45,000	$50,000
Road and Bridge	50,000	65,000
Welfare	95,000	80,000
T. B. Sanatorium	15,000	15,000
Bond and Interest	10,000	15,000

NUMEDAL

Mrs. Howard Christopherson and son Warren returned Friday from Washington where they have been visiting among relatives and friends for the past month.

C. A. Nelson has been quite ill for the past week.

Those from this community who attended the Young Peoples' meeting at the Mission church in Viking Sunday evening were Mr. and Mrs. F. Hible and family and Arthur, Lillie, and Eleanor Langelett.

Howard Christopherson and son Curtis had a rather harrowing experience one night last week. They heard a disturbance in the chicken coop and upon investigation found Mr. Skunk enjoying a delicious chicken dinner. Howard looked for the gun but in vain. It couldn't be found, so he resorted to primeval instinct and used a club. Well, you can guess what happened, and if Howard's dolled up in powder and perfume, well—that's better than ostracism.

Mrs. Ed. Christie has been on the sic klist the past week.

Mrs. Emil Martinson who has been in company with her husband in New York has now returned and is visiting at the Ray Martinson home. Emil is transferred to a camp in N. Carolina, and is taking up an advance course in cooking.

Mr. and Mrs. Mark Olson and children of Emiley and Walter Waller and Kenneth of Lankaster called at the Soren Knutson home last Sunday.

Mrs. Palmer Swanson and Palmer, Jr., of Chicago, Ill. were Saturday and Sunday visitors at the Peter Swanson home. Other visitors there Sunday were Mr. and Mrs. Clinton Ditty and son Duane of Bemidji.

A. S. Olson, Raymond Olson, and August Halbash were Grand Forks business callers Wednesday.

BOTTLE CAMPAIGN TO CONTINUE INTO FALL, WPB STATES

Citizens Urged to Bring All Deposit Bottles to Dealers

The drive to put "slacker bottle" to work will continue during the remainder of the summer months and into the fall, according to announcement made this week by Martin P. Kelly of Minneapolis, regional chief of the general salvage division of the War Production board.

The campaign, which was endorsed by Governor Edward J. Thye two weeks ago, to bring into use all milk and beverage bottles, has served as a real contribution to the war effort, but more bottles are urgently needed. The decision to continue the program was made after a survey indicating that thousands of "slacker bottles" are still in hiding.

Mr. Kelly pointed out that the return of empty deposit bottles conserves vital material, manpower and machinery in bottle-making plants already overburdened in an effort to meet war demands for glass containers to supplant tin.

Thousands of children have returned bottles to dealers, Mr. Kelly said, and have used the money received to purchase war saving stamps, thus making the campaign serve a double purpose in helping the armed forces.

Although approximately two thousand trucks in the state are engaged in the process of getting the bottles from the dealers, it was explained that there may be some delay in making pick-ups, with a consequent temporary inconvenience to the dealer. Dealers are assured, however, that pick-ups will be made as soon as possible and are urged to cooperate in expediting such pick-ups by segregating the bottles and packing them into fruit or vegetable crates, ready for arrival of the truck.

Minnesota Automobiles Due to Display Only One License Plate Next Year

Minnesota passenger automobiles will operate in 1944 with a single full-size steel license plate with white figures on a dark blue background. The plate is to be mounted on the rear of a vehicle. That became a certainty when the state purchasing department awarded the license plate contract to the Gopher Stamp & Die Co., of St. Paul. Total amount of the contract is $55,604 for approximately 800,000 plates, including 652,000 passenger cars.

FUNERAL RITES HELD FOR MRS. LYDIA HOFIUS

Mrs. Lydia A. Hofius, age 73, passed away Thursday at the St. Vincent's hospital at Crookston where she was taken that morning for medical attention. She had been ailing for several months and a few weeks previous she had submitted to an operation from which she had never fully recovered.

Lydia Christenson was born on July 19, 1870 in Scott county, Ia. She was united in marriage with Fred Hofius on October 30, 1890 at Manchester, Iowa. The family moved to Freeborn county some years ago and made their home there until 1912 when they came to Red Lake County where the family have since resided.

Funeral services were held at the Presbyterian church at Brooks Monday afternoon with Rev. Henry N. Lindholm officiating. The pall-bearers were John Greenwald, Henry Vanderwaal, Earl Hill, Henry Thompson, LaVerne Peterson and Thomas Dennistoun. Special music was by the Brooks choir and a solo by Mrs. Andy Knutson.

Surviving are two daughters, Mrs. James Gilbertson, Plummer; Mrs. Jos. Thambert, Seattle, Wash.; one son, Howard Hofius, Plummer, two sisters, Mrs. Dorras Hofius, Plummer; Mrs. J. W. Jenson, Clarks Grove, Minn.; one brother Will Christenson, Three Forks, Mont.; 18 grandchildren and 5 great grandchildren.

Out-of-town relatives and friends that attended the funeral services were Mrs. Jos. Thamert, Seattle, Wash.; Rev. and Mrs. Zink, Mr. and Mrs. Jake Keller, Mr. and Mrs. Alfred Follstrom, Mrs. Manley Follstrom, Mrs. Dick Wibles, Mrs. Louis Van Epps, and Mr. and Mrs. H. S. Jensen and son, all from Bejou, Minn.

Mrs. Emma Williams Passes Away

Mrs. Emma Williams, age 84, passed away Saturday morning, July 24, at 8:30 o'clock at the home of her son-in-law and daughter, Mr. and Mrs. James Jackson, where she had been making her home the past nine years. The cause of her death was a heart ailment from which she had been suffering for the past three months.

She was born in Quebec, Can., Nov. 23, 1859, the daughter of John and Mary Billudeau. She came to the United States when she was a young girl. On April 8, 1880 she married Frank Williams. They made their home in Austin, Minnesota for some time and then moved to Crookston where they lived until 1901 when they moved to Stephen, Minnesota where she made her home until she came to live with Mr. and Mrs. Jackson.

Mrs. Jackson is the only surviving child. Two sisters, Mrs. Alphonse Provost of Sidney, Mont. Mrs. Rose Lavalle, Worcester, Mass., and a brother Edward Billadeau, Boise City, Idaho also survive.

Funeral services were held at St. Vincent's Catholic church at Plummer at 8 o'clock Monday morning with Rev. J. P. Merth officiating. The pall-bearers were Walter Lonergan, Henry Enderle, Frank Willett, James Ford, Lambert Hesse and F. J. Mark. Interment was at St. Stephen's cemetery at Stephen with J. J. Sinclair, Matt Lorsung, J. Caroline, John Walen, Frank Willet and Peter Stitch as pall-bearers.

How To Hold
FALSE TEETH
More Firmly In Place
Do your false teeth annoy and embarrass by slipping, dropping or wabbling when you eat, laugh or talk? Just sprinkle a little FASTEETH on your plates. This alkaline (non-acid) powder holds false teeth more firmly and more comfortably. No gummy, gooey, pasty taste or feeling. Does not sour. Checks "plate odor" (denture breath). Get FASTEETH today at any drug store.

"Gangway, please...
we've got a war to win"

AMERICANS ARE STILL THE BEST NOURISHED PEOPLE ON EARTH ...AND THERE'S A REASON

Our food may be stretched out these days to share with the peoples of the United Nations, but thanks to new scientific developments in animal feeding, our feathered and four-legged armies are being greatly improved in quality and propagation.

To tiny yeast cells goes much of the credit, because brewer's yeast is the source of the vitamins used to fortify feed mixtures. Now, when you eat meat raised on vitamin-fortified feeds, you're getting nutrition plus.

Anheuser-Busch is America's biggest supplier of yeast vitamins for cattle and poultry feeds. Our large-scale production of natural vitamins is another achievement that resulted from years of research and laboratory work in producing the world's most popular beer.

Budweiser

In addition to supplying the armed forces with glider parts, gun turret parts and foodstuffs, Anheuser-Busch produces materials which go into the manufacture of: B Complex Vitamins • Rubber • Aluminum • Munitions • Medicines • Hospital Diets • Baby Foods • Bread and other Bakery Products • Batteries • Paper • Soap and Textiles—to name a few.

Have a "Coke" = Come, be blessed and be happy

"Coke" = Coca-Cola
It's natural for popular names to acquire friendly abbreviations. That's why you hear Coca-Cola called "Coke".

... or how to break the ice in Iceland

"Come, be blessed and be happy", says the hospitable Icelander when he meets a stranger. That's a warm way of putting it, but no more friendly than the way American soldiers say it. *Have a "Coke"*, says the Doughboy, and it works in Reykjavic as it does in Rochester. *The pause that refreshes* is the friendly way to say "Hi, pal" in any language. All over the globe Coca-Cola has become the gracious ice-breaker between kindly-minded strangers.

SCHOOL BOARD PLANS OPENING OF TERM SEPT.

Increases Tax Levy 3½ Mills to Meet Budget for Coming Year

NEARLY DOZEN NEW TEACHERS ENGAGED

Ending of WPA Assistance to Restrict Hot Lunch Program

The local board of education at its August session Monday evening approved a calendar calling for the opening of the public schools Tuesday, September 7; adopted a budget and tax levy for the coming year; and approved the appointment of nearly a dozen new faculty members engaged by Supt. Philip L. Fjelsted since July 15.

In voting not to delay the opening of the fall term, as had been suggested by the war manpower commission, the board at the same time indicated its desire to cooperate in relieving the farm help shortage by adopting a policy of leniency to students who do not attend school regularly during the first weeks of the term.

Mr. Fjelsted stated, however, that students should register between August 16 and 31 with Principle W. G. Claffy, and should report on the opening day to get their books, as well as attending school at least one day each week.

The budget as adopted involves a maintenance levy of 41 mills compared to 37.5 mills last year, in addition to the usual three-mill levy for bonds and interest. The increased levy will bring in approximately $6,300 more than last year, while the revised teacher salary schedule involves an added outlay of $9,600, and cost of fuel and other supplies also is substantially higher.

Among the teachers engaged during the past month are Miss Barbro Teigen of Lake Mills, Iowa, girls physical education; Miss Sara Nyjordet of Mayville, N. D., modern history; Miss Florence Euren, librarian; Miss Hedwig Husby of McIntosh, business relations and geography; Mrs. Dorothy Hoel DeVean, history and art; Wilbur Keeling, American history; Miss Margaret Steenson of Appleton, vocal music supervision; Armand Pagliarini of Eveleth, industrial training; Miss Adeline Erickson of Lake Bronson, Knox school sixth grade; and Miss Ingeborg Stensgaard of Pelican Rapids, Washington school first grade.

Remaining to be filled are three vacancies on the high school faculty, in addition to teacher training instructor, from which position Mrs. Mae McCubrey Smith resigned recently to accept a post with the treasury department in Chicago. With a minimum of eight students required in the department, there are seven applicants to date, Mr. Fjelsted stated.

Owing to the withdrawal of WPA support from the school hot lunch program, serving of lunches will be confined to the Lincoln building this winter, according to present plans, with the possibility that the program may be extended to the Knox and Northrop schools during the coldest part of the winter.

The lack of WPA assistance will entail a slightly higher cost to pupils for lunches, it was pointed out, as a loss to the district of approximately $1,800 would result if the present scale of charges were to be continued.

Miss Margaret Hessburg Quits Sanatorium Post

Miss Margaret Hessburg, who has served as field nurse at Oakland Park sanatorium the past seven years, has given up her duties and is leaving Friday to enjoy a vacation on the West Coast. Making the trip with her is Miss Mary Martha Sexton, nurse at the sanatorium, who also has resigned. They did not reveal their plans for the future.

Rev. Tungseth to Leave for Seattle on Monday

Rev. E. L. Tungseth will leave for Seattle next Monday and will take charge of his new duties there as pastor of the Bethany Lutheran church, Sunday August 22. The family will remain here for some two weeks more when they will make the trip in the family car. On Sunday, August 15th Rev. Tungseth and family will be guests of their home church, Hegland Lutheran near Hawley.

Two Fortress Gunners Swap Experiences Here

T-SGT. JOHN E. JARANSON (LEFT), T-SGT. VERNON MYRIN

Two top turret gunners on Flying Fortresses, home on furlough from active duty at the fighting front, renewed acquaintances and exchanged combat experiences here last week-end. They were T/Sgt. Vernon Myrin, who has been stationed in England since last October, and T/Sgt. John E. Jaranson, an account of whose experiences while operating out of North Africa was given in the Times last week.

Sgt. Myrin, attached to the U. S. Army eighth air force, has taken part in 25 bombing missions over Nazi-controlled areas in Europe, including attacks on Paris, Lorient and St. Nazaire in France, and on Kiel, Wilhelmshaven and other cities in Germany.

He stated that he has participated in as many as three raids in four days, while on other occasions his crew had been idle for as long as a month due to weather and other conditions. The planes never came back from a raid unscathed, he said, but usually were ready for action again the next day, owing to the efficient work of the ground crews.

Sgt. Myrin last April was awarded the distinguished flying cross for valor and exceptionally meritorious service. Inducted into the service in August, 1941, he received training at Sheppard Field, Texas, before leaving for England.

After a visit at the home of his brother, Clifford Myrin, Sgt. Myrin left the city Tuesday. He is to report shortly at Salt Lake City for his next assignment.

100 VOLUNTEERS HELP IN HARVEST FIELD PAST WEEK

Harvest Nearly Three-quarters Finished, County Agent States

Approximately 100 volunteer workers have gone out evenings during the past week from Thief River Falls, St. Hilaire and Goodridge to assist in the harvest fields, Russell Olson, manager of the U. S. employment service here, stated today, adding that thus far this season a total of 355 placements have been made thru his agency and the county agent's office.

County Agent Ernest Palmer estimated that the harvest in Pennington county is now nearly three-quarters completed, but pointed out that the need for volunteer help on the farms is still acute.

Threshing operations will follow the harvest without interruption, and any men who will be available for bundle hauling are urged to register as early as possible at the employment service or the county agent's office.

Paul Lundgren to Aid in Mapping Bond Campaign

George W. Werstlein, who last week was elected commander of Elmer J. Eklund post of the American Legion, today announced the appointment of H. O. Melby as post adjutant. The new slate of officers will be installed at a meeting of the post in the club rooms next Monday evening, August 16.

Claffy Now Registering Students at High School

W. G. Claffy, Lincoln high school principal, announced today that he will be stationed in his office starting Monday, August 16, and continuing thru the remainder of the month, to register students planning to enter junior-senior high school in September who are not former students, and also those who neglected to register last spring. He expressed the hope that the registration may be completed by Saturday, August 28.

REV. O. J. LUNDELL, RETIRED PASTOR HERE, SUCCUMBS

Funeral Rites Today for Former Pastor of Covenant Church

Funeral rites will be conducted this afternoon at 2 o'clock from the Mission Covenant church for Rev. Olof J. Lundell, longtime local pastor, who passed away Monday afternoon at the age of 75. Rev. H. Val Johnson will officiate.

Born in Nyskoga, Varmland, Sweden, March 29, 1868, he came to this country in 1886, first making his home west of Warren. In 1893 he entered the Swedish department of the Chicago Theological seminary, and as a student pastor served churches at Jupiter and Hallock, Kittson county. After ordination he served these churches from 1896 to 1899.

He then accepted a call to Stillwater, and studied further at Northwestern college in Minneapolis and Macalester college, St. Paul. In 1903 he moved to Warren to serve churches in that area, and on August 5 of that year was married to Anna E. Paulson of Hallock.

After serving churches in Bellingham, Washington, and Ogden, Iowa, from 1906 to 1915, Rev. and Mrs. Lundell came to Thief River Falls, where he served as pastor of the Mission Covenant church for fifteen years, as well as serving congregations at St. Hilaire, Strandquist and Lancaster. He later was district superintendent of the Red River Valley Mission Covenant association.

Reverend Lundell is survived by his wife and three sons, Private Wendell J. Lundell of Fort Warren, Wyoming; M/Sgt. Irving N. Lundell of Orlando, Florida; and Paul E. Lundell of Wadena.

AUXILIARY SELLS $3,478 WAR BONDS, STAMPS SATURDAY

EVENT TO BE STAGED IN CITY AUDITORIUM

Livestock and Agricultural Exhibits to be Shown Sept. 24-25

The Pennington county 4-H achievement day to select winners of trips to the Minnesota state fair will be held in the city auditorium in Thief River Falls on Saturday August 14, according to County Agent Ernest Palmer, and Club Agent Leola Myra.

At this time demonstrations in all projects will be given and home economics projects will be on display. Approximately twenty 4-H club members will be selected at the Achievement Day for free trips to the Minnesota state fair.

The schedule of demonstration is as follows: 10 a. m., crops and livestock; 11 a. m., livestock and clothing; 1 p. m., activities and home service; 2 p. m., farming service and foods; 3 p. m., dairy foods and food preservation. The dress revue will be held at 4 p.m. All those in the health contest will register at 10 a. m. for examinations.

All exhibits will be on display at 10 a. m., and judging will take place at the same time the demonstrations are being given.

There will be no livestock or agricultural exhibits, as these will be shown at the 4-H fair on September 24th and 25th. No livestock will be exhibited at the Minnesota state fair this year.

C. AND C. MEMBERS OFFER ASSISTANCE IN WAR BOND DRIVE

Also Pledge Aid to Farmers During Rush Season in Harvest

At the luncheon meeting of the Civic and Commerce association last Thursday, Paul A. Lundgren, Pennington county war finance chairman, announced details of the third war loan drive opening September 9, and asked the association to aid in supplying solicitors to assist in the campaign. He was assured that men would be available for the purpose.

Also brought up for discussion was the shortage of farm labor in this area during the harvest and threshing season, and the members present agreed to help out in the harvest field as much as possible.

W. E. Dahlquist reported that Frank Blair, director of the division of game of the state department of conservation, had expressed himself as favoring the proposal advanced by the local organization to set up a war prisoners' camp in the Beltrami Island area.

State Drainage Engineer to Visit River Valley

Flood conditions in the River Valley Area and adjacent territory, which have been aggravated by recent heavy rains, will be inspected Saturday by Walter Olson of St. Paul, director of the division of drainage and waters of the state conservation department.

Coming at the request of local officials seeking a solution of the situation, Mr. Olson will arrive in Thief River Falls late Friday afternoon, and Saturday morning will leave on a tour of the upper reaches of the river.

A meeting of Mr. Olson with residents of the River Valley community has been arranged for Saturday afternoon at 2 o'clock at the Eddie Arveson farm in Hickory township. Also invited to be present are representatives of the Pennington and Red Lake county boards and the Thief River Falls city council.

Testifying to the gravity of the recurrent floods in the River Valley area, shareholders of the River Valley Cooperative association have arranged a meeting for Monday evening, August 16, to discuss a proposal to move the association's store to a new location on higher ground.

HEAVY SHOWERS HAMPER HARVEST WORK PAST WEEK

Rainfall Here Totals 2.83 Inches; Hail Storm Hits Marshall Co. Area

Harvesting operations in this area were materially delayed during the past week by frequent heavy rains, the total precipitation since last Thursday being 2.83 inches, according to the power plant rain gauge.

Of the total, .87 inch fell Thursday night and Friday, while a downpour Sunday brought 1.44 inches, and .52 inch fell Tuesday night. A veritable cloudburst Sunday brought nearly five inches of rain to the Fargo area.

Many thousands of acres of ripe grain were quickly harvested in Marshall county late Tuesday night when a destructive hailstorm swept through a wide area extending from Argyle to well past the Radium community in a strip from one to four miles in width.

The heavy hail was accompanied by a soaking rain which measured 1.47 inches at Luna elevator while only a trace was noted on the Peavey Elevator gauge in Warren. West and southwest of Warren no rain at all fell. Farmers west of the city were able to continue their harvesting operations without interruption from rain.

After a tour of part of the hail area this morning it was estimated that less than 50 per cent of the grain had been cut, with all standing grain fields being practically a total loss. Corn was torn to shreds, while grain fields were beaten into the ground. Many gardens were also damagd.

The hailed area came within two miles of the north edge of Warren at which point it appeared to have changed its course to an easterly direction with heavy damage in a wide strip extending east to the Radium area.

Flying Fortress Men Guests of Rotarians

Guests at the Rotary club luncheon Tuesday noon in the Evelyn hotel were T/Sgts. John E. BIRTHS MOUNT AND DEATHS DECLINE IN COUNTY LAST YEAR

State Report for 1942 Shows 427 Births, 169 Deaths in Pennington

The number of births increased in Pennington county last year compared to 1941, and at the same time there were fewer deaths, it is revealed in a belated report on 1942 births and deaths received this week by Henry Storhaug, clerk of court, from the Minnesota department of health and vital statistics.

During the past year, the report shows, there were 427 births and 169 deaths in this county, while for 1941 the corresponding figures were 384 and 184. In Thief River Falls alone 309 births and 133 deaths were recorded in 1942.

Outside the city, the Town of North led in number of births with five, while Goodridge township reported four, Reiner three, Rocksbury two, Goodridge village one, and St. Hilaire none. In the rural areas, Rocksbury led in number of deaths with eleven, followed by North with four, Goodridge village two, and St. Hilaire one.

PLAN WORK ON LANDING FIELD SOUTH OF CITY

City Council Calls for Bids on Plowing and Discing 240 Acres

LAND O'LAKES PLANS $12,000 ADDITION

State Drainage Official to Inspect River Valley Area Friday

Acting at the request of the local chapter of the National Aeronautics association, the city council at its August session Tuesday evening voted to call for bids to be opened August 27 on plowing, discing and dragging approximately 240 acres of the 380-acre airport site south of the city.

It is planned to have the work completed in September, so that the tract can be seeded to June grass next spring and prepared for a landing field, thus carrying out the recommendations of Leslie Schroeder, state commissioner of aeronautics, who recently inspected the site.

The council also granted the request of the local chapter that it be permitted to arrange a "bee" to remove brush and stones from the site. It was further agreed to have the city represented at a midwest air conference to be held next week in St. Paul, and it was indicated that Mayor H. W. Kinghorn and Alderman Frank Rinkel will attend.

Paul Lundgren was the spokesman for the chapter's delegation at the meeting, others present being Wayne Anderson, Bill LaFave and W. E. Dahlquist.

Stuart McLeod, manager of the local Land O'Lakes Creameries plant, submitted an application for a building permit covering the construction on an addition to its feed mixing plant and warehouse on the Soo Line right-of-way at an estimated cost of $12,000. Approval of the permit was withheld temporarily until the council building committee could make an inspection of the site.

W. E. Dahlquist informed the council that he had held a telephone conversation Tuesday with Walter Olson of St. Paul, director of the division of drainage and waters of the state conservation department, relative to the flood situation in the River Valley area. He said Mr. Olson had indicated he would come to this city Friday to make a tour of the area, and he asked that the council arrange to be represented by a delegation.

By unanimous vote the council disapproved the application of Stanley Efteland for an on and off-sale beer license at 209 LaBree av. N.

CHRISTMAS SEAL WORKER CONFERS IN CITY TUESDAY

Miss Margaret Hessburg Resigns Post as Local Chairman

Miss Mabel Johnson, field worker of the state Christmas seal organization, the Minnesota Public Health association, paid a visit to this city, Tuesday, to confer with Miss Margaret Hessburg, who served as local chairman last year.

Miss Johnson said that she was here to arrange for a new local chairman and to aid in making up her list of those to whom Christmas seals will be mailed next November. A complete file of all contributors to the tuberculosis fund in this community and throughout the state is kept at state headquarters.

The 1943 sale of seals is several months away, but there must be organization now, for that greater effort and more complete Christmas seal sale which it is predicted every Christmas seal unit will seek to have, the field worker said.

Military Mirror

"Mirror, mirror, on the wall, who is the fairest of them all?" The WACs at Fort Des Moines, Iowa, get more questions from this mirror in answer to that fairy tale query. They are: Is your posture perfect? Are your shoes shined? Are you smiling? and so on.

Auxiliary Notes

At the regular meeting of the auxiliary held Thursday of last week it was decided that, due to conflicts with other meetings on Thursday evenings, the auxiliary will now meet on Wednesday evenings, the first Wednesday of each month, until further notice.

Delegates chosen to attend the state convention at Faribault August 20-22 are Mmes. O. G. Lynde, Marshall Kays, Leonard Hanson, and Alex Campbell with Mmes. Henry Hitterdal, J. M. Bishop, Gil Reiersgaard, and Emil Hedlund acting as alternates.

The auxiliary wishes to express its sincere appreciation to each and everyone who helped make "Molly Pitcher day" a success. This applies especially to those who were not members of the auxiliary.

GIRL SCOUT NOTES

Four local girl scouts spent the past two weeks with the Campfire Girls near Detroit Lakes. They were Mary Lee Helseth, Joyce Benson, Eloise Benson, and Alice Lind.

Any scout who had material in the window of the Falls theatre building are to call for it at the John Lind residence, 347 North Kendall Ave.

CALF SWIMS A MILE

Ellsworth. — Almost unbelievable to Paul Schneider was the report he received on a two-months-old calf which had strayed from the fold. He found the animal on the Dakota side of Big Stone Lake and the farmer who picked him up reported the animal had swam from the Minnesota side of the lake to the South Dakota side, a distance of a mile.

O Authorities seem to agree that the war ill be followed by a period of unprecedent- *prosperity and the reasons* cited for ese predictions are plausible. There is a remendous backlog of business to be released when the war ends and for a few years there will be much money in circulation. Besides a big private demand for goods there will be much spending by government units that have built up reserves for post-war construction. It seems that the danger now is not that there will be a lag in business when the war ends but rather that there will be too much business crowded into a comparatively short period of time. If this is true then the planners should try to level off the peak by releasing public works only as they are needed to create employment. Supplying the demands of private buyers should keep us occupied for a while and it will be well to have a reserve of public projects ready for the time when private buying tapers off. We can ease the shock of post-war adjustment by spreading our spending over a period of years and the more years we spread it over the easier the adjustment will be.

Uncle Sam is not making rapid progress in driving the Japs out of the South Pacific but there is no reason for discouragement over this fact. So far our war effort in the Pacific has been essentially defensive. We have gained victories, taking several Jap strongholds, but the importance of these victories lies largely in the added safety they have brought to Australia and to our supply lines to that area. By moving cautiously we have saved the lives of many men. Our operations have forced the Japs to take long chances in reinforcing their threatened outposts and they have suffered heavy losses in ships and planes. Those who expect our armed forces to recover ground in the South Pacific as rapidly as we lost it, are, and will continue to be, disappointed. The War with the Japs will not be won in the South Pacific and it isn't likely that much of it will be fought there. As a defensive campaign the progress that is now being made is very satisfactory.

German armies are falling back over an extensive front in Russia and considering the problems the Germans are now confronted with it is likely that this retreat is a part of a general withdrawal to shorten their lines. The advantage of a shorter battle front is not one-sided however. The Russians, too, will stand to gain by shorter battle lines, especially when these lines bring them within closer bombing range of German cities. The German armies would *not be withdrawn if their condition were* not desperate and there is reason to hope that with a few more reversals there will be a complete breakdown of the nation internally. The battle of Sicily is nearing its end. It is not conceivable that resistance can be continued much longer and the loss of Sicily is not going to be good news for the folks back home.

Those who speak for our nation abroad are not simplifying our post-war problems by making extravagant promises of what we are going to do for the rest of the world when peace is restored. We do ourselves an ill service when we spend borrowed money recklessly, and without regard for value, here at home. We do a greater disservice to ourselves when we dissipate this borrowed wealth among foreigners with implied assurances that this sort of thing can go on forever; that freedom from want and fear may be obtained merely by adhering to the proper political faith. Not yet realistic in handling our own affairs, our nation certainly is not prepared mentally to solve the problems of the world following the war, and those who encourage smaller nations to look to us for realistic leadership and economic assistance are building up false hopes that will lead only to bitter disillusionment.

Demands for farm workers are exceeding the supply and there is need for more volunteer workers to assist with shocking. Crews of five or six men from town can set up a lot of shocks in a couple of evening hours and the assistance that has already been afforded by groups of this kind is greatly appreciated by farmers. Town men who can get away a few hours in the evening should register for work at the employment office.

Looking Backward

1933—TEN YEARS AGO

N. W. Elsberg, state highway commissioner, gave a local delegation assurance that a new bridge would be constructed over Red Lake river here without cost to the city.—Iver T. Bugge was installed as head of the local Odd Fellows lodge.—E. M. Courage

Grace—She confesses to 42.

Jane—That certainly requires fortitude.

If You Can't Buy It New GET IT USED

There are lots of things you won't be able to buy new in days to come. Used articles will have to take the place of new ones.

You can solve your problem simply by putting a Want Ad in The Times to let sellers know you are in the market.

Everybody Reads Want Ads

That's what makes the Classified Column a powerful sales force. Nearly every reader of this paper reads the Want Ads. There are hundreds of readers who are looking for your particular ad. There are many "want ad readers" looking today for the article you wish to sell.

The national morale probably won't suffer as a result of the firing by the Board of Economic Warfare of that male rhythmic dancer who was serving as an analyst or something at $5,600 a year.

Altho not having made a survey, we wouldn't be surprised if local grocers are selling less coffee now than when rationing was in effect.

The best testimonial to the efficacy of Times want ads was that solid page of them in last week's issue.

A colleague suggests there should be added to the school curriculum a one-year course in filling out government questionnaires.

Wonder what scientist it was who computed that a toad is worth $10.88 a year to the gardener for its destruction of cutworms.

Some of our leading businessmen have been guilty of shocking conduct the past week, but it was out in the harvest fields.

It is encouraging to note that such a level-headed observer as Columnist Raymond Clapper sees a chance of defeating the Nazis before many more months have passed.

The next high hurdle to negotiate is the attainment of the county's quota of war bond purchases in the campaign opening September 9.

Queer are the ways of Hollywood. Movie Actress Mae West last week obtained a divorce from a man she had insisted publicly she had never been married to.

In his recent fireside chat, President Roosevelt started off the bidding for the votes of the nearly 10,000,000 men in the armed services.

Remember way back in the year 1933 when people were being urged to spend more money to relieve the nation's unemployment problem?

Staggering thought — 95 per cent of all federal expenditures today are being devoted to the prosecution of the war.

Rites Held in Church Yesterday Afternoon for Mrs. D. O'Neill

Funeral services were held yesterday at 2 o'clock in the Community church for Mrs. Delphia O'Neill, who passed away Sunday, Aug. 8, at Waukegan, Ill., at the age of 78 years. Rev. S. S. Olafsson conducted the rites and interment was made in Greenwood cemetery.

Surviving Mrs. O'Neill are two sisters, Mrs. Arthur Golwitzer of Waukegan, Ill., and Mrs. A. B. Almstadt of this city; six grandchildren and seven great-grandchildren. Her husband, George W. O'Neill, whom she married in 1881, preceded her in death as well as two daughters and three sons.

Born in Plattsmouth, Nebr. June 26, 1865, Mrs. O'Neill came to Iowa, later moving to Federal Dam in 1914, and in 1935 she came to this city where she has since made her home with her son-in-law and daughter, Mr. and Mrs. A. B. Almstadt.

Electric Toaster

It is really very simple to adjust the regulator in any electrical toaster to best or optimum time. In experiments to determine the best slice of toast this "optimum toasting time" was set at 1 minute, 12 seconds. And in all tests, too, the toaster was allowed to heat up 1½ minutes before toasting, which made the toasting start uniformly the moment the slice of bread was inserted.

Reducing Thick Ankles

Among new methods for care of the feet is a method for reducing the thick ankles which some women have to live with, and suffer from, all their lives. There are several reasons for thick ankles and one kind is caused by lymph fluid in the tissues of the ankle. Frequently this edema (as it is called) comes after a hard day of shopping on hard pavements. The basic cause of this variety of thick ankles is a chronic, untreated ankle sprain.

France's Future in Their Hands

Gen. Henri Giraud and Gen. Charles DeGaulle, leaders of two French factions trying to unite in a fight against the Axis, are pictured shortly after DeGaulle arrived for a consultation. Seemingly, all that stood between the union of the two groups was DeGaulle's demand that he be given a high post in Giraud's North African government.

Police Discover Lost Chord

The disappearance of a complete pipe organ from a neighborhood theater, in Philadelphia baffled the manager but not police. The manager, Oscar Forman, reported the organ, unused since the advent of sound movies, had been in the loft of the Byrd theater when he last looked five months ago. After sleuthing for a few days, Detectives Edward Casey and Albert Jones announced the arrest of a 17-year-old usher who they said had admitted hauling the 824-pound organ away—piece by piece—since last November with the help of two friends.

How Soldiers Solve Laundry Problems

While many big-city laundries struggle along understaffed and eliminate extra services, American soldiers in Australia demonstrate that they have their laundry problems well in hand. Aided by an electric washing machine, they do their own washing. Left to right: Sergt. John Runnels of Fort Worth, Texas, Sergt. Harry Tanell, Chicago, Ill., and Sergt. Walter Sandberg, Duluth, Minn.

"He Knows It's Good"

After many years in show business, Charles Frohman was thoroughly familiar with the idiosyncrasies of authors, and knew that everywhere a writer went his ego went along. Once during a lawsuit, he was called as a witness, and was questioned by one of the attorneys.

"Mr. Frohman," said the lawyer, "when an author comes to you with a play, he thinks it's good, doesn't he?"

"Oh, no," was the reply.

"What, he doesn't think it's good?"

"He knows it's good," corrected the manager.

Vessels in Convoys

Although there are fewer than 40 vessels in most convoys, some such groups, when carrying important people and valuable cargoes through dangerous zones, have been known to comprise as many as 80 naval ships and armed merchantmen. These giant convoys require an area of about 35 square miles, usually travel at only 10 knots and may be discovered by their smoke at a distance of 50 miles.

'Shall Not Pass'

Although the Suez canal's average width is about 250 feet, ships going through it are not allowed to pass each other in motion between the Mediterranean and the Bitter Lakes, or over about three-quarters of the 100-mile course. The ship facing the tide, which flows for seven hours and ebbs for five, is obliged to tie up while the other passes, for fear too much backwater will loosen the sandy banks.

Sharks Aid War

Australia's most unpopular fish—the shark — has been literally pressed into service of the war effort. Shark oil is being used to replace the 80,000 gallons of cod liver oil which was annually imported before the war. The Council of Scientific and Industrial Research has proved that Mako shark is 50 times richer in vitamin A than standard codliver oil.

WEST SIDE MAKES 6TH INNING RALLY TO WIN TUESDAY

East Siders Lose as Opponents Pound in 6 Runs in One Frame

Scoring a six-run cluster in the 6th inning after two men were out, the West Side edged out the East Side, 8 to 6, Tuesday evening. The East Side, with their strongest lineup on the field, held a 6 to 2 lead as the 6th inning opened, and had retired Vern Tormoen and Bob Baker when the West Side rally began.

Thompson doubled; Emanuel was safe on an infield boot; Herb Claffy homered into left-center, scoring three runs; Kjos singled; Reierson singled; Hellquist doubled, scoring Kjos with the tying run; Anderson singled, scoring Reierson; Johnny Jaranson doubled, scoring Hellquist; and Vern Tormoen grounded out, second to first, to end the rally. Johnny Jaranson, playing shortfield for the West Side, copped the fielding honors, having eight putouts.

Art Thomas Shows End Successful Three-day Appearance Wednesday

The Art Thomas Shows Wednesday night completed a successful three-day appearance in this city under the sponsorship of the Junior Chamber of Commerce. The rides and carnival attractions, located on Second st. north of the Auditorium were well patronized by local children, while the stage performances in the Auditorium also attracted good crowds, particularly Tuesday and Wednesday evenings. Richard Maley, secretary of the junior chamber, said figures were not available this morning on the financial outcome.

1,100 Soldiers Coming to Grand Forks for Harvest

Today, for the first time in history here, there are scheduled to arrive in Grand Forks, 1,100 army men to assist local farmers in harvesting a wartime crop. Coming is the 177th field artillery group, under the command of Col. R. T. Guthrie. The men will arrive some time this morning in a convoy of more than 200 trucks. They will be divided into work units which will be stationed at Northwood, Reynolds, Finley, Lakota, Cavalier, Park River and Grand Forks. In addition to the work unit stationed at the fair grounds, there will be the administrative unit for the territory.

RAIN FRIDAY NIGHT HAMPERS VICTORY GOLF LEAGUE PLAY

Final Matches of Tourney Scheduled Tomorrow Evening

League Standings

	W.	L.	T.	Pts.
Harts Bakery	4	1	1	9
Bratrud Clinic	3	2	1	7
Lincoln Life	3	3	0	6
Soo Line	2	2	1	5
J & B Drugs	2	2	1	5
Oen's	2	3	1	5
Poppler's Furn.	2	3	1	5
T. R. Times	2	4	0	4

Results of last week's matches:
Bratrud Clinic (142) defeated Poppler's Furniture (148).
Harts Bakery (107) defeated Lincoln Life (124).
Times (72) defeated Oen's (75).
J & B Drugs vs. Soo Line (postponed).

Friday evening's schedule:
Oen's vs. Harts Bakery.
Lincoln Life vs. Times.
J & B Drugs vs. Poppler's Furniture.
Bratrud Clinic vs. Soo Line.

Last Friday evening's downpour washed away one golf league match and thoroughly drenched the other three matches. Harts Bakery, catching the Lincoln Life team shorthanded, defeated the defending champions, 107 to 124, with each team playing three men, and clinched at least a tie for the league championship by their victory. Bratrud Clinic, with a 143 to 148 conquest of Poppler's Furniture, swished into second place, and now trail the Harts Bakery by one game. The Times and Oen's, posting two-man totals, found the Times scoring a 72 to 75 win. The rain cancelled out the Soo Line vs. J & B Drugs match. Dr. Homer Hedemark and Stan Larson were the only players to break 40, each scoring a 39 gross over the soggy course. Dr. Ed. Bratrud and Clarence Knudsen posted the low net totals, having 34's.

Tomorrow evening's matches, which are the final for the season, will pit the Harts Bakery against Oen's, and a win for Oen's would probably force a title play-off, with the Soo Line, Bratrud Clinic, and J & B Drugs having a chance for the championship. Other matches will have Bratrud Clinic meeting the Soo Line; Lincoln Life vs. Times; and J & B Drugs vs. Poppler's Furniture.

"Hello, Frisco, Hello" Avalon Offering Sunday

"Hello, Frisco, Hello", Technicolor film musical, will be presented at the Avalon theatre Saturday, Sunday and Monday, with principal roles taken by Alice Faye, John Payne, Jack Oakie, Lynn Bari, June Havoc and Laird Cregar. The production has its setting in the Barbary Coast area of San Francisco.

Trailer Homes

The trailer business, in a slump for several years after a promising beginning, is booming again. Trailer camps have sprung up in every defense boom town as emergency housing. After two years of investigation, Prof. Donald Cowgill, of Drury college, has reported to the American Council of Public Affairs his judgment that 20,000,000 Americans eventually will be living on wheels, and predicted that, contrary to popular opinion, motorized living will have beneficial effects on family stability, health and morals. Most of the construction workers now living in trailers will not return to stationary homes after the emergency, in his opinion.

Famous Linguists

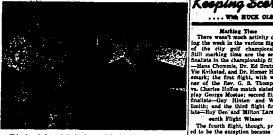
The most famous linguists of antiquity were Mithridates, king of Pontus, who is said to have been thoroughly conversant with the language of the 25 nations over which his rule extended, and Cleopatra, queen of Egypt, of whom Plutarch says that "she spoke most languages," and that "there were but few of the foreign ambassadors to whom she gave audience through an interpreter."

Plastic Won't Break

Curved rear windows on many 1942 motorcars are made of a glass-like plastic which will bend but won't break. So engineers say. But they add a qualifying "if." If such a window should be shattered by a terrific blow, as from a sledge hammer, it still wouldn't break in the ordinary sense, they explain. The substance would simply atomize into a cloud of pieces as small as grains of sand.

Unnecessary deaths are sabotage; Let's prevent them.

New Army Air Corps Insignia



This plane is decorated with the new insignia of the army air corps—a white star on a field of blue with a white rectangle added to both sides and the whole symbol enclosed in a red border. Beside the plane, Col. Tom W. Hasley, commanding officer of Bolling Field, D. C., studies an aerial map with a member of his staff, Maj. Clark Coleman.

URGENT CALL FOR THRESHING HANDS; CROP LOSS FEARED

State Directors Ask Every Available Worker to Register

A request for the registration of every person in the state who can help with the 1943 crop and a warning that losses of food may result if needed workers are not available, was issued in St. Paul Thursday, jointly by Paul E. Miller, chief of the agricultural extension service and director of the emergency farm help program, and George A. Selke, war manpower commission's state director.

"We are now in the period of peak demand for harvest and threshing hands," the statement said. "Residents of the state's towns and cities have rallied to the call for grain shockers in a way that gives eloquent testimony of their patriotism. As a result, the state's grain crop, particularly in the southern sections, has been well shocked.

"Now, threshing rigs are going into operation and for some time they will be busy from early morning until late at night. Operating crews are needed. Emergency workers who, up to now, have made themselves available late in the afternoons and evenings do not meet the threshing need. What is required are workers who can put in a full day's labor, along beside the farm and threshing rig owners. This demand is especially urgent in the northwest section of the state.

All available persons are asked to register with the local county agent, at any office of the U. S. employment service.

TURTLE COMES TO TOWN

Red Wing.—Mud turtles on the highways are a common occurence but when they come to town and hike right down a main street that is uncommon. Wending its way from the Mississippi river and up onto the town streets one old fellow found his way into a wagon shop last week from whence he was re-routed river way again in quite short order.

TREE-RIPENED LEMON IN MINNESOTA GARDEN

Hutchins. — A fully ripened lemon, large as any shipped in from the south fell from the lemon tree in Jay Beytien's yard last week. In the spring of 1942 he sent down south for a Ponderosa lemon plant and received a six-inch shoot which has matured to a two-foot bush.

WARNING!

Thompson vs. Charles Hoffos match slated to play George Mostue; second flight finalists—Guy Hinton and Walt Smith; and the third flight finalists—Roy Oen and Milton Larson.

Fourth Flight Winner

The fourth flight, though, proved to be the exception because the flight did select a champion when O. H. Ekeren trounced Justus Larson in the finals. O. H., using sound play and good psychology, trotted through the field without much trouble. Playing against his opponents, most of whom were young enough to be his grandsons, O. H. would tell them that he didn't have much of a chance against such young and powerful players, that he wouldn't be able to make it a match, and they would out-drive him by at least seventy-five to a hundred yards.

This psychology would fill the young golfers with just the right amount of over-confidence and they would proceed to "press" off the tee, trying for tremendous drives, and the result would be a ball out-of-bounds or in deep rough. Meanwhile O. H. would be straight down the middle, as he always is, and before the younger fellows realized it the match would be over.

The Old Touch

Johnny Jaranson, back at his old spot in shortfield, gave the boys an inkling of how the game of diamondball is played Tuesday evening, and proved that he hasn't lost his touch. Johnny, playing in the West Side lineup, loped over the shortfield position to pick off eight putouts. He nabbed two flies in the 1st inning; a couple in the 3rd inning; all three of the outs in the 4th inning, making a one-handed scoop of the final out; and collecting his eighth putout on a fly in the 5th inning. On offense Johnny fouled out to third base, drove a long fly to left field, lined out to short, and doubled into left center.

Frankly, Johnny's presence in the West Side lineup made the difference between a win and a loss Tuesday, for the East Side, as a result of a house-to-house canvass, had their strongest team on the field.

Thirty-five Cent Golf

Kern Olson, the local club's perambulating mental hazard, had the experience Saturday afternoon of shooting rounds of 35 and 39, and it could have been a 34 and a 38, and losing thirty-five cents. Playing in the group with Kern were Paul Melby, Bill Claffy, Rev. Merth, Dr. Borreson and Dr. Bratrud.

It's Walt's Time Again

Walt Larson, manager of the old Land O' Lakes diamondball team, and Stan Larson have become so irritated at the West Side team (they both live on the East Side) that they have issued a challenge to the West Side, and they are now organizing an all-star team. Walt is pretty hush-hush about the players—the West Siders say that Walt's signing up a bunch of has-beens—but he hinted that Jimmy Kelly, Ok Bakke, and Harold Anderson would be in the lineup.

Calls for Committee Meeting

The committee in charge of the circulation of the Lutheran Brotherhood's golf trophy had better call a meeting to discuss ways and means of eliminating Rev. G. S. Thompson's apparent monopoly of the trophy. Last year, with a 47, he again won the blind bogey and the trophy.

None Like It

The horned screamer, a South American bird, is about 25 inches high, has enormous feet, two spurs on each wing and a horn growing out of the top of its head. Ornithologists declare there is no other bird on earth like it.

CHUCKS, WEASELS, RABBITS AND RAT ALL SHARE HOME

Hibbing.—From a hole in the middle of his bed of peas Herb Forder has taken out four woodchucks, three weasels, two rabbits and one house rat. And he vows the 'chuck is the biggest one his eyes have ever viewed. Dens of bear cubs or fox pups are not unusual but one burrow housing four different kinds of animals is new.

PRICES CHARGED BY SERVICE MEN LIMITED BY OPA

Sellers of Consumer Services Affected, Says OPA Official

All sellers of consumer services in the Fargo-Moorhead district, Office of Price Administration, were cautioned this week by H. W. Bangert, district director, that statements of the price they charged in the base period of March, 1942, must be on file with their local war price and rationing boards.

The various services being checked in the district are: Maintenance, rental or repair of electrical and gas appliances, radios and phonographs, farm equipment and automotive vehicles; laundering; cleaning and dyeing; tailor shops; shoe repair, and food locker services.

Operators who have failed to comply with the regulations by filing a base period statement, Director Bangert declared, would be called to confer with price panels of local boards, or with members of the OPA staff, in an endeavor to obtain compliance. Such operators will be assisted in preparing proper base period statements.

The top prices which the various stores can charge for their services are the highest prices charged by an individual store in the March, 1942, period. Stores must keep their ceiling price lists available for inspection by customers.

Director Bangert reminded the service trades operators that consumers who have been over charged may sue them for three times the amount of the overcharge or $50.00, whichever is greater.

BOYS PASSING A12 TESTS TO RECEIVE COLLEGE TRAINING

Army Announces Details of Specialized Reserve Program

The army has created a specialized training reserve program for 25,000 recent high school graduates between the ages of 17 and 18, who will receive military scholarships and attend college as members of the army enlisted reserve corps, receiving meals, housing and books at the expense of the government, headquarters, Seventh Service Command announced today at Omaha, Nebraska.

Only young men who have attained a satisfactory score in the A-12 series tests, administered April 2 in high schools all over the country, are eligible. They must also, voluntarily, enlist in the enlisted reserve corps before beginning the course.

In the Seventh Service Command, 2162 young men have been declared eligible for the program. This number ranks third among the nine service commands in this country.

The program was designated as a pre-induction course of study for young men below draft age, whose mental and physical qualifications are expected to make them eligible for ASTP training when they are inducted into the army. The course—consisting of four terms of twelve weeks each—is similar to the ASTP basic courses.

By participating in the program, the young man may actually have completed one or more of the basic ASTP courses before entering the army on active duty, with the result that, following induction, and if assigned to the ASTP, they may immediately begin more advanced work. It is anticipated that men taking the preliminary courses will require less time to complete the regular ASTP courses.

The first college or university in the Seventh Service Command to be selected for participation in the program is the University of Kansas at Lawrence, at which between 400 and 500 men will begin instruction on August 9.

As members of the Enlisted Reserve Corps, the students will not be required to wear uniforms, and they may return home during the one week free periods which are allowed between each of the 12 week terms.

Each student will be allowed to complete the term during which he becomes 18 years of age. Upon completion of that term, he will be called to active service in the army. After subsequent basic training, and if found qualified, he will be selected for further ASTP training.

Young men who are eligible for the Specialized Training Reserve Program will receive a notice from the War Department and a postal card for return to the service command in which they reside.

Selection of the men is on the basis of their individual scores received in the V-12 tests on April 2. Another test is being prepared for young men who have become 17 since that date, and it is expected this test will be administered some time in November.

State Civil Service Is Seeking More Workers

The Minnesota state civil service department has recently announced examinations for attendants, maids, janitors, janitresses and custodial helpers. The salary ranges are $91.50 to $112.50 per month for the maid, attendant and custodial helper classes and $102 to $128.25 per month for the janitor and janitress classes.

Vacancies in these positions exist in state institutions, teachers colleges and state parks throughout the state and in some state departments located in St. Paul.

The examination will consist of a rating of the applicant's experience and training and an oral interview. For further information contact the Minnesota state civil service department, 122 State Office Building, St. Paul, or any United States employment service office.

PLUMMER

MRS. JAMES LAFAYETTE DIED MONDAY MORNING

Mrs. James Lafayette, age 75, of Plummer, died at 12:05 A. M. Monday morning at a hospital at Thief River Falls after a long illness. She had been in poor health for the past ten years.

Her maiden name was Carrie Heath. She was born in Illinois February 12, 1867 and removed with her parents to Iowa. On February 21, 1888 she was married at Maquoketa, Iowa to James Lafayette at a double wedding at which Mr. and Mrs. John Hoflus were also married. The two couples celebrated their golden double wedding anniversary at Plummer five years ago.

The Lafayettes moved to Barnesville where they lived until coming to Red Lake county in 1914, to join the Hoflus family who had moved to Emardville from Albert Lea two years before. Mr. and Mrs. Lafayette moved into Plummer about five years ago.

The deceased is survived by her husband and seven children: Elson, Orville and Albert, of Plummer, Frank, of Sabin and Walter of Barnesville, Mrs. Ada Erickson of Twin Valley and Mrs. John Sorlie of St. Paul. A sister, Mrs. Bertha Bentley of Dewitt, Iowa, and a brother, Charles Heath of Potosi, Wisc., also survive.

Funeral services were held at 1 o'clock Wednesday afternoon from the residence and at 2 o'clock from the Brooks Presbyterian church of which she was a member. Rev. H. N. Lindholm officiated. Pallbearers were E. E. Hill, J. M. Dennistoun, Dick Dalziel, Ed. Martinson, James Ford and John Greenwald.

Whistle Facts

The whistle of a locomotive is higher in pitch as a train approaches and lower after it has passed because as the train approaches vibration strikes the car with increasing frequency causing a higher pitch. After passing the vibrations are strung out as the distance increases.

U. S. WILL SEIZE FARM SCRAP WHEN NOT VOLUNTEERED

Laggards Face Drastic Action after Harvest Is Completed

Drastic action to bring slow-moving northwest farm scrap into war production channels will be taken soon unless farmers holding it start moving this vital war material to junk yards, according to Norman S. Olson, northwest WPB salvage manager.

Farmers failing to bring their scrap in directly after completion of the harvest, Mr. Olson said, will be faced with official seizure of the scrap. The government, he said, will simply order the scrap sold and will haul it off the farms. Cost of the loading and hauling will be taken out of the proceeds from the sale of the scrap and the remainder turned over to the owner.

In a sample survey of farm scrap throughout the region, Mr. Olson said he found a number of instances in which farmers had made no effort to move their scrap iron and steel, despite two appeals for it.

"We are going to wait until the farmer has had an opportunity to harvest his crops before taking this action," Mr. Olson said. "We don't want vital food to go to waste despite the urgency of scrap collection. However, when the harvest is completed we will make a drive to get all the available scrap to the yards and where the farmers refuse to turn it over, we'll just have to go in and seize it. The need for scrap iron and steel is mounting every day."

Mr. Olson explained that the northwest quota for the last six months of 1943 is 478,500 tons of iron and steel. Minnesota is being called upon to furnish 424,500 tons; North Dakota, 25,000 tons and South Dakota, 24,000 tons. Quotas fixed for the area during the first six months of the year were not even closely approached, he said.

To aid in gathering up scrap from reluctant farms in Minnesota, Mr. Olson said Fort Snelling officials have offered the use of 10 army trucks. These will haul scrap when it is necessary to seize it, he said.

Nationwide Rationing of Stoves to Get Under Way About August 23rd

Stove purchase certificates now issued and normally valid for 30 days from date of issuance, will be invalid after August 23, by which time it is expected the new nation-wide stove rationing plan will be in effect, the OPA said.

New certificates will be distributed to War Price and Rationing Boards before the date the new stove rationing program goes into effect. After that time purchasers of most types of domestic stoves will be required to give up a new certificate on OPA Form R-901.

Coal and oil heating stoves are at present rationed in 32 states where fuel oil is rationed. Anyone in this area who obtains a certificate to buy a stove before August 23, but does not purchase his stove by that date must apply for a certificate under the new order before he will be able to get his stove.

FIVE-FOOT BULL SNAKE AT INTERNATIONAL FALLS

International Falls. — Border wildlife students, some of whom have been seeing snakes and other forms of reptilian life for years, were amazed at a specimen brought to town recently. It was five feet three inches in length and had a girth of five inches. The snake, identified by "experts" as a bull snake, harmless to humans but sudden death to mice, rats and other varieties of snakes. This type of snake is common in southern Minnesota and Iowa but rare in the northern part of the state.

Montgomery Rides Into Sicily In Sea-Going Truck . . . the "Duck"

In this radio photo from Sicily, General Sir Bernard L. Montgomery, leader of the hard-hitting British 8th Army, is shown touring captured Sicilian cities in a 2½-ton Amphibious Truck, familiarly known as the "Duck". Although having been in volume production at General Motors Truck and Coach for quite some time and having seen action in the South Pacific, this is the "Duck's" first appearance in the European Theater. Combining the qualities of a 31-foot, all-steel landing boat and a sturdy, six-wheel drive truck, it is proving particularly valuable in amphibious operations such as establishing beach heads and bridge heads, transporting troops over land or water, carrying supplies from off-shore ships to inland supply depots.

New Campaign Designed to Reduce Living Costs

The Home Front Pledge campaign, signing up men and women all over America in the fight to keep down the cost of living, was launched today in the Fargo-Moorhead district of the Office of Price Administration with personal appeals to the residents of Pennington county to participate by Waldie Christensen, chairman of the county war price and rationing board.

"Don't fail to sign and keep the Home Front Pledge," Mrs. Paul A. Lundgren, community service member, declared. "Its observance will make every man and woman a warrior on the home front, helping to hold down the cost of living and to curb inflation, as well as to distribute rationed goods fairly so that everyone has an equal share."

"You can prevent inflation by acting now," Mr. Christensen said in his appeal to housewives to sign the pledge signature scrolls which will be distributed in the towns by the office of civilian defense. "Make the Home Front Pledge today—and keep it every day. Pledge yourself to pay no more than top legal prices — to accept no rationed goods without giving up ration stamps."

Cooperating agencies in the campaign, in addition to the OCD and OPA and local and state governments, are the office of war mobilization, War Food Administration, department of agriculture and office of war information.

Consumers who sign the pledge signature scroll will receive home front pledge symbols to display in their windows as a token that they are keeping faith with the boys on the fighting fronts by helping maintain a stabilized Home Front.

Late Planted Potatoes Should be Sprayed Now, Says Northwest School

Late planted potatoes in the Red River Valley require protective sprays against diseases and insects if satisfactory yields are to be obtained, says Superintendent T. M. McCall of the Northwest School and Station, Crookston. The condition of potatoes for the Red River Valley as a whole is below normal and every effort should be made to get the highest possible yield out of the present standing crop. According to Superintendent McCall, floods and wet weather at planting time and during early summer have caused the greatest abandonment and loss of potato acres in recent years in many of the Valley counties.

Late planted potatoes which will be in their most vigorous growth during early September will be particularly vulnerable to late blight. The late blight flourishes at cool temperatures when there is an abundance of moisture and high humidity.

Combinations sprays of poison, such as calcium arsenate with bordeaux mixture or copper spray dusts, should be applied every week or ten days until all of the foliage has been given protective sprays. After potato beetles are controlled, the arsenical poison can be left out of the spray mixture. In case leaf hoppers are not controlled with the copper dust sprays, pyrethrum and nicotine spray materials can be used.

Construction on Trunk Highways Now at Low Level, Hoffman States

Uncompleted work on outstanding contracts for trunk highway construction on June 30, was estimated at $894,109, in figures released today by M. J. Hoffmann, Commissioner of Highways. This is the smallest amount of uncompleted work outstanding in many years.

Construction since the United States entered the war has been confined to completion of outstanding contracts and a limited number of new projects essential to the war effort. Contracts let since the war started include access roads to defense plants, improvements of links needed for essential transportation, reconstruction of sections damaged by floods, and surfacing necessary to protect new grades recently completed.

For comparison it was pointed out that uncompleted work on outstanding contracts on January 1, 1943, was estimated at $1,201,187; on June 30, 1942, at $2,782,649; on January 1, 1942 at $5,994,139, and on June 30, 1941, at $7,272,490. Work completed during the first six months of 1943 was estimated at $402,139, compared to $1,933,207 in the same months in 1942. Contracts awarded in the first six months of 1943 totalled only $259,876.

Late Ration Book Three Requests to be Handled

The North Dakota state control center for War Ration Book 3 is being set up in the District OPA Offices at Fargo. Minnesotans in the Fargo-Moorhead OPA district will be served from a similar center in that state.

Persons whose books have been lost or need correcting will apply to their local war price and rationing board after August 1. Supplementary or late books will be mailed after the applications have been checked in the files at the state control center. A complete record of every book issued are a part of the files at the state control center.

The state control center is expected to lighten the load of local boards, lessen the chance for error, loss or delay, and make for uniformity in issuance throughout the state.

WHY NOT GLASSES FOR DOGS, ELY WOMAN ASKS

Ely. — Perhaps an untouched market for colored glasses has been uncovered. A woman entering one of the local stores dealing in summer sport items explained that she must have a pair of dark glasses for her black cocker spaniel as he always rides with his head out of the car window and the wind makes his eyes water. The hound squatted placidly on a chair whilst he was fitted with spectacles and then trotted out wearing the horn rims with unruffled dignity.

DEER PUTS DOG IN ITS PLACE

Arlington.—This deer and dog incident is worthy of relating. Working in the field on his nearby farm, with his dog following him closely, Henry Scheer noticed a pretty doe and fawn in the field. About the same time the dog spied the strange looking animals and hastened over to them. Quick as a flash the doe lowered her head for the attack on the dog and struck out with her hoofs. She did a thorough job not only striking the dog but chasing him straight back to his master and then gave Mr. Scheer a look which clearly meant "Now you take care of your dog."

REINER

The Reiner Lutheran church will have their annual summer picnic at the Andrew Wells farm on Sunday, August 15. A program will be given, also refreshments served.

"A Girl Can't be Too Careful!"

"That's why I take our car to the Phillips 66 Station every week for a check-up . . . to help keep it running its best"

"My family just can't afford to be without a car. Dad and Jimmy depend on it to get them to work. Mom and I need it for shopping. So I make it my business to see that our car is well cared for."

"And it's certainly good to know I don't have to be a big customer at our Phillips 66 Dealer's in order to take advantage of all his car-saving services. Even though our car may not need any gas at the time, I drive in once a week for a check-up of tires, battery, radiator and lubrication. The Phillips man is always cheerful and obliging."

"From now on . . . for the duration . . . we're depending on our Phillips Dealer to help us Care for our Car for our Country."

THIS COMMUNITY HAS A SPECIAL WAR JOB

THIS COMMUNITY is on the spot! We are in a pulpwood growing section and there is now a pulpwood shortage. The country needs vast quantities of pulpwood for explosives, rayon parachutes, gas mask filters, shipping containers and a thousand other uses — yet some of the mills that make these things are actually shutting down for lack of wood.

This is a desperate situation — a war emergency. Something must be done QUICKLY!

And only we who live in the pulpwood cutting areas can do anything about it.

This is OUR responsibility.

How the problem can be solved

Mr. Donald M. Nelson, Chairman of the War Production Board, gave the key to the solution in the following statement:

"If every one of the more than 3,800,000 farmers in the 27 pulpwood producing states were to devote 3 EXTRA days in 1943 to cutting pulpwood, we could overcome the threatened 2,500,000 cord shortage with wood to spare."

Will you enlist for 3 EXTRA days?

If you are now cutting pulpwood part time; if you have cut it in the past; or if you have never cut it but know how to use an axe and saw, will you pledge 3 EXTRA days (at regular pay) to meet Mr. Nelson's challenge?

Fill in the coupon. Mail it to this newspaper and you will receive the pledge badge which identifies you as a Victory Pulpwood Cutter.

This is a war emergency.

Need Monkeys for Research

A shortage of Indian monkeys, due to the war, is threatening to hamper medical research, Industrial and Engineering Chemistry, publication of the American Chemical society, reports. The Indian monkey is the most satisfactory "guinea pig" among the simians for the study of infantile paralysis and many other human diseases. Large numbers are being used in research in sulfanilamide derivates and substitutes for quinine. Normally, 15,000 monkeys a year are brought to the United States from British India.

Why Wall Street?

When Peter Stuyvesant was governor of New York in 1653 he built a wall or palisade to protect the Dutch settlers from both the British and the Indians—Hence the name Wall Street—although the wall was removed in 1699.

LAND O'LAKES NEWS

Did You Ever Hear of a "COOPERATIVE COOPERATIVE?"

PROBABLY not in those words, but a "cooperative cooperative" is important to northwest dairying.

IT SEEMS that cooperation is carried one step beyond the usual idea of a cooperative — that benefits don't stop at the creamery door.

THE LAND O' LAKES METHOD of marketing is just that. It controls the producer's goods all the way to the grocer's door through processing, packaging, pooling, shipping, distribution and sales. [illegible] products.

THE LAND O' LAKES COOPERATIVE method of marketing has been proven by over twenty years of successful operation.

PROGRESSIVE northwestern creameries are invited to investigate the advantages of membership in Land O'Lakes.

MINNESOTA PAYS $301,000,000 IN FEDERAL TAXES

Tremendous Increase in Payments Is Reported for Fiscal Year

Minnesota in the fiscal year which ended June 30 paid the largest federal tax bill in all history—more than twice as much as the previous year.

Arthur D. Reynolds, collector of internal revenue for Minnesota, reported Saturday Minnesotans poured into federal coffers $301,922,000 in the fiscal year just ended—more than $100 per capita.

This compares with $146,391,000 assessed against business, industry and individuals a year ago.

Largest gain was in income taxes. At the close of the year's business two weeks ago Minnesota income taxpayers had laid out $227,114,000 compared with $87,091,000 on the corresponding day a year ago.

Of the larger amount $133,924,000 represented corporate excise taxes and $93,189,000 personal taxes. A year ago corporate and excise taxes aggregate $45,960,000 and personal taxes $41,130,000.

A 20 per cent increase was shown in social security and other taxes levied against payrolls. In one year the amount collected rose from $22,144,000 to $27,772,000.

That over twice as many luxuries were purchased during the year was shown in the report. Receipts on June 30, 1942 totaled $1,312,000 against $2,859,000 June 30 this year.

Taxes on admissions at 10 per cent jumped approximately 35 per cent—from 2 million dollars to $2,735,000.

Receipts of taxes on transportation indicate more than twice as many persons traveled the past year as against the year previous.

Dunwoody Institute Gives Advice to Young Men Looking to Future

Young men over 16 years of age in Minnesota as well as throughout the northwest are now confronted with making their plans not only for the next year or two, but also for the next five to ten years and for life.

In normal times they usually plan to finish high school after which they may follow one or four following paths:

1. Go to college and get more general education.
2. Go to college to take up one of the professions life engineering, medicine, law, etc.
3. Go to a vocational school of less than college grade to learn a trade if they wish to go into industry or go to a business college if they wish to go into commercial lines.
4. Get a job.

At the present time due to the war, conflict in which we are engaged, these plans of young men are further complicated by the fact that mony young men may enter military service.

Our young men, therefore, are confronted not only with planning their life from the angle of employment in peace times, but must also make allowance for war conditions.

Young men are especially fortunate if they intelligently understand these situations confronting them so that they can combine hese latter two plans; namely, planning for their future life and planning for the possibility of military service in such a way as to combine these two.

Young men and older men who wish to make plans ahead are invited to write to Dunwoody Institute, Minneapolis, for information.

A SIMPLE WORK DRESS IN THE YEAR OF 1895

Belle Plaine.—A woman's magazine, The Delineator, dated March 1895, gave Emmett Minton a great big chuckle when he found it in a shed at the rear of his home. He learned men wore "zoot suits" and women had "drapped shapes" in those days too. The description of a simple work dress for a lady of medium size in those days didn't sound simple to Emmett. It had four-gored skirt, the blouse to be made with a rolling or standing collar, with or without fitted lining, and required 11-¾ yards of material, plus washable braid or ribbon for trimming.

1800-POUND BULL HEADS FOR CHINA

Ellsworth.—Heading for China via a well, is what an 1800-pound Holstein bull did last week. Pursuit of the lost animal was made for two days and finally was found in an abandoned 10-foot well, with his head just barely sticking up. A call for assistance to neighbors brought a crowd of men and a derrick of 6' by 6' heavy timers. After two hours Mr. Bull was finally within three feet of terra firma on the stepped excavation that the rescuers had dug in their effort to get him out. You can't tell what goes on in what passes for a bull's brain because instead of being grateful to his rescuers he was most unappreciative and showed it by breaking the chain hoist and jarring the two trucks that were being used. However, his obstinacy didn't pay against the will to win of the cooperating rescuers and he is now back home again.

85-YEAR-OLD WOMAN GARDENS AT EARLY HOUR

Rochester. — Weeds better stay away from Mrs. Maria Rieple's garden or she sure will get 'em. Grandma Rieple, as she is affectionately known to her friends and neighbors, is one of the most ardent Victory gardeners, in spite of her 85 years. Starting at five or six o'clock in the morning she wields a mean hoe most of the forenoon and her rows and rows of vegetables are as free from weeds as the choicest potted plant. When one variety is through for the season she hurries and puts in another. Variety is what she has in her garden, for there is 7-foot corn, expanding heads of cabbage, clusters of tomatoes about to ripen on tall vines, rows and rows of potatoes, carrots, beans, beets, all bordered with chives to keep them in line.

HICKORY

Angeline Irene, twelve month old daughter of Mr. and Mrs. Marvin Gustafson, suffered third degree burns on the inside of both hands when she touched a hot stove Tuesday afternoon. AVIATION LEADERS OF EIGHT STATES TO MEET AUG. 20TH

First Midwest Air Conference Scheduled for St. Paul

Aviation representatives of eight midwest states have been invited to attend the first annual midwest global air conference at the St. Paul Hotel Friday, August 20.

Governors, aviation officials, airport committees, airport managers, and other aviation leaders from Minnesota, Iowa, North and South Dakota, Wisconsin, Illinois, Missouri and Nebraska will attend. They will receive information and ask questions concerning the many problems which are facing airport planners today.

This was the announcement made by Lowell H. Swenson, president of the Greater Twin Cities Chapter of the National Aeronautic Association, which group is sponsoring the event in cooperation with the newly created Minnesota Department of Aeronautics.

Headlining the list of nationally known speakers will be Capt. Gill Robb Wilson of Washington, D. C., national president of the N. A. A. Other outstanding authorities in aviation from the nation's capitol who will come to the Twin Cities for the conference will include R. McLean Stewart, director of War Training Service, Civil Aeronautic Administration; W. L. Jack Nelson, chief of Priorities branch, Aircraft production division of the War Production board; Charles I. Stanton, Civil Aeronautic administrator, and Charles Donaldson, chief of Airport Section, Civil Aeronautic administration, all of Washington.

In addition, Congressman Jennings Randolph of Virginia; L. L. Schroeder, Minnesota commissioner of aeronautics; C. A. Posey, St. Paul, district engineer of the C. A. A.; and William Green, Minnesota assistant attorney general, will speak at discussion panels.

STATE FAIR SOLOIST

Only Nine Lives Lost in Minnesota Traffic During Month of July

Only nine deaths due to traffic accidents occurring in July have so far been reported to the Minnesota department of highways. This is only one-fourth as many as occurred in July, 1942, when 35 deaths were reported, and only one-eighth as many as in July, 1941, when 72 met death in traffic. Two of the nine killed in traffic accidents were pedestrians.

Traffic deaths from January 1 to July 31 now total 106, compared to 271 in the same months in 1942 and 295 in 1941. "This means that 165 persons are alive today who would have been dead if the 1942 rate of fatalities had continued," said W. F. Rosenwald, traffic engineer in the department of highways. "This is especially gratifying since accident slows up the war effort. For every life saved at home, we may be saving two lives on the foreign fronts.

"Part of the reduction in accidents is due to reduced traffic. Part is due to the general tendency to drive carefully in order to conserve tires and gasoline. A great deal of credit, however, must be given to the educational work done by the newspapers and other agencies, and to the coordinated work of various law enforcement agencies. This work should continue without let up. Our good record should not lull us into any false sense of security."

Civil Service Seeking Maintenance Engineers for State Institutions

The Minnesota state civil service department has recently announced an examination for the positions of plant maintenance engineer and plant maintenance engineer helper. Persons who have had boiler room experience in repairing and/or operating mechanical equipment used in power plants are urged to apply for the examination.

The monthly salary range for the position of plant maintenance engineer helper is $112.50 to $144 and the monthly salary range for the position of plant maintenance engineer is $149.25 to $190.00. The examination for these positions will consist of a rating of the applicant's experience and training based on investigation and probably a personal interview.

Announcements containing further information and application blanks may be obtained from the Minnesota state civil service department, 122 State Office Building, St. Paul, or from any United States employment service office. Applications must be postmarked not later than August 31, 1943.

MOWING MACHINE MOWS FAWN'S LEG

St. Cloud. — Fourth of July wasn't any fun for a fawn roaming around on a nearby farm as he entangled with a mowing machine and had his leg cut off. The accident was reported to Game Warden George Schurrer who engineered a proper amputation. Some 15 days later the little fellow was thriving on four pop bottles of milk a day. It is sturdy and strong on its three good legs and full of pep. This is the fifth deer to have legs mowed off by farm machines. Three died, but this one and another one will live and be freed again.

SCHOLARSHIPS ARE AVAILABLE AT N. W. SCHOOL THIS FALL

Candidates to be Selected by Committees from Each County

According to Superintendent T. M. McCall, from eight to ten new scholarships valued at fifty dollars each, will be offered students at the Northwest School for the school year beginning on October 4. The scholarships are made possible through funds set aside by the Mutual Life Insurance Company of New York. The scholarships will be made available to one boy and one girl in each of the four Red River Valley agency districts of the company.

The scholarship nominees are to be recommended to the Northwest School scholarship committee by a committee selected in each county from leaders in county agent and 4-H club work. Rules to be observed in the selection of the scholarship winners are now being formulated so that recipients of scholarships can attend school this fall.

Boys and girls to be eligible for scholarships must show qualities for leadership and plan to continue in agriculture and homemaking; they must also be in need of assistance to continue their educational training.

The Northwest School, Crookston, is fortunate in securing this fine cooperation in making an additional year of special training available to Red River Valley boys and girls. The new scholarships from the Mutual Life Insurance Company, together with five and one-half scholarships again provided from the Sears, Roebuck and Company funds, will make a total of thirteen to fifteen scholarships at fifty dollars each available to new Northwest School students for 1943-44.

Caleb Dorr funds in trust at the University and Northwest School Alumni Association funds provide eight additional scholarships ranging in value from fifteen to twenty-five dollars each.

Workers Are Needed for Naval Ammunition Depot

Hundreds of laborers are needed immediately at the naval ammunition depot, Hastings, Nebraska. This is essential war work in the fulfilling of ammunition requirements of the U. S. Navy.

The starting salary for the laborer's position is 74c per hour with opportunities for advancement. At present all laborers are required to work 60 hours per week making the weekly salary $51.80. No special skill or experience is required for these positions.

Those interested in immediate appointment to one of these jobs should immediately contact the civil service secretary at the post-office or the local U. S. employment service office.

Have a Coca-Cola = Wacko, Digger!
(OKAY, CHUM)

It's natural for popular names to acquire friendly abbreviations. That's why you hear Coca-Cola called "Coke".

...or how to make a bit in Australia

When friendliness takes over, you find the spirit of cooperation, of "Let's work together for the common good". That's the way it works between Australians and Americans. *Have a "Coke"*, says the Yank, and the Aussie knows he has a comrade. From Adelaide to Altoona Coca-Cola stands for *the pause that refreshes*,—has become the gesture of the friendly.

FSA LOANS AGAIN ARE AVAILABLE TO COUNTY FARMERS

Additional Funds Granted by Congress, States Supervisor

Rehabilitation and tenant purchase loans are again available through the Farm Security Administration to Marshall, Pennington, and Beltrami county farmers who want to do their part to meet the nation's war food production goals, according to J. P. Rosengren, FSA supervisor here.

Designed to assist small farm operators to produce to capacity, Farm Security loans are available to those who lack the necessary credit or financial resources to put into maximum wartime production their land, equipment and labor supply.

There's no lack of credit for the nation's farmers. Banks and other lending institutions have funds available for the legitimate needs of the farmer who possesses adequate security. Farm Security, however, through an annual appropriation from congress makes loans available for those small farm operators who can increase their output of food but lack the necessary security to negotiate a loan through normal channels.

The No. 1 job of FSA, an agency of the U. S. department of agriculture, is to bring into full production the resources of the small farm operator through supervised credit. For several months prior to the close of the fiscal year on June 30, FSA was temporarily "out of funds." However, funds were again made available to meet the credit needs of the small farmer with the passage of the agricultural appropriation bill for the fiscal year 1943-44.

Stressing approved farm and home management practices, including better livestock, use of pure bred sires, improved sanitation and better feeding practices, FSA supervisors work towards the complete rehabilitation of the farm family and their restoration to the ranks of high producing, financially independent farm operators.

All applications for FSA loans are reviewed by a committee of three operating farmers and the FSA Supervisor. Applications for loans in these counties may be made at the local FSA office located at Thief River Falls.

Lieut. W. H. Shetterly of Red Lake Co. Reported to be Missing in Action

Mr. and Mrs. D. R. Shetterly of Garnes, Red Lake county, received the sad news last week from the war department that their son Lt. William Howard Shetterly, U. S. A. had been reported as missing in action in the Sicilian campaign since July 11. Further details were lacking.

Lt. Shetterly entered military service January 13, 1942, and started aviation training May 25, the same year. He was an aviation cadet in the army flying schools at Stockton and Chico, California, and was commissioned October 30, 1942. He was home just last March.

He was later promoted from second to first lieutenant.

In April this year he was sent to duty as pilot of transport of a troop carrier plane. It is possible that he has been picked up.

Safety speeds up Victory.

NURSING COUNCIL REVEALS OPENINGS FOR CADET NURSES

Government Will Supply Pay and Scholarships for Workers

Because of the great need for nurses, the federal government has established a U. S. cadet nurse corps, and has appropriated funds for nursing education of those enrolling, according to Miss Katharine J. Densford, chairman of the state nursing council for war service.

"Young women may join the corps by applying at schools of nursing participating in the plan," said Miss Densford, "and we expect that schools throughout the state will do so as quickly as their applications can be approved in Washington." This applies to schools offering the five year as well as those offering the three year course. The requirements for a cadet, in addition to those ordinarily made by schools of nursing, are that she state her willingness to make her services available for the duration of the war. Entering the corps does not mean that she cannot marry, as many essential services, including army nursing, are open to married nurses.

The benefits include a monthly stipend, and scholarships which cover tuition, all fees charged by the school, the cost of books, and indoor and outdoor uniform, the uniform will be distinguished by insignia bearing the Maltese cross, and the nurse will be identified as taking an active part in the war effort throughout the training period.

The stipends are at a monthly rate of $15 for the first nine months of study, $20 for the following twenty-one months, and $30 for the last six. The program is so arranged in Minnesota that the combined study and practice is completed within thirty months. During the following six months, prior to her graduation, the nurse is free for assignment where needed.

SQUIRREL FROM TRINIDAD IN OFFICER'S POCKET

Rochester.—A visitor last week, Lt. Emerson W. Smith, Indianapolis, had a new version of the "Mary had a little lamb" ditty. With Lt. Smith, it's Everywhere that Emerson goes, his squirrel is sure to go." With the army medical corps administrative service, Lt. Smith spent eight months in Trinidad, where the friendly natives presented him with Jo-Jo, thus named because the natives call all American soldiers, Joe. Jo-Jo is secure on a watch chain and minute leather collar, but when allowed to roam around his master's shoulder or lap, prefers to hustle back into his favorite spot, the lieutenant's pocket.

Soo Engineer Retires

Fay W. Kenyon of Mahnomen, locomotive engineer associated with the Soo Line the past 47 years, and who made his first run as an engineer out of Minneapolis August 28, 1902, recently retired from his duties as engineer on the Soo Winnipeg trains, Nos. 109 and 110. Now 70 years old, he plans to move to either Detroit Lakes or Minneapolis from Mahnomen, where he has made his home the past eleven years. A few years ago, Mr. Kenyon made his headquarters for some time in Thief River Falls.—Mahnomen Pioneer cut.

Home Town Paper Real Treat, Sgt. T. Kusmak Writes from Florida

In an interesting letter to the Times, S/Sgt. Theodore P. Kusmak, attached to the finance section of the army air force at Pinecastle Field, Orlando, Florida, tells of his work and of how much he appreciates getting his home town paper. He writes:

"With the arrival of every issue of your grand paper I promise myself that I'm going to write y'all—the "y'all" is the result of a year spent at Kelly Field, Texas—and tell how much a home-town paper means to one. While you're reading it you're not in Florida, Texas, Africa, Australia but right there in Thief River Falls walking down Main Street or LaBree Avenue meeting the "Olsons", the "Johnsons", the "Nelsons" or the neighbor boy who left for camp the same time I did.

"Then one speaks with pride of our city; in spite of war and what it bring we can still make progress, the new Harts store, the proposed improvement of Atlantic Avenue is proof of that. Here on my army cot while I'm waiting for the last call for mess, I have a cross-section of my home-town."

DOES OWN FARM WORK AT ADVANCED AGE OF 96

Deerwood.—Ninety-six on July 17, veteran of the Civil War and the Spanish American War, would-be veteran of other affrays, J. W. Gillespie still does his own farming, finding the rains more of a handicap than his years. He served as a drummer boy in the Union Army company of which his father was captain, and was in the Philippines 22 months in '98. He tried to convince a recruiting officer that he would be useful in the present embroglio, but was left to help solve the food problem while the youngsters fight.

SOYBEANS WILL BE EXHIBIT FEATURE AT THE STATE FAIR

Exhibition Will be in Progress from August 28 to September 6

Two new agricultural exhibits whose purpose is to help increase the yield of two major Minnesota farm crops by many millions of bushels will be outstanding features of the Minnesota "On to Victory" state fair, Aug. 28 to Sept. 6, it was announced today by Raymond A. Lee, state fair secretary.

One, a mammoth "Soybeans at War" exposition, is to be put on by the soybean industry, assisted by specialists from the Minnesota college of agriculture. The other, a gigantic midwest hybrid corn exhibition, is to be staged under auspices of the Minnesota Crop Improvement association, and the hybrid seed corn industry.

Main purpose of "Soybeans at War" is to popularize the raising of new early-maturing varieties in Minnesota, and thus help to supply the vastly larger quantities of soybean seed needed for manufacture of plastics, foods and other essential war products. Dr. James W. Hayward, nationally known soybean research scientist, is in charge.

The midwest hybrid corn exhibition will stress the superiority of adapted varieties of hybrid corn for corn-raising throughout the northwest not only as a feed for livestock but a raw material for industry. Raising of adapted varieties of hybrid corn in place of unadapted hybrid and pollinated varieties, say those in charge, would increase next year's crop for factory and feedlot use by many millions of bushels at little if any added cost.

BANTAM CHICKEN SOLVES PROBLEM

Roseau.—A plucky little bantam on the Ernest Harn farm was confronted with one of the most serious problems a mother chicken can have. Hatching five little chicks she proudly brought them into the yard one day but the next day not a chick did she apparently have. For a couple of days she appeared for meals without a chick but would immediately dash for the turkey pen as soon as she had eaten. The little Harn girl observed the performance and finally followed her to see where she disappeared so quickly after each meal. At the bottom of a 12-inch deep posthole was the brood of chicks with the other sitting on them. Apparently the little ones had fallen into the hole and while he mother couldn't feed them she kept them warm and probably had lots of hope for their eventual rescue.

Sleeping on Top Blanket

Mattresses are cold. An expensive hair mattress is coldest of all, an innerspring mattress is slightly less frigid. In winter-time, consequently, the part of the body that is next to the mattress is chilled, and much turning over is caused by unconscious efforts to get the cooler part of the body up under the warm blankets. A wool blanket should be put under the bottom sheet shortly after Labor day to keep the down-side of the body comfortable.

“ON TO VICTORY” IS STAGE SHOW AT STATE FAIR

Wartime's Greatest Musical Revue, Wild West Days and Army Show Booked

“On to Victory,” a sparkling, fast-moving patriotic musical revue, will be the night grandstand attraction at the Minnesota State Fair, August 28 to September 6.

Participating as goodwill emissaries from our allies will be celebrated entertainers representing Russia, Great Britain, Holland and China.

Designed to provide relaxation from the war strain, “On to Victory” will present diversified entertainment at its highest peak. Combining the spectacular with song, comedy and thrilling ensemble dancing, the 1943 extravaganza is the most pretentious in fair history.

Diversion For All

An all-star cast of 400 living artists will be featured in a new, modernistic setting introducing many novel and original scenic and lighting effects. The costumes are the creation of the cinema's outstanding designers.

The production will be built around four episodes, Indians, Russia, When the Lights Go On and Let Freedom Ring. Entertainment from our Allies include Wen Hai and his oriental troupe from China; Mel Hall, Britain's famed clown and unicyclist; the Van Granis trio from Holland, in a new, nerve-wracking double balancing feat on the top of a single pole; and the Pallenberg animal circus from Russia.

Harness racing will be featured four afternoons, August 28, 30, 31 and September 1. More than 150 pacers and trotters will compete for the $10,000 in purses.

Wild West Days will be presented five afternoons, September 2, 3, 4, 5, and 6. Cowboys, cowgirls, Indians, bucking broncs, sharpshooters and lariat wielders will vie with one another in reliving the thrilling days of the frontier. A special war show will be an added attraction.

Army Show

The U. S. Army will stage a series of maneuvers in which tanks, jeeps, anti-aircraft and machine guns, mobile units and field equipment will participate.

Fun for all is promised by the Rubin and Cherry shows on the new midway.

Civilian Defense Chief Announces Air Raid Signals

Code Will be Used in Coming Surprise Blackout in Northwest

“The natural tendency of people to believe good news and forget or overlook other factors is having its effect today,” declared Allan Briggs, director, Minnesota division of civilian defense, in a statement issued today.

“Wars are not won by easing up and this war is not over until the unconditional surrender of each Axis member is obtained,” Briggs further stated. “Until that time there is an inherent danger to the people of Minnesota and we cannot afford to relax our vigilance or abandon our training and preparations for possible enemy attack.”

Briggs made his comments upon release of the public air raid warning signals by the OCD.

The signals, which have the approval of the seventh service command and the central defense command, U. S. Army, as well as the OCD, are designed not to cause confusion, but to assist the public in protecting their home, life and property.

The accompanying chart, released by the OCD, shows what everyone must do and how to conduct themselves when the various signals are given.

Admonishing everyone to familiarize themselves with the signals, Briggs concluded that, “the air raid warden and the rest of the civilian defense organization owe a special duty to keep civilian morale up to the point where the ‘will to win’ is not dulled and our efforts are not relaxed.”

(Clip these instructions for future reference.)

Public Air Raid Warning Signals

WHEN	YOU HEAR	YOU DO AS FOLLOWS:
Air raids are probable.	Two-minute steady blast of whistle, or other similar audible signal (BLUE WARNING)	If a member of the Civilian Defense forces, you remain at or proceed to your post. Blackout your home, building, and non-essential lights. Turn out street lights, except traffic lights, if shielded from sky glow. If operating a motor vehicle or street car, you proceed at reduced speed with caution and low beam lights. If a worker, you remain at your job.
Raiders are near.	Intermittent warbling, or short blasts of whistle, or other similar audible signal. (RED WARNING)	If a Civilian Defense worker, remain at your post. Blackout all lights. If operating a street car or bus, stop; passengers take shelter or disperse. If operating a car, stop, park at curb, turn out your lights. Take shelter.
Raiders pass, but may return.	Two-minute steady blast of whistle, or other similar audible signal. (BLUE WARNING)	If a member of the Civilian Defense forces, you remain at your post. The blackout of your home, building, and non-essential lights continues. Only traffic lights go on, if shielded from sky glow. If operating a motor vehicle or street car, you may resume travel at reduced speed with caution and low beam lights. If a worker, you resume your job. Everyone moves with caution.
Raiders are gone, danger is past.	No whistle, no siren. Street light come on. (WHITE WARNING)	If a member of the Civilian Defense forces, remain ON DUTY UNTIL DISMISSED. The blackout ends; all lights may be turned on.

THE SIGNALS MAY NOT BE GIVEN IN THE ORDER LISTED ABOVE. Should the enemy arrive suddenly overhead, the “red warning” signal would precede the “blue warning” signal. A “blue” warning signal will always follow a “red” warning signal.

Discuss these signals with your friends so that you will recognize them and know their meaning.

Emergency vehicles should be properly marked so that they may be identified by air raid wardens and police.

In case of daytime air raids, the same instructions apply except for blackout provisions.

Obey orders and instructions of police and Civilian Defense authorities.

Approved, Commanding General, Seventh Service Command, Omaha, Nebraska.

Director, Seventh Defense Region O. C. D.

PIG LIVES IN WELL FOR THREE WEEKS

Howard Lake.—Piggy, piggy, where have you gone? That was the question on the lips of folks at the Sam Cochrane farm, for three whole weeks, while a six-weeks-old porker was among the missing. It was answered when a workman doing some work near an abandoned well pit heard faint grunts from the cavity. Peering into the hole his eyes beheld the head of the pig sticking up in the mud about six feet down. He hastened to release the animal from its imprisonment and while he was very thin and weak he seems to be responding nicely to special care and one of these days will make a lot of lard.

U. S. Billie, why, the issue for you will be living itself and not just the cost of living. Think that over and figure it out for yourself how much beyond 10 percent of your family income you should put into War Bonds every payday.

With the Victory Aides

By Mrs. W. R. Ferber
Publicity Chairman

The following appointments and changes have been made: Mrs. Vincent D. Berry as city captain, Mrs. Paul Lundgren as lieutenant of the north half of the second ward, Mrs. J. Arthur Johnson in charge of the civilian defense office, Mrs. Leonard Hanson as chairman of salvage, Mrs. E. F. Wright as assistant chairman of the Victory Aides.

No Time to Stall

It has come to the attention of the state OCD office that this or that civilian defense organization has curtailed some of their activities. This shows an attitude of indifference and like a stream of water, follows the line of least resistance. There is no place in “global warfare” for a letdown or curtailment of activities on the part of anyone, much less those signed up for civilian defense.

The very existence of America is at stake. The glowing reports one reads and hears should not be taken too lightly. True we are on the offensive and have had successes, but we still haven't won the war.

It is the absolute duty of each and every one of us to do our part no matter whether it be large or small, or whether it be winter or summer. The responsibility lies with those of us that are here on the home front.

We of the Victory Aides are proud to have as our leader, Mrs. E. C. Karwand. The success of any organization or group is as good as its leader. We are looking forward to seeing Mrs. Karwand wearing the emblem she earned by giving unselfishly 1000 hours to civilian defense work. Congratulations.

Bear on Fifth Avenue

Shades of the wild West—a bear cub was trapped off Fifth avenue in New York city. The critter—a baby “honey” bear—was cornered in the boiler room of an uptown garage by Paul Strauss, attendant. Police said they didn't know anybody who had lost a bear. The S.P.C.A. took it.

OPA Consumers Service Bulletin

By Mrs. Paul A. Lundgren,
Chairman

Consumers are reminded that the validity period of blue stamps R, S and T has been lengthened so that these will be valid from August 1st until September 20th.

Ration stamp rating of meats during August will be substantially the same as July. The housewife will pay 2 points more per pound for butter, however. The reason for this increase in point value of butter is that the demand for butter increased 5% in excess of the amount allotted to civilians.

The local ration board will now receive applications from those who have not received their War Ration Book 3. These will be sent to the state office for issuance. Corrections in names and validation will be made by the local board. Ration books of members of a family who have joined the armed services should be turned in to the board. Also anyone having received two ration books for one person should return the one to the local board.

Blossom-end rot is one of the most common diseases of tomatoes in Minnesota. As tomatoes ripen, the fruit decays at the blossom end. This disease is caused by excessive loss of moisture from the leaves following abrupt changes in weather. The only practical ways of controlling blossom-end rot are good cultivation and maintenance of a uniform soil moisture. Avoid spraying tomatoes with Bordeaux mixture since it will increase blossom-end rot.

Another tomato disease gardeners should watch for mosaic. The danger sign is a light green and yellow mottling of the leaves. Tomato mosaic often stunts plants and reduces yield. Sucking insects will spread it. Gardeners may spread it, too, when they are cultivating or pruning the plants. To control this disease, keep the weeds down, avoid handling the plants, and to prevent further spread, remove and burn the affected plants if there are only a few.

You don't need to worry if blossoms drop off your tomato plants. That's not due to a disease. It merely shows that the plant has more blossoms than the number of fruits it can bear.

When you cook the young vegetables from your garden, don't drown them. Use as little water as possible and cook only until they are tender crisp. Try to pick them just before using, or, if they must stand awhile before being cooked, put them in the refrigerator or in a cool place.

Make new cabbage a priority item on menus these days. There are many interesting ways of serving it—cooked, as cole slaw, and in salads. Since cabbage is one of the best vegetables sources of vitamin C, it should be used generously.

Home makers will have to be extra careful in handling the new rubber rings for canning this year. The rubber will not stand the stretching. If any rubber ring pushes out badly after jars are processed and cannot be adjusted without removing the lid, heat and process the food over again, using a new ring.

Home economists say jars should not be cooled by being placed on their sides or upside down. To find out if seal is perfect, tap on the cover with a silver spoon. A dull sound means an imperfect seal; a clear, ringing note denotes a perfect seal. If the seal is imperfect, be sure to open the jar, use new closure, and reprocess.

Free choice feeding of grain with DAKOTA MAID Grain Balancer permits the use of the maximum amount of home grown feed together with convenience and saving of labor.

DIRECTIONS

Arrange feed hoppers in a well lighted place. Fill mash hoppers with DAKOTA MAID Grain Balancer and grain hoppers with grain. The grains should be in separate hoppers or in individual compartments in the same hopper. Do not mix the grains.

Provide 20 linear feet of hopper space, feeding from both sides, for each 100 birds. Frequent stirring of (or additions to) the mash will help increase consumption.

The grains used may be those most abundant on the farm. The feeding of whole oats seems to help control cannibalism. Corn and also wheat, if available should also be fed. Barley may be fed if the birds can be induced to eat it.

It is important that a particular method of feeding be started before the birds come into egg production as the change may throw the birds into a molt.

Have oyster shell or limestone grit before the birds always.

Insoluble grit such as granite or screened gravel must also be available.

Plenty of clean water is just as necessary as good feed. Approximately 35 to 40 lbs. of water will be consumed by 100 hens per day.

The same procedure as above may be used for turkeys after the starting period. Most feeders prefer DAKOTA MAID Grain Balancer in pellet form for turkeys, much waste is prevented through wind blowage and spilling. The use of pellets also seems to reduce feather picking.

Chickens and turkeys when fed on farm grains alone, do not obtain the full benefit of all the nutrients contained in the grains. Grains alone are lacking in certain protein parts called amino acids, which are essential for maximum growth and production. Grains are also deficient in vitamins and minerals so necessary for profitable egg and meat production as well as good health.

DAKOTA MAID Grain Balancer Concentrate supplies these lacking ingredients in their most convenient form for mixing with ground grains or free choice feeding.

You are losing money if you feed your chickens and turkeys a straight grain ration.

Supplement the grain with DAKOTA MAID Grain Balancer Concentrate and permit the bird to utilize all the nutrients in the grain.

DAKOTA MAID 34% Grain Balancer Concentrate is obtainable in mash or pellet form. When the chickens or turkeys are confined or the range is poor, be sure and use the Grain Balancer with Cod Liver Oil. When range is good, the Grain Balancer may be used without oil.

By using DAKOTA MAID Grain Balancer Concentrate, you are providing your birds with vitamins A, D, E, and G, every one essential for good health and egg and meat production.

The minerals, calcium and phosphorus, are also well supplied for strong bones and egg shells.

Iron for good rich blood and iodine for health and better utilization of the feed.

Hatchability is greatly improved by the use of DAKOTA MAID 34% Grain Balancer Concentrate.

Eggs from hens fed DAKOTA MAID feeds are high in health-giving food values. Eat more of them for better living.

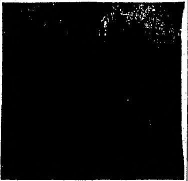
Aimed at a Japanese Air Field



American troops roll a 155 mm. field piece into position to shell the Japanese-held Munda air field across the channel. Much guerrilla fighting in this area was reported as steadily advancing Allied forces continued to close in on the enemy's positions.

NEW EXHIBITS AT STATE FAIR AID WAR NEED

Wartime Exposition Features New Major Displays in Every Department

Spectacular exhibits, dramatizing many of the miracles wrought by science on farm and in factory the past year, will feature every department of the Minnesota State Fair, August 28 to September 6.

Latest results of man's ceaseless search for new farm and industrial products, and new uses for old ones, will hold center stage in every building and major display at the fair.

New Farm Magic

On every hand, the “New Farm Magic” symbolizing this year's great war exposition, will point out how Northwest agriculture and industry may be of greater service to the nation in the critical months ahead.

“Soybeans at War,” a colorful show sponsored by the soybean industry, will feature scores of war uses for Minnesota's newest major farm crop. Plastics, paints, glues, table foods and livestock feeds made from soybeans will be shown.

Industrial products from corn, including synthetic tires, made from corn alcohol, will be a major attraction of the Midwest Hybrid Corn Exhibition, supervised by the hybrid seed corn industry.

Home dehydration, winter storage, quick freezing and canning of surplus vegetables and fruits from the state's victory gardens will be demonstrated by specialists at the Northwest Food Preservation Congress.

Many New Exhibits

In every major department—women's activities, agriculture, dairy, horticulture, 4-H Club work, bee culture, state's exhibits, machinery, school exhibits and others—new methods, new processes, new features and new products will hold sway.

Fully as thrilling to all will be the Fort Snelling model camp, the daily army maneuvers, and the many exhibits dealing directly with the war.

Captured war trophies from North Africa, Sicily, Russia and the South Seas, and war paintings by famous war refuge painters now living in America, will occupy the ground floor of the grandstand.

War Trophy Show

A mammoth war exhibit picturing the ravages of war in the British Isles, Russia, China and other leading allied countries, and the life and customs of their peoples, will be presented by the United Nations Exposition, on the main floor of the grandstand.

For freedom's Sake

Ninety-six cents out of every dollar goes for War expenditures. The other four cents goes for Government expenses “as usual.”

A Folding Saw

This Japanese folding crosscut saw fell into American hands when the Japs were chased from Papua. Lieut. A. E. Rogers is holding the saw which is 3 feet 6 inches when extended and folds into a 7x6-inch space.

Train Dispatcher

The first woman train dispatcher on an American railroad is Miss Lois Harris who is pictured as she started her new job on the Vicksburg, Miss., division of the Illinois Central system.

Growing With Your Child

Institute of Child Welfare, University of Minnesota

What About War?

"Is it wise to talk about the war in front of our four-year-old?"

Many parents are somewhat perplexed by this question these days. "After all," they say, "a four-year-old can scarcely grasp what war is all about. Why frighten him needlessly? Isn't it better just to keep quiet in his presence?"

This plan might have some very good points if it were not for the fact that it is almost impossible to really hide our thoughts and feelings from children. If the war is on our minds, if it is one of the deep concerns of our daily living, yet we attempt to shut children completely out, we shall probably succeed in making a bad situation even worse. Nothing is harder for children than to feel themselves cut off from the confidence of their parents and left to struggle alone with some big problem that looms up as a rather terrifying mystery. For surely it will loom up. We cannot hope to completely disguise our concerns. Children sense our feelings.

Psychologists both in this country and in England agree that it is probably best to bring this matter of war out in the open, even with four-year-olds.

That does not mean that we need to talk constantly of war in their presence, or that no harm will be done if we grow hysterical and overwrought in front of them.

We can be pretty sure that children will take over our own attitudes. If we can talk about the war and yet remain calm and unafraid, we do not need to fear that we are demoralizing our young children. They will be calm and unafraid, too. As always, in dealing with small children, we need to put our own attitudes in order first, before we start worrying about theirs. If ours are in good shape, the chances are that theirs will give us no cause for concern.

"Not even if they play bloodthirsty war games from morning 'till night?" you ask.

What about this matter of our games? What's at the bottom of them? Certainly it is true that one can scarcely walk a block anywhere these days without running into the neighborhood gang out with its "machine guns." Is this abnormal? Is it wrong? Is it going to make killers out of our children?

Well, think back a few years. The children weren't out with their bombers and machine guns so much then, but I dare say plenty of them were playing pretty bloodthirsty Indian games, or cops and robbers, or exciting Superman and Lone Ranger games. They turn to war games now because war is around them, but the urge underneath is the old, rather universal one for excitement, adventure, power. There is no point in trying to squelch it—it will simply come out in some other direction. And in fact, these war games may even have some value for many children as an outlet for tension and worry. When a thing can be played out, it is not so apt to trouble the mind.

Victory will come faster if you drive slower.

Tom White Reports Level of Red Lake Down 6 Inches from High Point

Walter S. Olson, director of the division of water resources and engineering of the State of Minnesota, accompanied by officials of Red Lake and Pennington counties and the city of Thief River Falls, inspected flooded areas of the Red Lake and Clearwater rivers Saturday and met with a group of residents of the flooded area at the Eddie Arveson form in Hickory township Saturday afternoon. Also present at the afternoon meeting were Tom White, Superintendent of the Red Lake Indian agency; G. P. Andrews, Indian reservation road foreman; and William Haritage of the Indian forestry service.

Mr. White reported on the water level of the Red Lakes, stating that the lakes had reached the highest level ever recorded this summer but that they had now receded about six inches from the high point. The outlet has not been opened to its maximum capacity, he said, and assured the residents of the flooded area that their problem would be given consideration in the management of the outlet controls.

Walter Olson spoke briefly of general water problems over the state, attributing present difficulties to excessive precipitation and pointing out that during the drouth years stream capacities had been greatly reduced. He stated that the Red Lake and Clearwater rivers development project was in a favorable position for quick action at the close of the war.

Accompanying Mr. Olson were Carsten Mead of Red Lake Falls, recently appointed a member of the Tri-State Waters commission; Bert Pinsennault, county engineer, and D. R. Shetterly, county board member of Red Lake county. Representing Pennington county were county engineer J. A. Erickson and county board members Paul Roy and O. M. Mandt. From Thief River Falls were Ole Legvold, superintendent of the water and light department, city engineer Irving Quist, council member Frank Rinkel, and W. E. Dahlquist.

STATE OFFICIALS GUESTS OF C & C BOARD ON FRIDAY

Civic and Commerce Host to Walter S. Olson and Harold Lathrop

The board of directors of the Civic and Commerce association was host at dinner Friday evening in the Palm Garden Cafe to Walter S. Olson, director of the division of water resources and engineering of the state conservation department, and Harold Lathrop, director of state parks. Also present were Pennington county and Thief River Falls officials.

Mr. Olson, in a brief address, stated that owing to the big variation in precipitation from year to year, the vagaries of the weather must be taken into consideration in connection with any water control program.

He also pointed out that plans should be formulated now for post-war rehabilitation of the drainage systems of the state.

Pfc. Erving Evenson, son of Mrs. A. Evenson of this city, has been assigned to active duty with the U. S. Army air forces following his graduation from the New England Aircraft School, Boston, Mass. Pfc. Evenson has been given specialized instruction in the maintenance and repair of all types of airplanes.

R[illegible]rt Petersen and [illegible]art McLeod Named [illegible] C & C Board Friday

A[illegible] meeting of the board of dire[illegible], of the Civic and Commerce association last Friday morn[illegible] Stuart McLeod and J. Robert Petersen were named directors to succeed W. M. Ferguson and Morris Bye, who resigned preceding their recent departure from the city. The board at its session also made arrangements for a dinner that evening in the Palm Garden Cafe honoring Walter S. Olson, director of the division of water resources, and Harold Lathrop, director of the division of parks, both of the state department of conservation.

GAS COUPON VALUE IS DECREASED IN MIDWEST MONDAY

Value of Gas Book Coupons Reduced from 4 to 3 Gallons

The office of price administration Friday night slashed the value of gasoline coupons in the Midwest and Southwest from 4 to 3 gallons, expressed a "hope" that the Northeastern pleasure driving ban can be lifted September 1 and a "further hope" that the East coast's meager gas rations may be increased "later in September."

The ration reduction in the Midwest and Southwest became effective at 12:01 A. M. Monday, it was announced by Chester Bowles, acting price administrator.

Under OPA's new order the maximum allotment of gasoline for in-course-of-work driving (except for C books) in the Middlewest and Southwest will be reduced from 720 miles a month to 480 miles a month.

"This," the OPA announcement said, "will reduce substantially the occupational driving of persons—such as salesmen—who use their cars in connection with their work. However, it does not affect the home-to-work mileage of drivers who may continue to get up to 720 miles a month to drive to work, if they need it."

140 MEN GO INTO HARVEST FIELDS DURING THE WEEK

Threshing Is Now Starting; Many All-day Workers Are Needed

Crews totaling 140 men from this city went out into the harvest fields in the evening during the past week under the arrangements made by the local employment office, county agent's office and placement centers in St. Hilaire and Goodridge.

Farmers receiving this volunteer assistance were free with their praise of the efficiency of the workers, and no complaints of any kind were registered.

With threshing operations now getting under way in this area, numerous requests are being filed for full-time bundle and grain haulers and field pitchers, Russell Olson, manager of the employment office, stated today. All interested in helping out are asked to register at his office or with County Agent Ernest Palmer.

Dr. C. G. Carlfelt Will Leave City Next Monday

After having served as temporary pastor at the First Lutheran church since the middle of June, Dr. C. G. Carlfelt will leave the city next Monday en route to Rock Island, Illinois, where he will resume his duties at Augustana college and seminary. Rev. Carl Johnson of Onamia, recently appointed pastor of the church, will arrive in September to assume his new duties.

C. E. Noel Family Has Five Sons in Service

Mr. and Mrs. C. E. Noel of this community can boast the distinction of having five sons in the nation's armed forces, following the recent enlistment in the navy of their son Charles, now in training at Farragut, Idaho. Four brothers who previously had entered the service are Robert, Duane and Richard, all in the navy; and Donald, serving with the army in North Africa.

Participating in the style revue at the Pennington county 4-H club achievement day Saturday in the Auditorium were the girls pictured above, including, left to right, Ardelle Larson, Beverly Netteland, Laura Jorde, Eileen Larson and Ardith Evenson. Miss Jorde, member of the Northfield club, won the title of Miss Pennington County, by virtue of which she will represent this county in the 4-H style revue at the Minnesota state fair.

State Fair Trips Given 21 County 4-H Workers

Twenty-one Pennington county 4-H club boys and girls who were winners at the Achievement Day held in Thief River Falls last Saturday will exhibit and demonstrate at the Minnesota state fair on August 30th through September 6th. This group of ten boys and eleven girls will be accompanied to the state fair by County Club Leader, Leola Myra, and County Agent Ernest Palmer.

Laura Jorde from Northfield 4-H club, who was selected style queen for Pennington County will be the representative in the state style revue. She will model a gold princess lined dress made in her clothing project.

The demonstrators who will take part in activities in the 4-H building at the state fair are as follows: Donald Knutson and Clyde Christenson of the Smiley club will demonstrate in dairying; Bernice Halgorson of the Steiner club, low-cost meals; Mathilda Paulson of the Falls club, simple foods; Ruth Meyer and Ardith Copp of the Steiner club, dairy foods; Mary Ann Oaki of the Mavie club and Lucille Williams of the Steiner club will give silent bread demonstrations.

Orville Jensen of the North Star club will demonstrate in conservation; Helen Hardisty of the Smiley club, food preservation; Melvin Vigen of the Rocksbury club, paint demonstration; Bert Vigen of the Rocksbury club, concrete demonstration; and Yvonne Walsburg and Louise Finstad of the Rocksbury club, farm service project. Keith Jorde of the Northfield club, Harold Brandon of the Carlson club, Allan Paulson of the Falls club and Raymond Culkins of the Mayfield club will be given trips for their work in livestock projects.

At the Achievement Day held Saturday the three highest girls and three highest boys in the health contest were Doris Williams of the Steiner club, Joyce Myrum of the Mayfield club, Laura Jorde of the Northfield club, Jack Winter of the St. Hilaire club, Gilmore Myrum of the Mayfield club and Hilton McMahon of the Highlanding club.

Selected as Pennington county health champions and awarded trips to the state fair were Doris Williams and Hilton McMahon.

Exhibitors whose projects will be going to the state fair are as follows: Ardith Evenson of the Northfield club, dress; Donna Wee Moquin of the Goodridge club, dress; Marjorie Ofstedahl of the Rocksbury club, canning; Grace Dahlen of the Star club, canning; and Helen Hardisty of the Smiley club, canning.

LOCAL CIVILIAN DEFENSE GROUP TO MEET FRIDAY

All Members Are Urgently Requested by Leaders to Attend

STATE COMMANDER WILL ADDRESS GROUP

Preparations Being Made for Coming Statewide Blackout

All Pennington county civilian defense workers, particularly air raid wardens and their assistants, are urgently requested to attend a training drill in the Civic and Commerce room Friday evening at 7:30, it was announced today by J. Robert Petersen, chairman of the civilian defense organization, and Ralph Luhman, chief air raid warden.

The meeting was arranged at the request of William J. Mayer, state commander of the citizens defense corps, who will be present, together with F. J. Hubbard of Moorhead, field representative.

Following the showing of motion pictures illustrating various phases of defense activities, the meeting will be divided into two sections, in one of which the personnel of the control center will receive instruction by an officer of the air raid warning section of the auxiliary service corps.

In the other Mr. Hubbard will instruct the air raid wardens and other members of the defense corps, and will conduct a realistic drill. Official report forms will be issued and their use explained.

A surprise statewide blackout was recently announced as scheduled for sometime during the coming week. Full details of the code of signals to be used in connection with the blackout was published in the Times last week.

DRENG BJORNARAA NAMED STATE WAR MANPOWER CHIEF

Former Editor of the Times to Succeed Geo. Selke of St. Cloud

Appointment of Dreng Bjornaraa, former editor of the Times and now assistant regional director of the war manpower commission in Minneapolis, to the post of state war manpower director for Minnesota was announced Friday by Frank M. Rarig, Jr., regional WMC director.

Bjornaraa will succeed George A. Selke who is planning to resign to accept a captaincy in the army specialist reserve.

Selke will continue in his present post until Sept. 15, when he will return to St. Cloud Teachers college, where he will leave as president, to await his call to the armed forces.

Bjornaraa was state director for Minnesota of the old national reemployment service from 1934 to 1927 and prior to taking his present regional office post was a national unit chief of the United States employment service in Washington.

Treasury Department Quotas Revealed at Crookston Meeting Friday

MARSHALL CO. QUOTA IS FIXED AT $732,500

Chairman Paul A. Lundgren Gives Details of Drive Opening Sept. 9

Pennington county citizens are confronted by the monumental task of purchasing $558,500 in war bonds next month if the county is to meet the quota set for it by the treasury department in Washington, it was announced by Paul A. Lundgren, county war finance chairman, following his return from a conference of war finance officials of Northwest counties in Crookston last Friday.

Also in attendance at the conference from this city were E. O. Peterson and George W. Werstlein, representing the banks; and Mrs. Ray Kiland, newly appointed Pennington county chairwoman of the war finance committee.

Leif Gilstad of Minneapolis, executive manager of the state committee, presided over the meeting, and spoke briefly, as did Harold E. Wood, executive vice chairman, and L. C. Vobayda, assistant director of sales in the state office.

The officials stated that during the current fiscal year it will be necessary for the federal government to raise 38 billion dollars by taxes and 77 billion by borrowing. Of this latter amount it is expected to raise 15 billion dollars in the third war loan, aside from borrowings from the banks. In the second war loan last spring the objective was eight billion dollars.

Quotas announced at the meeting for other Northwest counties include Marshall, $732,500; Red Lake, $246,900; Kittson, $344,800; Polk, $1,670,500; Roseau, $437,800; Mahnomen, $154,800; and Norman, $678,700.

Testifying to the task confronting county residents, Mr. Lundgren pointed out that the Pennington quota in the third war loan drive is more than two and one-half times the quota in the second drive last spring. At that time, he added, with a goal of $220,000, approximately $410,000 in bonds was purchased in this county, exclusive of subscriptions by local banks.

As was the case in the successful campaign last spring, the county war finance committee is now engaged in computing bond quotas for each prospective purchaser in the county, following which quotas will be set for the various townships and villages and the city of Thief River Falls.

Gas Dealers Warned to Turn in A, B, C Coupons

All gasoline dealers must turn in their supply of A, B and C coupons of four-gallon value on hand as of Monday, August 16, to their suppliers or to the local ration board not later than Saturday, August 21, it was announced today by Waldie Christensen, board chairman. Those turned in after that date will be redeemed on the basis of three gallons per coupon.

COUNTY SCHOOLS HAVE RECEIPTS OF QUARTER MILLION

County Superintendent Files Report Covering the Past Year

That the Pennington county public school system is a big business institution is revealed in the report for the year ending June 30, completed last week by Mrs. A. C. Matheson, county superintendent, for submission to the state department of education.

Total receipts for the past year in the three high school and 65 ungraded elementary school districts were reported at $251,250.83, while orders issued during the year amounted to $245,868.44.

Graded elementary and high schools had receipts of $196,840.22 and disbursements of $189,386.88, while ungraded elementary schools showed receipts of $54,410.61 and orders issued amounting to $55,782.06.

Teachers' salaries in graded elementary and high schools for the year totaled $92,416.57, while $14,037.74 was paid out for transportation of pupils. In the ungraded elementary schools teachers salaries aggregated $31,840.50 and transportation costs were $9,339.38.

THIEF RIVER FALLS MEN PRESENT AT AIR CONFERENCE

Aviation Leaders Will Meet in St. Paul Today and Friday

R. McLean Stewart, top-flight aeronautic official from Washington, D. C., will be one of the headline speakers when aviation representatives of eight midwest states come to St. Paul for the special midwest global air conference Thursday and Friday, August 19 and 20.

A delegation of Thief River Falls officials and members of the local chapter of the National Aeronautics association also will be in attendance.

The conference, sponsored jointly by the Twin Cities chapter of the National Aeronautic association in cooperation with the newly created Minnesota department of aeronautics, has extended an invitation to governors, aviation officials, airport committees, airport managers and other aviation leaders from Minnesota, Iowa, North and South Dakota, Wisconsin, Illinois, Missouri and Nebraska.

Stewart, now executive director of training, civil aeronautic administration war training service, previously served as assistant secretary of the department of soldiers' civil re-establishment in Canada.

Among the other nationally known speakers who will be present to participate in the general round table discussions on all phases of civilian aviation development will be Gill Robb Wilson, national president of the N. A. A.; W. L. Jack Nelson, chief of priorities branch, aircraft production division of the war production board; Charles I. Stanton, civil aeronautic administration; and Charles Donaldson, chief of airport section, civil aeronautic administration, and Congressman Jennings Randolph, all of Washington, D. C.

Major Eugene Hess, son of Mr. and Mrs. L. H. Hess, arrived in the city Tuesday from Louisiana to spend a leave at his home.

MRS. RAY KILAND TO LEAD WOMEN'S WAR BOND DRIVE

Is Appointed Chairwoman of Pennington County War Finance Group

The appointment of Mrs. Ray Kiland to the post of chairwoman of the Pennington county war finance committee was announced this week by Paul A. Lundgren, county chairman.

He stated that Mrs. Kiland's duties in her new position will be to direct all women's activities in connection with the third war loan campaign opening September 9, and to take charge of the sale of war savings stamps in all of the schools of the county.

An intensive campaign is planned for the coming school year to set aside one day a week in each school as War Savings Stamp Day, with a record of all sales to be maintained at the county civilian defense office.

AVIATION CADET SELECTION BOARD COMING SEPT. 1ST

Officer to Speak at Meeting of Local Aeronautics Chapter

An aviation cadet examining board will be in Thief River Falls Wednesday, September 1, to administer mental screening tests to civilian applicants for air crew training, Wayne Anderson, president of the local chapter of the National Aeronautics association, was advised Monday by Lt. Col. Roy L. Jones of the Minnesota recruiting district in Minneapolis.

Lt. Col. Jones added that an air corps officer who will be in the city that day will address a meeting of the local chapter that evening on the subject of military aeronautics and will show a motion picture dealing with aviation.

While here the examining board will test 17-year-old candidates for future training as aviation cadets with the U. S. Army air forces. Those accepted will remain on inactive status until attaining the age of 18. They will then receive a five-months preflight preparatory course at one of a number of colleges and universities.

Frequent Feeding for Ulcers; Cuts Death Rate

Frequent feeding of ulcer patients during hemorrhage has cut the mortality from this complication to a third of the figure recorded under the starvation treatment, Dr. T. Grier Miller, professor of clinical medicine at the University of Pennsylvania, declared.

Dr. Miller said that under the starvation regime 9 per cent of the patients died, whereas only 3 per cent have died among the 1,500 patients reported in recent medical literature as having been managed with a feeding regime.

Dr. Martin Rehfuss, professor of medicine at Jefferson Medical college, who said he has not accepted the feeding treatment of bleeding ulcers, discussed the uncomplicated peptic ulcer and remarked that most success will be obtained "when patients and physicians learn to regard the dietary management of ulcer patients as a way of life, just as we regard the management of diabetes and tuberculosis."

New-born infants and older children in the critical stages of pneumonia are being saved by large doses of the new sulfanilamide group of drugs given by vein, Dr. Theodore Wilder, Germantown hospital, said. Before their use many patients were given up as hopeless when first seen by a physician.

Now, however, many get well when sulfathiazole and sulfadiazine are injected by vein. Dr. Wilder said that he had used these drugs recently in premature babies weighing 2½ pounds and 3 pounds who were blue and were in the early stages of bronchial pneumonia.

Antiserum Increases Hope for Cancer Cure

Discovery of a cancer antiserum which increases the hope for cancer cure has been announced by two doctors, William H. Walker and Lawrence H. Mann. They are members of the University of Illinois medicine research staff.

They claim the antiserum reacts positively with blood serums from persons with cancer of the same organ as that from which the antiserum was developed, but does not react at all with blood serum from healthy people or those with illness other than cancer. This may be of value, they say, in assisting or confirming cancer diagnosis. Through increased knowledge it may aid in treatment.

The doctors do not claim it to be a cure, or even yet a treatment, as at the present it is but a small step in the fight against the disease. Many more tests must be made and possibilities explored, but they hope it leads to a new attack on cancer.

Apparently the serum is specific not only for a certain organ but also for a certain species as the antiserum produced from human cancers was found not to react with blood serum from cancerous animals, even though the cancer might be of the same organ.

Electricity as Illuminant

Electricity was first used as an illuminant in private homes in Philadelphia in 1889, say officials of the Philadelphia Electric company. In following years gas was gradually displaced as an illuminant. The process was slow, however, as most houses were piped for gas and it was necessary to wire entire building to get electricity. Officials of the Electrical association estimate that in period 1900-02 there were about 12,000 electrical customers in Philadelphia. About two-thirds of this number were industrial and commercial consumers, that is, stores, factories, etc. Therefore at least 3,000 private homes had electric lights in those years. For some time only the largest of new homes were wired for electricity.

Cancer Deaths Decline

A 10 per cent decrease in cancer mortality among women 25 to 44 years old in the 10 years through 1940 was reported by the state health department of New York. Basing findings of a general downward trend of deaths from the disease on last year's federal census figures, the department said mortality among older women declined about 2 per cent. An increase of mortality among males over 44 years old was reported, however, with no change in the death rate for those 25-44 years of age.

Growing With Your Child

Institute of Child Welfare, University of Minnesota

Mother, Stay Home

The other day I heard a young wife talking about her plan to adopt a baby.

"We're going to get a very young one, so that I can go on working. We figure that all a baby really needs is good physical care, and we can hire someone who will take care of all those things just as well as I could."

Psychologists are busy these days trying to undo the mistake of twenty years ago, when so much stress was placed on the physical care and training of infants that everything else was forgotten.

Child specialists are pretty well agreed at present that a baby needs a good deal more than physical care. They tell us that he has emotional needs just as the rest of us do, and that he does not really thrive unless he receives his due share of affection. One psychologist tells an interesting story of a hospital where ailing babies who failed to respond to medicines were brought back to health by a motherly attendant who gave them a little old-fashioned rocking and cuddling.

A well-known child specialist even goes so far as to say that "a little spoiling" in the first two or three years of life is a good thing. Of course, she is not really advocating what most of us think of as "spoiling," but means to point out that a baby must have a good deal of loving attention in the early years if he is to have that sense of security on which he thrives.

Young mothers who have babies, either their own or adopted, are making a mistake if they think that "bringing up a baby" can be managed adequately while they work and someone else stays home simply to see to it that the baby gets his bottle at prescribed hours.

There are many young mothers today who are wondering if they are doing their part by staying home with their young children rather than going out to get a defense job.

It cannot be reiterated too often that these mothers who stay home are making the most significant contribution they could possibly make. Let the unmarried women go first to the factories, and those whose children are grown. The nation will need a new young generation that is sturdy mentally, physically, emotionally. Mother at home is the best insurance.

PLANS STARTED ON NEW AIRPORT SYSTEM IN STATE

Aeronautics Department Is Planning 30 Airports in Minnesota

Taking the first important step in carrying out programs authorized by the recent Minnesota legislature to prepare Minnesota for the new era in air travel that will follow the war, the Minnesota aeronautics department announced this week it is negotiating contracts for airport engineering designs on seven sites in Minnesota.

The seven sites are the first of a group of thirty upon which the department hopes to complete plans during the next two years, L. L. Schroeder, aeronautics commissioner, said, and part of a big system, eventually embracing many more airports, that will bring air travel facilities within reach of people in all sections of the state. Goal of the commission ultimately is a chain of eighty airports, so located that some 70 per cent of the people in the state will be within ten miles of an airport.

The seven communities selected for initial planning, Schroeder said, are: Brainerd, Fergus Falls, Faribault, Grand Rapids, Marshall, New Ulm and Worthington.

"The contracts being negotiated are for preliminary planning only," Schroeder said. "Actual construction will not start until after the war unless the army should decide that one or more of the sites should be needed in connection with the war effort."

Schroeder said that plans would be developed for other airport sites as rapidly as manpower and funds limitations will permit. The selection of the sites and the engineering work is to be done in cooperation with the airport division of the civil aeronautics administration.

Cigarettes for Defenders of China

Chinese soldiers on their way to a battlefront are given cigarettes by a Chinese mother. These soldiers were part of the stubborn unit that resisted and finally routed a huge Japanese army along the upper Yangtze, the gateway to Chungking. These defenders accounted for over 40,000 casualties to the enemy, and conducted one of the most heroic victories of the war.

CITY COUNCIL PROCEEDINGS

The City Council of the City of Thief River Falls, Minnesota, met in regular session in the Council Chambers in the Auditorium and Municipal Building on Tuesday, August 10, 1943. The meeting was called to order at eight o'clock P. M. with all members present.

Minutes of the meetings of July 13th and 23rd were read and the same were declared approved as read.

Monthly reports of the City Clerk, Treasurer, Municipal Judge, Weighmaster and Park Board were presented, examined and ordered placed on file.

Paul A. Lundgren, representing the Thief River Falls Chapter of National Aeronautics Association, appeared before the City Council and presented certain recommendations for their consideration with respect to improvement of the land recently purchased for airport purposes. It was suggested that the Council take steps to have the land plowed, disced and dragged in preparation for seeding of June grass in order to produce a good sod; that the local chapter be given permission to conduct a brushing bee to clear certain portions of the land; that the Council send representatives together with those of the local chapter to the Mid-west Air Conference to be held in Minneapolis on Aug. 20th and that the Council delegate the Air Port Committee to meet with the County Board on September 7th with regard to establishment of a new road on the premises and elimination of the present road across the site. A motion was made by Alderman Stenberg that the City Engineer be instructed to prepare specifications for the improvements as recommended and that the Clerk be instructed to advertise for bids for such improvement, such bids to be opened on August 27th and further, that the local chapter be authorized to proceed with clearing of land, that council delegates be sent to the Midwest Air Conference and that the Committee meet with the County Board in the matter of a new road. The motion was seconded by Alderman Petersen and adopted.

Insurance policy covering the truck used for garbage collection purposes and carrying personal liability of $10,000-$20,000 and property damage $5,000 with Insurance Exchange as surety was presented and being approved as to form and execution by the City Attorney, it was moved by Alderman Petersen that the same be accepted and placed on file. The motion was seconded by Alderman Stenberg and adopted.

Public Contractor's Bond of Albert Larson given in connection with his contract for improvements on Atlantic Avenue and Second Street, in the amount of $1,200.00, with Alfred Skarstad and S. F. Daniels as surety, was presented and the same being approved by the City Attorney, Alderman Stenberg moved that the same be accepted and filed. The motion was seconded by Alderman Hunt and adopted.

Applications for licenses were presented, as follows: Lloyd VeVea, cigarette; Oscar E. Granum and Bridgeman Creameries, off sale beer. Alderman Stenberg moved that the Clerk be instructed to issue licenses accordingly. The motion was seconded by Alderman Hinkel and adopted by unanimous vote. Application was also presented for On and Off sale beer license by Stanley Ellefson, place of business 209 LaBree Ave. N. Motion was made, seconded and carried that the Council take a ballot vote on the application. The result of the ballot indicated a vote of six against granting of license and the application was thereupon declared rejected.

Applications for building permits were presented, as follows: George P. Curran, shingling of residence $75.00; Land O'Lakes Creameries, warehouse, Lots 21-23 of Soo Line Right-of-way, cost $12,000.00; St. Bernard's Church, shingling of church, $250.00; Rudolph Hanson, basement for residence $200.00. Motion was made by Alderman Petersen that applications of Geo. Curran, St. Bernard's Church and Rudolph Hanson be approved and granted, that of Land O'Lakes being laid over temporarily for investigation by the committee with authority to approve or disapprove. The motion was seconded by Alderman McKechnie and adopted.

Alderman Petersen introduced a resolution approving for payment various current bills against the City and moved its adoption. Motion seconding adoption was made by Alderman McKechnie and the resolution was thereupon by roll call duly passed and adopted.

On motion duly made and carried the meeting was declared adjourned.

EMIL GRIEBSTEIN,
President of the Council.
Attest: P. G. Pederson,
City Clerk.

What You Buy With WAR BONDS

Every shipyard in our country is setting amazing records in the construction of a merchant marine so essential to the transport of supplies and men to the seven seas. The overall cost of these hundreds of ships now building runs into millions of dollars.

Many of them are called "Victory" ships and you are contributing to this victory by your purchase of War Bonds . . . at least ten percent of your income, every payday. We'll need these ships after the war, too, when Peace comes.

720 SOLDIERS TO MANEUVER AT THE MINNESOTA FAIR

Trophies from Battles with Axis Also Will be on Display

How Uncle Sam's fighting forces eat, sleep, drill and work while in the field will be demonstrated daily by a full battalion of army men at the Minnesota state fair, Aug. 28 to Sept. 6.

Troops encamped at the state fair the entire ten days will be the 710th military police battalion (ZI), of Fort Snelling, Lt. Col. George W. Eggers, commanding, announced today.

"Soldiers at the state fair will be given the same routine field training, as if encamped at Fort Ripley," said Lt. Col. Eggers. "Fair visitors will be given full access to the camp, so they may see how their sons, brothers, or father, live while in service."

Encampment will be on Machinery Hill. More than 300 tents will house the 720 men of Companies A, B, C and D, and the medical detachment. Equipment in use will include 12 armored cars, eight light tanks, 14 jeeps and 34 trucks. Each tank will carry three machine guns and one 130-millimeter cannon.

An outstanding feature will be the K-9 section, consisting of 36 dogs now in training at Fort Snelling. Thirty-six enlisted men will be in charge of the dogs. Dogs will be given daily routine of training as at Fort Snelling.

Other war features of the coming fair include a mammoth exhibit of German, Jap and Italian war trophies from Tunisia, Sicily and the South Seas; a gigantic United Nations Exposition, depicting the ravages of war leading allied countries; and hundreds of war paintings by famous Old War refugee painters now living in America.

BABIES, UNCLE AND NIECE ARRIVE TWO HOURS APART

Austin.—Gloria Fay McGonigle arrived in this world to be the daughter of Tech. Sgt. Cecil McGonigle, just two hours and nine minutes before a son was born to her grandparents, Mr. and Mrs. James Wentzel. Now Gloria's daddy, Sgt. Cecil McGonigle is the busiest man in this country on an 11-day furlough getting acquainted with his new daughter and brother-in-law.

Mrs. John C. Thomas Passes Away Friday; Rites This Afternoon

Mrs. Lottie Mae Thomas, resident of this city for the past 25 years, passed away at a local hospital Friday at the age of 65 years. Rites are being conducted this afternoon, Aug. 19, at 2:00 P. M. from the Community church with Rev. S. S. Olafsson officiating, and burial will be made at the Greenwood cemetery.

Left to mourn besides her husband, John C. Thomas of this city are four sons, Evart and Stanley of this city, Pfc. John Thomas, Jr., U. S. *Air Corps* at *Sioux* Falls, S. D., and Pvt. Clifford Thomas, Camp White, Oregon; two sisters, Mrs. W. H. Wikel of Aldora, Ia., and Mrs. Lacy Darland of Montezuma, Ia.; one brother, Jesse Steward of Marshalltown, Ia.; and one grandchild. A daughter and two sons preceded her in death.

Mrs. Thomas was born in Garvin, Ia., January 21, 1878, and at the age of eighteen she moved to Mississippi, and later to Iowa, New Mexico, and Arkansas. Finally in 1918 she came to this city to make her final home. Her marriage to John C. Thomas took place at West Point, Miss., in 1886.

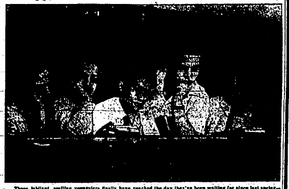
Happy Children Await First Day of School



These jubilant, smiling youngsters finally have reached the day they've been waiting for since last spring—the first day of school. Their sparkling eyes are evidence of their complete happiness at being able to resume their quest of knowledge.—Too bad that there are vacation periods to ruin such bliss. It is obvious that the students are gleeful over the fact that they no longer will have to spend their time at the swimming hole or fishing pond.

Miss Elsie Carlson and Peter Aune Speak Marriage Vows in City

Elsie Carlson, daughter of Mrs. Anna Carlson of Middle River, and Peter Aune, son of Mr. and Mrs. Ole Aune of Gatzke, were married in the Zion Lutheran parsonage of this city Saturday, July 31. Rev. HONEY APLENTY FOUND AT ROCHESTER HOSPITAL

Rochester.—Honey aplenty was flowing recently at the Colonial hospital but not so this week. A large swarm of bees had been living in the cornice to the right of the main entrance of the hospital for the past two years. Recently they became very bothersome and the service of an authorized agent of the state had to be enlisted. Effort to get the queen bee from the hive failed so cyanide gas was used to clear the hive and it was estimated 150,000 were killed. Approximately 166 pounds of honey was found in the hive, about half of it waste and the rest of it very fine to eat.

Mrs. A. I. Anderson Passes Away at Home in California Aug. 12

Mrs. A. I. Anderson, eldest daughter of the late Mr. and Mrs. W. W. Prichard, Sr., died at her home in Monrovia, Calif., Thursday, Aug. 12.

Born at Inwood, Ia., she came to Thief River Falls in 1901 and was married to A. I. Anderson here in 1907. She later lived in Lanesboro, Minn., and Roundup, Mont., before going to Monrovia, Calif., where she has lived for the past 20 years.

She is survived by her husband, Anton I. Anderson; three sisters, Mrs. Hazel Halgrim, Mrs. H. W. Fredericks, Mrs. Arwood Northby; five brothers, William, Harry, James, Charles, and Theodore Prichard.

Funeral rites were held Monday at the Schannel funeral home in El Monte, Calif., and burial was made at Whittier, Calif.

Higher, Warmer

Still another of science's unsolved problems has been brought to light—the fact that if you get high enough in the air the North pole is warmer than the equator.

This has been proved by means of experimental balloon ascensions into the stratosphere by varying altitudes. Unmanned balloons carrying recording instruments were sent up and reached heights hitherto unrecorded.

In the tropics the temperature 10 or 12 miles up was 148 degrees below zero, while in central Europe and farther north, at the same height, the instruments only recorded 56 to 85 degrees below zero.

Another theory heretofore accepted by scientists, but which now has been contradicted, is that the temperature diminishes as the height increases.

Sleep an Anesthetic

Deep sleep of exhaustion is itself an anesthetic potent enough to permit of wounds being dressed without the sufferer knowing anything about it, according to Dr. G. H. MacNab, surgeon in charge of air-raid casualties at Westminster hospital, London.

This discovery was made when 150 wounded men, still carrying their rifles, arrived from evacuated Dunkirk, Dr. MacNab told a London meeting.

Many of the wounds, he explained, would normally have required anesthetics, but the men had marched 50 miles and they slept while their injuries were being dressed. The pain would have been acute, but they slept on for 48 hours.

Discover Scheelite

One of the most important of chance discoveries was made in the yellow pine district of central Idaho, where an extensive deposit of scheelite of high commercial value was found in the course of testing low-grade antimony. Scheelite is a source of tungsten, so important a metal in defense that it has been placed under full priority control by the Office of Production Management. Tungsten-content steel is used almost exclusively in construction of machine tools because it retains its cutting qualities under extreme temperatures.

SMILEY

Army Tidbits

Cpl. Louie Larson is home again. He arrived last week from the Kennedy Hospital in Memphis, Tennessee, where he had spent several months receiving treatments for wounds received in action in the North African campaign. Cpl. Larson has an honorable discharge from the U. S. Army and will visit his parental home, the Krist Larsons indefinitely. Smiley is indeed proud of Cpl. Larson. He is the first young man in Smiley to return from the wars, having seen some real fighting. Smiley folks sincerely hope for a complete and speedy recovery for Cpl. Larson.

Pfc. Oscar Valsvik came home Saturday from MacDill Field, Tampa, Florida. He will visit the home folks, the Ole J. Valsviks until Monday next week. Pvt. Valsvik is a teletype operator and mechanic for the U. S. Army and has had specialized training in this work.

Chief Machinist Mate Dale Johnson and his wife are now living in Portland, Oregon where he is now in charge of recruiting in the U. S. Navy. On the 4th of July, the Johnsons, the Frank McCrums and the Lewis Nelsons motored to Astoria, Oregon and spent a day or two at the Wesley McCrum home.

Mrs. O. N. Olson spent Friday afternoon visiting an invalid friend, Mrs. E. O. Gullingsrud in Thief River Falls.

Sunday dinner guests at the Jim McCrum home were Mrs. Jubb and daughter Lola Leischmann of Thief River Falls, Mrs. Frances Bragg of Washington, D. C., Will McCrum, Hugh and Alan Cabot.

Miss Marian Nelson is spending a week or so with her parents, Mr. and Mrs. S. S. Nelson. She resigned her job as head waitress at the Palm Garden in town and she plans to go to the West Coast to be employed in defense work.

Mr. and Mrs. Ole J. Valsvik, Gina and Pvt. Oscar Valsvik of Tampa, Florida motored to Grand Forks Tuesday and spent the day with Mabel and Signe Valsvik who are employed there.

Mrs. Frances Bragg returned to her home in Washington, D. C. after a two weeks visit at the homes of her brothers, Will and Jim McCrum. Mrs. Bragg sold her farm to O. E. Taxerans of Thief River Falls.

Mrs. S. S. Nelson has been appointed by the War Bond board to serve as chairman for Smiley in the second drive for September. She has in turn, appointed as her assistants the following women: Mrs. Ida Bjorge and Mrs. Frank Hardisty for North Smiley, Mrs. Ole Lean, Mrs. Jim McCrum, and Mrs. T. S. Iverson for South Smiley.

He's in Army Now

Private Sammy Saposnick, Battery D, 51st Training Battalion, is wondering how he will get along without the army. Recently, while in San Diego, he ordered a sumptuous steak dinner at a fashionable restaurant. After he finished his meal, Sammy stacked the dishes, picked them up and walked half way to the kitchen before he realized he wasn't in the mess hall! "The sumptuous steak," mutters the Cellan Cynic, "should have reminded Saposnick he wasn't in the camp mess hall."

It isn't easy for us to get steamed up about the need for next week's state-wide blackout but we will string along with other good citizens and try to observe strictly the instructions we are supposed to follow. The possibility of enemy air raids now seems very remote. It is not for us, however, to say it is no longer necessary to hold practice drills in order that we may be prepared in case the unexpected should happen. Army officials say we should keep on practicing. Okey General, the war isn't won yet, and if you want Thief River Falls blacked out we'll do our bit to make the old town blacker than the inside of a cat.

Pennington County will be called on to buy more than a half a million dollars worth of Uncle Sam's promises-to-pay in the war bond drive that gets under way early next month. That ain't hay. Off hand it sounds like an impossible mark to shoot at but boiled down to individual averages it means only one monthly installment on the car we haven't bought for each man, woman and child in the county. Under normal conditions a half million dollars leaves our county quite regularly in payment for things we cannot now buy.

The Minneapolis Tribune takes issue with John Brandt on his statement that if farmers were to give away their products the cost of living would be reduced only 20 per cent. We are inclined to think, however, that Mr. Brandt's statement comes pretty close to being right. The cost of a loaf of bread, for instance, would be effected but little if wheat were free in the farmer's bins. By the time the wheat was marketed, transported and milled, the costs would total up to quite an item. And flour is a small item in the cost of baking, slicing, wrapping and marketing a loaf of bread. What is true of bread would be true of many processed foods. Fruits and vegetables have little value in the areas in which they are grown but distributing costs are high. There are some foods of course that are marketed in closer relation to the price paid to the farmer but all-in-all Mr. Brandt probably was not far from wrong in his statement. We buy raw material from the farmer and the cost of raw material is a small part of the cost of the finished product.

What's cookin' in Quebc is the question the world would like to have answered, and in due time we will know the answer, but maybe not for some time. A few short years ago we knew that something big was going to happen when Hitler and Mussolini held a pow-wow in Brenner Pass. Now nobody cares a hoot what these former Axis leaders say or do. They are washed up and the military machines they created are now fighting defensive battles, worrying about where the United Nations will strike next. They have lost the initiative. Yesterday they decided where and when the next battles would be fought. Now the deciding is being done by a board of strategy of which they are not a part.

After 38 days of fighting the battle of Sicily has been won and land based guns are now blasting the Italian mainland. From every standpoint that must be considered a successful campaign and a fine rehearsal for the landing operations that will open future campaigns. General Ike Eisenhower has now proven himself an able leader. In the African campaign most of the credit necessarily went to the British but in the battle of Sicily the Americans apparently have played a leading part, and played it well. Total allied casualties are estimated at 25,000 while German and Italian losses approach the 200,000 mark. It does not seem likely that the allied command will pass up this opportunity to occupy Italian soil. Two miles of water is little more than a wide river and it would seem reasonable that an attempt will be made immediately to establish a foothold on the other side, if for no other reason than to make possible the claim that the continent has been invaded. And southern Italy provides a direct route to Yugoslavia and Greece.

Time now to start Christmas shopping. This is the advice officials are giving to those who have friends and relatives serving in the armed forces in remote corners of the world.

Civil Service Seeking Stenographers, Clerks

The Minnesota state civil service department will hold an examination September 11 for stenographers, typists and clerks to fill vacancies in all state offices, including state institutions and teachers colleges. The salary range for these classes in $91.00 to $112.50 per month, appointments being made at the entrance salary of $91.00. Complete information and application blanks may be obtained from the civil service department, 122 State Office Building, St. Paul, or from any local United States employment service office. Completed applications must be postmarked not later than September 1, 1943.

LET US OUT!
WE'VE GOT WORK TO DO!

Yes, Send Those Empty Deposit Bottles Back To Work!

Sure, even a bottle feels guilty these days if it isn't doing its part. So, don't let those empty, returnable beer and beverage bottles loaf on the job. Send them right back to the grocery store, drug store, tavern or brewery from which you got them. They'll be sterilized and refilled, ready for extra wartime duty.

Of course, you're busy. But it takes only a few minutes to hunt up those empty deposit bottles and speed them on their way. Then, you can relax in the assurance you're helping conserve glass, helping your dealers to continue serving your favorite beverages —including that smooth, mellow Gluek's.

Topics of the Times

By M. A. K.

The chairman of the Democratic national committee, in Minnesota last week, proposed a marriage of the Democratic and Farmer-Labor parties, but he didn't bring a shotgun with him.

Mussolini, they tell us, can blame it all onto his fellow countryman, Christopher Columbus.

Unfortunately, a nation's financial stability can't be judged by the amount of money in circulation.

If the Nazis continue their strategic withdrawals, they will all be back in Germany before long.

Shotgun shells, we hear, will be released only to shoot farm pests this fall, which suggests that a lot of hunters will undertake to prove that ducks are pests.

We trust those Negro soldiers who are helping out in the North Dakota harvest fields don't spend their time looking for cotton bolls.

Back in the depression years, when the government handed out relief money with a lavish hand, a lot of the recipients accepted it as a personal gift from a certain man in Washington, but they don't seem to hold the same gentleman responsible for steadily mounting federal taxes.

Our readers, we are confident, are charitable enough not to judge the Times by the standing of its team in the Victory Golf league.

Maybe the fact that the world is out of shape can be blamed onto the girdle shortage.

Anent that deal to cut down the supply of gas in the midwest to correspond with that along the East Coast, an observer notes, somewhat obliquely, that folks in Florida consume more oranges than those in Minnesota.

Now we can breathe a sigh of relief. Another Friday the 13th is safely past.

Remember way back when a married woman school teacher couldn't get a job?

Looking Backward

1933—TEN YEARS AGO

Mayor E. L. Tungseth vetoed a resolution adopted by the city council calling for the purchase of a 1050-horsepower Fairbanks Morse Diesel engine for the local power plant.—Dr. L. R. Twete escaped with minor bruises when his car was wrecked while negotiating a corner in Rocksbury township.—F. E. Tunberg was elected president and F. A. Rinkel secretary of the newly organized local automobile dealers association.—Approximately 100 local business places are displaying blue eagle emblems, having signed up under the NRA (National recovery act).—J. D. Beals of Dwight, N. D., and Charles Engle of Fargo are establishing an apiary here.—Chris Rinkel was awarded a free trip to the Chicago world's fair in recognition of his Chevrolet sales record.

1923—TWENTY YEARS AGO

The city council authorized the park board to acquire property on Tindolph point at a cost of $870.—County Attorney Theodore Quale and family left on a two weeks trip to Madison, S. D., and other points.—The price of low test gas was dropped here from 25.4 cents to 18.8 cents a gallon, the lowest price since 1915.—Present prospects indicate a bumper crop of sugar beets in this area.—Mrs. Charles Gustafson was pleasantly surprised by a group of friends on the occasion of her 70th birthday.—Mrs. F. H. Gambell of Berkeley, Calif., formerly of this city, enjoyed a visit with friends here.—Peter Sorenson, 72, of the Rosewood community, sustained severe injuries when attached by an enraged bull.

Step on the gas and you're stepping on America.

Pert Leghorns

Comes the message from fashion headquarters that a renewed interest is being shown in leghorn hats for little girls. Any wee maiden will look her prettiest this summer in a hat like the leghorn straw shown at the bottom. This cunning chapeau has a woven brim laced with narrow green velvet ribbon. A green grosgrain bow ties beneath the chin so that windy days this treasured bit of headgear will "stay put." A generous application of ribbon makes the other hat most flattering to the pert young miss whose eyes are saucing you from under the brim.

The Farmer's Wife Gets Smart Prints

It seems that big mills are continuing to turn out many colorful prints on bag sheetings sold on priorities for feed bags. Using old rollers as they do, the sheeting is apt as not to be printed in designs that once held forth on some of fashion's most style-minded cottons. Women on the farm are collecting these bags which count up into numbers, converting them into fashions for the family. The fact that a craze for home-sewing is sweeping the country plays right into the hands of willing seamstresses. Then too, pattern-makers are making it a point to create styles of simplicity that can easily be made at home.

New Sport Frocks With a Glamour Touch

Here's something new. It is the sports dress that has gone glamour-conscious. Not that this utilitarian type of frock is giving up any of its serviceability, but it is a fact that this season fashion does not frown upon a few trimming touches on otherwise very simply tailored casual dresses. In some of the better shops they are showing dresses of wrinkle-resisting spun rayons that are prettily colorful, and that take on perhaps a bit of embroidery, or scallops down the front opening of coat dress types. Smart indeed is a spun rayon frock that takes on a high-style touch of eyelet embroidery epaulets over the shoulders.

Eyelet Embroidery

The new black and navy sheer frocks are often animated with little frills of eyelet embroidery. The same embroidery often edges vertical slit pockets in the skirt. Hats made entirely of starched eyelet embroidery are also very smart.

Washing Silk Lamp Shades

Silk lamp shades may be washed with warm soapsuds by dissolving the soap flakes thoroughly before adding them to the water and using a very soft brush to apply the suds to the shades.

Largest Gold Area

The Black Hills country of South Dakota is the largest gold-producing area in the United States.

Decaying Teeth

The average man has 10 decaying teeth and the average woman has 11 decaying teeth, dentists claim.

Army Drafts Woman

Mrs. Roy Hutchinson of Kent, Wash., had to make a trip to Wyoming to prove she was unqualified for army service. When her birth certificate was made out on May 1, 1912, her name was erroneously listed as "John M. Delk, male," and it was filed at Stringtown, Wyo., where she was born. Her mother died several years later and her father failed to detect the error. The Wyoming Selective Service board came in possession of the birth certificate and they ordered "John M. Delk" to appear and explain why he hadn't registered for the draft. That's why Mrs. Hutchinson came to Wyoming.

Damp Berries

Don't wash damp berries until it is time to use them, the Massachusetts State college department of home economics advises. Wash only a few berries at a time, lifting them out of the bowl into another bowl and letting the sand and water flow between your fingers.

Ninety-six cents out of every dollar goes for War expenditures. The other four cents goes for Government expenses "as usual."

Small Oil Burner

Among the many products designed specifically for the needs of the small homeowner is a small-sized oil burner, ranging in price from about $100 to $150, installed. It is an automatic vaporizing burner, using No. 3 fuel oil. At high fire the burner uses less than one gallon of oil an hour; between these times a pilot flame burns steadily and uses only about one gallon every 24 hours. The burner is quickly and economically installed because a combustion chamber is part of the unit. Remember, though, it can handle up to six rooms—no more.

Care of Mattress

To remove stains from a mattress, apply a thick paste of starch and water and place in the sun. When dry, rub off all the paste and repeat if necessary. Rub coil springs with cloth dipped in melted paraffin to prevent rust.

Bank Debits Here in July 23 Per Cent over 1942

The volume of bank debits in Thief River Falls during the month of July was 23 per cent above the level reached in July 1942, while tabulations for this year to date indicate a 21 per cent increase when compared with the similar 1942 period.

Bank debits represent checks drawn by depositors against their bank accounts to pay goods, services, debts, etc. They are considered a good indicator of general business trends in a given locality.

In the state of Minnesota business volume in July indicated by bank debits increased 31 per cent over July 1942 and continued the 1943 trend with figures which showed for this year to date an increase of 25 per cent over the same seven months of 1942.

LEGION WARTIME PARLEY OPENS AT FARIBAULT FRIDAY

Streamlined State Convention Will Continue Thru Sunday

More than 2,000 delegates of Minnesota department of American Legion, auxiliary and 40 & 8 and several hundred visitors are expected to converge on Faribault for the wartime streamlined Legion convention Friday, Saturday and Sunday.

Arrangements for the convention have now been completed, according to Thomas H. Quinn, general chairman for post 43; Mrs. Herbert Dean, general chairman, and Louis Himmelstein, commander of post 43.

Speakers will include Harry Colmery, Topeka, Kan., past national commander; Governor Edward J. Thye; Lt. Col. Floyd Eller, commander of the Fort Snelling reception center; the Rev. D. A. Cunningham, Austin, Minn., Legion department chaplain, and M. B. Rhodes, St. Paul, special agent in charge of the FBI for Minnesota.

Sister Elizabeth Kenny, Minneapolis, will speak at an auxiliary session.

Entertainment of previous conventions has been curtailed due to the war, but special entertaining features, including a war bond promenade and exhibition, have been scheduled.

Eight Minnesota drum and bugle corps will perform.

Service Agencies Must Observe Price Ceilings, Fargo OPA Office Says

Recent OPA enforcement drives on charges as laundry, cleaning, shoe repairing, repair of farm equipment and automobiles indicate some firms are charging higher than price ceilings, said Harold W. Bangert, district director.

All sellers of such services should have filed their highest prices charged in March 1942 with their local war price and rationing boards. Operators who have not filed this base period report are subject to prosecution.

Shortages of goods have made it necessary for consumers to conserve and have increased demands for repair, causing a tendency toward price increases.

"There is a top ceiling price on service charges of this sort", explained Mr. Bangert, "and customers should not pay more than these ceiling prices."

Forecast by Flowers

It is said that not only the coming weather may be foretold by an acquaintance with flowers, but also the time of day and the time of year. Linnaeus, the naturalist, possessed such a knowledge of them that he needed neither watch, nor calendar, nor weather-glass. He observed that when the flower of the chickweed expanded fully and boldly no rain will follow for some hours or days. If the flowers of the Siberian snow-thistle keep open during the night, rain, it is said, is certain to fall the next day.

'Watered Meat'

What is "watered" meat? It is meat that has been filled with salt water, in order to give it increased weight. The water is pumped deep into the tissues of the meat by means of a hypodermic syringe, giving the cut a full juicy appearance. A skillful meat "pumper" can increase the weight by as much as 80 per cent, which means that profits will rise proportionately. Tons of watered brisket, tongue and ham are sold across butcher-counters annually, defrauding housewives of millions of dollars.

Famous for Diamonds

The district of Golconda, in Hyderabad, India, is popularly famous for its diamonds, although diamonds were never discovered there. Diamonds worth fortunes were taken there from many parts of India and other Asiatic countries to be cut and polished.

ALL-STAR TEAM IS WINNER TUESDAY OVER WEST SIDE

Walt Larson Men Win Game by Score of 11 to 10 in 6 Innings

By the narrowest of margins, Walt Larson's All-stars Tuesday evening scored a 11 to 10 victory over the West Side diamondball team, a run tallied by Wally DuChamp in the sixth and last inning deciding the contest. The game was ended at that stage by darkness.

Bill Gray pitched for the All-stars, others in the lineup including Walt Larson, Jim Kelly and Oscar Bakke. Scoring was evenly distributed thruout the contest, and there were numerous errors.

Tuesday's game was the first of a series of three scheduled between the two teams, the second being planned for this evening at 7 o'clock on the east side diamond, and the third for next Tuesday evening.

Don't Let It Bite You!

Our worst enemy on the home front at this time is self-complacency. Our armies are on the offensive. To some this is a cue to slow up because things are going well; to others, it is a challenge to give extra effort to service. As the war progresses and our fighting men gain further victories, we must not let a complacent attitude grip us.

The morale of our men and women on the fighting front is exceptionally high. We who are on the home front must keep our own morale high. If we become too complacent in our thinking and actions, our morale deteriorates. We must fight this enemy, it is your duty and responsibility that we owe not only to ourselves, but those in the armed forces.

We have put our faith in them; they have put their faith in us.

The New Champs

The Victory Golf league bundled up a second successful season of play Friday evening, and Ed. Carlson's Harts Bakery team, by defeating Oen's, took over the championship from the Lincoln Life team, winners last year. The J & B Drugs, by squeaking past Popplers, scoring a one-stroke win, earned the runner-up honors.

Losing only one match during the schedule, and that loss to the J & B Drugs, the Harts team, with Ed. Carlson, Vic Kvikstad, Bill Claffy, and Father Merth on its roster, proved to be the league's most consistent squad. They earned their championship.

Tonight's Another Night

And that's the vow of the West Siders, who were given a 11 to 0 setback by Walt Larson's All-stars in a six-inning game Tuesday evening. Walt, who was doing the "bench" work for the winners, says that he has space in his trophy room for another West Side diamondball scalp, but considering that he took the scalp on Tuesday night he says he'll go for the ears tonight.

According to the West Side players it was a case of too much Bill Gray and Oscar Bakke, with a dash of Jimmy Kelly, that gave the All-Stars the edge Tuesday evening. Bill, who has been given an honorable discharge from the Marines, having contracted malaria and sundry ailments while on duty in Guadalcanal, did the pitching and Ok did the catching. Bill really had his "stuff" Tuesday, and if he comes up with another game like that, well, Walt will probably get the ears.

May Coach at Anoka

Stopped in for a short chat with Morris Bye at Anoka on Wednesday morning, and learned that there is a possibility that Willard Kottke may be signed to an Anoka contract and engaged as football coach. Kottke, who coached the Prowlers through a successful season here last year, being undefeated in district competition, was called into the army late last fall. But in May he was stricken by rheumatic fever and he will be given an honorable discharge shortly. The question is whether that discharge will be forthcoming in time for Bill to accept the post at Anoka.

Studying the Angles

George Mostue is studying all the angles pertaining to his first flight championship finals match with Rev. G. S. Thompson with all the thoroughness of a three-cushions billiard expert. And for this reason: in the local club's Calcutta, George is the "owner" of Rev. Thompson, and if Rev. Thompson wins the flight championship, by defeating George, the victory will be worth about $17.00 to George. But if George wins, he is "owned" by Chris Rinkel, then Chris would be the winner of the $17.00, and George would have to be satisfied with the championship trophy. George is looking for the angle that will give him both the flight championship and the $17.00; but I guess Euclid hid that angle.

Earned a Bow

With sixteen local members participating in the shortstop golf tournament at Grand Forks on Sunday, the local club is deserving of a bow for a fine representation. Among the winners were Lloyd Bennes, fourth flight championship winner; Dr. C. W. Jacobson, who defeated Roy Oen for the sixth flight prize; H. M. Olson, winner of the sixth flight consolation; Roy Jude, who was runner-up in the ninth flight; Oscar Carny, ninth flight consolation winner; and gust Frahm, who defeated George Gall for the twelfth flight title.

Bemidji's veteran Ed Nordheim was the winner in the championship flight, defeating Joe Bridston, 4 and 3, in the finals.

Wild Rice Harvest Now Under Way in Minnesota

Wild rice harvesting began on the Minnesota stands on August 18, according to an order of Chester S. Wilson, Minnesota Conservation Commissioner, opening the season on that date. Surveys of the rice lakes scattered throughout the northern part of the state indicate that the crop will be about half that of 1940, a year of bumper crop, and somewhat less than last year. In all, 143 stands are open to harvesting. These range in size from five to nearly 1000 acres.

PULPWOOD DRIVE IS UNDER WAY TO HELP WAR EFFORT

Quota Set for State Calls for 65 Pct. Boost in Production

Production of pulpwood to manufacture products for vital military and civilian war uses must be increased by 65 per cent in Minnesota during the second six months of 1943 to meet the War Production Board quota for the state, the newspaper pulpwood committee of the American Newspaper Publishers association announced this week.

The quota for Minnesota, an important producer among the major pulpwood states of the Northeast, South and Lake areas, is 627,000 cords for the year. Production to June 30, as computed by the WPB was 235,479 cords, which is 98,021 cords or 25 per cent under the quota for the first half of the year. Unless 391,521 cords are produced before the close of the year, therefore, Minnesota will fall short of its goal.

Government requirements for pulpwood, the raw material for making smokeless powder, rayon for parachutes, plastics for airplane parts, weatherproof containers for shipping ammunition, foods, blood plasma and other supplies for our armed forces and allies overseas, as well as for newsprint and other papers, have been computed at 13,000,000 cords for 1943. From this overall figure, quotas were set up by the War Production Board for each of the pulpwood producing states.

Donald M. Nelson, WPB chairman, emphasized the critical nature of the emergency in an appeal to the farmers of all producing states to give three extra days to the cutting of pulpwood in an effort to avert "a threatened 2,500,000-cord shortage" this year. Receipts of domestic pulpwood at the mills, the War Production Board estimates, were 24 per cent short of requirements at the half-year, while inventories were 32 per cent under those on the corresponding date in 1943.

Daily and weekly newspapers in Minnesota have been asked to assist in the drive to increase supplies of pulpwood for direct war uses, for newsprint and other print papers. In sections where pulpwood is an important crop, the newspaper committee is placing with selected weeklies and small dailies paid advertising, urging greater production to help overcome a growing shortage which threatens the national war effort.

USED TRUCK PRICES INCREASED BY OPA

Increases in ceiling prices on used trucks have been authorized b OPA, in an effort to stimulate movement of the trucks into farmers' hands, announced Harold W. Bangert, district OPA director. Price increases range from 12% to 25%, depending upon the age and condition of the truck, and condition of the truck. The increases cover "as-is" and reconditioned trucks, and other commercial motor vehicles, and apply to sales by individuals as well as by dealers.

Hamburg Now World's Most Bombed City

Another Axis city now is entitled to the dubious distinction of "world's most bombed city"—Hamburg, Germany. It has been rendered useless as a military, manufacturing or shipping locale. Through gaps in the pall of smoke rising over the city, new explosions can be seen as Allied fliers work on the Howaldswerke U-boat shipyards.

INCOME OF STATE ROAD DEPARTMENT DECLINES SHARPLY

Receipts Fall Off Nearly 7 Million Dollars for Fiscal Year

Receipts of the Minnesota department of highways were 25 per cent less in the fiscal year ended June 30, 1943, than in the preceding year, according to figures released today. Total receipts for the past year were $22,290,378, compared to $29,834,774 for the year ended June 30, 1942.

Receipts from two-thirds of the gas tax going to the trunk highway fund dropped from $13,694,830 in the year ended June 30, 1942, to $10,557,818 in the year ended June 30, 1943, a decrease of 23 per cent. Receipts from motor vehicle taxes dropped from $10,310,115 to $9,039,575, a decrease of 12.3 per cent. Receipts from federal aid decreased from $5,304,509 to $2,351,735. Receipts from all other sources dropped from $525,320 to $341,250.

Disbursements for the year ended June 30, 1943, for current activities were $14,839,251, a decrease of 39 per cent from $24,126,915 current disbursements in the year ended June 30, 1942. Payments of principal and interest on bonds were $4,646,805 for the year ended June 30, 1943, and $5,449,829 for the preceding year.

Curtailments have been made in all activities, but largest cut has been in construction, which has been limited to projects contracted before the United States entered the war and projects essential to th war effort.

Used Appliances Are Under Ceiling Prices

Prices of used refrigerators, vacuum cleaners and washing machines are limited by a top ceiling price, whether the sale is made by an individual or a dealer, explained OPA officials.

Specific dollars and cents prices b make, model and size are in effect and may be obtained from the price panel of the local war price and rationing board, or from dealers handling such equipment.

Used farm implements are also covered by a price ceiling, whether the sale is made by an individual or a dealer or at auction. Persons planning to buy such equipment should learn the ceiling price and refuse to pay more, declared OPA officials.

Request Surrender of Duplicate Ration Books

Persons possessing duplicate War Ration Books Three should surrender them immediately to their local war price and rationing boards, OPA says. Also books issued in error to members of the armed forces or to persons recently entering service, and books belonging to persons now deceased should be turned in. Voluntary surrender of duplicate books will simplify the work at the state mailing center where the serial number of every Book Three and the name and address of every person to whom a book was issued is on file. Surrender of the books will eliminate need for notifying the holders of such books requesting their surrender.

446 MOTORISTS FORFEIT DRIVING PRIVILEGE IN JULY

159 Licenses Are Revoked on Conviction of Drunken Driving

Breaking the traffic laws cost 446 Minnesota motorists the right to drive in the month of July, according to the monthly report to M. J. Hoffmann, commissioner of highways, by F. P. Lee, supervisor of the drivers' license division in the state department of highways. Of the 446, there were 183 revocations of licenses and 263 suspensions for periods of various length.

The number of revocations in July showed a marked improvement over July, 1942, when 315 licenses were revoked.

Intoxication was the most common offense causing revocation, 159 of the 183 being due to driving while under the influence of liquor and 8 more due to inebriacy. There were 7 revocations for driving stolen cars, 6 for speeding and 3 miscellaneous.

Speeding was the largest single cause for suspension of drivers' licenses, 101 being due to this cause, 48 for reckless driving, 43 for lack of financial responsibility and 71 for all other causes.

Youthful exuberance caused most of the suspensions, 140, or more than half, being persons under 20. Majority of those whose licenses were revoked, however, were of more mature age, only 22 being 20 or under, 52 being 21 to 35 years old, 81 being 36 to 55, and 28 being 56 or older. Only 5 of the 183 whose licenses were revoked were women.

Total revocations from January 1 to July 31, 1943, were 1,174, of which 1,018 were intoxication. Total suspensions for the seven months were 1,636, of which 527 were for exceeding the speed limits and 240 for reckless driving.

Forest Lake Man Named to State Railroad and Warehouse Commission

Rollin G. Johnson of Forest Lake, state commissioner of administration, Thursday was appointed a member of Minnesota railroad and warehouse commission by Gov. Edward J. Thye to fill the vacancy created by death of W. I. Nolan.

Frank Chalquist of Minneapolis, assistant administration commissioner, will exercise the duties of the commissioner until a successor to Johnson is appointed.

Johnson, who served seven terms as a member of the state house of representatives, was a runnerup to Nolan for the Republican railroad and warehouse commission nomination in the last primary election.

The appointment will mean a $1,000 a year salary cut for Johnson, from $6,000 to $5,000.

WPB Speeds up Farm Repair Priorities

Northwest farmers, to get repairs on their machines and equipment, from now on need only submit a certificate of need at a repair shop to get a priority on use of its equipment to get his machines repaired.

This action, northwest WPB officials said, has been taken to speed up the repairing of farm machines, which in some instances have had to wait until other jobs were finished.

When the farmer needs repairs on his machines, his certificate that the repairs are necessary will have the same standing in the repair shop as an AA-5 priority rating, the WPB said.

To freshen crumpled artificial flowers, hold them over the steam from a tea kettle for a few minutes; then pull them out into shape and shake them until they are quite dry. This treatment works wonders, especially with velvet flowers.

While trying to rid the place of some marauding crows last week, Dennis Carpenter had a rather unusual experience. He saw the head of their black calf in the grass at a distance and mistook it for the crows. Alas! He hit his mark and got the calf. At any rate Dennis is a pretty good shot, and anyone can make a mistake, even big game hunters sometimes see wrong.

EVER SEE A COW
SHAG A DEER

Red Wing.—Funny how prevalent deer stories are in this part of the state — almost outnumbering the fish stories. Now comes this one about domesticated cattle getting sore about deer invading their grazing territory and shagging them out of the pasture. Bill Sawinski, Rochester rural mail carrier, told about seeing a herd of cows hot on the heels of a doe which headed toward a fence leaped over it and thus escaped mayhem from the bovines.

Sicily

Mrs. Carl Finstad received a letter from her nephew Pfc. Kenneth A. Finstad which was written in Sicily on August 5, in which he says "Am now at Sicily and like the country very much, it's better than Africa. It is not so hot and has no flies or mosquitos. Sicily is very mountainous and traveling is harder. The older men are quite friendly. In Sicily they have a traveling show for the company, that comes around once a month. The natives here thresh their grain like the Arabs in Africa, they put a few bundles of grain on the ground, have a team of mules trot on these bundles all day. They raise most every thing on this island, wheat and all kinds of fruit. The people have not been able to get clothes for six years. Shoes cost $30.00 a pair, so they go without shoes, except the men. They have nothing modern, no home conveniences or machinery, but can build the nicest airplanes, and things of war. Some of the old timers have been in the States, so they speak good english and are anxious to get back here. I have been in seven countries, none can compare with the U. S. Some day I'll be back I know. I sure would like to hear from you all". Kenneth is a cook for the army.

A Cull Hen Wastes 64 lbs. of Feed
SAVE FEED BY CULLING NOW
The average hen uses 64 pounds of feed a year just to maintain her body. After she eats that much—she turns her additional feed intake into eggs—providing she has the breeding capacity to lay a goodly number of eggs. For a hen with the breeding capacity—the more feed you can get her to eat—the more eggs she'll lay—and that means more dozens at fewer pounds of feed per dozen. Observe:

Annual egg production per hen	Feed required for maintenance	Feed consumed for egg production	Total	Feed consumed per dozen eggs
80	64 lbs.	7.14 lbs.	71.14 lbs.	10.87 lbs.
120	64 lbs.	10.69 lbs.	74.69 lbs.	7.47 lbs.
160	64 lbs.	14.24 lbs.	78.24 lbs.	5.87 lbs.
200	64 lbs.	17.81 lbs.	81.81 lbs.	4.97 lbs.

The important point is you can help produce extra food for Victory if you get maximum feed intake into good hens. You'll be getting more food from the feed we have.
CULLS (Feed Wasters) IN EVERY FLOCK
In every flock there are some cull hens that eat 64 pounds of feed a year just to stay alive—and lay very few eggs. Especially in the late summer and early fall . . . a cull rarely is laying. What few eggs a cull lays usually are laid in the Spring. The feed she's now eating is wasted.
EASY TO DETECT CULLS AT THIS SEASON
In yearling hens—three pretty sure signs of a cull hen are easy to learn —in the period of August thru October. A poor laying hen will pretty surely be one with a yellow beak, yellow legs— and a yellow vent. Good layers will have white beak, legs and vent. This one index of color in these three places will enable you to detect with an estimated 90% degree of accuracy—the poor ones.
Cull your flock today—get the yellow legged ones to market. Save the feed they were eating—and feed the good hens all you can get them to eat. Do this for Extra Food for Victory.

WAR PRODUCTION BOARD MODIFIES RULING ON SCRAP

Will be Forced to Seize Old Metal in Only Few Cases, Director Says

An edict of war production board's salvage division that iron and steel farm scrap will be requisitioned if farmers fail to turn it in voluntarily was tempered Sunday night by a statement indicating that WPB believes few such seizures will be necessary in the northwest.

F. Peavey Heffelfinger, WPB regional director, declared most farmers throughout the northwest have done "an outstanding job" in co-operating with volunteer county salvage committees.

Governmental requisitioning powers will be used only in a few cases where flagrant lack of co-operation has been evident, and then only on recommendation of volunteer committees, Heffelfinger said.

Where there is definite indication that an individual has made no effort to bring his scrap into production, Heffelfinger said, the government will obtain federal court seizure orders, sell the requisitioned scrap at regular prices, and turn over the proceeds to the farmer after deducting loading and transportation costs.

GRAIN BINDER IN USE 43 SEASONS

Glencoe. — About three miles southeast of town on the Jacob Braun farm is a grain binder which has given 43 seasons of good service in return for the excellent care its owner has given it. This machine has a six-foot cut, but unlike modern ones has a right-hand cut. From all appearances the binder will be good for many more seasons.

STOVES GO UNDER RATION PROGRAM STARTING AUG. 24

Buyers Required to Obtain Certificates from Ration Boards

Nation-wide rationing of domestic heating and cooking stoves to burn coal, wood, oil or gas will go into effect at 12:01 A. M., August 24, the Office of Price Administration has announced. Beginning that date all consumer purchases of rationed stoves must be made with a certificate obtainable at a war price and rationing board. This rationing plan, to be nation-wide, supplants the present rationing of coal and wood heating stoves in the 32 states and the District of Columbia where fuel oil is rationed.

OPA also announced the following important dates under the nation-wide plan to assure distribution of the limited number of available new stoves to users needing them and able to qualify:

On August 24 when the new stove rationing plan becomes effective consumers must obtain certificates from war price and rationing boards before buying stoves. Stove certificates issued by local boards under the present ration orders may not be used after August 24.

Beginning September 1, all orders accepted by manufacturers, distributors or dealers must be accompanied by certificates except for orders by exempt federal agencies which must be based on WPB priority evidence.

On September 1, 2, 3 dealers and distributors must register with the war price and rationing board serving the area in which their place of business is located. All establishments which deal in rationed stoves must register. This includes department, hardware or appliance stores that sell stoves. Also dealers who have no rationed stoves in stock but who normally handle stoves that are being rationed must register. Each retail outlet of a chain store will be registered seperately.

September 3 is the last day that dealers and distributors can sell rationed stoves without having filed registration statements with their ration boards.

All the essential B Vitamins give You a full day's work
If you would be active, productive and of good morale, a new shift of wonder workers must report each day for duty in your diet. These wonder workers are the mighty B vitamins and there are more than a dozen besides the well-known B_1. Whether obtained from your food or from other sources, they speed the day improving your efficiency and keeping your wits sharp. Then they vanish mysteriously . . . and must be replaced.
Nature is none too generous with these essential vitamins in the food that comes to your table. Besides, the best of cooks can easily destroy them. That is why more and more people are supplementing their daily diet with the B complex vitamins in concentrated form.
. . . The Home of Budweiser is one of the world's biggest sources of natural B Complex Vitamins. They are produced from brewer's yeast. We supply food and pharmaceutical manufacturers with a huge volume of this vitamin yeast each year. They in turn supply our armed forces and civilian population with millions of vitamin units. This contribution to your welfare resulted from years of research, laboratory and clinical work in quest of better methods and facilities for brewing the world's most popular beer.

BIG ENROLLMENT FORECAST AT N. W. SCHOOL THIS FALL

325 Students Already Have Reserved Rooms, Says Supt. McCall

A record attendance is assured at the Northwest School of Agriculture at Crookston for the fall term which opens on October 4, according to Superintendent T. M. McCall. With three hundred and twenty-five room reservation deposits paid on August 10, Superintendent McCall states that two of the three school dormitories are now filled to capacity and the remaining boys' dormitory will be filled by September first. Housing facilities in Crookston are expected to be adequate to take care of the overflow from the school dormitories.

The regular school year, October through March, enables the farm boys and girls to get educational training which fits them for farm and community life and college training. The vocational courses offered in tractors, field machinery, welding, shop work, field and horticultural crops, animal and poultry husbandry have all been adapted to meet war emergency conditions.

The physical fitness program for all students which stresses all phases of physical education, including swimming, will be required of all students again this year.

A VEHICLE FOR LAND AND SEA

Grand Rapids—A most unusual vehicle traveled the streets of this town recently. It was the "Serpent", an invention of Con Meyer of Deerwood in Crow Wing county. The unusual conveyance was a boat, mounted with two automobile wheels in the rear and one in the front to steer. At the rear of the boat is a shaft to which a powerful propellor can be attached and the power from the 85 h. p. Ford V-8 motor shifted from the rubber wheels to the propellor. In the water the speed is from 10 to 12 miles per hour, while on the highway it will give the same speed that any motor vehicle does. As many as ten passengers can be accomodated.

Could the next accident be your fault?

Q. Why should oil be changed every 2 months or at 1000 miles?

A. Your car produces nearly 1 gallon of water per gallon of gas burned. Short-run driving fails to expel all this water. Some gets into the crankcase and causes contamination of any oil.

Betty Crocker KITCHEN CLINIC

prepared for Your Newspaper by Betty Crocker Home Service Department

GOOD NEWS ABOUT CAKES!

Has it ever occurred to you that with all the wonderful modern stream-lined methods that have been evolved for making our cooking and housework easier, we still have been mixing cakes in much the same way women mixed them in the days of Queen Elizabeth or Martha Washington?

A New Quick Way At Last!

Well here is good news from the cake-making front. There's a brand new Four Minute Method for mixing cakes that requires only a mixing bowl, a spoon (or electric beater) and your cake pans! No extra bowl for beating the eggs, no long monotonous creaming of the shortening and sugar. Best of all this new method will give you the lightest, fluffiest, finest, most delicious-tasting cakes you could ever dream of making. For many months my staff and I have been perfecting this new method. And hundreds of women have also made these cakes in their homes.

Must Use New Recipes With New Method

But remember you cannot use your old cake recipes with this new method! You must use the new recipes that go with it. You see the formula has had to be changed—so the proportions of ingredients are different from what you've had in your cakes before. Literally hundreds of cakes have been made by this new method to develop perfect formulas that will give the very best possible results.

Here is one of these new Four-Minute Method Cake recipes. But first I want you to look over these general hints for all cake baking. They are vitally important to the success of this new method.

GENERAL HINTS FOR ALL CAKE BAKING

1. Set out all ingredients before mixing (1 to 2 hours before, or shorter time in hot weather) so they will be at room temperature. Shortening and butter should not be soft, not melted.
2. Turn on oven so it will be at the right baking temperature when the cake is ready to put in the oven.
3. Prepare pans according to recipes.
4. Sift cake flour before measuring.

GOLDEN LAYER CAKE

2¼ cups SIFTED cake flour	½ cup shortening (high grade vegetable shortening, using part butter for flavor)
3 tsp. double action baking powder — or 3¾ tsp. phosphate baking powder — or 4 tsp. tartrate baking powder	1 cup milk
1 tsp. salt	1 tsp. vanilla
1½ cups sugar	2 large Grade A eggs

See General Hints before starting to mix. Grease and flour two 9-inch round layer cake pans.

Measure sifted flour, baking powder, salt and sugar into sifter, and sift together into mixing bowl. Measure shortening and milk. Measure vanilla into milk. Add soft shortening and ⅔ of the milk to dry ingredients. Mix with electric mixer on slow to medium speed (or beat with a spoon for 2 minutes by the clock). During mixing scrape batter from sides and bottom of bowl frequently. (If mixing by hand you can let the batter stand while you rest a moment, but be sure the total mixing time is as specified.)

Add Remaining Milk And The Unbeaten Eggs

Add remaining milk and the eggs (unbeaten). Continue mixing 2 more minutes by the clock. Scrape batter from bottom and sides of bowl frequently. The total mixing time is 4 minutes. The batter will be thin enough to pour easily.

Pour into prepared pans. Bake in a moderate oven, 350°, for about 30 minutes. Remove from oven, let layers stand in pan a moment; then turn onto wire cake-cooling rack. As soon as layers are thoroughly cool, frost as desired.

HOME SERVICE COMMITTEE OF RED CROSS BUSY

Work Increases as War Activity Scatters Armed Forces Over World

ASSIST SERVICE MEN AND THEIR FAMILIES

Maintain Contact With Field Directors In Camps and Prisons

Member of the Red Cross Home Service Committee find the demands for their assistance increasing as the far flung activities of the armed forces scatter our men over the four corners of the world. It is their responsibility to assist service men and members of their families in whatever difficulties may arise and so far this year they have been called upon for assistance in 79 cases. The file on one of these cases contained 47 letters, several forms and some notes.

The committee of three members is a part of the local Red Cross organization and through the national organization maintains contact with field workers in camps and prisons. They are called upon by army officials to verify facts in the relations of service men with their families. Sickness and death bring problems that must be handled quickly and occasionally their are difficulties with allotments that call for adjustments. The most important service probably is the contact which the organization attempts to maintain with men in prison camps. The committee also controls local Red Cross funds that have been made available for the emergency needs of dependents of service men.

Members of the committee are Robert J. Lund, chairman, Mrs. Andy Williamson, vice chairman, and H. O. Berve, secretary. Each of these members may be called upon at any time for assistance and information and weekly meetings are held for any problems that may require the action of the entire committee.

SEAL SALE STARTS EARLY FOR MAIL TO MEN OVERSEAS

Uncle Sam Says Packages Must be Mailed September 15 to October 15

An advance sale of tuberculosis Christmas Seals for use on the millions of Christmas gift packages going to men and women in the armed forces overseas will start September first throughout the state, the Minnesota Public Health Association announces. The regular Christmas Seal does not open until November 22.

The reason for this early special sale of the tuberculosis stamps is explained by the fact that the government has announced that on Wednesday, September 15, the mailing of Christmas gifts to men and women in all branches of the armed services overseas will start.

Uncle Sam has designated September 15 to October 15 as the period when Christmas gifts packages for men in the Armed personnel overseas must be mailed. The mailing period for the Navy personnel overseas, including the Marine Corps and Coast Guard, runs two weeks longer, concluding November 1.

The state Christmas Seal organization is supplying the local Christmas Seal Chairman now with quantities of the new 1943 health seals for the early fall sale made necessary by the early mailing regulations the government has announced.

Kern Olson, past commander of the local post of the American Legion, was elected Sous Grand Chef de Train of the Grand Voiture La Societe Des 40 Hommes et 8 Chevaux at the state convention of that organization held at Faribault last week in connection with the state convenion of its parent organization, the American Legion. Representing the local post and voiture were George Werstlein and Henry Melby. At the 40 & 8 meeting the Thief River Falls voiture was given a citation for its membership record of the past year.

Pulpwood Commitee To Arrange Meeting

1868-1943

OLUF H. EKEREN, local pharmacist, who died in Minneapolis Sunday morning following an operation. Mr. Ekeren was one of the three oldest active members of his profession in the state.

Arrangements are being made to hold a meeting here some time in September for an explanation of the pulpwood possibilities in this area. The meeting is being sponsored by the Civic & Commerce Association and representatives of Minnesota and Ontario Paper Company of International Falls and the Marvin Lumber and Cedar Company of Warroad will be present. The date for the meeting has not yet been definitely set but it probably will be held in the second or third week. The committee on arrangements is W. E. Dahlquist, Robert J. Lund and Ernest Palmer.

Ceiling prices on pulpwood have been established by the OPA as follows: Spruce, $15.00 per cord; Balsam, $13.00 a cord; Jackpine, $11.50 a cord, and Poplar, $9.00 a cord. These prices prevail for rough wood delivered on cars in eight foot lengths. Further details will be explained at the meeting. At $18.00 per double cord for Poplar it is thought that many local farmers will be interested in the possibilities of clearing land profitably during the winter months.

NEED TEACHERS AS FALL OPENING DATES APPROACH

Local Teaching Staff, Except Domestic Science, Is Now Complete

Teachers are still in demand as school opening dates approach, although most districts in this territory seem to have their teaching problem well in hand by this time. Thief River Falls now has a complete staff with the exception of the Teachers Training department where a vacancy exists following the recent resignation of Mrs. Mae M. Smith. Mrs. A. C. Matheson county superintendent, reports that there are only four remaining vacancies in the rural school of Pennington County and she is hopeful that these will soon be filled.

Some neighboring independent districts are still in need of high school teachers, Plummer being short one in the English department and one in commerce. The latter subject may be dropped this year, Sup't H. I. Berger says. Holt is short two high school teachers and Newfolden is still looking for a principal and a high school teacher. G. L. Netteland of Thief River Falls has been hired as superintendent at Goodridge and Steve Singer of the Goodridge board says that their staff is now complete. St. Hilaire, with four grade teachers hired, is still looking for three high school teachers.

Schools at Thief River Falls and Goodridge will open the fall term on September 7, Plummer September 13, and Holt, Newfolden and St. Hilaire have set the opening date at September 20.

Philip L. Fjelsted, superintendent of the Thief River Falls district, urges high school students to register as soon as possible.

Mr. Zimmerman was active in Scout work at Lakota and has completed a course in the National Training School at Mendham, N. J. He is married and has one daughter.

Roy Aalbu and Crew of "Yippy" are Mentioned in A. P. Dispatches

Roy R. Aalbu, son of Mr. and Mrs. R. M. Aalbu of this city, was mentioned in Associated Press dispatches Monday as one of the members of a crew of sailors manning a small ship in the Guadalcanal area of the South Pacific that had distinguished themselves in many dangerous missions. Their ship, the "Yippy", an old fishing boat that had been converted to war purposes, is credited with 100 trips between Guadalcanal and Tulagi in five months, carrying aviation gasoline, bombs, ammunition, plane parts, raiding parties and Japanese prisoners. On 55 of these trips the "Yippy" was a target for enemy aircraft and was fired on by Jap battleships, cruisers and destroyers.

On one expedition, when the small ship was ordered to shell Japs on a beach the report stated: "We went up to about 75 to 100 yards from the beach and started to work," the skipper related. "We were kind of nervous and slightly inaccurate at first. But it turned out swell. One wild shot hit an ammunition dump and an oil dump, and blew them up. Were we surprised! We finally got our range and destroyed 17 tanks and lighters."

Roy Aalbu, now a seaman, second class, has been in the service three years, the past two of which have been spent in the South Pacific.

To Open Bids Friday on Airport Improvement

At an adjourned meeting to be held Friday evening the city Council will open bids on improvement of the airport. The project contemplated provides for the plowing, discing and dragging of a portion of the airport grounds, preliminary work to making it suitable as a landing field.

Volume at Creamery Continues to Gain

Production volume at the Thief River Falls Creamery has shown a slight increase each month this year and the gain for the year now totals about 60,000 pounds, G. S. Bergland reported this week. The total volume last year was the largest in the history of the organization, being in the neighborhood of one and one-quarter million pounds.

4-H CLUB FAIR TO BE HELD IN CITY SEPT. 25

Garden Exhibits and Program Will be Centered at the Auditorium

LIVESTOCK JUDGING AT FAIR GROUNDS

Ram Exchange Will be Part of Activity of One-day Exposition

Preliminary arrangements for the 4-H Club Fair, to be sponsored by the Pennington County Agricultural Society, were made Saturday night at a meeting of fair officials and 4-H leaders. The one-day exposition will be held Saturday, September 25, using fair grounds for livestock exhibits, judging, and the ram exchange, while garden and home economics exhibits, and programs, will be centered at the Municipal Auditorium.

County Agent Ernest Palmer is arranging a premium list, following last year's county fair schedule of awards. Livestock exhibits will be limited to 4-H classes but in the garden product displays there will be an open class for Victory Gardens in addition to the regular 4-H classes. Premiums will be paid by the county fair from state funds and contributions by the county and city. Judging will start at 10:00 o'clock Saturday morning and exhibitors will be urged to bring in their entries Friday afternoon and evening.

A program consisting of a combination of home talent and professional entertainment will be presented at the Auditorium Saturday evening. One feature of this program will be the annual 4-H style review. An admission charge of 30c for adults and 10c for 4-H members will be made at this program, all of the net proceeds going to the 4-H organization.

The following committees have been named to complete arrangements: Entertainment: Robert J. Lund and W. E. Dahlquist, chairmen, Marilyn Noper, L. W. Rullen, Bert Vigen and Leola Myra. Refreshments: Mrs. Adam Lendobeja and Mrs. Axel Engelstad. Publicity: W. E. Dahlquist, Ernest Palmer and Leola Myra.

CABOOSE LEAVES RAILS, THREE SOO LINE MEN INJURED

Accident Occurred at Viking Saturday; Cause Is Unknown

Three Soo Line trainmen were rushed to Thief River Falls by ambulance Saturday afternoon following a derailment at Viking when a car of coal and the caboose of a west bound special left the rails. The caboose rolled over and struck a concrete culvert, giving its occupants, conductor Charles Maidment and brakemen E. H. Holmstrom and E. C. Nelson, all of this city, a bad shaking up. None of the victims was seriously injured but Mr. Maidment has been confined to a hospital for observation.

Cause of the accident has not been determined. The train was a special and consisted of only five cars besides the caboose. The engine and other cars stayed on the rails.

O. H. EKEREN DIED SUNDAY MORNING IN HIS 76TH YEAR

One of Three Oldest Active Pharmacists In Minnesota

Oluf H. Ekeren, one of three of the oldest active pharmacists in the state of Minnesota, died in Minneapolis Sunday morning following an operation. Registered as a pharmacist July 21, 1899, he has served continuously in his profession more than 44 years, having been associated with his sons in the operation of the Pharmacy of this city since 1933. Funeral services will be held this afternoon (Thursday) at the Trinity Lutheran church at 2:00 o'clock and interment will be at Greenwood Cemetery.

Mr. Ekeren was born in Biri, Norway, April 19, 1868 and was in his 76th year when he died. He came to America in 1892, making his home temporarily with a sister at Blair, Wisconsin, moving shortly to Fergus Falls where he obtained employment in a drug store while attending Park Region Luther College. In 1896 or '97 he took employment in a drug store at Rothsay, Minnesota, becoming proprietor of this business in 1898, and qualifying as a registered pharmacist the following year. In 1903 he was married to Gertrude Langeland, who survives him.

To the fall of 1933 the Ekerens made their home in Rothsay and during the more than 35 years of his residence in that community Mr. Ekeren took a prominent part in civic and political affairs. During the period of the first World War he was Mayor of the Village, an office he held several terms, and took an active part in various civilian war activities. He also served his community both as president and clerk of the school board and as head of the fire department. Other interests were wide and varied. He was an officer in a Rothsay bank, an organizer of a potato warehouse company, held the first Ford and Standard Oil agencies in the village, and was president of the Rothsay Land Co.

Associated with his sons Halvor and Walter, Mr. Ekeren came to Thief River Falls in 1933, opening the Thief River Pharmacy in November of that year. This business was later sold to Olaf G. and Walter Ekeren, the present proprietors.

In spite of his advanced years Mr. Ekeren has interested himself in the affairs of this community, having been active in the Civic & Commerce Ass'n., the Rotary Club and Boy Scout work. He was an active member of the local Golf Club and considered an exceptionally good player for his years. In a recent club championship tournament he was winner of the fourth flight.

Besides his wife, he is survived by three sons, Halvor M. of St. Cloud, Olaf G. of Thief River Falls and Lieutenant Walter Ekeren, now stationed at Carlisle Barracks, Pa.; three grandchildren and several nieces and nephews. One nephew, Halvor O. Ekeren, was brought to this country from Norway and raised in the Ekeren home. He also became a pharmacist, locating at Thompson Falls, Montana, and is a representative in the Montana Legislature. Eight brothers and sisters of Mr. Ekeren preceded him in death.

Other details will be published in the obituary columns next week.

Surprise Blackout Considered Success

Pennington County's first surprise blackout came with the darkness of Tuesday night and while the score was not perfect, the general results were very satisfactory, Robert Petersen, county civilian defense chairman stated that the manner in which the public and members of the Warden organization responded to the surprise warnings was very gratifying.

Several local people will be brought into court because of violations, when they will be called upon to explain why arrangements had not been made to have lights turned out. Most of these cases involved advertising displays or too conspicuous night lights that burned thruout the blackout. No cases of wilful failure to cooperate have been reported.

Most glaring offender was the city itself, the lights in Elks Park shining brightly thruout the danger period. These lights are controlled independantly of the street lighting system by the police department. Explanation of this failure to comply is that the key to this lighting system was in the squad car which was not located in time.

Attends Employment Conference in Mpls.

Russell E. Olson, manager of the Thief River Falls district employment office, has been called to Minneapolis to attend a conference of employment officials. He left last night, and will remain in Minneapolis the rest of the week.

4-H Winners to Leave for State Fair Sunday

Pennington County 4-H Club Achievement Day winners who have been awarded trips to the Minnesota state fair will leave here Sunday night on the Soo Line. Demonstrations will start Tuesday and exhibits must be in place by that date.

In addition to the twenty-one winners previously announced, two boys have been awarded the trip for their outstanding club records. They are Raymond Elsbrener of Deer Park and Einar Scholin of Bray, who will stay at the farm boys camp on the Fair Grounds. Accompanying the young people will be County Club Leader, Leola Myra and County Agent Ernest Palmer.

PAPER SHORTAGE BRINGS DRIVE FOR MORE PULPWOOD

Farmers of Forest Areas are Urged to Increase Their Cutting

An urgent appeal to all woodlot farmers and producers in the state of Minnesota to "get behind the pulpwood drive" was made by Larry Furlong, chairman of the Minnesota Forest Industries Information Committee.

The appeal was made following the recent proclamation by Governor Edward Thye, in which the governor pointed out that "pulpwood is an essential commodity to the war effort because of its many uses in the manufacture of war equipment and, secondly, because the threatened shortage of pulpwood may result in a shut-down of Northern Minnesota mills with the loss of millions of dollars in payrolls."

Heavy deliveries of pulpwood will not be forthcoming until later in the fall when woodlot farmers have completed their crop harvest but the Forest Industries Information Committee, from reports of an early survey, feels encouraged that farmers will answer the call and have the jobs completed by the close of 1943.

Rotarians Hear Life Sketches of Members

Interesting biographical sketches of their own lives by Rev. G. S. Thompson and R. E. Swenson were the highlights of the Rotary Club program Tuesday noon. Dr. Phil Dale of Granite City, Illinois, and James Peterson, Westinghouse Electric Company engineer of Buffalo, N. Y., spoke briefly, and W. W. Wade, Soo Line superintendent, reported on the movement of crops.
